Town of Hooksett Town Council Meeting Minutes - Unofficial Wednesday, December 19, 2018

The Hooksett Town Council met on Wednesday, December 19, 2018 at 6:00 in the Hooksett Municipal Building.

CALL TO ORDER

7 Chair Sullivan called the meeting of 19 Dec 2018 to order at 6:02 pm.

PROOF OF POSTING

 Town Administrator, Dr. Dean E. Shankle, Jr., provided proof of posting.

12 ROLL CALL

In Attendance: Councilor James Sullivan, Councilor Robert Duhaime, Councilor John Durand,
 Councilor John Giotas, Councilor James Levesque, Councilor David Ross, Councilor Timothy
 Tsantoulis, Councilor Donald Winterton, and Councilor Alex Walczyk (arrived at 6:19 pm)

PLEDGE OF ALLEGIANCE

SPECIAL RECOGNITION

Hooksett Municipal Employees

D. Shankle: We have a new Accounts Payable Clerk in the Finance Department, Rockey Levander. We also have a new Prosecution Assistant in the Police Department, Sarah Gacek. Prosecution Assistant Cynthia Ullrich is leaving the Police Department.

Chair Sullivan: We welcome our two new employees. We thank Ms. Ullrich for her service and wish her the best of luck. As always, we thank all of our employees for their service to Hooksett.

APPROVAL OF MINUTES

Chair Sullivan: I was informed by Dr. Shankle that an error was made at five hours and 12 minutes into our last meeting. I want us to review a segment near the end of our last meeting, beginning at 11:12 pm. A roll call vote was requested, and one member was not called. I am ruling that the vote is invalid. Under the rules, I can be overruled.

D. Ross: Based on past practices, others have recused themselves on smaller issues. He should not have voted.

Chair Sullivan: I don't believe there is a conflict. According to our Charter, it is required that the names of all Councilors be called on a roll call vote. For some reason, Councilor Winterton was not called.

D. Ross: The voting stopped because the motion had already failed.

Chair Sullivan: Councilor Ross, I am going to rule you out of order. Let me finish.

D. Ross: I already know what you are going to say. I have listened to the tape. I heard it through the grapevine. That is the trouble with this town. This is why I got involved back in 2006 – the backroom deals, the promises made for votes before we even come here for discussion. You are out of order.

- 51 Chair Sullivan: I have done this for 30 years. I have never been involved in backroom dealings. If you 52 have, shame on you. I am going to rule that vote invalid and call for another vote. 53
 - R. Duhaime: Councilor Ross, you are out of order.

Chair Sullivan: There is no precedent for this. No one has ever been left out of a roll call vote. No one noticed. As Chairman, I want to follow the rules. However, I can be overruled.

57 58 59

60

61

54

55 56

> T. Tsantoulis: I assumed we had agreed Councilor Winterton couldn't vote. The nomination I made was that if Councilor Winterton became the Interim Town Administrator, he would not vote at future meetings. I did not mean for him to not vote on this motion, but the conversation led me to believe that he was not allowed to vote on this roll call. No malice was intended, obviously. I nominated him.

62 63 64

65

Chair Sullivan: In 1990s, the Council at that time voted that a member should be recused, so that option is available, as I said at the last meeting.

66 J. Levesque: Why did Councilor Winterton not bring this up?

67 68

69

70

D. Winterton: I was surprised with the vote as it took place. I waited for my name to come up. I was denied the right to vote 'yes' or 'no'. If I had voted no, I could have asked for reconsideration at this meeting. I don't appreciate the body language of the Councilor next to me.

71 72 73

D. Ross: Then don't look at me when you speak; address your comments to the Chair.

D. Winterton: I don't interrupt you when you speak. I have the floor, so let me speak.

74 75 76

J. Durand: It doesn't matter, since with two 'no' votes, he had lost. He never spoke up. I assumed he

77 78 79

D. Ross motioned to overrule Chair Sullivan's decision to rule the vote invalid. Mr. Durand seconded the motion.

81 82 83

84

85

86

80

D. Ross: We beat this to death. Sworn officials should not vote for anything that puts money in their pocket, regardless of services rendered; it's unethical. I knew about this last night. That's why I was so wound up when I came to this meeting. Don't tell me that no one is talking behind the doors. There was an exerted campaign. Councilor Winterton called a lot of people to campaign for this position. I find that irregular as well.

87 88 89

T. Tsantoulis: I crossed out Councilor Winterton and also Councilor Giotas, who was absent. I treated Councilor Winterton as if he were absent. I feel this was my mistake.

J. Levesque: Last week I suggested waiting till the next meeting for this vote because we would probably have a full Council. Could I have moved to table the vote?

94 95

Chair Sullivan: Yes, you could have.

didn't vote because he knew he had lost.

96 97 98

99

100

R. Duhaime: Councilor Ross, your maturity and respect for the Council are lacking. We all have spent time on this Council, hours and hours. I would like to debate with you, but I am not losing my temper; I am not getting upset. A majority of this Council thinks Councilor Winterton would be a good idea. I can't believe the lack of trust or faith. The rest of us are treating you with respect. There is no devious, behind the scenes activity.

D. Winterton: When Dr. Shankle surprised us with the news that he is taking another job, I read the Charter. It says that a Town Council member can take the job of Town Administrator on an interim basis. It has been done in the past. Senior department heads were asked if they had any interest in the position. I haven't worked since 2002, but when I was working, I supervised 93 people, and I negotiated three contracts with bargaining groups. I have been part of the decisions to hire three or four department heads. I thought I could do a good job, and I called all Council members to say I would be willing to do this – full time or part-time. This is a temporary position. Yes, I would expect to be compensated. I wanted to offer my expertise and skill set. I was not prepared for what has happened. I am disappointed that I brought myself forward, and I am somewhat embarrassed. I would do a good job for this town. The compensation I would receive is not going to change my lifestyle. I will vote for myself. If six others don't want me, fine. This is not my goal in life. I volunteer a lot for this group and many others.

D. Ross: I am troubled. I hadn't heard that staff members were asked about this position and had declined. Voting for yourself is improper. Chair Sullivan's actions are hypocritical to an extreme. He has voted against other issues out of principle.

