Introducing Our New Village Administrator

Travis Parish

Hello Greenville! My name is Travis Parish and I would like to introduce myself as the new village administrator for the village of Greenville.

Just a little background about myself. I am originally from Janesville, WI but have lived in the Fox Valley for the past 10 years with my wife Lisa, daughter Addie and dog Daisy. I graduated from the University of Wisconsin –Whitewater with a B.S. in Public Policy and Administration and attended the Master of Public Administration program at Northern Illinois University in DeKalb, IL.

From there I became the first town administrator for the town of Campbell located near La Crosse, WI. And for the last 10 years, I have been the town administrator and then village manager for the town and village of Harrison.

In my spare time, I like to golf, fish and attend my daughter's various sporting events. But winters are reserved for football. Go Pack Go!

So far, my experience in Greenville has been wonderful. I am enjoying working with the excellent staff and all the great board members and can't wait to meet more of the residents. Please stop in and say hello when you are visiting the village hall.

I am really looking forward to serving the community and helping to make Greenville the best place to live, work, and play in the Fox Cities.

Sincerely,

Travis Parish

VILLAGE PRESIDENT

As I write this quarterly newsletter I am enjoying the first warm southern breezes of a long-awaited spring. Its time to do the spring cleaning and prepare for the warm days of summer. There is rarely a dull moment in Greenville and this past year has created a lot of change for all of us. Our staff is embracing new leadership and adding a newly renovated building. We are tackling a long overdue review of parcel zoning categories and we may be reaching out to you as we align parcels across the municipality to the appropriate zoning category. Our incorporation as a village has been certified, but the work is not yet complete.

On March 1, we welcomed Travis Parish as the new Village Administrator of Greenville. Travis comes to us as the previous administrator of the village of Harrison. As Greenville's administrator, we look for Travis to lead our staff and our residents toward the desired vision for our community. We know Greenville's residential growth is strong and needs little promotion. We look for Travis and staff to market Greenville as a desired community for business development. We have all worked hard the last few years to establish the preferred pockets of the community for commercial and industrial growth, which

brings in very desirable tax base. Travis also comes to us right as we are shuffling staff among the municipal buildings.

With the fire department and EMS taking occupancy of the new fire hall, it opened up their previous home for other town staff to utilize. Our Public Works and Parks Departments have moved into the newly renovated Municipal Services Center (MSC). This is the building to come to for things like yard waste permit stickers and park pavilion rentals. With certain staff moving offices to MSC, it also gave our staff an opportunity to reorganize at Village Hall. Minor updates have been made to allow for all our staff to focus on customer service. As citizens come to our municipal buildings for their desired service, it is important to have the right staff helping you get your questions answered and needs met.

In January, Greenville received their certification to incorporate a large portion of the community as a Village. Board meetings have several new faces as we appointed and elected members to occupy seats on both the Village and the Town Board. Staff has been amazing at juggling the efforts of working with two separate municipalities (Town & Village). We hope this is a short-term need as the plan for our community all along is to move forward as one. To accomplish this, we are

looking to complete a consolidation annexation in the next few months. This is by no means a simple task. It requires public hearings and notices to those living in the Town of Greenville. In the end, a vote by the Town Board will allow our community to be one again with the advantage of controlling our own planning, eliminating the risk of annexation, and truly promote our desired quality of living.

Another large effort being driven by staff is a comprehensive review of our parcel zoning categories. Through the approved Village Comprehensive Plan, staff was directed to re-define the parcel zoning categories as well as fully review the current zoning uses throughout the community. Many of you may be impacted by a needed rezoning. We are working hard to clearly define the criteria and justification for rezoning. If your parcel is impacted, you will be notified of the reasoning for rezoning, educated on what it means for you, and have an opportunity to discuss your desired outcome.

As you have read, our staff is extremely busy and no dust is settling under their feet. Just as we as citizens are busy with our projects around the home, there are countless projects being worked on by our town staff keeping them occupied through 2021 and beyond. Greenville continues to be a desired community for all.

PUBLIC WORKS

We've Moved!

