

Reference No.: _____

I (We) _____, _____
Name of Applicant Mailing Address City State Zip
hereinafter termed the Permittee, request permission and authority to occupy, and to do certain work herein described on, the right-of-way of the County Highway known as _____, Section _____
of _____ Township from _____ to _____

in Grundy County. The work to be performed is described in detail below in a verbal explanation and also on the attached sketch and plans. All proposed work will be highlighted on plans. The plans must also show location and size of all auger pits and exact location of proposed facility to be installed.

This permit is subject to the conditions and restrictions of Part 530 of Title 92 of the Illinois Administrative Code including but not limited to the following:

First: The petitioner shall furnish all material, labor, and pay all costs required to restore said highway to a condition similar or equal to the conditions that existed before the commencement of the described work. It shall be the responsibility of the petitioner to properly grade (positive drainage), seed, or sod any portions of the right-of-way disturbed during the described work.

Second: The petitioner shall install all road crossings without disturbing the existing surface or base of the roadway by auguring unless written approval is granted by the County Engineer to open cut the pavement. All boring, auguring, or jacking pits shall be a minimum of ten feet (10') from the closest edge of pavement.

Third: The petitioner shall lay, construct, operate, and maintain said lines so as not to interfere with the natural drainage of the highways and so as not to interfere with the construction or maintenance of said highways, and said lines shall be placed above or below the surface so as not to interfere with public travel.

Fourth: The proposed improvement shall be located and constructed to the satisfaction of the Grundy County Highway Department and the material used and method of construction shall conform with IDOT "Standard Specifications for Road and Bridge Construction". (Current Edition)

Fifth: In granting this permit, the petitioner agrees to provide traffic control with warning signs and barricades conforming to the IDOT "Manual on Uniform Traffic Control Devices" or as specified; and to provide controlled flow of traffic at all times by detour of flagmen to minimize inconvenience to traffic. The work may be done on any day in accordance with Article 107.09 of the IDOT "Standard Specifications for Road and Bridge Constructions".

Sixth: The petitioner, his successors and assigns, shall assume all risk and shall agree to defend, indemnify, and hold harmless the County for damages incurred to persons and property in conjunction with this work. **Prior to starting any work with County right-of-way, petitioner shall furnish County Engineer a Certificate of Insurance naming Grundy County as additional insured.**

Seventh: The petitioner shall not trim, cut, or in any way disturb any trees or shrubbery along the highway without the approval of the County Engineer or his duly authorized representative.

Eighth: The petitioner shall properly maintain all traffic control signs or devices along said highway within the limits of the work covered under this permit and for the duration of said work.

Ninth: The County reserves the right to make changes, additions, repairs, and relocations within its statutory limits to the facilities constructed under this permit or their appurtenances on the right-of-way as may at any time be considered necessary to permit the relocation, reconstruction, widening, or maintaining of the highway and/or to provide proper protection to life and property on or adjacent to the County right-of-way. However, in the event this permit is granted to construct, locate, operate, and maintain facilities on the County right-of-way, the petitioner, upon written request by the County Engineer, shall perform such alterations or change of location of the facilities, without expense to the County, and should the petitioner fail to make satisfactory arrangements to comply with this request within a reasonable time, the County reserves the right to make such alterations or change of location or remove the work, and the petitioner shall pay for the cost incurred.

Tenth: This permit is effective only insofar as the Grundy County Highway Department has jurisdiction and does not release the petitioner from complying with existing statutes or local regulations relating to the construction of such work. The permission of the individual property owners must be obtained for all work inside the County right-of-way that is not included in a platted subdivision or where the County does not have title to the right-of-way. When crossing or working along any road other than a county road, the petitioner must consult with and obtain permission from the road authority upon or under whose road the work is being performed.

Eleventh: The petitioner shall notify the Grundy County Highway Department 48 hours prior to construction and at the completion of the described work.

Twelfth: The petitioner affirms that the property lines and right-of-way lines shown on the attached sheet(s) are true and correct and binds and obligates themselves to perform the operation in accordance with the description and attached sketch and to abide by the policy regulations.

The work authorized by this permit shall be completed within _____ days after the date of approval by the Department, otherwise the permit will be considered null and void.

This permit covers the operation and presence of specified equipment, material, or facility on the Right-of-Way which may be related to the authorized work.

One original copy of this application will be retained by this Department.

This permit allows occupancy and work on Grundy County Right-of-Way.

A copy of this permit will be required to be returned within 30 days of the completion of construction. As-built plans will also be required to be filed with the Grundy County Highway Department at the time of notification of completed work. (Exemption for as-built plans: Service lines)
