From Persia to HOOKSETT

The most munificent Dragon of them all has brought the elegance of the ancient Shah's extravaganzas to Al Sirat the new Cabaret at The China Dragon Motor Inn.

Exotic Near East entertainment descends from the ceiling on the only revolving stage in America, in an atmosphere of mystique, splendor and romance in the magnificent Al Sirat, the Persian bridge to Paradise. You'll be delighted by the beautifully costumed genies to serve you tantalizing Near East beverages and hors d'oeuvres, and intrigued with the antics of the roguish vendor right out of a Persian marketplace with his array of bangles, baubles and beads.