Please visit us at our new location:

W6895-A Parkview Dr., Greenville WI 54942

Yard Waste Site

The Yard Waste Site is open to all Greenville residents who have purchased a permit to use the site. Yard Waste Site Permits can be purchased at the Municipal Services Center (W6865-A Parkview Drive) or using the Purchasing Form on our website. The cost for a 2021 Yard Waste Site Permit is \$20. Additional stickers within the same household are sold at a discounted price of \$10 per sticker. Permits are good for one calendar year. The Yard Waste Site Policy, along with accepted material, can be found on the Brush Pickup and Yard Waste Site page of the website. Extended hours of operation at the Yard Waste Site will begin April 1 and are as follows:

Monday – Thursday 7:00am – 7:00pm

Friday 8:00am – 12:00pm

Saturday 9:00am – 3:00pm

(With the exception of Holidays)

Free Tire Drop-Off

Spring Dates:

Wednesday, April 14 – Thursday, April 22, 2021

Fall Dates:

Wednesday, September 15 –

Thursday, September 23, 2021

Collection is limited to Greenville Residents only, with a limit of 4 tires per household. Tires will not be accepted at the Yard Waste Site during any other time, however tires can be dropped off at the Outagamie County Landfill for a fee. Tires from businesses are not accepted. Only tires with a rim size of 18" or less will be accepted at no charge. For all tires with a rim size of 19" or larger in size or quantities of over 4, the resident will be charged \$6.00 per tire at the Municipal Service Center; or \$200.00 per ton if taken directly to the Outagamie County Landfill/Recycling Center (1419 Holland Rd, Appleton).

Brush Pick-Up (the old Greenville firehouse)

Brush pickup begins the second Monday of every month, year round. Collection may take up to a week to complete. Residents who would like to participate in brush pickup will need to call (920)757-7276 or email publicworks@townofgreenville.com to be added to the collection list no later than 12pm the Friday before. Please review the full Brush Pick-up Policy located on our website before being added to the collection list.

Upcoming Collection Dates:

4/12, 5/10, 6/14, 7/12 and 8/9

Parks Information

Our parks are open year round but with a new season fast approaching, we want to remind everyone to follow all park rules. The safety and enjoyment of village parks involves the cooperation of everyone!

- Park Hours are 7:00am – 10:00pm
- Park restrooms will be open by May 1st
- Pets are not allowed in the parks. Dogs may be walked on the trail if they are leashed and properly cleaned up after.
- Do not park on the grass.
- Glass containers are not allowed in the parks.
- Please deposit litter and recyclables in the appropriate receptacles.
- Motorized vehicles are not allowed on the trails. This includes cars, four wheelers, motorized scooters or any other device powered by an electric or gas motor.
- Do not leave hot ashes in the grills.

Street Trees

Subdivisions with curb and gutter, and lots with lawns already installed, will start to see shade trees being planted in the spring. Property owners that are scheduled for planting will receive a letter and care instructions prior to planting. Proper care in the first few years after planting is very important for the establishment and health of the trees.

We Are Hiring! Seasonal Employment

Greenville Parks, Recreation and Forestry Department is currently accepting applications for seasonal park laborers and tennis instructors for the summer of 2021.

Programs & Recreation

Greenville offers many programs and opportunities for residents to get involved or interact with their community.

Community Movie Night: Admissions are FREE and movies are shown rain or shine! Watch our Facebook page for this year's schedule and event updates.

Tennis Lessons: Lessons are held twice a week for six weeks at Jennerjohn Park and taught by qualified instructors, based on the United States Professional Tennis Registry standard of teaching. Registration begins on April 12.

Landscape Beautification Award:

Recognize the efforts of a neighbor, businesses or organization in Greenville that helps beautify the community through outstanding landscape improvements and maintenance.

Memorial Trees: Donate a tree in honor or memory of a loved one. Trees will be planted in spring or fall, depending on the type of tree and best care.

Memorial Benches: This program provides the opportunity to donate a bench in honor or memory of a loved one. To have your bench placed this year, forms and payments are due no later than June 1.

Landscaping in the Right-Of-Way

As described in §265-13 of Greenville's ordinances, residents are required to obtain a permit before performing any landscaping in the right-of-way. This includes planting of any vegetative material including trees, shrubs, perennials and annuals (excluding lawns) and/or installation of any hardscape materials. Permits are only available in curb and gutter situations. Landscaping of any kind is not allowed in any Town ditches.

GREENVILLE CLUBS

Lions Club

In December, we held our annual Dial-A-Santa and spoke with around 950 children that night! It was great fun to add a little Christmas magic for area children.

