Captain Carroll,

On behalf of the US Army Corps of Engineers' New England District, I would like to first thank you for your partnership, support, and myriad of contributions over the years as we have worked with you, the Town of Fairfield, and others to maintain the Southport Harbor Federal Navigation Project. Your lifetime of service to our nation, the State of Connecticut, and the Town of Fairfield are legendary, admirable, and appreciated by many. You, Sir, are a true hero.

We wish you congratulations on your centennial birthday that you celebrated last April and that each new day brings you continued strength and health.

Well Done!

Sincerely,

Justin R. Pabis, PE
Colonel, Corps of Engineers
