#### Board members present:

Supervisor Arthur P. Willman, Jr.  
Councilman Allen Berg  
Councilman Clifford Smalley  
Councilman Donald Hamm  
Councilman Bradley Merrill

#### Others Present:

Town Clerk Sandra Oliver Timothy Burpoe, Franklin County Legislator Derrick Romeo Frances Oliver Doris Hamm E Martin Donald Goff Vince Catlin Sandy Hayes Tim Santos Les Parker Carol Lavigne Dick Jarvis Roger Symonds Nathan Brown, Adirondack Daily Enterprise

#### 1. CALL TO ORDER

Supervisor Arthur P. Willman, Jr. called the meeting to order at 7:00 PM, the Pledge of Allegiance was recited, and the Clerk called the roll and introduced guests and declared the full board was present.

#### 2. PUBLIC COMMENTS.

TIM SANTOS - Expressed appreciation for the manner in which town business was being taken care of but lamented the polarization of the community.

LES PARKER - Disappointed that the Board is repealing the subdivision control law. The law should have been kept in place and modified as the Town is not now posited to have planning and make judgments about future development.

CAROL LAVIGNE - Thanked the Board for repealing the planning board law and the subdivision control law.

RICHARD JARVIS - Commented 2 years of time was invested by him and everyone involved in developing the subdivision law, with the intention to do good of the Town of Franklin. He opined the polarization of the current

Board left no room for discussion. He emphasized the need to keep the subdivision law on the books until the land inventory is completed.

### 3. TIMOTHY BURPOE, FRANKLIN COUNTY LEGISLATOR

Representative Burpoe stated he supplied the Town with copies of a transportation survey which was to be disseminated to the public and returned to Mrs. Shanty at the County. Only two have been returned. He emphasized that if the Town wanted and needed public transportation that a stronger effort was required. Supv. Willman stated he had distributed copies of the survey to the Food Pantry, the 55+ Club, had placed copies of the survey at the Post Office, the Birch Bark Deli and the Bloomin' Market. Mr. Burpoe suggested mailing the survey to all Town residents and perhaps posting it on the Town's website and publishing it in the newspaper. Coun. Berg stated the Town's taxes go to paying for everyone else's public transportation needs but that the County does not assist the Town of Franklin. Mr. Burpoe responded that the County does indeed pay attention to the Franklin's needs; the County Highway Dept. is generous in assistance to the Town. Mr. Burpoe asked for real participation in County government by the people of the Town of Franklin. A critical mass of responses to the survey is necessary in order to demonstrate the need for public transportation. Supv. Willman noted that the transportation survey had been reported in the Press Republican but not the Enterprise. Mr. Burpoe continued that if the Town of Franklin wants service from the County it must demonstrate enthusiasm and need for that service.

### 4. BUDGET AMENDMENTS

**A. 2010 GENERAL FUND BUDGET AMENDMENT #4.** Supv. Willman indicated another budget shortfall had been uncovered with respect to unemployment insurance due to the high turnover of employees in 2008. Coun. Smalley noted the increase in expenditure for repairs to the grader. He was under the impression that the grader would not be repaired and asked if a grader from the Town of Saranac was still on loan. Supv. Willman confirmed the Saranac grader and operator were still on loan; however Town's grader brakes needed to be replaced. The parts were difficult to find, but they are now in place, and the grader will soon be in good order. Coun. Smalley then asked if a new grader will be purchased, and Supv. Willman indicated it was mostly likely and the grader is in use year round.

## 9. HIGHWAY MATTERS

### A. SUPERINTENDENT'S REPORT.

Supt. DeMars submitted a written report on the progress of the Department, read by Supv. Willman:

- (1) French Road experienced a washout due to lack of ditching and large trees had grown in the ditch. Cut and chipped, used borrowed of Saranac's grader and operator, and transported the fill to the Rec Park.
- (2) Equipment.
  - (a) Loader returned from Town of Saranac
- (3) Shared Services. Sent 2 men and trucks to Village of Saranac Lake for blacktopping.
- (4) Cold Patching - filled potholes and cold patched on several roads.
- (5) Raking. Raked Goldsmith, Mensink, Blue Spruce, McManus, Tyler and Alder Brook Park Roads and parts of Garden and Thatcherville Roads. Cleaned brush from rights-of-way.
- (6) Brushing & Chipping. On Old Rt 3 and Fletcher Farm Road
- (7) Culverts. Broke apart beaver dams on Sinkhole Road and installed several culverts on French Road. Unsafe culverts on Norman Ridge Rd. - cut ends off.
- (8) Bridges. The Franklin County Bridge inspector was requested to inspect Town bridges.
- (9) Power Lines. Trees have grown into power lines on Garden Rd. and Blue Spruce Drive within Town rights-of-way, and National Grid was contacted to request assistance with removal.

Motion to accept Superintendent's Report (A.Berg-C.Smalley m/s/p) ALL AYE

**(1) Grader.** Coun. Hamm commented the Town's grader would be up and running soon. Supv. Willman added the Town was investigating the possibility of purchasing a used Grade-All. Coun. Hamm stated that new GradAlls are very expensive but do not hold their value. Although the Town of Saranac loaned its grader and operator, Franklin's grader will need replacement. There may be enough in the 2010 Budget for additional equipment purchases. Coun. Smalley asked how much money remained in the .2 account for additional purchases, and Supv. Willman suggested a special board meeting to review the matter, on Wednesday, May 19th at 7:00 PM.

**(2) Additional Equipment Needed.** Supv. Willman indicated the Highway Committee should meet with the Superintendent to prioritize its equipment needs. The Superintendent had urged the purchase of another tandem and as well as a new club cab pickup with plow and dump box. In addition, the Board should investigate the purchase of a roadside mower for \$9,000. Coun. Berg asked how long it would take to ditch the entire town, and Coun. Hamm responded it would take years. Coun. Berg then asked whether the Highway Dept. could do without a new pickup, and Supv. Willman indicated the current Chevrolet pickup is quite old. Coun. Merrill indicated an excavator is needed as most of the ditches in the Town are filled in. Coun. Smalley commented the Department may have to do without one piece of equipment. Coun. Hamm noted the past winter had been light, and the Department had stockpiled sand. Supv. Willman reported the Highway Superintendent forecasted he would only need 10,000 tons of sand for 2011 and that the cost per ton of sand next year would be lower. Further, the Town may have a new local supplier for sand.

**C. RIGHT OF WAY ENCROACHMENT.** Coun. Smalley asked if the Town had received the survey of the Garden Road, and Supv. Willman replied affirmatively, and that it revealed a serious encroachment of the Town's right-of-way. He has contacted the Attorney for the Town, James Martineau and referenced the draft of the letter to Garden Rd. property owners submitted by same. Supv. Willman recommended that the response date to the letter be changed from September to August 1st. The Board concurred.

**D. QUESTIONS AND COMMENTS RE HIGHWAY MATTERS.** Representative Tim Burpoe stated it was a great idea to look at the balances remaining in the budget. He acknowledged that Coun. Hamm knew a great deal about vehicles and equipment and speculated whether Supt. Demars had as much expertise. Coun. Hamm responded he would be unable to investigate the vehicle in Hudson Falls as he had to be out of town on that date but that Supt. DeMars had gained sufficient knowledge and would be taking the Town of Saranac's Grade-All operator.

Q/C: We are concerned about work on Fletcher Farm Rd and the drainage plan. Does the Town have drainage easements? You should look into that.

A: Coun. Merrill responded that work on the road is needed but can't be done this year.

Q/C: Thanks to Jacques DeMars and the Highway Dept. for work done at Rec Park, i.e., transporting the fill for the fields, etc. More work needs to be done there, is it possible for private equipment to do so?

A: Supv. Willman indicated he would ascertain this by checking with the Attorney for the Town and the insurance agency.

He requested that a culvert policy be placed on the June agenda. He will distribute copies of previous drafts to the Board.

