4/23/2021 - 4.23 TOWN UPDATE

Dear Fairfielders,

This week our nation watched our justice system get it right with the guilty verdict against former Minneapolis police officer Derek Chauvin. While this verdict is far from a long-standing solution to the racial issues facing our country, it provides some solace that we're headed in the right direction.

In the midst of these difficult times, I am encouraged by our community's willingness to come together to engage in important conversations or peacefully protest. The Town of Fairfield continues its commitment to treat all of its residents equally in its policing and Town government operations.

I am grateful for the men and women in the Fairfield Police Department, who dedicate themselves and continue to rise to the challenges presented to serve and protect all our residents with professionalism and integrity.

Unfortunately, on the heels of what is happening at the national level, during last night's Racial Equity and Justice Task Force (REJTF) Meeting there was an individual who disrupted the Zoom meeting to share disturbing material while using vile, racist language. The police were notified immediately and began an investigation into this horrible act.

REJTF Co-Chairwoman Lefkowitz shared the link of the meeting with me last night, and I was disgusted by this cowardly act. We don't know at this time if this person is a member of our community or acting from outside Fairfield or even Connecticut. Regardless, we should not allow this racist act to set back our work in moving forward toward positive and important change. I was in communication with Chief Kalamaras yesterday and today, regarding the ongoing investigation, and will

continue to communicate updates to our community.

I want Fairfield to be a place where people of all backgrounds and cultures feel safe, valued, and heard. Change comes from listening, learning, and discussing these issues openly and honestly with each other.

Below are some opportunities where you can express your opinions on these important issues:

- Attend a [Racial Equity and Justice Task Force](#) meeting

COVID-19 UPDATES

FAIRFIELD VACCINE CLINIC

I could not be more proud of our entire Health Department, including Health Director Sands Cleary, for reaching a huge milestone at our vaccine clinic this week. As of this Thursday, our Health Department has administered more than **20,000** **vaccinations** into the arms of Connecticut residents since we started on December 23rd!

I am filled with pride for our Health Department staff, nurses, MRC and CERT volunteers who have gone above and beyond the call of duty to make our vaccine clinic a success.

The Fairfield Health Department's vaccine clinic will soon begin to start offering walk-in appointment times. Please check their [Facebook](#) page for the latest times and

availability for walk-in appointments. Appointments are also available through VAMS for any other vaccine clinic in the state.

So fun to watch our Health Director and Health Department staff celebrate the actual 20,000th shot at our clinic, administered on Thursday

1. Social Security Number to help you get a vaccine appointment.

You should NEVER give out your Social Security number for the vaccine.

2. Offering cash rewards or gift cards in exchange for completing a survey. The survey asks for personal information, such as your date of birth and insurance information.

The vaccine manufacturers will never contact you directly to gather information.

Dogs on Leashes:

After careful consideration with the Town's Director of Health, I have decided to lift restrictions requiring all dogs remain on leashes at our open spaces effective immediately. The Rules and Regulations for Open Space Properties will be restored to their pre-pandemic limits. Specifically dogs will be allowed off-leash pursuant to Section 14 (e), which requires all dogs to be kept under voice command or leash control at all times on open space areas and 14(f) All dogs shall be kept on leash if the animals are within 100 ft. of parking lots or picnic areas. Note: Effective April 1 dogs are not allowed on public beaches. Click [here](#) for a list of open spaces on page 11.

Note: Pets that cannot be controlled by voice commands must be kept on leash.

The decision to return to pre-pandemic rules and regulations is consistent with the State of CT Sector Rules and CDC guidance. State guidance allows low and moderate risk activities.

CDC Guidance (excerpted)

- Based on the limited information available to date, the risk of animals spreading COVID-19 to people is considered to be low.
- Treat pets as you would other human family members – do not let pets interact with people outside the household.

COVID CONTACT TRACING

One of the key tools we have to contain the spread of COVID-19 is Contact Tracing. For this initiative to be successful, the Health Department needs the cooperation of residents who test positive for COVID-19. Both Universities were trained and assisted by our Health Department to manage their own contact tracing for their respective campuses.

The primary purpose of contact tracing is to identify and notify direct contacts of confirmed cases as quickly as possible and to ensure those exposed are self-quarantining. The information provided in the interviews with confirmed cases helps reduce the potential spread of the virus in our community.

Any Fairfield resident who tests positive for COVID-19 and has not received a phone call from the Fairfield Health Department or the Connecticut COVID Tracing system within 24 hours of receiving their result is urged to contact the Fairfield Health Department at 203-256-3022. Calls received after hours or on weekends, will be returned by the next business day.
