## PUBLIC INPUT

- 1. Two 15-minute Public Input sessions will be allowed during each Council Meeting. Time will be divided equally among those wishing to speak, however, no person will be allowed to speak for more than 5 minutes.
- 2. No person may address the council more than twice on any issue in any meeting. Comments must be addressed to the Chair and must not be personal or derogatory about any other person.
- 3. Any questions must be directly related to the topic being discussed and must be addressed to the Chair only, who after consultation with Council and Town Administrator, will determine if the question can be answered at that time. Questions cannot be directed to an individual Councilor and must not be personal in nature. Issues raised during Public Input, which cannot be resolved or answered at that time, or which require additional discussion or research, will be noted by the Town Administrator who will be responsible for researching and responding to the comment directly during normal work hours or by bringing to the Council for discussion at a subsequent meeting. The Chair reserves the right to end questioning if the questions depart from clarification to deliberation.
- 4. Council members may request a comment be added to New Business at a subsequent meeting.
- 5. No one may speak during Public Input except the person acknowledged by the Chair. Direct questions or comments from the audience are not permitted during Public Input.

To:Town CouncilTitle:Public Hearing to discuss (1) the proposed amendments to Intoxicating Beverages<br/>Ordinance # 00-9 and (2) the proposed Parks and Recreation Ordinance #2021-1.Meeting:Town Council - 08 Sep 2021Department:Public WorksStaff Contact:Earl Labonte, Director of Public Works

### **BACKGROUND INFORMATION:**

The Hooksett Town Council will be holding a public hearing on Wednesday, September 8, 2021 @ 6:00pm at the Hooksett Town Hall, Council Chambers, 35 Main Street, Hooksett, NH. The purpose of the public hearing is to discuss, (1) the proposed amendments to Intoxicating Beverages Ordinance #00-9 and (2) the proposed Parks and Recreation Ordinance #2021-1. This notice is per Chapter 231:132-a of the NH Revised Statutes annotated, and section 3.6 of the Hooksett Town Charter. The full texts of the proposed ordinance amendment and the new ordinance are available on the Town Clerk web pages via www.hooksett.org for your inspection. Questions should be directed to the Hooksett Public Works Department at 603-668-8019.

### FINANCIAL IMPACT:

None.

### POLICY IMPLICATIONS:

1. The addition of all town parks and public locations to the existing Intoxicating Beverages Ordinance.

2. The adoption of Parks and Recreation Ordinance.

### **RECOMMENDATION:**

Open Public Hearing, listen to public input and close the Public Hearing.

### SUGGESTED MOTION:

Motion to open Public Hearing, listen to public input and close the Public Hearing.

### TOWN ADMINISTRATOR'S RECOMMENDATION:

Parks & Recreation Ordinance Public Hearing Notice Ordinances Intoxicating Beverages Proposed Changes

Agenda Item #6.1.

#### PARKS AND RECREATION ORDINANCE # 2021-1

#### I. PARK OPERATING POLICY

- 1. **Curfew Hours** Town parks shall be open daily to the public between the hours of 7:00 am and 9:00 pm. No person shall occupy or be present in any park during the **curfew hours, 9:00 pm until 7:00 am**, provided that Town personnel, police officers on official duty, or other Town officers, or employees on park duty, or other persons with special permits from Department of Public Works, Parks and Recreation Division who are conducting Town business.
- 2. **Closed Areas** Any section or part of any park may be declared closed to the public by the Town at any time, and for any interval of time, either temporarily, or at regular and stated intervals, and either entirely, or merely to certain uses, as the Town shall find reasonably necessary.
- 3. Authority for Use of Facilities Any organized club, school, association, or recognized group desiring the use of specific areas of any park, such as picnic areas and athletic fields, shall file an application with the Department of Public Works, Parks and Recreation Division, and shall not use said park or area until said permit is granted.

#### **II. PARK RULES AND REGULATIONS**

- 1. Permit from the Department of Public Works, Parks & Recreation Division must be obtained prior to any park or field usage.
- 2. Permit must accompany organization while on park or field.
- 3. No alcoholic beverages allowed.
- 4. No smoking allowed.
- 5. Area must be left clean from garbage, debris, and general litter.
- 6. Curfew time of 9:00 pm must be adhered to.
- 7. Parking in designated parking areas only.
- 8. The Department of Public Works, Parks & Recreation Division has the right to cancel usage of all parks and fields due to weather conditions, park and field conditions, or any unforeseen circumstances.
- 9. No tents that require staking may be installed by the Town or outside contractors on fields. Portable pop-up tents are allowed without stakes.

