WHAT ARE EXPLORERS?

Police Explorers are a part of the Boys Scouts of America.

Explorers teach youth about the duties of Police Officers, centering on career opportunities.

Explorers also learn life skills, develop character and leadership skills.

Explorers find that serving their own community has infinite rewards.

WHAT WILL WE DO?

Explorers learn basic police procedures, techniques, and tactics.

They receive training in many areas of law enforcement such as conflict resolution, pursuit driving, self-defense, marksmanship and radio procedures.

Explorers also learn how to prevent and investigate crimes and lift and identify fingerprints.

Explorers participate in community activities - acting as traffic control during parades and sporting events.

Explorers engage in competition with other explorer posts to demonstrate their skills, leadership ability and teamwork.

Explorers go on camp-outs, have cookouts and go on trips for fun and relaxation.
