# 2023

*Travis Parish*

## ADMINISTRATOR'S NOTE:

Greetings everyone. 'Tis the season to be jolly and we are hoping that everyone was able to enjoy the holidays with family and friends. Now that it's over let's face it, we all would like to say "bah humbug" to the other season.....tax season! The most dreadful time of the year! The following is an overview of the 2023 Village of Greenville Budget.

## BUDGET BREAKDOWN

The 2023 Village Budget was adopted by the Village Board on November 28, 2022, and includes a total tax levy of \$6,940,206.00. The total tax is comprised of the property tax levy (\$2,876,328.00) and the debt service levy (\$4,063,878.00). The property tax levy is used to fund the operations of the Village. This includes maintenance, labor, and service contracts. The debt service levy is used to fund the equipment and the capital improvement projects of the Village. This includes road maintenance, equipment replacement, and large scale road projects. The debt service levy pays for the debt payments on all outstanding loans of the Village. These two levies combined equal the total tax levy of \$6,940,206.00.

The local tax rate did increase over last year from \$2.94 per \$1,000 assessed to \$3.82 per \$1,000 assessed. However, the total tax rate decreased from \$13.97 per \$1,000 assessed to \$13.26 per \$1,000 assessed.

The two major expenditures that led to an increase in the local tax rate are the replacement of a 1997 Pierce Fire Pumper/Tender (\$942,000.00) and the reconstruction of School Rd. est. (\$6,100,000.00). Both these expenditures required additional borrowing to finance them which led to an increase in the debt levy.

CONTINUED ON NEXT PAGE

Due to inflation, the cost of refuse and recycling has also increased. In order to maintain the current level of service, the Village needed to increase the garbage fee from \$120 to \$130 for a 65-gallon can. This covers the increased cost from the service provider.

In closing, the Village Board will continue to provide the services needed and expected from residents in the most cost-efficient manner possible. This means spending tax dollars wisely while also trying to maintain the appropriate tax rate for the services expected and needed by residents.

## GREENVILLE POLICE

Deputy Brett Stauber has taken on a new territory closer to his hometown and therefore, will be leaving Greenville. His last day as a Deputy in Greenville will be December 29, 2022. Deputy Stauber has been an integral part of the success in extending the contract and bringing new deputies to Greenville. He has assisted in ensuring all new Deputies are trained and has been a mentor to all of them. We are sad to see him go, but we are thankful for the time that he spent protecting the citizens of Greenville. Good luck Brett in everything that you do. You will be missed!

Please welcome our new Deputy to Greenville, Nora Widder. Nora grew up in the Stevens Point area. She attended the police academy at Mid-State Technical College and enjoys outdoor activities such as hunting and fishing. Besides wanting to be a positive asset to the Village of Greenville, Deputy Widder states she is looking forward to making connections with the Greenville community. Deputy Widder will start her assignment with Greenville in January of 2023.

## UPCOMING MEETING DATES

### Village Board

January 9, 23

February 13, 27

March 13, 27

### Planning Commission

January 23

February 27

March 27

## CLERKS TAKE A MOMENT TO SAY THANK YOU!

If you participated in any of the elections this year in Greenville, we hope that your experience while voting was a positive one. So how does an anticipated daunting process turn into a pleasant, efficient one?

First and most importantly, our Election Chiefs and Election Inspectors. Greenville is lucky to have over 100 volunteers willing to be a part of the election process and we continue to receive interest forms of residents willing to serve. We are grateful for the commitment and integrity of all involved.

Renee Diemer and Leanne Meidam-Wincentsen lead our team as Chief Election Inspectors. Their knowledge of election laws and procedures, efficiency, confidence, reliability and desire to lead is admirable. Their time and dedication to training, workshops and investment in their community is one reason why you should have confidence in our elections.