- 10. An event with more than 100 people will be at the discretion of the Public Works Director and may require fire and police details; the cost of such details will be assumed by the organization.
- 11. Any violation of these rules and regulations, or any state or local laws, will result in the immediate cease and desist of the park and/or field usage, per the Department of Public Works, Parks & Recreation Division or a Town official. Cancellation of future permits may be considered.

### **ADOPTED:**

#### TOWN OF HOOKSETT PUBLIC HEARING NOTICE

The Hooksett Town Council will be holding a public hearing on Wednesday, September 8, 2021 @ 6:00pm at the Hooksett Town Hall – Council Chambers, 35 Main Street, Hooksett, NH. The purpose of the public hearing is to discuss, (1) the proposed amendments to Intoxicating Beverages Ordinance #00-9 and (2) the proposed Parks and Recreation Ordinance #2021-1. This notice is per Chapter 231:132-a of the NH Revised Statutes annotated, and section 3.6 of the Hooksett Town Charter. The full texts of the proposed ordinance amendment and the new ordinance are available on the Town Clerk web pages via <u>www.hooksett.org</u> for your inspection. Questions should be directed to the Hooksett Public Works Department at 603-668-8019.

#### INTOXICATING BEVERAGES ORDINANCE # 00-9

Be it enacted this date, September 6, 1973, by the Board of Selectmen, Town of Hooksett, that no person over the lawful age of 21 shall possess or consume any alcoholic beverages in the area known as Jacobs Square, Donati Field, Frazier Field-Fraser Memorial Field, Veterans' Park, Head's Pond Trail, Pinnacle Park, Lilac Bridge Monument, Hooksett Dog Park, Petersbrook, Hooksett Riverwalk Trail and Lambert's Park and signs shall be posted in said areas indicating the same. Any violations of this ordinance and/or of violation of New Hampshire laws not included herein, shall be duly enforced by the Hooksett Police Department. Any person violating said ordinance shall be fined not more than \$100.00, unless New Hampshire laws mandate applicable penalties.

**ADOPTED:** 09/06/1973 **AMENDED:** 07/17/1985 **AMENDED:** 06/23/2010 **AMENDED:** 

Formatted: Font: Bold

To:Town CouncilTitle:Nominations and Appointments - September 2021Meeting:Town Council - 08 Sep 2021Department:AdministrationStaff Contact:Nick Germain, Project Coordinator

### **BACKGROUND INFORMATION:**

At their August 25 meeting, Town Council voted to nominate Sheena Gilbert and Antonio "Tony" Lacasse to the open Alternate to the Planning Board position. Their applications are attached. Ms. Gilbert was able to attend, but Mr. Lacasse was unable to attend in person and the town's remote access system was unusable for the evening.

Additionally, Mary Farwell, of the Hooksett Public Library Trustees, notified the Administration Department that one of their members, Francis Broderick, was moving away from Hooksett and that their body now has an active vacancy. By state law, Hooksett's Town Council must vote to fill the position in the interim. While the department will advertise the vacancy on the town website as usual, the Library Trustees already have a recommended candidate, one Sandra Mack. Ms. Mack is a resident a recently served as the President of the Hooksett Kiwanis Club.

Also, please note that it's been brought to staff attention Hooksett may not currently have **ANY** representatives to the Southern New Hampshire Planning Commission. Terms are four years and it is strongly recommended by staff that candidates are sought: Effective representation on the commission can have important benefits to the Town in regional macro planning.

### FINANCIAL IMPACT:

n/a

### **POLICY IMPLICATIONS:**

1. There is only one alternate to the Planning Board opening at this time.

2. The appointment of a trustee to an interim term would go from appointment until June 30th 2022 and would thereafter be filled via normal Town Election procedures.

### **RECOMMENDATION:**

Consider both openings. Staff don't have a recommendation for particular candidates. At the writing of this staff report, the Planning Board hasn't submitted a recommendation. Library Trustees are asking for an accelerated appointment process to assist with a busy time of year"

### SUGGESTED MOTION:

"I motion to appoint x as an Alternate to the Planning Board. Term expiring 6/30/2024." "I nominate x as a Library Trustees" (or) "I motion to wave the Council's Rules of Procedure and appoint x to the Library Trustees to a term set to expire 6/30/2022."

