Re: NOVWSPCB019-001

Dear Ms. Kupchick:

On October 31, 2019, The Department of Energy and Environmental Protection (Department) issued a Notice of Violation (NOV) to the Town of Fairfield ("the Town") regarding PCB contamination identified at the Town's reclamation yard. The NOV required the Town to provide details on corrective actions for violations described in the NOV within 30 days of receipt. On December 2, 2019, the Department received a request from the Town for an extension on compliance with the NOV through January 17, 2020.

The request for an extension is hereby approved.