175 176 177

R. Duhaime: You are wasting our time. The Council now is the best it has been. You are the only one who is disgruntled. Let's move on.

201

Chair Sullivan: The Charter in Section 3.2 says that no Councilor may not hold a paid position working for the town for one year after leaving the Council. However, it also says that a Councilor is allowed to serve as the Interim Town Administrator. I felt an obligation to point that out. All names must be called during a roll call vote. Not to do so is a violation of the Charter. I can be overruled. There has been no backroom politicking. We miss things sometimes; we do things wrong sometimes. We need to follow the rules to correct these mistakes.

202 203 204

205

Chair Sullivan motioned to take the minutes which were tabled at the last meeting off the table, including the public and non-public minutes of the November 7, 2018 and November 13, 2018 meetings. Councilor Levesque seconded the motion. Voted unanimously in favor.

206 207 208

209 210	D. Winterton: I will abstain from this vote and every vote going forward.
211 212 213	J. Giotas: Should we appoint someone while Councilor Winterton is serving as the Interim Town Administrator?
214 215	D. Winterton: I must be a Councilor in order to hold this position, per the Charter.
216 217	J. Levesque motioned to approve the minutes of the November 7, 2018 public session as amended. The motion was seconded by A. Walczyk.
218 219	Voted unanimously in favor, with one abstention.
220 221	J. Giotas motioned to approve the minutes of the non-public session of November 7, 2018. The motion was seconded by J. Levesque.
222 223 227	Voted unanimously in favor, with one abstention.
228 229 230	J. Levesque motioned to approve the minutes of the November 13, 2018 public session. The motion was seconded by A. Walczyk. Voted unanimously in favor with one abstention.
230 231	voted unanimously in lavor with one abstention.
234 235	J. Giotas motioned to approve the minutes of the non-public session of November 13, 2018. The motion was seconded by J. Levesque.
236 238	Voted unanimously in favor, with one abstention.
239 240	AGENDA OVERVIEW
241 242	Chair Sullivan: I would like to move up items 15.3 & 15.4 to accommodate a department head.
243 244 245	CONSENT AGENDA
246 247 248	Donation of a transport wheelchair valued at \$100.00 from Donald Winterton to the Town of Hooksett for the Town Clerk to be utilized at elections, per RSA 31:95-e, II.
249 250	A. Walczyk motioned to approve the Consent Agenda. The motion was seconded by T. Tsantoulis.
251 252	Voted unanimously in favor.
253 254 255	TOWN ADMINISTRATOR'S REPORT
256 257 258	D. Shankle: Tomorrow from noon to 1:30 pm is our Christmas Party and all Councilors are invited to attend.
259 260 261 262	D. Shankle: For future reference, if there is a feeling you want someone to be recused, you need to be careful. There have been lawsuits about this. Councilors need to decide for themselves regarding recusal.
263 264	Chair Sullivan: Maybe that is why it has not been done since the 1990s.
265 266 267	D. Shankle: Lastly, you can't count Councilor Winterton as part of the quorum after I leave.

PUBLIC INPUT

Mark Miville, 42 Main Street: As I have said before, the Charter needs to be reviewed again. I want to thank Councilor Winterton officially for the wheelchair. At your last meeting, someone from the Parks & Rec Advisory Board said they had been told that they were not following the charge regarding the Pavilion. I want to remind the Council that I made the charge They weren't following it. Their responsibility was to create a warrant article, including location, cost, design details, and fundraising ideas. I attend their meetings and reminded them every month of their charge. They ran out of time because they focused on the location. Finally, I would ask Dr. Shankle to prepare a final report for the next meeting on any and all outstanding projects. He should apprise the Council and the citizens of the state of the town and the status of any economic development projects.

NOMINATIONS AND APPOINTMENTS

J. Levesque: There is an opening on the Planning Board because two people are not showing up. David Boutin has asked me to present his name to be a full-time Planning Board member.

Chair Sullivan: We need a letter from the Planning Board in order to do that.

D. Shankle: Actually, there is only one member who is not attending. I asked Mr. Germain to send a letter to that member to give the person an opportunity to explain why she is not attending.

Chair Sullivan: Dr. Shankle, please send the Planning Board a reminder of the guidelines regarding attendance, unless they have separate rules. Once we are sure about the vacancy, we would be glad to entertain the nomination of Mr. Boutin.

OLD BUSINESS

Chair Sullivan motioned to remove the Budget Transfer #2019-02 FY from the table. The motion was seconded by J. Giotas.

Voted unanimously in favor with one abstention.

Budget Transfer #2019-02

C. Soucie: The first item is to transfer funds from Emergency Management's new equipment line to Computer's new equipment line for upgrades to the Firewall at Fire Station 1 as recommended by Block 5 Technologies and requested by Chief Burkush.

J. Giotas motioned to have the Council Chair sign the Budget Transfer Request #2019-02 in the amount of \$1,580 for firewall upgrades as Fire Station 1. The motion was seconded by T. Tsantoulis.

A roll call vote was taken.

324 325	FY 2019-20 Budget and Warrant Articles
326 327 328 329	C. Soucie: At the last meeting you voted not to bond the Hackett Hill Roundabout Project. Therefore, it now says that \$1,200,00 will come from the unassigned fund balance and that the Council voted not to recommend this, with one in favor and seven opposed.
330 331	Dr. Shankle: For clarity, I suggest saying one yes vote and seven no votes, for clarity.
332 333 334	Chair Sullivan: As I recall, the vote not to recommend this is due to the fact that the cost of the project has increased dramatically since first introduced. The project has been significantly delayed. We are willing to cooperate but this goes too far.
335 336 337	C. Soucie: Next is the Parks & Rec full-time Recreation Director with \$89,000 as the suggested cost.
338 339	Chair Sullivan: I had asked for clarification about use of revolving fund and how much is in that account.
340 341	C. Soucie: You can use the fund for anything recreational. The balance in October was \$168,000.
342 343 344	D. Shankle: Bear in mind that you can only take money from the revolving fund for the first year in this warrant article.
345 346 347 348	Chair Sullivan motioned to put this article on the ballot and to raise and appropriate \$89,000 for the salary and benefits to hire a full-time recreation director; of this amount, \$30,000 is authorized to be withdrawn from the Recreation Revolving Fund, with the balance of \$59,000 to be raised from general taxation. The motion was seconded by T. Tsantoulis.
349 350 351	J. Durand: We have put this on the ballot twice and it failed twice. Why do we keep doing it?
352 353	J. Giotas: How long did it take to accumulate what is in the fund now?
354 355	C. Soucie: It was created in 2008; most of the funds accumulated in the last three or four years.
356 357 358	T. Tsantoulis: It should be noted that the decision of the Parks & Rec Advisory Board to pursue this was based on a lot of public interest.
359 360 361	J. Durand: It was presented twice and voted down twice. We can't keep adding jobs. This work should be done by volunteers as in the past.
362 363	Chair Sullivan called for a vote on the motion to put this article on the ballot.
364 365	The motion was approved (5-1) with one abstention.

