5/20/2021 - COVID-19 VACCINE UPDATE - (12.9.21)

## **Vaccine Information**

All individuals in Connecticut over the age of 5 are eligible to schedule a COVID-19 vaccination appointment. Please note, Pfizer is currently the only vaccine that is approved for individuals 5 and older. Moderna and Johnson & Johnson are only approved for those over the age of 18 years.

There are many vaccination locations nearby, with availability.

- For locations throughout the State: [Vaccines.gov](https://www.vaccines.gov)
- [Yale New Haven Health](#)
- Hartford HealthCare - Hartford HealthCare is taking vaccination appointments for their locations and St. Vincent's Hospital in Bridgeport. For more information, you can find it [here](#).
- [Griffin Health](#) has multiple walk-in clinics for adults and children
- Stamford Hospital - You can check your eligibility and schedule an appointment with Stamford Hospital. For more information, please click [here](#).
- Walgreens Pharmacies who are offering COVID-19 vaccinations throughout CT. For more information and a list of their locations, please see their [website](#).
- [CVS](#) - There are numerous CVS Pharmacies who are offering COVID-19 vaccinations throughout CT.
- [Rite Aid Pharmacy](#)
- Veteran's Affairs VA CT - Eligibility includes anyone who served in the military, spouses of veterans, and caregivers of veterans. Hosting several walk-in clinics. No appointment necessary.

## **State Form - 12 & Older**

## **Vaccine Documentation**

If you received your vaccine with the Fairfield Health Department and registered through VAMS, you can print your vaccine certificate by logging into VAMS and going to "Print Certificate". Keep that for your records. If you need a vaccination card please call 203-256-3020.

**Please be aware of two COVID-19 vaccine scams circulating. One scam is a phone call, email, or letter from a vaccine manufacturer (Pfizer, Johnson & Johnson, or Moderna) asking for:**

1. Social Security Number to help you get a vaccine appointment. You should NEVER give out your Social Security number for the vaccine.
2. Offering cash rewards or gift cards in exchange for completing a survey. The survey asks for personal information, such as your date of birth and insurance information. The vaccine manufacturers will never contact you directly to gather information.

For accurate and regularly updated information about the COVID Vaccine, please visit the [Fairfield Health Department Vaccine update page](#).

### **Home-bound vaccination or other questions**

If you are a Fairfield resident with questions up call call the Health Department at 203 256-3020 or if you or a family member are homebound and need to schedule a mobile COVID-19 vaccine appointment, you can call our Nursing Office at 203 256-3150.

We will continue to post the latest information on the Town website, and the social media pages for the Health Department, the Town of Fairfield and First Selectwoman's Office. For a full listing of those social media pages, click [here](#).

### **Fairfield County COVID-19 Vaccine Survey**

Fairfield County leaders are inviting community members to share their opinions about COVID-19 vaccines. By taking the COVID-19 Vaccine Survey, you'll help us better understand the needs of our community during the pandemic and beyond. Please take a few minutes to complete the COVID-19 Vaccine Survey by clicking [here](#).
