

DAAR Charitable Foundation, in partnership with SigmaBleyzer and the Bleyzer family, has launched the *Stand with Ukraine Fundraiser* to help provide safety, protection and care to the people of Ukraine. Over 43 million people have remained in-country and are facing the threat of Russian aggression every minute. While many have chosen to stay by choice – to defend their country and their beliefs, others stay out of necessity – to care for aging parents, support disabled friends, or simply because they couldn't find safe passage out of the conflict zones.

The *Stand with Ukraine Fundraiser* offers a concrete way that our friends around the world can help those 43 million Ukrainians caught in the crossfire of senseless Russian aggression. We are connected with family and friends on the ground – civilians and government officials alike. Many of you are aware of the Bleyzer family's Ukrainian roots and the presence that SigmaBleyzer Investment Group has had in Ukraine since the fall of the Soviet Union; as a result of this history, we are uniquely positioned to not only purchase critical humanitarian aid items, but also ensure that those shipments get across the border and actually arrive in the hands of those who need them most.

Aid to be purchased includes but is not limited to medical supplies, clean water, rations, blankets, clothing, diapers and other childcare supplies, protective helmets, and other non-weaponry items needed to provide physical protection to the brave people of Ukraine. Our first shipment of desperately needed medical equipment and medicine has already been secured and includes bandages, gauze, antiseptics, analgesics, IV kits, splints, syringes and tourniquets. Our contacts on the ground in Ukraine will distribute these items across all regions to aid the thousands of Ukrainians already wounded in this terrible conflict.

DAAR Charitable Foundation is a U.S. 501(c)(3) public charity (#85-0487069) committed to transparency and accountability in its work. Through its local subsidiary – and with the unshakeable support of its Executive Director, Natasha Bleyzer – DAAR has operated in Ukraine for nearly 20 years. Unfortunately, the local subsidiary's website is down – the servers it was hosted on were part of the “collateral damage” during a recent attack in Kharkiv – but you can see some of the amazing work the charity has done over the years through its Facebook page: <https://www.facebook.com/darcharity>.

DAAR is honored to have the support of its incredible Advisory Board, which includes:

- Ambassador William Taylor: Former US Ambassador to Ukraine
- Michael Bleyzer: President & CEO, SigmaBleyzer
- Gregory Buchai: Former Ukrainian Honorary Consul in Texas
- Alex Cranberg: Chairman, Aspect Energy
- Martin Hunt: Partner, King & Spalding
- Dr. Maurice Leibman: Former Chief Medical Officer, Memorial Hermann Southwest Hospital
- Tan Parker: Texas State Representative

DAAR Charitable Foundation, SigmaBleyzer and the Bleyzer family are committed to seeing the people of Ukraine through this crisis, and we will continue to stand with them when the time comes to rebuild the free and democratic nation of Ukraine. Now, we are asking for your partnership and support: stand with us.

Donations can be made through the Fundraiser's website: [www.standwithukrainefund.org](http://www.standwithukrainefund.org); through its forthcoming GoFundMe page; or by check. If you would like to wire transfer or direct deposit your donation, please see the instructions on the following page.

Thank you for your generosity, and thank you for standing with the people of Ukraine.