Discussion regarding Fire-Rescue Ladder 1

Councilor Tsantoulis motioned to remove the Fire-Rescue Ladder 1 item from the table. The motion was seconded by J. Giotas. Voted unanimously in favor, with one abstention.

Assistant Chief Colburn: Ladder 1 has been out of service since July 12, 2018 because of severe corrosion on the frame and aerial torque box. We have prepared a presentation on our research and the history of the vehicle. It was purchased in 2002. It is a KME ladder truck and has 46,233 miles on it. In 2006 we had a lot of corrosion issues. We had \$70,000 worth of painting done. Then, it failed the annual UL test in 2015 because of delamination of the frame rail. It was returned to the factory where they sandblasted and painted it, as well as doing undercoating. It was covered under warranty then. The current problem we have is rust jacking, so we have frame separation. Some rails are bent. It failed State inspection because of the corrosion which caused the separation. Also, rust bends the frame. Sizable gaps have been created.

Chair Sullivan: Have there been changes in the construction process so a new vehicle might last longer?

Assistant Chief Colburn: The industry has gone to galvanizing. It was not an option in 2003. Rust is very powerful. It bends steel. There are many uses for the ladder truck, including building fires, chimney fires, technical rescues and accident reconstruction.

Chief Burkush: The town zoning and planning regulations now allow buildings over 35 feet in Hooksett. The longest ladder we have is 28 feet, which will get you to the second floor. It's almost an economic development tool to have this available. There are numerous buildings over 35 feet in Hooksett now. SNHU is moving a lot of its students to Hooksett, and there are many commercial and industrial buildings over 35 feet. There are several residential buildings over 35 feet tall as well.

Chief Burkush: We can rent a vehicle monthly. That is one of our options.

D. Shankle: Once you have some buildings over 35 feet, you can't refuse other permits.

Assistant Chief Colburn: If we do nothing, we would go from a 4 to a 5 ISO rating, which is a fair amount of points on the ISO rating and would increase the fire portion of homeowners' insurance on an average home by \$35. Our efficiency would decline because we would be waiting 20 minutes for another truck to arrive. Another option is one of the dealers would rent us a truck for \$5,000 to \$6,000 per month. One long-term solution is to repair the truck. It can't be fixed under warranty, so the cost would be \$180,000. There would be a 9 to 12-month wait period for repairs. You are looking into putting a lot of money into a 15-year old truck. Recovery of the cost of repair is questionable. Ms. Soucie did an analysis and suggests a 20-year bond. One big advantage is that the truck would be designed for our exact needs. It would take 400 days to build, but the manufacturer would provide a loaner at no cost. The tax impact of the bond would be four cents per \$1,0000 of assessed value.

D. Winterton: Thanks for doing all of this research. Given that the current truck went 15 years, maybe it should be a 15-year bond.

Assistant Chief Colburn: A new one should last at least 20 years, the life of the bond. TC MINUTES 12.19.18 - U 10

537	
538 539	J. Giotas: Do they repair with galvanized steel? Have others had the same problem?
540 541	Assistant Chief Colburn: Yes, they would use galvanized steel for the repairs. Rust has been a problem with all vehicles manufactured before they began using galvanized steel.
542 543 544	Chief Burkush: I contacted Primex and they sent a metal specialist who denied the claim. Galvanizing does last longer.
545 546	A. Walczyk: What will you do? Will you call Manchester?
547 548	Chief Burkush: Some big fires need more than one ladder.
549 550 551	J. Giotas: I understand that we can't find the original signed contract.
552 553 554	Chief Burkush: We have been trying to find the original signed contract. The attorney needs that to know in which state to file a lawsuit.
555 556 557	Assistant Chief Colburn: We have the warranty paperwork. None of us were here at the time of the purchase.
558 559	Chief Burkush: This was a family business which was sold to a conglomerate.
560 561	J. Durand: Do you know the trade-in value?
562 563	Assistant Chief Colburn: We are looking into that. It will depend upon where it goes.
564 565 566 567	T. Tsantoulis: I do not think anyone will argue about the need for a ladder truck. Timing is an issue, and \$1 million will be a tough sale to the voters, especially if tariffs drive up the price of materials. When galvanizing, there are different levels. I understand that hot dipped is best, and there should be no changes after the process which would reduce the effectiveness of the galvanizing.
568 569 570 571	Assistant Chief Colburn: These are valid points. They won't drill after the galvanizing is done. There will be no changes; the manufacturer won't allow that.
571 572 573 574 575	Chief Burkush: We have worked on this for six months. We need a 109-foot truck with really good reach. I thought we could sue for breach of warranty, but the attorneys say there is less than a 50% chance of success with that.
576 577 578	D. Shankle: You will need a 50% vote for repairs and a 60% vote for the bond. What will you do if it fails? Do you have a Plan B?
576 579 580	Chief Burkush: We would rely on Mutual Aid.
581 582 583 584 585	Chair Sullivan: We have a need list, not a wish list, of warrant articles. Is every home affected by insurance change of 5% on fire section? A selling point could be that the property tax impact of the bond would cost the average homeowner less than the \$35 increase per year in the fire section of their homeowners' insurance.
586 587	D. Shankle: You need to be careful with that. It is not an absolute.
588	Chair Sullivan: Do you perform extra daily maintenance in hopes of extending the life of a vehicle?
	TC MINUTES 12.19.18 - U 11

589	
590	Assistant Chief Coburn: We do everything we can. We have no ability to put vehicles in the air with a
591	mobile lift for pressure washing. \$60,000 down the road for a mobile lift would benefit the entire town's
592	fleet of vehicles.
593	
594	T. Tsantoulis motioned to approve a warrant article hearing for a \$1,000,000 bond to replace
595	Ladder 1. J. Durand seconded the motion.