Secondly, we could not conduct elections without our talented group of Election Inspectors. We cannot express enough how thankful we are to have each one of them as part of the team. We have some inspectors that have been participating in elections for over 25 years, and others that were new this year. They too have education requirements, and their willingness to learn and stay informed regarding the ever changing election laws is remarkable. Anyone who is a part of the Greenville team should feel proud of their job well done in running secure, efficient elections.

Lastly, we would like to recognize the Village Board and the staff at Shepherd of the Hills. The Village Board approved utilizing ARPA funding to purchase Badger Books, which allows us to be even more efficient and provide poll book accuracy. We appreciate their support. We are fortunate for the opportunity to utilize Shepherd of the Hills as our only polling location. With election set-up and take-down, we occupy the space for three days and they are always willing to help.

To everyone that has a hand in Greenville's Elections...

## 2023 ELECTION DATES

February 21, 2023 –  
Spring Primary (if needed)  
April 4, 2023 –  
Spring Election

All voters will vote at  
Shepherd of the Hills Church  
located at:  
N1615 Meadowview Drive,  
Greenville, WI 54942

THANK YOU!

# COMMUNITY & ECONOMIC DEVELOPMENT

## State of WI Delegation Status

Greenville recently became a Delegated Community by the State of Wisconsin to perform commercial/industrial plan reviews and inspections. It was able to do this because the Village's building inspectors have the required certifications to perform this work. This is great news for property owners and businesses. With this delegation the Village is able to conduct plan review and issue permits quicker than the State, keeping projects moving and saving time and money. It also allows better customer service through more frequent and timely inspections. If you have questions about the plan review process and permitting, please contact Elisabeth Racine, Chief Building Inspector at [eracine@greenvillewi.gov](mailto:eracine@greenvillewi.gov) or 920-757-5151 ext. 2200, or Ryan Geiger, Commercial Building Inspector, at [rgeiger@greenvillewi.gov](mailto:rgeiger@greenvillewi.gov) or 920-757-5151 ext. 2201.

## Building Permits Required

If you are thinking about doing a home improvement project over the winter or plan to make improvements to your property in the spring and summer, don't forget you will need a permit. Projects that require a permit include any new construction (house, shed, garage, gazebo or any structure), building addition, building remodel, fences, decks/porches, pools/hot tubs, windows/doors, reroof, flatwork (driveway extension, walk way, patio etc.) heating/air conditioning, electrical, plumbing, alternative energy (solar, wind, geothermal etc.), moving or demolition of a building and signs. Apply online at <https://greenvillewi.micommunityportal.com/home>. If you have questions please contact Elisabeth Racine, Chief Building Inspector at [eracine@greenvillewi.gov](mailto:eracine@greenvillewi.gov) or 920-757-5151 ext. 2200, or Ryan Geiger, Commercial Building Inspector, at [rgeiger@greenvillewi.gov](mailto:rgeiger@greenvillewi.gov) or 920-757-5151 ext. 2201.

## DOG LICENSE REMINDER

Dog Tag Licenses expire December 31 of every year. If you haven't renewed your pet's tag, the deadline to do so is March 31. Those received after March 31 will be charged a late fee of \$25.00 per dog.

Fees: \$8 spayed/neutered  
\$15 unaltered animal

## GREENVILLE LIONS

The Greenville Lions have had a busy winter. We continue to provide meals to Pillars once a month. Lions Jerry Sabatke and Kevin Weissahn delivered the meals at the local shelter allowing the shelter to stretch their budget.

Our annual Sports/Hunting Raffle was held on Oct. 12. We had a record turn out of both attendees and volunteers! With strong support from locals, we were able to raise near record funds for our community. It was a huge success!

The Greenville Lions received the "Service Organization of the Year" award from the Fox West Chamber in early November. This is a humble honor for us. We firmly believe volunteerism builds stronger, safer and better communities.

On December 15, the club held our annual "Dial-A-Santa" event, allowing hundreds of area youth to call the North Pole and speak to Santa Clause. The local Santa's took over 500 calls from eager boys and girls this year!

