Aquarion Water Company Announces Water Main Replacement Project in Fairfield *Water Infrastructure Upgrades Scheduled to Begin February 2020*

FAIRFIELD, CONN. – February 6, 2020 – Aquarion Water Company today announced a water main replacement project on Fairfield Beach Road, between Reef Road and Beach Road. Scheduled to begin on February 10, the upgrade will be completed prior to Memorial Day 2020.

The project, which will replace 4,260 feet of water main, is part of an ongoing program to improve Aquarion’s water distribution system and to ensure the highest quality water. The infrastructure upgrades will also help to reduce leaks and water main breaks that can cause service interruptions.

During the project, customers in the area may experience temporary service disruptions or discolored water. Aquarion recommends customers store water in their refrigerators for drinking and cooking in case these circumstances arise. Customers also should refrain from washing laundry if their water is discolored. Prior to resuming use, customers should run their cold-water faucets until the water appears clear.

“We greatly appreciate residents’ patience during this project,” said Michael Hiltz, Aquarion’s Manager of Utility Programs. “We will work closely with our customers, contractors, and town officials to coordinate the work and minimize any disruptions.”

Due to construction, customers should expect minor traffic delays and possible detours during the working hours of 7:00 a.m. to 4:00 p.m. Westport, CT-based A.J. Penna & Son will be serving as the contractor for the water main replacement project.

To keep customers informed about scheduled/unscheduled work, Aquarion utilizes a CodeRED notification system to call affected customers. Aquarion encourages customers to sign up for this free service at www.aquarionwater.com/codered.

Customers with project-related questions may contact Brenden Fimian, Aquarion's project manager, at (203) 362-3061. For service or water-related issues, please contact Aquarion Customer Service at 1-800732-9678.

About Aquarion Water Company:

Aquarion Water Company is the public water supply company for more than 625,000 people in 52 cities and towns throughout Connecticut, as well as serving customers in Massachusetts and New Hampshire.