600	MTA/NHDOT Commuter Shuttle Grant Application
601	
602	A. Reeves: Nicholas Williams and I were approached by MTA and SNHRPC about this grant, which
603	would allow us to split a bus for senior transportation between our town and Goffstown. We now share
604	a bus with Goffstown but have service for only Tuesdays and Thursdays, and only for five hours each
605	day, which has been hard on some citizens. This grant would also require sharing a bus with
606	Goffstown, but we would have the bus on Mondays, Wednesdays and Fridays for ten hours each day.
607	Therefore, we could have service five days per week. The cost of the bus is \$144,000; the cost for the
608	two towns is \$10,000, and it would be a 50/50 split with Goffstown. MTA would be responsible for

D. Fitzpatrick: In Section 7, Education/Training, we are proposing an increase in the calendar year reimbursement for non-union employees to \$1,500, with the Town Administrator's advance approval. The current amount is only \$200, and we hope for increased usage of this benefit by non-union employees to further their education in their positions. The courses must be related to the job.

D. Fitzpatrick: Regarding Section 9, Leaves of Absence, we propose the use of vacation time in 15-minute increments. We no longer can say that a vacation day is eight hours.

T. Tsantoulis: This is standard practice in private sector

D. Fitzpatrick: For the Unpaid Leave of Absence section, we propose adding "with concurrence of the Town Administrator" to comply with the actual way this leave is processed.

D. Fitzpatrick: In Section 10, Insurances, we are clarifying the current Standard Disability Insurance policy criteria for a 14-day wait period, claim processing wait period and receiving disability payments. Vacation time cannot be used for wait periods.

T. Tsantoulis motioned to approve the Town Personnel Plan edits dated December 19, 2018 as presented. The motion was seconded by J. Giotas.

Town Administrator Search Update

D. Fitzpatrick: Your packet has information regarding options for the Town Administrator search. In 2011, we used the NH Municipal Association (formerly LGC) in our search for a Town Administrator. As of 2012, they no longer offer this service. I spoke with Alan Gould, President of the Municipal Resources Inc. (MRI). He was not available to be here tonight but is available via cell phone. MRI charges about \$6,500 as a base price for this service in New Hampshire, which includes such activities as posting the position, phone interviews, profiles of the candidates, collecting and evaluating resumes and essays. This is generally a nine to ten-week process, narrowing the applicants down to four. The entire process takes a total of about four months. Additional services such as resident, employee and professional panels or surveys would increase the cost. Mr. Gould told me the maximum amount they have charged is \$16,500. About a month should be allotted for the posting process. I can explain my

Chair Sullivan: We could do this ourselves as the School Board did. They used an outside firm and were not successful. Then they developed their own process and were successful by posting the position, conducting interviews, gathering survey information using the SurveyMonkey platform, and using a PTA subcommittee. Also, we could have a public forum for the final two applicants.

D. Fitzpatrick: I would caution that applicants for higher level jobs want confidentiality through the entire process.

D. Shankle: It will impact who applies. Different states have various rules regarding privacy. Most candidates want their application to be private.

 process if you wish.

695 696 697	D. Winterton: Assume we would be doing this, I would expect it as a charge. I am willing to lead the search for a new Town Administrator. In my career, that's what I did. I am hesitant about a resident panel.

704 705	J. Giotas: Would we get the same pool of applicants as MRI?			
706 707 708	D. Fitzpatrick: We have lots of resources; we post on all websites and would have the same ability to reach out.			
709 710	D. Shankle: I just want to say that they really vetted us at MRI.			
711 712	J. Giotas: That would save a lot of time.			
713 714 715 716 717	D. Winterton: The subcommittee could include Ms. Fitzpatrick, myself, and a couple of other Board members. \$6,500 is short money for this. Also, if MRI selects the 'wrong person,' after one year they will do the process again for free. If we go through MRI, a memo should be sent to all employees about the procedure. I am in favor of hiring from within.			
718 719	T. Tsantoulis: Ms. Fitzpatrick is very busy already.			
720 721	Chair Sullivan: My concern is that we would only interview the final four.			
722 723 724	D. Shankle: We could see all of the applications from MRI. They don't prefer that, but they are yours. And, you can invite Alan Gould, the president of MRI, to make a presentation.			
725 726 727	Chair Sullivan: I would like to survey the public about the qualities they want in a Town Administrator. We should start preparing questions we would like ask of candidates.			
728 729	D. Winterton: We could ask that internal candidates not be rejected by MRI. Our list of qualities desired should be prioritized.			
730 731 732	D. Fitzpatrick: Do you want people to check off the items from the list provided?			
733 734	Chair Sullivan: Yes.

Title: Public Hearing to discuss a bond to be issued to finance a Ladder Truck for the

Fire-Rescue Department in the amount of \$1,000,000 per RSA 33:8-a, I

Meeting: Town Council - 09 Jan 2019

Department: Administration

Staff Contact: Donna Fitzpatrick, Administrative Services Coordinator

BACKGROUND INFORMATION:

The Town of Hooksett Council will be a holding public hearing in accordance with RSA 33:8-a, I on Wednesday, January 9, 2019 at 6:00pm at the Town Hall, 35 Main Street, Hooksett, NH. The public hearing is to discuss a bond to be issued to finance a Ladder Truck for the Fire-Rescue Department in the amount of \$1,000,000. Questions should be directed to the Administration Department, 485-8472.

Warrant language:

"To see if the town will vote to raise and appropriate the sum of One Million dollars (\$1,000,000.00) for the purpose of purchasing a Ladder Truck for the Fire-Rescue department, and to authorize the issuance of not more than One Million dollars (\$1,000,000.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act, (RSA 33), as amended; and to authorize the Town Council to issue, negotiate, sell, and deliver such bonds or notes and to determine the rate of interest thereon and maturity and other terms thereof; and to authorize the Town Council to apply for, obtain, and accept federal, state, or other aid, if any, which may be available for said project, and to comply with all laws applicable to said project; and to authorize the Town Council to take any other action, or to pass any other vote, relative thereto; furthermore, to raise and appropriate the sum of Twenty-eight Thousand dollars (\$28,000.00) from taxation for the bond issuance costs and the first year's debt service payments on such bonds or note. (3/5 ballot vote required)"

FINANCIAL IMPACT:

\$1,000,000 bond

POLICY IMPLICATIONS:

N/A

RECOMMENDATION:

Open public hearing, receive public input, close public hearing, move item to the ballot and vote to recommend item to ballot

SUGGESTED MOTION:

Motion to place the ladder truck warrant article on the ballot.

Motion to recommend the ladder truck warrant article on the ballot with a roll call vote.

TOWN ADMINISTRATOR'S RECOMMENDATION:

Agree that the public hearing should be done but I think whether it goes on the ballot or not should be based on discussions after the public hearing.

Title: Acceptance of \$9,700 Conservation (Moose) License Plate Grant

Meeting: Town Council - 09 Jan 2019

Department: Administration

Staff Contact: Nick Germain, Project Coordinator

BACKGROUND INFORMATION:

Kathie Northrup, Chair of the Heritage Commission and formerly of the Town Hall Preservation Committee, applied to the New Hampshire Division of Historical Resources (NHDHR) for Conservation License Plate grant funding in the amount of \$9,700 to perform restorative millwork / painting to the Old Town Hall's singing gallery. The amount of the grant is thought to be enough to cover the necessary costs based on an estimate.

The town previously received funding through the same program to successfully restore the building's tin ceiling.

Work must follow the Secretary of the Interior's Standards and conform with the expectations of NHDHR and the Stewardship Agreement the town previously signed with LCHIP.

Town has 2 years (deadline of September 30th, 2020) to perform the work with awarded funds if accepted.

Council should give interim town administrator authority to sign necessary paperwork. Forms require alignment of signing the grant agreement and the required certificate of municipalities.

FINANCIAL IMPACT:

Similar to the tin ceiling grant, town will have to assume any costs beyond the \$9,700 supplied by the grant. Ms, Northrup based the grant request off an estimate.

POLICY IMPLICATIONS:

Town must accept the grant and designate a signer before any of the required documents for processing the grant are completed. Project timing may depend on other restoration work in the building that may or may not occur.

RECOMMENDATION:

Accept the grant. Staff will coordinate timing. Consider directing someone to sign / execute the agreement on behalf of the town.

SUGGESTED MOTION:

I move to accept the donation of \$9700, from the New Hampshire Division of Historical Resource's Conservation License Plate Grant Program in accordance with RSA 31:95-b, III (b), on behalf of the Town of Hooksett to perform the agreed upon millwork and that the interim town administrator be authorized to sign the necessary paperwork.

Mr. Dean Shankle Town of Hooksett 35 Main Street Hooksett, NH 03106

Dear Mr. Shankle,

It is my pleasure to inform you that the Conservation License Plate Grant Application for the Hookett Old Town Hall singing gallery millwork restoration has been selected to receive an award of \$9,700. A checklist and template forms are enclosed and should be returned at your earliest convenience, so that final authorization can be given. Please call if you have any questions about the process.

Upon execution and approval of the grant agreement an electronic check for one half of the award will be made available to begin the project. A final report and documentation of the project's completion must be submitted to receive the final grant payment.

Congratulations on your award! I look forward to working with you on this important preservation project.

Sincerely,

Amy S. Dixon Grants Coordinator

Instructions for Grantees

The following contract materials are needed from <u>all</u> grantees to process your grant payment (details outlined below). Use this checklist to ensure that all appropriate materials are provided to the DHR:

Grant Agreement
Scope of Work, list of contractors
Certificate of Insurance
dditional requirement for municipalities:
Certificate of Municipality
dditional requirements for non-profit organizations:
Certificate of Board Resolution
Certificate of Good Standing with the State of New Hampshire
dditional requirements for any grantee not registered with the State of New Hampshire: State of New Hampshire Vendor Application and Alternate W-9

Step 1 (Certificate of Municipality or Certificate of Board Resolution):

Α

Α

Α

Municipalities should execute a *Certificate of Municipality <u>before</u>* the Grant Agreement is signed. This certificate designates who is authorized by the town or city to enter into agreements and contracts. <u>Dates are VERY IMPORTANT on this form! The date of the meeting to accept the grant and to appoint the legal signer *must* be either before or the same date that all the other grant <u>documents are signed (not after)</u>. Sign and notarize the <u>Certificate of Municipality before or on the same date</u> the Grant Agreement is signed and notarized. Keep a copy for your files.</u>

- It is important that the person signing the Certificate of Municipality be previously authorized to do so by the board.
- 2. Where the secretary or clerk is to sign, this must be the secretary or clerk of the city/town.

--OR--

Organizations/non-profits should execute a *Certificate of Board Resolution*. It designates who is authorized to enter into agreements and contracts for the organization. <u>Dates are VERY IMPORTANT on this form!</u> The date of the board meeting to accept the grant and to appoint the legal signer *must* be either before or the same date that all the other grant documents are signed (not after). Sign and notarize the Certificate of Board Resolution before or on the same date the Grant Agreement is signed and notarized. Keep a copy for your files.

- 1. It is important that the person signing the Certificate of Board Resolution be previously authorized to do so by the board.
- 2. Where the secretary or clerk is to sign, this must be the secretary or clerk of the board. This name should be listed on the Board of Directors as such.

Step 2 (Grant Agreement):

After completing Step 1, execute the enclosed **Grant Agreement**. Sign and date the agreement in front of a notary **so the dates are the same**. Keep one copy for your files and return one to the DHR.

