12/1/2021 - PUBLIC MEETING NOTICE | Post Road Circle Study

The Town of Fairfield is pleased to announce that ***the 3rd and final public workshop for the Post Road Circle Study will be held virtually on Wednesday, December 15th at 6:30 pm.*** The purpose of the study is to identify safety improvements for drivers, bicyclists, and pedestrians in the vicinity of the Post Road/King's Highway Circle. Currently, the Post Road Circle is extremely difficult for drivers to navigate. Limited crossings and sidewalks, minimum handicap accessibility, and inadequate transit amenities leave pedestrians underserved on a four-lane roadway with over 20,000 vehicles per day.

The workshop will include a brief summary of the project, community priorities and progress to date. Visualizations and simulations of the locally preferred concepts will be presented. The presentation will be followed by a discussion of the community's thoughts on the concepts.

Details on attending the Microsoft Teams meeting:
