Dauphin County Infrastructure Bank (DCIB)
Program Overview

DCIB is a loan fund established by the Dauphin County Board of Commissioners to provide low-interest loans for transportation improvements that advance the DCIB’S goals, which include supporting tourism, economic development and roadway safety. The DCIB program offers a two-tiered financing approach to project funding. Eligible applicants may choose their preferred approach, subject to DCIB approval, market conditions, volume of loan requests each cycle, and other factors. The table below contains estimated interest rates and loan repayment period for each tier.