Step 3 (Scope of Work):

Submit a scope of work detailing the work to be accomplished under the grant as well and the name(s) of the contractor(s) doing the work. If plans, drawings, and detailed specifications are available please submit them as well. As noted in the grant application materials, all work must adhere to the Secretary of the Interior's Standards for Rehabilitation (attached). DHR staff will review the scope of work and may need additional information or request work changes in order to meet the Standards. No payments will be released until all work meets the Standards and are approved by the DHR.

Step 4 (Certificate of Insurance):

This is the municipality's or non-profit's *Certificate of Insurance*, not the contractor for your proposed project.

Comprehensive General Liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$250,000 per claim and \$2,000,000 per occurrence; and fire and extended coverage insurance covering all property subject to in an amount not less than 80% of the whole replacement value of the property; and Workers' Compensation. The policies shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire. The Contractor shall furnish to the Contracting Officer, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each certificate(s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer, or his or her successor, no less than ten (10) days prior written notice of cancellation or modification of the policy. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

The State of New Hampshire Department of Natural and Cultural Resources, 172 Pembroke Rd, Concord, NH 03301, should be named as the Certificate Holder (bottom left corner of the certificate).

Steps 5 (For non-profits ONLY):

Certificate of Good Standing with the State of New Hampshire

A copy of your organization's Certificate of Good Standing from the New Hampshire Secretary of the State's Office must be submitted. Photocopies are acceptable. Please see the attached information on how to obtain a copy of your Certificate of Good Standing.

Step 6 (For any grantee not registered with the State of New Hampshire):

State of New Hampshire Vendor Code and Alternate W-9

If this is the first time your organization/municipality has received a grant from the State of New Hampshire you must register as a vendor through the Department of Administrative Services. Please visit the DAS website to register at the following address: https://das.nh.gov/purchasing/vendor.asp

After following the steps outlined above, please mail original documents to the Division of Historical Resources, c/o Grants Coordinator, 19 Pillsbury Street, 2nd Floor, Concord, NH 03301.

If you have any questions, please contact Amy Dixon at amy.dixon@dncr.nh.gov or 603-271-3485.

A Quick Reference Guide to Program Requirements

A Note about Payments:

Processing grant payments usually takes 4-6 weeks from the time the DHR receives correctly completed and approved contract materials. Fifty percent (50%) of the award is available upon submission and approval of all paperwork, and the remainder is available through documented reimbursement procedures (outlines in the **Reporting Requirements** below).

Crediting the DHR and the Conservation License Plate Grant Program:

As stated in the grant agreement, grantees are required to acknowledge the support of the DHR and the Conservation License Plate Grant Program on any materials promoting your project. The following wording should be used:

"This project is funded in part by a grant from the New Hampshire Division of Historical Resources through the sale of Conservation License Plates."

Electronic versions of the grant program logo are available upon request by contacting Amy Dixon at amy.dixon@dncr.nh.gov or 603-271-3485.

A plaque will be sent to the project contact by mail and must be posted prominently in your project area.

Reporting Requirements:

Grantees are required to submit status reports to the DHR by April 1 and September 1 annually for the duration of the grant. Emailed updates that summarize the project's progress can be submitted to Amy Dixon at amy.dixon@dncr.nh.gov. Photographs showing the progress are appreciated.

A Final Report (provided in hard copy and digitally) is due no more than 30 days after the end of the grant period. The final report should include:

- Project start date
- · Project end date
- · Brief description of work completed
- Copies of invoices and cancelled checks
- Photographs of the work as it took place and the completed project. Please make sure that at least one photograph is a good quality shot of the front of the building/overall structure.

THE SECRETARY OF THE INTERIOR'S STANDARDS FOR REHABILITATION

Rehabilitation may be considered as a treatment when repair and replacement of deteriorated features are necessary; when alterations or additions to the property are planned for a new or continued use; and when its depiction at a particular period of time is not appropriate. Prior to undertaking work, a documentation plan for rehabilitation should be developed.

For more information visit this website: https://www.nps.gov/tps/standards/rehabilitation.htm or contact Amy Dixon at amy.dixon@dncr.nh.gov or 603-271-3485.

- 1. A property shall be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
- 2. The historic character of a property shall be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property shall be avoided.
- 3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other buildings, shall not be undertaken.
- 4. Changes to a property that have acquired historic significance in their own right shall be retained and preserved.
- 5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
- 6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and, where possible, materials. Replacement of missing features shall be substantiated by documentary and physical evidence.
- 7. Chemical or physical treatments, if appropriate, shall be undertaken using the gentlest means possible. Treatments that cause damage to historic materials shall not be used.
- 8. Archaeological resources shall be protected and preserved in place. If such resources must be disturbed, mitigation measures shall be undertaken.
- 9. New additions, exterior alterations, or related new construction shall not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and shall be compatible with the historic materials, features, size, scale and proportion, and massing, to protect the historic integrity of the property and its environment.
- 10. New additions and adjacent or related new construction shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

These standards were initially developed in 1975 and were revised in 1983 and 1992.

This revision of the Standards was codified as 36 CFR Part 68 in the Federal Register, Vol. 60, No. 133, July 12, 1995;

it replaces the Federal Register notice, Vol. 48, N. 190, September, 1983.

GRANT AGREEMENT Grant #MP-18-04

New Hampshire Division of Historical Resources

This agreement between the State of New Hampshire, Division of Historical Resources (hereinafter "DHR") and **the Town of Hooksett** (hereinafter "Grantee") is to witness receipt of funds subject to the following conditions:

- 1. GRANT PERIOD: October 1, 2018 September 30, 2020 [2 years to complete]
- 2. OBLIGATION OF THE GRANTEE: The Grantee agrees to accept \$9,700 and apply it to the project(s) described in the grant application and approved budget referenced above. In the performance of this grant agreement the Grantee is in all respects an independent contractor and is neither an agent nor employee of the State.

As required by the Conservation License Plate Grant Program and the DHR, Grantee agrees to prominently place a DHR provided grant information sign on site or within the community throughout the project funded by this grant, and to acknowledge support of the DHR and the Conservation License Plate Program on any materials promoting the project.

The Grantee agrees to abide by the limitations, conditions and procedure outlined herein and in the attached appendices. If appropriated funds for this grants program are reduced or terminated, all payments under this grant shall cease.

