

*Note—The acceleration of life insurance benefits offered under this certificate is intended to qualify for favorable tax treatment under the Internal Revenue Code of 1986, IRC Section code 101(g). If the acceleration of life insurance benefits qualifies for such favorable tax treatment, the benefits will be excludable from your income and not subject to federal taxation. Tax laws relating to the acceleration of life insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration of life insurance benefits excludable from income under federal law.

†If a dependent is confined for medical treatment, coverage will become effective when the dependent is released by a doctor from such confinement.

Accelerated Death Benefit option is a feature that is made available to group life insurance participants. It is not a health, nursing home, or long-term care insurance benefit and is not designed to eliminate the need for those types of insurance coverage. The death benefit is reduced by the amount of the accelerated death benefit paid. There is no administrative fee to accelerate benefits. Receipt of accelerated death benefits may affect eligibility for public assistance and may be taxable. The federal income tax treatment of payments made under this rider depends upon whether the insured is the recipient of the benefits and is considered terminally ill. You may wish to seek professional tax advice before exercising this option. This brochure describes the Group Insurance Plan in a general manner.

A Booklet-Certificate with complete plan information, including limitations and exclusions, will be provided when you enroll. If there is a discrepancy between this communication and the Booklet-Certificate issued by The Prudential Insurance Company of America, the Booklet-Certificate will govern.

“Why do I need extra protection?”

Protecting your family’s future through your pension benefit is something you can feel good about. But, how would your family support themselves if something tragic happened to you before you could accrue a substantial pension benefit? Even if your pension was sizeable, how much of it would be eaten up by costly final expenses?

Designed for employees of all ages, this Group Decreasing Term Life Insurance plan is valuable for...

Members Under 50:

It provides a substantial benefit—an easy way to supplement pension survivor benefits during the early family-building years when pension plan survivor benefits are lower and your family’s needs are greatest.

Members Over 50:

It provides a good way to help cover incidental expenses associated with death—like those for burial, medical, and debt, so other life insurance coverages can be used to maintain your family’s lifestyle.

“What coverages can I get?”

For an affordable price, you get all of the following coverages for you and your family.

Group Decreasing Term Life

This coverage—which pays your beneficiary a maximum benefit amount in your younger years and a gradually decreasing benefit amount in your older years—will help give you peace of mind for your family’s well-being.

Accidental Death & Dismemberment (AD&D)

This additional coverage pays you or your beneficiary a benefit for loss of life or other injuries resulting from a covered accident—100% for loss of life and a lesser percentage for other injuries. Injuries covered may include loss of sight and dismemberment of hands or feet.

AD&D Exclusions—No benefit will be paid due to loss from the following: war; suicide or attempted suicide; any bacterial or viral infection (unless the infection was the result of an accidental cut or wound); bodily or mental infirmity or disease, or medical or surgical treatment thereof; or by aircraft travel if you have any duties aboard the aircraft, or if you are giving or receiving training for such duties.

Dependent Term Life

This plan provides Group Decreasing Term Life Insurance for your spouse or domestic partner and a flat benefit for all of your dependent children. The benefit amount will be paid to you in a lump sum on an eligible dependent’s death due to any cause. Spousal or domestic partner benefits are determined by your age at the time of your spouse’s or domestic partner’s death.

Domestic partners may not be recognized in all states.

“How much does this coverage cost?”

Coverage is available at a lower group cost through the purchasing power of the National Conference on Public Employee Retirement Systems. Every member, regardless of age, pays the same cost—just \$16 a month. Your cost does not increase with your age. The plan pays a maximum benefit amount in your younger years and a gradually decreasing benefit amount in your older years.

“What are the advantages of this insurance?”

- **Guaranteed Acceptance**—no health questions asked.
- **24/7 Coverage**—on or off the job.
- **Affordable**—\$16 a month regardless of your age.
- **Easy Payment**—by automatic payroll deductions.