This spring we will be doing free vision screenings on area students. We are still coordinating our schedule but expect to screen approximately 530 students. We typically find 4 or 5 cases that need an optometric follow up, so it's been very rewarding to catch vision conditions early.

We currently have 88 members, and are always looking for more community minded folks to join us. Check us out at: [greenvillelions.org](http://greenvillelions.org) and consider becoming a member!

## SUSTAIN GREENVILLE

Sustain Greenville is a 100% volunteer organization that works to encourage and facilitate eco-friendly activities that promote a more sustainable environment. We work with families, individuals, and local governments to reduce our carbon footprint, and support native plants and animals by using activities that are easy for families to do. We would love you to reach out to us with your ideas and support!

## Farmer's Market

We finished the farmer's market season with a bang! We have several vendors that make our 100% volunteer led market such a great success! Thanks go out to all who use the market to make better household choices!

## Light and Wire Collection

We are wrapping up our lights and wire collection. This goes until the end of January. See our website for all locations where you can bring in those wires! We partner with a recycling company that is able to recycle every part of the wire and lights! This is a great way to keep those items out of the landfill. Don't forget those old cell phone chargers, headphone wires, and old extension wires.

## Book Study!

We are going to have a book study with Hope Jahren's *The Story of More*. This is a great introduction to sustainability or a means to improve what you are already doing. This is an easy-to-read, short introduction to human interaction with the planet that will not shame or intimidate. We will use one session each for Life, Food, Energy, Earth, and *The Story of Less* in an Appendix.

Put the following Thursdays for the book club on your calendar! 1/26/23, 2/9/23, 2/23/23, 3/9/23, and 3/23/23. You do not have to live in Greenville to be included - OPEN TO ALL. Older interested children may join their parents as well! You are invited to stay over from 7:30 to 8:00 on 2/9/23 and 3/9/23 for a short monthly meeting of Sustain Greenville.

## Events

A presentation on electrified vehicles is scheduled for Saturday, February 11 at 10:00 AM in the Greenville Village Hall. It will compare hybrid (HEV), plug-in hybrid (PHEV) and fully electric (EV) vehicles to conventional gasoline powered vehicles. Keep an eye on our website for more events and to vote for events YOU want to hear about.

## NEW WEBSITE!

We have a brand new way to reach us. We are now at <https://sustaingreenville.weebly.com/>. We would love you to check out our new page. There will be ways that you can learn, interact, and participate and we would love to see you there. Please know that we are always looking to share our love of the environment with so please feel free to join us in our exciting activities or at a meeting or both! We meet the first Thursday of every month at the Greenville Village Hall from 6:30 pm until 8 pm.

## AMVETS - POST 30

Winter is here and so is our time of giving! We gave out over \$4000 to various groups in our area including Old Glory Honor Flight, Fox Valley Veterans Emergency Fund, Vets & Friends, Military Veterans Museum and Education Center, and Fox Cities Composite Squadron/Civil Air Patrol. For the Mash Blood Drive Support we gave to our Army National Guard and the VVA 351 as we could not have done it without them. We visited schools during Veterans Day events and our very own Commander orchestrated the Outagamie County Veterans Day event inside in front of the Veterans War Memorial.

We worked with many other Veteran Organizations to put together 11 Homeless Comfort Bags for distribution by our County Veteran Service Office in November and we supported 4th H.O.O.A.H. for their Suicide Awareness & Education walk/run with a \$500 check. This year we retired over 1,600 US Flags utilizing the Military Veterans Museum Flag Retirement area 3 times!!! We recently have been working closer with and have elected to charter our Greenville Scout Troops 77/177. Thank You !!! ... to our Greenville Community who help us help Veterans!