- 3. PAYMENT of 50% will be made following review by the NH Attorney General's Office and Governor and Council (as appropriate). Payment of the final 50% will be made upon receipt and approval of the final report documentation.
- 4. REPORTING: The Grantee agrees to submit a narrative report of progress to the DHR by April 1 and September 1 annually for the duration of the grant which summarizes progress on the project. The Grantee agrees to submit a final financial and project report in a format provided by the DHR, no more than 30 days after the end of the grant period.
- 5. SOVERIGN IMMUNITY: No provision of this contract is to be deemed a waiver of sovereign immunity by the State of New Hampshire.

Title: Partial Release of Surety for Dion Construction in the amount of \$381,129.55.

Meeting: Town Council - 09 Jan 2019

Department: Community Development

Staff Contact: Leann Fuller, Community Development Clerk

BACKGROUND INFORMATION:

Dion Construction, LLC posted a surety of \$618,131.61 for the subdivision project off of Goffstown Road. Dion Construction, LLC has advanced construction of the full length subdivision roadway through installation of the binder course of hot bituminous pavement. Relative to the extent of work completed to date, Dion Construction, LLC has requested a partial release of the surety.

RECOMMENDATION:

Recommend a partial release of Dion Construction's surety in the amount of \$381,129.55 leaving a remaining surety amount of \$237,002.06.

SUGGESTED MOTION:

Motion to complete a partial release of Dion Construction's surety in the amount of \$381,129.55.

KNA Project No. 18-0423-2

Dear Mr. Williams:

As you may recall, earlier this year Dion Construction, LLC, in accordance with applicable provisions of Part I – Section 18.03 of the Hooksett Development Regulations, posted surety in the amount of \$618,131.61 as a performance guarantee for completion of future public improvements specified on a subdivision plan of the subject premises approved by the Planning Board on June 19, 2017. Over the past several months Dion Construction has advanced construction of the full length of subdivision roadway through installation of the binder course of hot bituminous pavement. Reflective of the extent of work successfully complete as of this date, Dion Construction recently requested partial release of surety. Attached, please find a Performance Bond Guarantee Release Worksheet prepared by this office. As indicated on this worksheet we are able to recommend a partial release of surety in the amount of \$381,129.55 at this time. Should this sum be released, the Town of Hooksett would continue to hold a residual surety in the amount of \$237,002.06 as a performance guarantee for completion of the project.

We trust you will find the content of this brief correspondence self-explanatory. However, in the event you should have specific questions or instructions related to this matter I invite you to contact me directly at your convenience.

Title: Reconsideration of Street Name Approval

Meeting: Town Council - 09 Jan 2019

Department: Community Development

Staff Contact: Leann Fuller, Community Development Clerk

BACKGROUND INFORMATION:

At the December 12, 2018 meeting, the Town Council reviewed the Street Name Approval request for 1226 Hooksett Road (Cinemagic). The developer is requesting reconsideration of the street name Cinemagic Way. The purpose of renaming this driveway is due to the development of the abutting properties that will have their entrances off of the current driveway and 9-1-1 purposes.

RECOMMENDATION:

Reconsider the Street Name of Cinemagic Way for 1226 Hooksett Road.

SUGGESTED MOTION:

Motion to approve the street name Cinemagic Way for the current entrance to Cinemagic.

TOWN ADMINISTRATOR'S RECOMMENDATION:

For discussion.

Subject: RE: Street Name Approval Form

Importance: High

Leann,

Thank you for your email. We would remind the town council that we are perfectly fine leaving the Hooksett Road address as is. If this were going to become a public street and the town were going to maintain it, we could understand the council's objection to "Cinemagic Way". However, this is going to remain a private way that we are expected to maintain, granting free access to the two other properties of 1224 and 1228 Hooksett Rd. Accordingly, we respectfully submit that if it is going to continue as a private way, we should have the ability to name it what we want. Cinema Street is not acceptable to us. There is precedence in the town for roadways being named pursuant to businesses that they serve, including public roadways, as example: the street leading to Legends Driving Range is named "Legends Drive" and the roadway leading to the Market Basket is named "Market Drive".

Having been the developer of the property and constructed the roadway in question at our expense some twelve years ago, we would like to memorialize our efforts in the name if it must change from Hooksett Road. Please keep in mind that should the name change from Hooksett Road, we are then faced with the time and expense necessary to change every advertisement, social media listing, web presence listings, 3rd party listings, the monument sign at the entrance to the property and every business element reflecting the address. The name Cinemagic may be synonymous with the name of our theater, however it is also descriptive of "the magic of cinema" and the sole reason that this roadway exists. Bringing the magic of cinema to the Town of Hooksett in the form of NH's largest first class theater and NH's only IMAX theatre is the reason this driveway exists and leads to the Cinemagic & IMAX Theatre.

Accordingly, I humbly and respectfully request that the town council reconsider their decision and accept the name that we submitted and prefer. Clearly all town departments agree with and accept, "Cinemagic Way" and we, as the original developer of the property and who's company will be responsible for maintaining the roadway, would like to have. We look forward to the town council's favorable reconsideration.

Respectfully Yours,

Bringing the magic of cinema to the Town of Hooksett in the form of NH's largest first class theater and NH's only IMAX theatre is the reason this driveway exists and leads to the Cinemagic & IMAX Theatre.

Accordingly, I humbly and respectfully request that the town council reconsider their decision and accept the name that we submitted and prefer. Clearly all town departments agree with and accept, "Cinemagic Way" and we, as the original developer of the property and who's company will be responsible for maintaining the roadway, would like to have. We look forward to the town council's favorable reconsideration.