This spring the Lions club is selling raffle tickets for a cash raffle. First price is \$2,021! Drawing is April first. Please go to our website for more details.

In support of our area youth, we are awarding several scholarships this spring to Hortonville graduates. If you have a graduating student that would like to apply, please have them pick up an application at the high school office or online at: Greenvillelions.org. The deadline for your application is March 12.

Our 32nd Annual Catfish Races and Charity Concert will be on July 9 and 10. On Friday, July 9, we sponsor family night with FREE kid's rides, games, music, a magic show and fireworks. Saturday night, we have a great classic rock line up with Great White, 38 Special and our headliner, Styx. Concert tickets are available online at ticketstaronline.com, Festival Food locations, the StoneYard in Greenville, or through club members. We plan to make sure everyone is safe, so we can all enjoy live music again! All proceeds go into developing the park and to other local non-profits.

Do you want to be a member? We meet the 1st Thursday of the month at 6:00 PM. Visit our website for more information.

Sustain Greenville

Sustain Greenville is ready for Earth Day! We are trying a new Recycle Event for florescent light bulbs. We invite Greenville residents to bring florescent light bulbs to us at Greenville Village Hall on Saturday, April 24 from 9:00 AM to noon. We will accept 10 per resident at no charge if they are 4' and shorter florescent tubes. If you have more than 10 we will take them and charge a minimum of .50 cents to \$2.00 per bulb; cash only.

Rain Barrels, both plain (\$40.00) and painted (\$50.00) are available for purchase at our Earth Day Event. If you want something specific on your painted rain barrel, please contact us with your request. These barrels are great Mother's and Father's Day gifts.

Mark your calendar! The Farmers Market will remain at Greenville Town Hall on Wednesdays from 3:00 PM – 7:00 PM. Our first market is June 2 and runs through October 6. If you grow produce or make food or craft items, please consider being a vendor at our Farmers Market. Community groups are welcome to do fund raisers and share group information at the market. Please email us to reserve a date and a spot.

Our annual Electronics Recycling Event will be Wednesday, August 4th in the Town Hall parking lot. Many recycling items are free of charge. For those items that are not free, we will list the charges in the Summer Greenville Gazette.

Sustain Greenville plans to meet at the Town Hall on the second Thursday of April, June, August, October & December at 6:30 PM. We invite you to stop in. We are interested in meeting our neighbors and hearing new project ideas.

Our website is SustainGreenville.org. You can email us at: info@SustainGreenville.org and you can find us on Facebook.

Civic Club

Summer Send Off is in August and features a parade, the Great Greenville Bike Giveaway and a concert featuring Boogie and the Yo-Yo'z.

There continues to be a COVID cloud of unknowns regarding events we directly lead or events we provide our support on. Despite it all, we remain focused on our purpose of giving back to the community we represent. Here are few of our contributing highlights over the past 3 months:

- Partnering with the Fire Department and soliciting. Then matching community support donations, we raised \$3,000 which was given to Ruby's Food Pantry and the Hortonville Food Pantry.
- Donated \$500 to an annual Hortonville MS Benefit.
- Our annual GCC Scholarship applications were sent out to local schools. We are beginning the process of reviewing all received scholarship applications.
- We held our annual Board of elections in February. GCC Board President: Mike Haas, Vice President Pete Gervais, Treasurer Fred Rose, and Secretary Joe Lautenschlager all remain on in their current positions.
- We are optimistic about having our annual Summer Send Off event although factors still remain in play with the parade, bike giveaway, and Boogie & Yo-Yo'z concert. Regarding our Bike Giveaway, if you would like to sponsor a bike, as a business or an individual, please reach out to one of our Officers through our email below.

One final note here is centered around one of our Civic Club goals for 2021 and beyond and that is to increase our membership and opportunities for community engagement. We are always looking for civic minded individuals who are searching for ways to get involved in fun and entertaining community events. If this sounds like you, reach out to anyone on our Board at GCCSEC1@gmail.com, our website at www.greenvillecivicclub.com, or follow us on Facebook: [@gccwi – Community](https://www.facebook.com/gccwi-Community).

AMVETS Post 30

AMVETS meets at the Greenville Town hall the 3rd Wednesday of the month at 7PM. Come join us!