**C. CLEAN UP OF ROUTE 3 PROPERTY.** Supv. Willman stated he had received a telephone call from Mrs. Rohe reporting a great deal of refuse left on the property across the highway from her. Supv. Willman contacted the mortgage company, directed the Codes Officer to send a certified letter to the property owners demanding cleanup of the property within 10 days. The property owners did not return to remove the debris, therefore, Supv. Willman directed the mortgage company to make arrangements, which it did. After 2 days and 3 truckloads, the debris was removed the week of May 3rd at no cost to the Town but for the certified mail fee.

**D. TRI-LAKES CENTER FOR INDEPENDENT LIVING TRANSPORTATION GRANT.** Tri-Lakes Center for Independent Living is applying for a grant to purchase a handicapped-accessible bus which would service everyone. ## B. GOLDSMITH ROAD CONCERNS

(1) New Fire Platform. Supv. Willman stated there were insufficient funds remaining in the Fire Protection Fund for construction of a new fire platform.

(2) Relocate 15 mph Sign. Supv. Willman indicated Highway Superintendent DeMars opined relocation of the sign was not necessary.

(3) Parking Area and Electrification.

(a) Public Access to Easement Land. Supv. Willman reported he had spoken with Sean Reynolds, NYS DEC regarding access to NYS easement land and improvements that were promised by NYS DEC. Mr. Reynolds indicated the problem is manpower.

(b) Electricity. As for construction of power lines on the Goldsmith Rd., a constitutional amendment is necessary for the line to cross NYS lands. Supv. Willman indicated if Goldsmith Road residents are willing to finance it, there might be a possibility for electric lines to circumvent State land by installation on Chateaugay Woodlands property.

## 12. COMMITTEE REPORTS

**A. INFRASTRUCTURE.** Coun. Hamm asked the status of the electrical repair work at the Town Garage, and Supv. Willman indicated he is still waiting for a signed contract from Woodhill Electric. Coun. Hamm also suggested lighting be installed at the rear of the Town Hall to illumine the Food Pantry during winter months.

**B. CEMETERY COMMITTEE.** Coun. Merrill reported that he and Coun. Smalley had reviewed the needs of each cemetery in the Town. Both sheds at Union Cemetery and Merrillsville require painting and new roofs.

(1) Union Cemetery. Rules will be written and submitted for discussion at the next Board meeting for the cemetery and limited winter access will be created.

(2) Merrillsville Cemetery. This cemetery needs a new fence.

(3) Franklin Falls Cemetery. Coun. Smalley inquired as to the status of St. Armand portion of the cemetery and whether the Town of Franklin would be maintaining both sections. Supv. Willman indicated he is waiting to hear from Supv. Joyce Morency, but had reports that in preparation for Memorial Day, the St. Armand Highway Dept. had mowed and cleaned the site.

**C. RECREATION.** Coun. Berg reported the Recreation Committee had relocated the grill and repaired the backstop. Parts are required for the volleyball apparatus, and as soon as received, the volleyball game will be set up. A new swing set will be ordered and sand installed in the game areas. Coun. Berg noted that both ballfields were in use that evening (May 12th). He also expressed gratitude to the Highway Department for trucking in fill for the Rec Park.

## 13. CORRESPONDENCE

A. KENNETH GUERIN. Mr. Guerin faxed correspondence to Supv. Willman with suggestions for changes in the April minutes and provided copies of relevant NYS laws regarding municipal rights-of-way. Supv. Willman reported that Coun. Merrill will travel to Malone to perform further research. In addition, a 66-foot right-of-way exists for the Port Kent-Hopkinton Turnpike, of which Garden Road was originally a part. Geomatics has completed the survey and research will proceed on tax records. Coun. Hamm inquired if Mr. Guerin will be affected by the proposed Town demand for removal of right-of-way encroachment, and Supv. Willman replied that most of the Garden Road property owners will not have problems, only a few. He expressed his gratitude to Mr. Guerin for his continued interest and for taking the time to perform research on the issue.

B. ADK ASSN OF TOWNS & VILLAGES MEETING. To be held June 6 & 7 at the High Peaks Resort in Lake Placid. Supv. Willman would like to attend.

C. DISASTER MANAGEMENT WORKSHOP. This workshop will be held in Malone on July 16, 2010, and Supv. Willman and Highway Supt. DeMars will attend.
