Explanation of Interest and Contribution	Served on BOF for 12 years, including eight as VC and two as Chair. For 12 years have received status updates from Chair of JRIB, and have reviewed CAFR, so very familiar with the pension and OPEB plans, including the goals of the plans. As I am no longer on the BOF, I have time to volunteer on another board, and have the background that will allow me to contribute to the Employees Retirement Board.

The Historic District Commission discusses and votes on alterations to properties that are within the town's three historic districts in Greenfield Hill, Southport, and the Old Post Road by downtown Fairfield. The Historic District Commission shall have the powers and duties conferred upon historic district commissions and historic properties commissions generally by Chapter 97a of the General Statutes (C.G.S. § 7-147a et seq.).

Duties include approving nearly any change to a property that is within a historic district if that change is visible from a public street (assuming that natural barriers such as shrubs and trees are not in place, since they can be removed) and studying and making recommendations to the RTM to establish additional historic properties from time to time as it sees fit. Only properties authorized in writing by the owner of record shall be recommended by the commission as designated by the RTM as historic properties.

Bio:

I was raised in Southern CT, lived in Darien until 1960 when I was 16 my family moved to Fairfield. Our family spent the Summer months in Marion MA. I attended The Gow School in South Wales NY, and then moved to Boston to attend Boston University.

My first work experiences were several entrepreneurial businesses, a FM radio station on Cape Cod, A sound systems company, which partnering with Bose Corporation and a partnership in an amusement Park, in East Providence, RI.

In 1975 I joined Pitney Bowes on a management-training program. In 1978 I moved to the CT. headquarters and worked in the Marketing. In 1990 I was promoted to VP of Marketing, Office Products Division. In 1995 I proposed a business plan to transition low no margin rural markets operations to profit Business Centers (BC) through acquisitions that increase revenue, contributions. From 1995 through 2005 the BC's grew by 40 acquisitions in the US and Canada with an annual revenue of \$250M. Over the past 15 years the Office Products Division of PB was spun off to an independent company, then acquired by Oce and Oce was acquired by Canon in 2010. Through all this change the BC's were untouched and grew. In 2013 Canon made the decision to integrate the BC's into the Canon Zone structure. I negotiated a role to lead the unwinding of operations to minimize the impact to revenue, contribution and employees. The final integration was completed in June 2015 and on July 1st I retired.

Outside of work I have been a member and officer of the Greenfield Grange for 15 years supporting it's location in Fairfield. I also served for eight years on the Board of the Pequot Library. For sports I like sailing, skiing walking and tennis and spend time in Newport RI during the summer.

Over the past 20 years I have also invested in a real estate development business buying remodeling and selling homes in the Fairfield and Westport markets.

Today I live with my wife Elisabeth in Southport on Old South Rd.

- Identified new opportunities to bring brands, talent and ESPN revenue objectives together in synchronized multiplatform campaigns that delivered on sales objectives, viewer engagement and elevation of the brands.
- Lead role in managing talent negotiations with athletes, actors and broadcasters.
- Mentored staff members and helped them to identify and grow career paths.

Senior Producer and Showrunner

ESPN, Bristol, CT

2007 - 2013

Identified opportunities to tell long-form stories across multiple platforms and negotiated with talent, guests and vendors to achieve the original vision of the content objective(s). This line feels discombobulated.

- Produced the award-winning co-branded Samsung "Project Teamwork" 15-part digital series.
- Oversaw the customization of 100+ monthly hours of VOD content including 30 for 30, X Games that was distributed to 40M+ homes via satellite, cable, Apple TV, Microsoft Xbox, Sony PlayStation and other distribution clients.
- · Proactively identified potential issues with logistics and schedules and resolved concerns before the start of production.

Producer & Director

ESPN, Bristol, CT

2004 - 2007

- Orchestrated a three-step process of proposing initial show concept, producing/directing program and creating scalable versions for ESPN's digital, social and mobile platforms.
- Led production of long-former programs such as "All-Access College Basketball", "World Series of Poker Final Table" and ESPN Original Entertainment's "The Bronx is Burning" and "Ruffian."
- Worked closely with partner Kellogg's to create and produce "Earn Your Stripes" digital branded content campaign.
- Oversaw production vendors and collaborated with third-party agencies as projects required.

Associate Producer, ESPN Classic - Produced and directed documentaries for the SportsCentury & ESPN25 anthology series on famous athletes incl. Pele, Magic Johnson/Larry Bird, and Dorothy Hamill.

