

Harbor Management Commission Mooring Committee
January 12, 2022

The Harbor Management Commission's Mooring Committee met virtually via conference call on January 12, 2022 at 6:00 p.m. Attending: Kim Taylor, Jac Herschler, Bill Perugini, Geoff Steadman, and Harbor Master Bryan Bryan LeClerc.

Harbor Master Bryan LeClerc reported that the 2022 mooring permit renewal and mooring waiting list renewal process is running smoothly. He reported there was one issue with 2021 North Anchorage individual permit holders accidentally receiving permit renewal emails from the Online Mooring system. This problem was quickly detected and only one person from the North Anchorage moorings renewed for 2022 in error. Under the updated Mooring Rules and Procedures all 51 North Anchorage mooring locations will be covered by a single bulk permit issued by the Harbor Master to Pequot Yacht Club.

Harbor Master LeClerc advised the committee that he is already aware of three mooring vacancies that he will be assigning for the 2022 boating season.

The committee discussed potential relocation options for any vessels currently assigned to south wall moorings that may not be completely clear of the federal navigation channel.

The meeting adjourned at 6:25 p.m.
