Vision insurance provides benefits that can be important for you and eligible family members.¹ **Davis Vision by MetLife** coverage includes routine eye exams, glasses, contact fittings, evaluations and lenses, plus a discount on laser vision correction.²

Q. Why should I enroll?

- A. Even if you don't wear glasses or contacts, regular visits to your eye doctor may **help contribute to your overall health** by potentially catching serious problems, such as diabetes and high blood pressure.¹

Q. How can a vision plan help me save money?

- A. Eyeglasses and routine eye exams can be more expensive than you may think. With MetLife, through low to no copays, **you can save up to \$361 a year** on eye exams and eyewear.³

Q. Can I choose my own eye care professional?

- A. You can **go to any licensed eye care professional**. Choose from thousands of participating professionals at private practices or popular retail locations, such as Costco® Optical, Walmart Vision, Sam's Club Optical and more. Enjoy lower out-of-pocket costs when visiting a participating vision care provider.

Or visit online in-network eyewear stores, including Glasses.com, Befitting.com, 1 800 contacts and Visionworks.com.

If you choose an out-of-network provider, you will have increased out-of-pocket expenses, pay in full at the time of services, and file a claim with MetLife for reimbursement.

Regular visits to your eye care professional do more than just help protect your eyesight, they may help identify chronic medical conditions.
