  - Glacial Till
  - Stratified Drift Undifferentiated (Manchester)

**Aquifer Data Source:**  
The areas which have been designated as stratified drift aquifers are as shown on the Town of Hooksett Stratified Drift Aquifer map developed by NHDES, dated March, 1999, which is on file with the Hooksett Planning Board. The basis for this map is the report titled "Geohydrology and Water Quality of Stratified Drift Aquifers in the Middle Merrimack River Basin-South Central NH" prepared by the US Geological Survey in cooperation with NH DES Water Resources Division, dated 1995.

**Data Sources:**  
NH GRANIT Digital Data (1:24,000)