Respectfully Yours,

Mark T. Adam President & CEO

Town of Hooksett WARRANT ARTICLE REQUEST FORM

Revised 12/23/18

Date of Request: 12/13/18 Date of Town Meeting: 2019

Name of Department Submitting Request: Fire-Rescue

1. Please provide the wording of the proposed article.

To see if the town will vote to raise and appropriate the sum of One Million dollars (\$1,000,000.00) for the purpose of purchasing a Ladder Truck for the Fire-Rescue department, and to authorize the issuance of not more than One Million dollars (\$1,000,000.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act, (RSA 33), as amended; and to authorize the Town Council to issue, negotiate, sell, and deliver such bonds or notes and to determine the rate of interest thereon and maturity and other terms thereof; and to authorize the Town Council to apply for, obtain, and accept federal, state, or other aid, if any, which may be available for said project, and to comply with all laws applicable to said project; and to authorize the Town Council to take any other action, or to pass any other vote, relative thereto; furthermore, to raise and appropriate the sum of Twenty-eight Thousand dollars (\$28,000.00) from taxation for the bond issuance costs and the first year's debt service payments on such bonds or note. (3/5 ballot vote required) Recommended by Town Council (-), Recommended by Budget Committee (-)

2. What is the intent and purpose of article?

The Purpose of this article is to replace Ladder 1 which has been out of service for over 6 months due to severe corrosion to the frame and aerial torque box. The vehicle failed State Inspection, UL Inspection and examination by the Town Insurance carrier.

Staff, after consulting with different specialist has determined it is not cost effective to spend in excess of \$180,000.00 to repair the 16 year old truck.

3. If this article is not passed at Town Meeting or approved by the Town Council, what affect would this have on your department goals and programs?

The Ladder Truck is a vital piece of equipment for the Fire-Rescue Department.

- Fireground operations, including victim rescue, ventilation and master stream and other technical operations may require a Ladder Truck.
- Many structures in Town exceed the reach of portable ground ladders and require an aerial device.
- In addition, the Town Planning Regulations require a Hooksett Ladder Truck be available to allow for permits to be issued for all structure over 35' in height.

Town of Hooksett WARRANT ARTICLE REQUEST FORM

Revised 12/19/18

Date of Request: December 19, 2018 Date of Town Meeting: 2019

Name of Department Submitting Request: Council

1. Please provide the wording of the proposed article.

Old Town Hall Historical Renovation Capital Project

To see if the town will vote to approve the reconstruction of the Old Town Hall at a cost not to exceed \$300,000.00 payable over a term of 2 years with an appropriation of \$200,000.00 from unassigned fund balance the first year, and an appropriation of \$100,000.00 from unassigned fund balance for the second year. The appropriation of \$100,000.00 will be contained in the operating budget and the default budget in the second year. (3/5 ballot vote required) Recommended by Town Council (-)

2. What is the intent and purpose of article?

To raise and appropriate funds for the next phase of the historical renovations of Old Town Hall for the 200th Anniversary of the Town. This phase will restore the building to a minimally functional state where any deterioration from the elements will be halted and the building will be accessible.

The following is included in the work:

- Complete remaining structural work.
- Install heating, mechanical (heating/HVAC), and electrical. Completed plumbing and install fixtures in the bathrooms.
- Complete construction of bathrooms (fixtures, walls, doors, etc....
- Flooring work as necessary.
- Install insulation below roof in addition area.

The cost of this work is estimated to be approximately \$300,000.

3. If this article is not passed at Town Meeting or approved by the Town Council, what affect would this have on your department goals and programs?

If this article is not passed, the Old Town Hall would remain unused, and deprive the residents of the Town with a place to gather and hold events. Ultimately, the facility would deteriorate due to the lack of heat and maintenance.

4. Estimated cost? \$300,000 for unassigned fund balance over two years (\$200,000 the first year and \$100,000 the second year).

5. Is any further information necessary for the deliberation?

Chapter 109, Laws of 2013 amended RSA 32:3, VI to add an additional definition for Special Warrant Article and RSA 32:7 to include appropriations for capital projects. The law change allows a municipality to raise and appropriate funds at an annual meeting for an identified project which would be lawful under RSA 33:3 or RSA 33:3-c. The appropriation would be for a term beyond one fiscal year, but could not exceed 5 fiscal years. The article must indicate the total cost of the project, the number of years and the amount that will be appropriated in each of those years. Passage requires either a 2/3rd or 3/5 majority vote if SB2 for passage.

INSTRUCTIONS

All forms should be submitted with the operating oudget to the Town Administrator. Please use additional sheet if necessary.

Title: Partial Road Acceptance at University Heights

Meeting: Town Council - 09 Jan 2019

Department: Public Works

Staff Contact: Earl Labonte, Director of Public Works

BACKGROUND INFORMATION:

University Heights Developers are requesting that the Town of Hooksett accept certain portions of University Circle from the intersection at Campus Drive, approximately 1,606 linear feet and Crawford Lane. These portions of roads at University Heights are complete and all punch lists have been addressed per Keach and Nordstrom, the firm representing the Town of Hooksett on this project.

FINANCIAL IMPACT:

None.

POLICY IMPLICATIONS:

Public Works will have to maintain the road once accepted.

RECOMMENDATION:

Accept University Circle from the intersection of Campus Drive approximately 1,606 linear feet and Crawford Lane as Town roads.

SUGGESTED MOTION:

Motion for the Town to accept University Circle from the intersection of Campus Drive approximately 1,606 linear feet and Crawford Lane as Town roads.

TOWN ADMINISTRATOR'S RECOMMENDATION:

Concur.

University Heights - Phase 1B

(Portions of University Circle & Crawford Lane)

Hooksett, New Hampshire KNA Project No. 18-0321-4

Dear Ms. Boyce:

As you are aware this office has performed construction monitoring and inspection services on behalf of your Department at the subject location since April 2018. During this period the owner's contractor advanced work necessary to complete and close out Phase 1B of the project. To that end, several weeks ago representatives of this office performed a walk-through of completed construction and developed a final punch-list of several items of remaining work which needed to be completed or corrected prior to our issuance of a recommendation for public acceptance of those segments of University Circle and Crawford Lane situated in Phase 1B. We are pleased to advise your Department that, based on an inspection performed by Alex Cote of this office on Friday, December 14th, all punch-list work was confirmed to be satisfactorily complete. On that basis this office takes no exception to public acceptance of these same roadway segments.

We trust you will find the content of this brief correspondence self-explanatory. However, in the event you should have specific questions or further instructions related to this matter please contact either Mr. Cote or myself at your convenience.

Sincerely:

Steven B. Keach, P.E. President Keach-Nordstrom Associates, Inc.