## TOWN ADMINISTRATOR'S RECOMMENDATION:

Town Council action required by Section 11.1 (A) and 11.4 of the Town charter.

To:Town CouncilTitle:Signage Placement and InventoryMeeting:Town Council - 08 Sep 2021Department:Public WorksStaff Contact:Earl Labonte, Director of Public Works

#### **BACKGROUND INFORMATION:**

"No Parking", "No Trucking" and "Stop" signs and other regulatory and advisory signs are required to have approval of the Town Council with a listing of these signs maintained in the Town Clerks Office and at Public Works as required by Town Ordinance 00.26. (Attachment 1) While reviewing the list of signage at Public Works, it was found that the listing has not been kept up for many years. Due to the high turnover rate in the department, it appears that many approved signs were not added to the list, and that there were many signs that we were unable to locate any approval documentation for their placement. Some examples of this we found were signage in new developments with placements indicated in the approved site plans. The planning documents show signs and their placement, but there was no council documented approval available. We have inventoried and compiled a list of the existing "No Parking", "No Trucking" and "Stop" signs in Hooksett on town maintained roadways. (Attachment 2) It is our intent to have the Town Engineer develop a sign layer in the GIS to reflect the location, type of each sign maintained by the Town of Hooksett to reflect the value of all signs within Hooksett.

FINANCIAL IMPACT:

None

#### **POLICY IMPLICATIONS:**

None

#### **RECOMMENDATION:**

Council review and accept this listing to be kept on file in the Town Clerks Office and at Public Works. Public Works will update this listing at least semi-annually to add all new signage as approved through the Planning process and when the new streets are accepted by the town as town maintained roadways.

#### SUGGESTED MOTION:

Motion to accept the signage listing to be kept on file in the Town Clerks Office and at Public Works. Public Works will update this listing at least semi-annually to add all new signage as approved through the Planning process and when the new streets are accepted by the town as town maintained roadways.

TOWN ADMINISTRATOR'S RECOMMENDATION:

Concur

Signage Ord 00 26 Signs list all

Agenda Item #15.1.

#### SIGNAGE REGULATION OF TOWN ROADS ORDINANCE # 00-26

The Town of Hooksett ordains that, pursuant to RSA 41:11 of the New Hampshire State Statues and Section 3.6 of the Hooksett Town Charter, the following ordinance is hereby enacted in the Town of Hooksett:

#### SECTION 1

<u>NO PARKING</u> - Parking is prohibited at designated areas as indicated by posted signs. An inventory list of all approved "No Parking" signs is maintained at the Town Clerk's office and at the Highway Department for public inspection.

#### SECTION 2

<u>NO TRUCKING</u> - Trucks exceeding three ton GVW are prohibited on roads with signage marked "No Through Trucking". Exclusions shall be trucks making a delivery to a home or business on the prohibited road. An inventory list of all approved "No Through Trucks" signs and designated "No Through Truck" streets are maintained at the Town Clerk's office and at the Highway Department for public inspection.

#### SECTION 3

<u>STOP SIGNS</u> - All stop signs approved by the Town Council shall be posted by the Hooksett Highway Department and deemed legal and enforceable. An inventory list of all legal stop signs is maintained at the Town Clerk's office and at the Highway Department for public inspection.

#### SECTION 4

All other regulatory and advisory signs approved by the Town Council are authorized to be posted by the Highway Department and deemed legal and enforceable.

#### SECTION 5

<u>PENALTY</u> - Any person, persons, firm, partnership or corporation, found violating any provision of this ordinance, shall be fined no more than \$1,000.00 for each day such violation continues.

#### SECTION 6

This ordinance shall become effective upon passage.

ADOPTED: 12/14/94

To:Town CouncilTitle:Speed Limit sign request for Hills Road at Hooksett/Auburn town line.Meeting:Town Council - 08 Sep 2021Department:Public WorksStaff Contact:Earl Labonte, Director of Public Works

### **BACKGROUND INFORMATION:**

"No Parking", "No Trucking", "Stop" signs and other regulatory and advisory signs require the approval of the Town Council with a listing of these signs maintained in the Town Clerks Office and at Public Works as required by Town Ordinance 00.26. (Attachment 1)

**DISCUSSION**: We are in receipt of a request to install a new speed limit sign on Hills Road at the Hooksett/Auburn town line. The Town of Auburn has just re-paved their portion of Hills Road and the Town of Hooksett had recently accepted a new section of Hills Road in Hooksett that connected Hills Road between both towns. This resulted in increased traffic in this neighborhood. The residents in the area believe the vehicles are travelling at a rate of speed that causes them concerns. There currently are 30 MPH speed limit signs on Farmer Road and at other roads that enter into this neighborhood but there isn't one as you enter from the town of Auburn. We have requested input from both Hooksett Fire and Police concerning the placement of this sign. There were no objections to the signs.

