

FRWRD Internship Program

Location: South Elgin, Illinois

About FRWRD:

The Water Reclamation District, FRWRD in South Elgin is committed to protecting and preserving our local water resources through innovative technologies and sustainable practices. We play a vital role in treating and recycling wastewater to ensure a safe and healthy environment for all.

Internship Overview:

As an intern with the Water Reclamation District, you will have the opportunity to gain hands-on experience in specific aspects of water treatment in areas including:

- Laboratory
- Engineering.

As an intern, you will work under the guidance of experienced professionals in each of the above areas. You will assist with activities including but not limited to research projects, data analysis, fieldwork, and some community outreach initiatives.

Responsibilities:

- Conduct research on water reclamation technologies and best practices
- Assist with data collection, analysis, and reporting
- Participate in fieldwork activities, including water quality testing and sampling
- Support outreach efforts to raise awareness about water conservation/ pollution prevention
- Collaborate with team members on special projects and initiatives

Qualifications:

- Currently enrolled in a community college or university program, pursuing a chemistry degree in environmental science, engineering, engineering technology, biology, or related field.
- Interest in water management, sustainability, and environmental issues
- Excellent communication and interpersonal skills
- Ability to work independently and as part of a team
- Proficiency in Microsoft Office Suite and data analysis software is preferred

Benefits:

- Gain valuable experience in the field of water reclamation and environmental management
- Work alongside industry professionals and experts in the field
- Networking opportunities with stakeholders and professionals in the environmental sector
- Flexible scheduling to accommodate academic commitments
- Potential for academic credit or stipend (dependent on program requirements)
- Building careers for the future

How to Apply:

To apply for this internship opportunity, please submit your resume and a brief cover letter outlining your interest in the position and relevant experience to the Chief of HR and Admin, Dr. Promod Vohra at pvohra@frwr.com. Please include "Water Reclamation Internship Application" in the subject line. FRWRD is an Equal Opportunity Employer.

Join us in our mission to safeguard our water resources and create a more sustainable future for generations to come. Apply today and be a part of the solution!