The Harbor Management Commission was established by Town Ordinance in 1986 to prepare and implement a Management Plan for Southport Harbor. It is the Commission's responsibility to plan for the most desirable use of the harbor and protect the harbor's natural and historic resources. The Commission reviews all proposed projects affecting the harbor to make sure they are consistent with the Management Plan; works with the Harbor Master to oversee all boat moorings; and is responsible for special projects to improve and maintain the Harbor, including dredging projects. The Commission pursues its mission in coordination with other Town agencies and state and federal agencies such as the Connecticut Department of Energy and Environmental Protection and U.S. Army Corps of Engineers.

1. How did you learn about this position?

Nancy Lefkowitz

2. Why are you interested in serving and how can you contribute to this board/commission? I am a long time resident of Fairfield and I've been wanting to get more involved. I've spent much of my career in marine related activities and also helping lead organizations.

- 3. Have you attended any meetings or reviewed past minutes/agendas? If yes, please specify. I have reviewed almost all of the minutes posted form 2019. I have not attended any HMC meetings yet.
- 4. Have you spoken with the chair, any members, or the appropriate Department Head? I have spoken with Sam Cargill.

- 5. Have you read the written description of the board's role? Yes.
- 6. Do you have any potential conflict of interest? No.
- 7. Do you know the time, date and location of meetings and will you be able to attend and fulfill the obligations of the position? **Yes.**
- 8. Participation requires that you are registered voter in the town of Fairfield. Additionally, the Town Charter requires that party balance be maintained on all boards/commissions. Are you registered to vote and what is your party affiliation? **Yes. Democrat.**
- Please use this space to ask any questions you may have or to provide additional information you'd like to share.

I have been interested in getting more involved in town activities, and have recently attended strategic planning and budget meetings. Nancy Lefkowitz mentioned that HMC might be in need of an alternate and suggested I fill out the online questionnaire.

My professional background over the years has included serving as the Publisher of Pacific Fishing Magazine, the CEO of LaserPerformance (Sunfish and Laser Sailboats), CEO of Morris Yachts Inc. and the Board of Norwalk Cove Marina. As such, I have been exposed to nearly all the marine trades, boat building, marine service yards, commercial fishing, recreational fishing and aquaculture. I am an avid boater and sailor, and a volunteer advisor to US Sailing. I am also a student of history and have been enjoying learning more about Fairfield's and Southport's maritime history.

I'm happy to answer any questions that you, or any of the members may have.

Re: Potential Purchase of 244 Greenfield Street

I am requesting your favorable consideration of a request to purchase 244 Greenfield Street for affordable housing. The Board of Selectmen considered and voted unanimously to approve this request at its meeting of November 15, 2021, agreeing to allocate monies from the Housing Trust Fund for the purchase.

The subject parcel is an undersized, but legal non-conforming lot totaling 2825sf (0.065 acres) located in a Residence B zone. It is improved with a very modest, single-story, 2-bedroom/1-bath single-family home. The lot also contains a small shed outbuilding. The property has been used most recently as a rental investment property. The property abuts an unimproved, wooded section of Tunxis Hill Park located to the rear, and is situated within a mixed neighborhood of predominantly single-family residences with some multi-family homes. The parcel has roughly 120' of frontage on Greenfield Street bordering a commercial district. Given the location, the property affords good access to shopping, services, bus lines and highway connections.

The Town is proposing to acquire the subject parcel and combine it with a portion of town-owned land to the rear to create building lots for affordable housing in accordance with the attached compilation plan. The Town intends to seek proposals from interested development partners to construct one or more duplexes on the subject property (2-4 units), all of which would be deed-restricted as affordable to persons or households with incomes at or below 80% of the area median income. The parcel is located in very close proximity to the fourteen units of Owner-Built Housing that were developed in the late 1980's and early 1990's by the Town. The Parks & Recreation Commission, at its meeting of October 20th, granted permission to utilize approximately 0.6 acres of the adjoining park land for affordable housing purposes.

Additionally, the Town Plan & Zoning Commission considered this matter at its meeting of November 9th pursuant to a mandatory referral under CGS 8-24, and unanimously recommended its approval. The Affordable Housing Committee also reviewed and unanimously approved the proposed purchase at its meeting of October 13th. Assuming favorable action by the Representative Town Meeting, a real estate closing is planned for mid-December.

I would welcome the opportunity to discuss this proposal and to respond to any questions members of the RTM may have. Thank you again for your consideration.