## LAND STEWARDSHIP Farmland Preservation Grant

The Land Stewardship Committee is seeking applications from village farmland owners who desire to permanently preserve 20 acres or more of their farmland. The selected farmland can be preserved by participating in the Regional Conservation Partnership Program (RCPP) 50% matching grant and an agricultural conservation land easement that is administered by the American Farmland Trust (AFT). The successful applicant must match the grant by donating 50% of the assessed land value of the acreage to be preserved in order to be eligible to receive the 50% matching RCPP funds. The landowner would receive the grant funds provided both parties accept the terms of the developed agricultural conservation easement, which is individually drafted with each applicant landowner and can reflect many of the landowner's preservation wishes. For program details and how to apply, please contact Michael Brown at the Village Hall (920-757-5151 extension 2000) or Larry Bentle (706-504-5200).

## CITIZEN'S CORNER

### Nagy Family & Homestead Meadows Honored

The Nagy Family was honored in September for its pioneering work in Agricultural Tourism in Wisconsin. Homestead Meadows was recognized during Wisconsin Agricultural Tourism Week with a visit from Department of Tourism Secretary Anne Sayers and Wisconsin Agricultural Tourism Association (WATA) Board Leadership.

SHEILA EVERHART, WATA EXECUTIVE DIRECTOR, HAYDEN NAGY, STEVE NAGY SR., ANNE SAYERS—WI DEPARTMENT OF TOURISM SECRETARY, STEVE NAGY JR. AND JEAN BAHN, WATA BOARD DIRECTOR

Homestead Meadows—considered by WATA to be an Agricultural Tourism Destination Legacy—began a popular trend in Wisconsin more than 40 years ago with the establishment of Agriculture-themed Event Venues. (See the certificate below left.)

Village Leaders of Greenville are also receiving statewide recognition for having created model zoning ordinances that preserve agricultural heritage. The Ordinance encourages traditional agriculture and Agricultural Tourism in Greenville's Greenbelt

#### **HOMESTEAD MEADOWS**

THE NAGY FAMILY

*In recognition of your legacy of work in promoting Wisconsin Agricultural Tourism throughout the state of Wisconsin.*

*Homestead Meadows ~ considered by WATA to be an Agricultural Tourism Destination Legacy ~ began a popular trend in Wisconsin more than forty years ago with the establishment of Agriculture-themed Event Venues (AEVs). The Agricultural Tourism Industry is that much stronger because of your dedicated efforts over the past forty years.*

**2022 WATA Agricultural Tourism Destination**

*America's Agricultural Tourism Destination*

*Sheila Everhart*

WATA Executive Director

In addition to the Agricultural Tourism Recognition, on the same day Homestead Meadows was hosting Conservation Field Days—a three-day educational event produced by the Outagamie County Land Conservation Department and co-sponsored by Homestead Meadows. As many as 1,200 of the County's 5th and 6th grade students participated in a day of conservation-themed learning activities.

# GREENVILLE'S WINTER ACTIVITIES

Winters in Wisconsin can be long, cold and snowy but don't let that keep you from getting out and enjoying the parks. Check out these fun winter activities:

- The sledding hill at Jennerjohn Park – open daily and lit from dusk until the park closes at 10pm
- Groomed cross country ski trails at Jennerjohn Park
- The walking/nature trails at Lions Park and Pebble Ridge Park
- Ice rinks at Community Park and Jennerjohn Park – open daily (weather permitting) and lit from dusk until the park closes at 10pm

If the temperature is above freezing or if the ice seems soft, please refrain from skating on ice rinks. This will damage the ice surface and make it more difficult to keep the rink open throughout the winter. Please remember that snowmobiling is NOT permitted in any park or on any portion of the Village's recreational trail. If you see anybody snowmobiling in these areas please report them to the Sheriff's Department.

