A new fixed charge (see table below) will be assessed to any developer who does not provide "flow monitoring" data, when requested by the Commission, in support of their request to connect to the Fairfield sewer system.

The fixed charge is as follows: *

20 units or fewer:	\$10,000
20-50 units:	\$15,000
Greater than 50 units:	\$20,000

***This charge will be waved**, if the developer provides the flow data with their associated capacity study.