AMVETS Post 30 is starting to meet again and one item we want to give some honor relates to a sensitive topic. Gold Star Families. We want to know our Greenville Gold Star Families. To us it means a family who has an immediate member that died while serving their country, state, and/or community or became a casualty from injuries while serving. In our world of protecting personal information it is hard to obtain that information. We need your help. AMVETS would like to honor our Greenville Gold Star Families at our August Veterans Summer Send Off Ceremony. If you know of or are a Gold Star Family please let us know at post30amvets@gmail.com or drop us some information at AMVETS Post 30, P.O. Box 63, Greenville, WI 54942.

Go Guard! We have been bringing a morale lunch once a month to the National Guard manning the Co-vid sites around us. With the support of safe serve food businesses and our fellow Veterans organizations this has been very successful in keeping connected and putting a few smiles on some faces with good comfort food and snacks.

GREENVILLE SANITARY

Hydrant Flushing

The Greenville Sanitary District will be flushing and exercising hydrants beginning in May. This process typically takes approximately two weeks.

The Public Service Commission and Wisconsin DNR require the Village to flush the water distribution system, including the fire hydrants. Flushing hydrants is essential to keep your water safe and maintaining the distribution system. This also helps to ensure that hydrants are in good working order for the Fire Department's use.

During this process, you might notice that your water appears cloudy. This is normal and you can still drink the water. If you run the cold water tap that is located closest to your water meter, this will help to clear it up. If you have questions, you can contact the Public Works Office at (920)757-7276.

Leak Detection Program

The Sanitary District has started a Leak Detection Program to help find possible water lateral leaks. Frequent sump pump usage when water tables are low, like in the winter or the middle of summer, is a possible indicator of these leaks. We have created a survey to help us collect information from concerned residents living within the Sanitary District. Each survey will be reviewed by staff and, if necessary, be further inspected.

If you live within the Sanitary District and believe your sump pump is running more frequently than it should, take our survey here:

<https://arcg.is/15j48K>.

Cross Connection Inspection Program

The Purpose of the Village of Greenville's Cross Connection Control Program, as defined in the local Ordinance §340-26, is to help eliminate possible contamination of the public water distribution and sewage collection systems. As part of this program, an inspection of your facility's internal water system is to be completed. Inspectors will be reviewing your water system for connections that could possibly contaminate the public water distribution system. The Cross Connection Control Program is a DNR mandated program that requires the Village of Greenville to inspect 10% of our residential area each year. This means that your home/subdivision will be inspected every 10 years regardless of the outcome of your previous inspection or the age of your home.

2021 Cross Connection inspections will include the following subdivisions:

- Briarhaven
- Briarhaven 1st
- Skyline Heights
- Skyline Heights 2nd and 3rd
- Ridgeway Court
- Ridgeway Court 1st and 2nd
- Park View Meadows

Go to www.townofgreenville.com and click on the bill payment link. You'll be directed to our payment processor's website where you can register and make your payment. Future payments are just three easy steps!

Pay by mobile app
Download the PSN Payments app from the Apple AppStore® or Google Play™. If you registered online first, use those credentials to log in to the app. You can view your bill on the app, too!

Pay by phone
Call toll-free to 1-877-885-7969 to make a payment by phone. Have your bill handy to provide your account number and register. Future payments are just a few quick steps!

What can you do online:

- Pay immediately, schedule a payment, or set up Auto-Pay
- View your bill online (even if you don't pay online)
- Store payment methods
- Print receipts, bills, and view payment history
- Save resources and sign up for paperless billing

If just 20% of US households switched to paperless billing and payments, we'd save 1.8 million trees per year!

Payment convenience fees apply: \$1.00 for check and savings payments; 2.75% (=\$0.50) for payments under \$100.00 for credit and debit card payments.

GREENVILLE FIRE DEPARTMENT

The Greenville Fire Department responded to 33 calls for service as of 3/1/21.

What's New?

Greenville Fire & EMS is closely monitoring the pandemic and hopes that in 2021, we will be able to participate in community activities, hold a new station dedication, and hold our annual Fire & EMS open house in October. Stay tuned for updates.

Greenville Fire recently took delivery of a new 18' enclosed trailer. It will be deployed for special operations such as flooding events and trench rescues. It is still a work in progress and more equipment is being added to the trailer. Money from fundraising activities and donations were used to purchase the trailer.

"A big thank you goes out to our Greenville Fire Department who saved the day when the Greenville Post Office flooded. The quick 4:00 AM response was greatly appreciated!"