In reviewing the RSA concerning speeds we believe the request is in compliance with RSA 265:60. (Attachment 2)

FINANCIAL IMPACT:

None.

POLICY IMPLICATIONS:

None.

### **RECOMMENDATION:**

Council review and approve this request for a 30 MPH speed limit sign on Hills Road on the Hooksett Auburn town line as you enter Hooksett.

### SUGGESTED MOTION:

Motion to approve the request for a 30 MPH speed limit sign on Hills Road on the Hooksett Auburn town line as you enter Hooksett.

### TOWN ADMINISTRATOR'S RECOMMENDATION:

Concur

# CHAPTER 265 RULES OF THE ROAD

## **Speed Limitations**

#### Section 265:60

#### 265:60 Basic Rule and Maximum Limits. -

I. No person shall drive a vehicle on a way at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle, or other conveyance on or entering the way in compliance with legal requirements and the duty of all persons to use due care.

II. Where no hazard exists that requires lower speed for compliance with RSA 265:60, I, the speed of any vehicle not in excess of the limit specified in this section or established as hereinafter authorized shall be prima facie lawful, but any speed in excess of the limit specified in this section or established as hereinafter authorized shall be prima facie evidence that the speed is not reasonable or prudent and that it is unlawful:

(a) In a posted school zone, at a speed of 10 miles per hour below the usual posted limit from 45 minutes prior to each school opening until each school opening and from each school closing until 45 minutes after each school closing.

(b) 30 miles per hour in any business or urban residence district as defined in RSA 259:118;
(c) 35 miles per hour in any rural residence district as defined in RSA 259:93, and on any class V highway outside the compact part of any city or town as defined in RSA 229:5, IV;
(d) 55 miles per hour in other locations, except as provided in (e);

(e) 65 miles an hour on the interstate system, the central New Hampshire turnpike and the eastern New Hampshire turnpike in locations where said highways are 4-lane divided highways or other divided highways of 4 or more lanes, except that the speed limit on the portion of I-93 from mile marker 45 to the Vermont border shall be 70 miles per hour.

(f) On a portion of a highway where officers or employees of the agency having jurisdiction of the same, or any contractor of the agency or their employees, are at work on the roadway or so close thereto as to be endangered by passing traffic, at a speed of at least 10 miles per hour below the usual posted limit. The speed shall be displayed on signs as required by RSA 265:6-a.

(g) For a vehicle equipped with a transponder, 25 miles per hour through a toll booth or gate that is equipped with a transponder reader for automated toll collection except for an open road tolling lane and except that at toll booths staffed by toll collectors drivers whose vehicles are not equipped for automated tolling shall come to a full stop at the toll booth so that the attendant may collect the toll.

(h) In the toll collection area of an open road tolling lane, at a speed greater than is reasonable and prudent for the conditions and actual and potential hazards existing at the time or greater

than a per se maximum speed of 65 miles per hour, whichever is less.

III. The limits specified in subparagraphs II(e) and II(g) shall be the maximum lawful speed and no person shall drive a vehicle on said ways at a speed in excess of such maximum limit. The prima facie speed limits set forth in this section may be altered as authorized in RSA 265:62. IV. The driver of every vehicle shall, consistent with requirements of paragraph I, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hillcrest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic by reason of weather or highway conditions.

V. The fines for violation of subparagraphs II(a)-(d) shall be as follows:

Miles per hour above the limit specified:

1-10 \$50 11-15 75 16-20 100 21-25 200 26+ \$350

The fines listed in this paragraph shall be plus penalty assessment. VI. The fines for violations of subparagraph II(e) shall be as follows: Miles above the 65 mph limit:

1-5 \$65 6-10 100 11-15 150 16-20 250 21+ 350

Miles above the 70 mph limit: 1-5 \$65 6-10 100 11-15 200 16-20 300 21+ 400

The fines listed in this paragraph shall be plus penalty assessment.

