5/4/2021 - Virtual Town Hall on Affordable Housing & Zoning - May 5, 2021

I've been contacted by many residents in our Town with questions about the State's affordable housing laws. I will be hosting an informational Town Hall meeting for our community to discuss affordable housing, local zoning laws, the 8-30g statute, and legislation being proposed in our state legislature on **Wednesday, May 5, 2021 at 6 PM**. There will be a panel discussion on these topics where community members are invited to participate with comments and questions.
