<b>Greenville Fee Schedule</b> .....	<b>7</b>

## Executive Summary

In 2018, the Wisconsin State Legislature approved new legislation which requires Cities and Villages of 10,000 population or more to provide two separate annual reports related to housing and housing fees in an effort to shed light and foster change on affordable housing issues across the state. Specifically, this document meets the requirements for Wis. Stats. 66.10014 (Housing fee report). While Greenville was still a Town in 2020 it did not meet the requirements of Wis. Stats. 66.10014 and did not need to complete or post a copy of the fee report on its website, it has however decided to participate in anticipation of becoming a Village. On November 3, 2020 the incorporation referendum passed and fully incorporated into a Village in 2021.

## Housing Fee Report Requirements

Requirements of this report include the following elements:

- (1)** In this section, "municipality" means a city or village with a population of 10,000 or more.
- (2)** Not later than January 1, 2020, a municipality shall prepare a report of the municipality's residential development fees. The report shall contain all of the following:
  - a.** Whether the municipality imposes any of the following fees or other requirements for purposes related to residential construction, remodeling, or development and, if so, the amount of each fee:
    - 1.** Building permit fee.
    - 2.** Impact fee.
    - 3.** Park fee.
    - 4.** Land dedication or fee in lieu of land dedication requirement.
    - 5.** Plat approval fee.
    - 6.** Storm water management fee.
    - 7.** Water or sewer hook-up fee.
  - b.** The total amount of fees under par. (a) that the municipality imposed for purposes related to residential construction, remodeling, or development in the prior year and an amount calculated by dividing the total amount of fees under this paragraph by the number of new residential dwelling units approved in the municipality in the prior year.
- (3)**
  - a.** A municipality shall post the report under sub. (2) on the municipality's Internet site on a web page dedicated solely to the report and titled "New Housing Fee Report." If a municipality does not have an Internet site, the county in which the municipality is located shall post the information under this paragraph on its Internet site on a web page dedicated solely to development fee information for the municipality.
  - b.** A municipality shall provide a copy of the report under sub. (2) to each member of the governing body of the municipality.
- (4)** If a fee or the amount of a fee under sub. (2) (a) is not properly posted as required under sub. (3) (a), the municipality may not charge the fee.

## Housing Fee Data and Responses

**Part 2A:** Greenville imposes the following fees or other requirements for purposes related to residential construction, remodeling, or development. Only fees Greenville sets/collects are included in this report. Fees set by others, such as sanitary and utility districts, county and etc., are not included in this report. A complete copy of the fee schedule is included. Table 1 lists the types and amounts of these fees:

**Table 1: Greenville Schedule of Fees**

Building permit fee	Impact fee	Park fee	Land dedication or fee in lieu of land dedication requirement	Preliminary Plat approval fee	Final plat approval fee	Storm water management/Erosion Control fee	Water or sewer hook-up fee
Single Family: ≤ 2,000 sq. ft. = \$1,000.00 2,001 - 3,000 sq. ft. = \$1,100.00 3,001 - 4,000 sq. ft. = \$1,200.00 For every additional 1,000 sq. ft., fee increases by \$100.00; Two Family: \$2,000.00	NA	\$682 per dwelling unit; will be reduced based on Parkland Dedication	When land dedication is not feasible or compatible with the Comprehensive Plan, any divider of land, shall, in lieu of land dedication, pay a fee equivalent to the value of the required dedication.	\$500.00 plus \$10.00 for each lot within the plat for up to 3 plan reviews, if more than 3 plan reviews are required the same rate may be charged	\$200.00 plus \$5.00 for each lot within the plat, if more than 3 plan reviews are required the same rate may be charged	\$500	Single Family Water \$2,895, Single Family Sewer \$2,171, Two Family Water \$4,342.50, Two Family Sewer \$3,256.50

**Part 2B:** The total amount of fees under Part A Greenville imposed for purposes related to residential construction, remodeling, or development in the prior year is listed in Table 2.

**Table 2: Greenville Fees Collected (2023)**

Building permit fee (new construction + remodel permits)	Impact fee	Park fee	Land dedication or fee in lieu of land dedication requirement	Preliminary Plat Approval fee	Final Plat Approval fee	Storm water management/Erosion Control fee	Water or sewer hook-up fee	Total Fees collected
\$90,699	\$0	\$34,580	\$0	\$1,490	\$1,275	\$25,500	\$265,178	\$418,722

The 2023 average total fee cost for a new residential housing unit has been calculated by dividing the total amount of fees collected by the number of new residential dwelling units approved in Greenville in the prior year (Table 3).

**Table 3: Greenville Approved Residential Dwelling Units by Type (2023)**

Single Family Building Units	2-Family Building Units	Multi-family Building Units	Mobile Home Units	Total
47	8	0	2	57

Calculation: Total fees collected (\$418,722) ÷ total 57 units = \$7,346.00

In 2023, the Greenville collected approximately \$7,346 in fees for each new residential dwelling unit approved within the municipality.

Remodeling projects do not typically include the following fees: impact, park, land dedication or fee in lieu of land dedication requirement, preliminary plat approval, final plat approval, stormwater management/erosion control, and water and sewer hookup. In 2023, Greenville collected \$26,999 in remodeling fees for 77 projects.

Calculation: Total Remodeling Fees Collected (\$26,999) / 77 additions/remodels = \$350.64.

# Greenville Fee Schedule