**CHECK OUT THE WINTER RECREATION SECTION OF OUR WEBSITE TO FIND AN INTERACTIVE RECREATION MAP AND LOCATIONS/CONDITIONS OF THESE ACTIVITIES!**

**THE PARKS AND RECREATION DEPARTMENT WILL BE ACCEPTING APPLICATIONS THROUGH SPRING FOR SEVERAL SEASONAL PARK LABORERS POSITIONS DURING THE SUMMER OF 2023. THERE ARE BOTH LONG TERM AND SHORT TERM POSITIONS AVAILABLE. FOR MORE INFORMATION VISIT [WWW.GREENVILLEWI.GOV](http://WWW.GREENVILLEWI.GOV) OR CONTACT OUR OFFICE AT (920) 757-7276.**

## Annual Snowman Building Contest

This contest is open to all Greenville residents. Participants should build their snowman in their own yard. We encourage all participants to add your own creative touches to make their snowman unique. Snowman possessing demeaning or inappropriate gestures, sayings, expressions, etc. are against the rules and will not be accepted. Winners of this contest will receive one free tennis registration in the spring and bragging rights for a whole year!

- **Contest Dates:** First snow fall—March 15, 2023
- **Contest Categories:** Biggest and Most Creative

How to enter: Send a photo along with your name, address, and phone number to [emaertz@greenvillewi.gov](mailto:emaertz@greenvillewi.gov) or Parks and Recreation at PO Box 60, Greenville, WI 54942. Please note that all participant photos will be posted to the Village's website and/or Facebook page. Winners will be announced on March 17, 2023.

## Street Tree Program

If you are new to the area, you might not be familiar with our street tree program. The Village collects money in all new subdivisions with curb and gutter for the purpose of planting street trees in the tree terrace along the road. The tree terrace is the portion of the road right of way that typically extends about 15 feet in from the curb. Street trees are planted in the spring and are only planted on lots that have an established lawn. Lots receiving trees will receive a letter in spring detailing the planting procedure along with a tree care sheet.

These street trees are planted by the Village on Village property and are therefore maintained by the Village indefinitely. The Village holds the responsibility of maintaining these trees to ensure the health of the trees as well as the safety of the public. Under no circumstances should anybody attempt to prune, stake or fertilize any street tree. If you have any concerns about your street tree, please give us a call. All we ask from homeowners is to keep the trees properly mulched and watered.

If you have any questions about our street tree program or about trees in general, please feel free to give our office a call at (920)757-7276.

## GREENVILLE UTILITY

### Keep Your Pipes from Freezing!

Water expands as it freezes, putting pressure on the pipes containing it. Expanding water can cause even metal pipes to break, especially those exposed to harsh, low temperatures like ours here in Wisconsin.

While outdoor pipes are the most likely to break, damage can occur in your home, too. Water pipes in unheated areas like garages, basements, attics, or kitchen cabinets are the most common of victims. Consider these precautions to avoid any issues:

- Remove, drain, and store outdoor hoses.
- Close indoor valves that support outdoor hose bibs.
- Open outdoor hose bibs and keep them open after closing valve in basement.
- Check water supply lines under kitchen and bathroom sinks, in basements, and in other unheated areas.
- Consider installing products to insulate at-risk water pipes.

FOOT & ANKLE CENTER

## Compassionate care that's a step ahead

- Heel Pain
- Chronic Lower Leg & Foot Pain
- Neuropathy Treatment
- Neuroma and Nerve Decompression
- Diabetic Foot Care
- Treatment of Ulcers/Wound Care
- Children's Foot Care
- Ingrown Toenail & Fungal Care
- Ankle Sprains & Instability Sports Injuries
- Custom Orthotics
- Bunion and Hammertoe Treatment & Surgery

### Dr. Julie Abboud

"Great patient care consists of complete attention and compassion. Your doctor needs to know who they're treating not just what they're treating. I love getting to know my patients."

### Dr. Marissa Oberstadt

"My approach to patient care focuses on education and collaboration. I enjoy educating patients on their foot and ankle conditions and discussing treatment options so that we may work together to address their unique needs."