#### SIGNAGE REGULATION OF TOWN ROADS ORDINANCE # 00-26

The Town of Hooksett ordains that, pursuant to RSA 41:11 of the New Hampshire State Statues and Section 3.6 of the Hooksett Town Charter, the following ordinance is hereby enacted in the Town of Hooksett:

#### SECTION 1

<u>NO PARKING</u> - Parking is prohibited at designated areas as indicated by posted signs. An inventory list of all approved "No Parking" signs is maintained at the Town Clerk's office and at the Highway Department for public inspection.

#### SECTION 2

<u>NO TRUCKING</u> - Trucks exceeding three ton GVW are prohibited on roads with signage marked "No Through Trucking". Exclusions shall be trucks making a delivery to a home or business on the prohibited road. An inventory list of all approved "No Through Trucks" signs and designated "No Through Truck" streets are maintained at the Town Clerk's office and at the Highway Department for public inspection.

#### SECTION 3

<u>STOP SIGNS</u> - All stop signs approved by the Town Council shall be posted by the Hooksett Highway Department and deemed legal and enforceable. An inventory list of all legal stop signs is maintained at the Town Clerk's office and at the Highway Department for public inspection.

#### SECTION 4

All other regulatory and advisory signs approved by the Town Council are authorized to be posted by the Highway Department and deemed legal and enforceable.

#### SECTION 5

<u>PENALTY</u> - Any person, persons, firm, partnership or corporation, found violating any provision of this ordinance, shall be fined no more than \$1,000.00 for each day such violation continues.

#### SECTION 6

This ordinance shall become effective upon passage.

ADOPTED: 12/14/94

To:Town CouncilTitle:Illicit Discharge Detection Elimination (IDDE) PlanMeeting:Town Council - 08 Sep 2021Department:Public WorksStaff Contact:Earl Labonte, Director of Public Works

### BACKGROUND INFORMATION:

The Town of Hooksett has developed an Illicit Discharge Detection and Elimination (IDDE)plan to address the requirements of the National Pollutant Discharge Elimination System(NPDES) Phase II rule, most recently updated with an effective date of July 1, 2018. The rulerequires regulated operators of municipal separate storm sewer systems (MS4s) to obtain a permittodischargestormwaterrunofffromtheirMS4, and establishes conditions they must meet to reduce the impacts of storm water discharges.

TheMS4Permitrequiresthateachpermitteeorregulatedcommunityaddresssix(6)Minimum Control Measures. Themeasuresinclude following:

- 1. Public Education and Outreach
- 2. Public Involvement and Participation
- 3. Illicit Discharge Detection and Elimination
- 4. Construction Site Stormwater Runoff Control
- 5. Post-Construction Stormwater Management in New Development or Redevelopment (Post Construction Stormwater Management)
- 6. Pollution Prevention / Good Housekeeping for Permitee Owned Operations

Under Minimum Control Measure #3, the Town is required to implement an IDDE planto provide the authority prohibit and eliminate illicit discharges legal to to the MS4. find thesourceofanyillicitdischarges, eliminate those illicit discharges, and ensure ongoing screening and track in atopreventand/oreliminatefutureillicitdischarges.Inthisregard.theTownreliesheavily on its General Services staff to observe and scrutinize the Town's MS4 outfallsforillicitdischarges, illegaldumping andillicitconnections, during their routine duties. Themain methodology us e d involves DryWeatherScreening, which helps to ensure theintegrity of the stormwater drainage system by detecting non-stormwater discharges duringdry weatherconditions. The IDDEplan mustalso be recordedina written (hard copyorelectronic)document. ThisIDDEplanhasbeenpreparedtoaddressthisreguirement.

Due to the size of the document, IDDE Plan will be sent separately via e-mail.

FINANCIAL IMPACT:

None.

#### **POLICY IMPLICATIONS:**

Compliance with the National Pollutant Discharge Elimination System(NPDES) MS4 permit requirement.

#### **RECOMMENDATION:**

Adopt the Illicit Discharge Detection and Elimination (IDDE) plan as presented.

#### SUGGESTED MOTION:

Motion to adopt the Illicit Discharge Detection and Elimination (IDDE) plan as presented.