Map

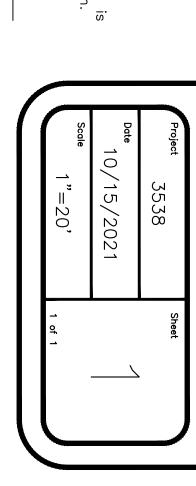

This map has been prepared pursuant to the Regulations of Connecticut State Agencies Sections 20—300b—1 through 20—300b—20 and the "Standards for Surveys and Maps in the State of Connecticut" as adopted by the Connecticut Association of Land Surveyors, Inc. on September 26, 1996. It is a Compilation Plan and is intended to depicted the transfer of approximately 0.6 acres of land by the Town of Fairfield from parcel located at 225 Melville Avenue to land to be acquired by Town of Fairfield from Raymond E. Corriea, Jr. for the purposes of creating a new conforming affordable housing parcel at 244 Greenfield Street.

This plan was compiled from other maps, record research or other sources of information. It is not to be construed as having been obtained as the result of a field survey, and is subject to such change as an accurate field survey may disclose.
 North arrow, bearings, and distances are based on a certain map entitled "Tunxis Hill Park, Fairfield, Conn" Prepared by Frank B. Jaynes, Surveyor; dated June 28, 1946; scale 1"=60" and on file in the Fairfield Engineering Department ad map number 1420.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Scope of Appraisal:

Information in this report was obtained from an interior and exterior inspection of the subject property, the local Tax Assessor's Office and City/Town Clerk's Offices. The appraiser researched and analyzed additional information from Real Estate Brokers regarding active listings and closed sales, particularly in the subject neighborhood. Facts relating to the subject site were gathered from the City/Town Hall, as well as a physical exterior inspection. Comparable Sales utilized in this report were verified through the local Multiple Listing Service, public land records and an exterior inspection of the sales. Recent, closed sales and listings were researched when preparing this report.

Due to the circumstances surrounding the Covid-19 outbreak, the Town of Fairfield is re opened to the public. Records are also available online.

Purpose

The purpose of the appraisal is to estimate current market value for mortgage purposes.

This is an Appraisal Report which is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it represents only summary discussions of data, reasoning, and analyses that were used in the appraisal process to develop the appraisers opinion of value. Supporting documentation that is not provided with the report concerning the data, reasoning and analyses is retained in the appraisers file. The depth of the discussion contained in this report is specific to the needs of the client as stated in the report. The appraiser is not responsible for unauthorized use of this report. To develop the opinion of value, the appraiser performed a complete appraisal process, as defined by the Uniform Standards of Professional Practice. This means that no departures from Standard 1 were invoked.

This appraisal is NOT a home inspection and the appraiser is not acting as a home inspector when preparing the report. The borrower has the right to have the home inspected by a professional home inspector. When performing the inspection of this property, the appraiser visually observed areas that were readily accessible. The appraiser is NOT required to disturb or move anything that obstructs access or visibility. When completing the appraisal, a visual inspection was done in accordance with appraisal guidelines. The inspection is NOT technically exhaustive. The inspection does NOT offer warranties or guarantees of any kind.

The photographs and signatures within this report are digital. The photographs and signature have not been altered in any way, with the possible exception of "blurring" personal photographs located within the subject dwelling.

Intended User/Use:

The intended user of this appraisal report is the lender/client. The intended use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No additional intended users are identified by the appraiser.

The global outbreak of a "novel coronavirus" known as COVID-19 was officially declared a pandemic, March 13, 2020, by the World Health Organization (WHO). The reader is cautioned, and reminded that the conclusions presented in this appraisal report apply only as of the effective date(s) indicated. The appraiser makes no representation as to the effect on the subject property of any unforeseen event, subsequent to the effective date of the appraisal.

The subject Town of Fairfield Assessor and Town Clerk records are available online. The appraiser has compared and contrasted the online public information and the MLS listing information in order to establish if there are any severe/significant inconsistencies which would effect the credibility of the appraisal results. Having said this, the appraiser can not be responsible for mis information in the online records and/or information which may not be up to date.

Listing prices have been stable within the subject town the past 12 months. In fact, certain areas and price ranges have been increasing since the Covid 19 pandemic began. The appraiser has included the MC form which demonstrates the market trends over the past 12 months. Time will tell if this trend will continue.

• URAR: Site - Highest and Best Use

Highest and best use of the property is considered it's current single family use, based on current Zoning regulations and improvements. The subject site is considered extremely small for the area - as a building site. It is quite likely that the subject would appeal to an abutter.