# STORMWATER

Did you know most salts won't melt ice when the temperature is below 15 degrees Fahrenheit? Or that cracked corn is a good traction alternative to sand or kitty litter?

Stormwater management may seem like a summer problem when actually, it is an issue even in the forms of ice and snow too. We may sand and salt to control winter's climate but after the ice melts the remaining materials can get into our waterways and pose a threat to the health of our streams and fish.

Here are some creative tips to help you manage stormwater – be it the frozen or liquid kind – around your home:

- Shovel early. The more snow and ice you remove, the less salt you will have to use and the more effective it can be.
- More salt does not mean more melting. Apply appropriately, salt takes time to work. Consider purchasing a hand-held spreader to help you apply a consistent amount.
- 15° Fahrenheit is too cold for salt. Most salts stop working at this temperature. Use a traction agent as needed, but they do not melt ice.
- Sweep up excess. Salt or sand on dry pavement is no longer doing any work, sweep it up before it is washed away and apply less the next time.
- Try an alternative for traction. Sand and kitty litter are effective but can clog sewers and degrade stream habitat when washed away. Cracked corn can be an alternative to try that is more environmentally friendly.
- All de-icers will melt the ice but some have less of an impact on the environment. Use products containing an acetate, potassium chloride, or magnesium chloride.

# STREETS

## No Parking on Streets

Parking restrictions have gone into effect on all Village roads and will remain in place through March 31. These restrictions prohibit parking on Village roads between the hours of 12:00 am and 6:00 am. Vehicles parked on the Village roads during these hours may be ticketed and/or towed at the owner's expense. If a winter storm is predicted, we ask that you do not park your vehicle on the road at any time until the roads have been cleared. This will help the Village of Greenville employees to clear the roads more effectively and efficiently.

## Plow Infractions

In February of 2008, the Village of Greenville adopted an ordinance banning property owners from depositing snow in public right-of-ways. This means that any snow that is plowed on private property may not be deposited on any road right-of-ways including ditches, paths and walkways. Pushing snow into, or across, Village roads is also against this ordinance. All snow that is cleared from your driveway must stay on your own property. The Village of Greenville may issue citations up to \$250 to anyone violating this ordinance.

## 2023 Garbage and Recycling Holiday Schedule

Holiday	Date	Collection
New Years Day	Sunday, January 1, 2023	No change to collections schedule
Memorial Day	Monday, May 29, 2023	All collection routes will push one day Wednesday's collection will occur on Thursday Thursday's collection will occur on Friday Friday's collection will occur on Saturday
Independence Day	Tuesday, July 4, 2023	All collection routes will push one day Wednesday's collection will occur on Thursday Thursday's collection will occur on Friday Friday's collection will occur on Saturday
Labor Day	Monday, September 4, 2023	All collection routes will push one day Wednesday's collection will occur on Thursday Thursday's collection will occur on Friday Friday's collection will occur on Saturday
Thanksgiving Day	Thursday, November 23, 2023	No Collections scheduled on Holiday Collection routes may push one day Wednesday's collection will occur on Wednesday Thursday's collection will occur on Friday Friday's collection will occur on Saturday
Christmas Eve / Christmas Day	Sunday, December 24, 2023 Monday, December 25, 2023	All collection routes will push one day Wednesday's collection will occur on Thursday Thursday's collection will occur on Friday Friday's collection will occur on Saturday
New Years Eve / New Years Day	Sunday, December 31, 2023 Monday, January 1, 2024	All collection routes will push one day Wednesday's collection will occur on Thursday Thursday's collection will occur on Friday Friday's collection will occur on Saturday

## 2023 Village of Greenville Curb Side Pickup Calendar

Garbage collection is weekly. Recycling is every other week on the same day as your garbage collection. Collection days vary based on address. Containers need to curbside by 5am on the morning of collection. Special collections and maintenance may take several days to complete.
