LIBRARY LOVER'S MONTH

National Library Lover's Month in February is dedicated to the people who love whole buildings devoted to reading, housing, organizing, categorizing, finding, studying, and otherwise loving books.

Libraries provide so much more than a place for us to enjoy great novels or to discover amazing adventures and untold history. Yes, they help us ace our research papers and provide a quiet space to study. However, they do so much more.

- Libraries provide educational entertainment for preschoolers. They offer theatre, activities, music, art, and friendship.

- Many communities rely on their libraries for meeting space for public forums, socials, fundraisers, and classes.

- They provide resources for researching family and community heritage.

- Libraries lend other media like movies and music.

- They offer digital resources for the entire community to use.