~ Renee Deimer

GREENVILLE FIRST RESPONDERS

Greenville First Responders ended 2020 with 46 calls compared to December 2019 with 35 calls. Rides to the hospital because of Co-vid were as high as it was when the Corona virus first started in early 2020. We ended the year 2020 with 379 calls, down from 413 in 2019. Because of the pandemic, it has been a very busy year for us. However, while on a call and administering aid, we always take extra steps to keep both you and ourselves safe.

This January, we have responded to 42 calls and in February 26; compared to 37 for January and 26 for February 2019. The good news is all of our First Responders have been offered the vaccine from Covid-19 with both inoculation completed.

January is typically a busy month for us because of inclement weather and slippery roads causing accidents. Since the last newsletter, we have responded to a few serious accidents on highway 15. Most of these were contributed to speed and inattentive driving.

Fortunately, there were not any fatalities but there were serious injuries. If the construction schedule stays on time, we have almost a year before the road may be closed for the rebuild of highway 15. Please remind everyone in your household to use caution when driving on the highway.

Meetings are beginning for the Summer Send Off concert and I am sure the Lions are also discussing their Catfish Races concert. Our hope is that we can all get together this summer and enjoy all that we missed in 2020. Be safe and we hope to see you this summer!

"Neighbors Helping Neighbors"**

Introducing...

Dr. Jenna Sullivan, a New Jersey native and Florida alumna, is joining Dr. Andrew Magiera at Greenville Eye Care. Dr. Sullivan and her newly wed husband are relocating to the Fox Valley area to be closer to family.

After working in the VA Healthcare system she developed a love for ocular disease and low vision and hopes to share this passion with the community.

Call today to set up an appointment!

Back to school exams are being scheduled now!

Family Eye Care • Eyeglasses and Contact Lenses • Accepting New Patients

Monday: 8:00 am - 5:00 pm
Tuesday: 10:00 am - 7:00 pm
Wednesday: 9:00 am - 6:00 pm
Thursday: 9:00 am - 5:00 pm
Friday: 9:00 am - 5:00 pm

COMMUNITY DEVELOPMENT

Rezoning Project

As you know from the last newsletter, Greenville has undertaken a rezoning of properties with inconsistent zoning and land uses. The Zoning Committee have met a couple times to review proposed rezoning changes and will be moving forward with holding public informational meetings in the near future. If your property has been designated for rezoning you will receive a letter inviting you to a meeting to learn about what this means for you and your property.

To help you stay informed about the project the following website has been created:

http://www.townofgreenville.com/rezoning_project.php.

Tax Increment Finance District #2

Since Greenville's elected officials authorized investigation into the feasibility of a second Tax Increment District (TID) in the Heritage District area of town in November of 2020; officials, staff and consultants have been busy developing a project list, cost estimates and evaluating the financial feasibility of creating a second TID. In the coming months further information will be presented to determine the next steps to be taken in creation of another TID. For questions, please feel free to contact Community and Economic Development Director Michael J. D. Brown at: mbrown@townofgreenville.com or 920-757-5151 ext. 2000.

Online Permit Application System

Greenville has invested in developing a new permitting system, which has an online application component with the ability to pay online. The system was launched in March 2021 and allows the public to apply for building permits (i.e. new house, fence, deck, patio, additions, remodels, etc.), development requests (i.e. rezoning, site plan, plats, special exceptions etc.), and permit types that require work in the public right-of-way (i.e. culvert, driveway, utility etc.). Even if you are not applying for a permit, if you are curious if your neighbor putting up that deck in the backyard has a permit you can check using the online system. Greenville encourages everyone to use this online application system in order to create greater efficiencies and transparency. If you have additional questions please feel free to contact Community Development Specialist Kelly Mischler at: KMischler@TownofGreenville.com or 920-757-5151 ext. 2001.

Village Shoreland/Wetland/Floodplain Ordinances

As a portion of Greenville has incorporated into a Village, it takes on new regulatory review and approval responsibilities Outagamie County used to have authority over which includes Shoreland, Shoreland-Wetland and Floodplain Zoning. The benefit to you as a resident is a more efficient review and approval process and eliminates an extra permitting jurisdiction. If you have additional questions please feel free to contact Director Michael J. D. Brown at: mbrown@townofgreenville.com or 920-757-5151 ext. 2000.