### TOWN ADMINISTRATOR'S RECOMMENDATION:

Concur

To:Town CouncilTitle:Hooksett Salt Reduction PlanMeeting:Town Council - 08 Sep 2021Department:Public WorksStaff Contact:Earl Labonte, Director of Public Works

### **BACKGROUND INFORMATION:**

This document addresses the requirements of the New Hampshire MS4 General Permit (Permit) that fall under MCM #6, page 53 of 67, section 2.3.7.1.d.v, regarding Winter Road Maintenance Procedures and permit requirements set forth in Appendix H Section IV based on the following permittee category: Permittees with discharges to waterbodies that are on the most recent EPA approved New Hampshire Clean Water Act section 303(d) list or New Hampshire Integrated Report under Clean Water Act section 305(b) and are listed as 4B, have to complete this section of Appendix H.

The Town of Hooksett (Town) performs a variety of maintenance activities to ensure safe winter driving conditions on its roads and parking lots as well as activities to limit the amount of snow and/or deicing chemicals entering surface waters. These are described in detail under Section 2 of this document. The Town also requires that private property owners track salt usage and develop plans to limit salt application. These are described in Section 3 of this document.

### FINANCIAL IMPACT:

None.

### **POLICY IMPLICATIONS:**

Compliance with the New Hampshire MS4 General Permit requirements.

### **RECOMMENDATION:**

Adopt the Salt Reduction plan as presented.

### SUGGESTED MOTION:

Motion to adopt the Salt Reduction plan as presented.

TOWN ADMINISTRATOR'S RECOMMENDATION: Concur

#### Historic winter road maintenance activities:

It is the goal and intent of the Town of Hooksett to provide timely, efficient, and costeffective winter maintenance, snow removal, and ice control on the roadways of the municipality for the safety and benefit of the Town's residents and the general motoring public.

The objective stated above will be achieved by implementation and execution of the procedures and tasks outlined in the Town of Hooksett Winter Operations Snow Removal and Ice Control Procedures. Due to the many variables that are inherent in New England weather, each storm and/or weather event may require slightly different effort and/or emphasis on any number of maintenance tasks, which together, determine the overall winter maintenance, snow removal, or ice control strategy.

It is not possible to maintain a bare road or sidewalk totally free of snow and ice during a storm. It is the intention of the Town to provide practical, safe access to homes, businesses, and municipal facilities during winter storms.

It is our policy to commence snow removal operations upon the accumulation of twoinches of snowfall. The Public Works Director may, at his or her discretion based upon weather information reports, elect to not remove snow until greater or lesser accumulations.

Pre-treatment and ice control may be addressed prior to the actual storm beginning, during the actual storm as seen effective, and preceding the storm. It should be noted that salt has a much slower effect on melting snow and ice at temperatures below 25 degrees, and may not be applied until it is warmer. Alternate methods of treatment may be utilized as conditions warrant.

Sidewalk snow clearance will be conducted as soon as possible during winter storms. Personnel availability, and the needs to maintain safe roadways, will take priority.

The Public Works Department does have the responsibility for the clearing of snow and winter treatment of the Town schools access roads and parking lots. On days when school is in session, winter maintenance efforts must be timed to coincide with bus routing and delivery.

ROADS AND SIDEWALKS NOT RECEIVING WINTER MAINTENANCE: The Town of Hooksett does not maintain a number of roadways and sidewalks as part of the ongoing winter maintenance activities. The areas not maintained by the Town include:

- A. Town roads classified as Class VI roads
- B. Private roads
- C. School District sidewalks which are the responsibility of the school district.
- D. State roads that do not fall within the urban compact.

Hooksett, NH | Salt Reduction Plan

Agenda Item #15.4.

### **Section 1: Introduction:**

This document addresses the requirements of the New Hampshire MS4 General Permit (Permit) that fall under MCM #6, page 53 of 67, section 2.3.7.1.d.v, regarding Winter Road Maintenance Procedures and permit requirements set forth in Appendix H Section IV based on the following permittee category:

Permittees with discharges to waterbodies that are on the most recent EPA approved New Hampshire Clean Water Act section 303(d) list or New Hampshire Integrated Report under Clean Water Act section 305(b) and are listed as 4B, have to complete this section of Appendix H.

The Town of Hooksett (Town) performs a variety of maintenance activities to ensure safe winter driving conditions on its roads and parking lots as well as activates to limit the amount of snow and/or deicing chemicals entering surface waters. These are described in detail under Section 2 of this document.

The Town also requires that private property owners track salt usage and develop plans to limit salt application. These are described in Section 3 of this document.

#### Section 2: Actions or Enhanced BMPs for Municipally Maintained Surfaces

This section applies directly to municipally owned and maintained surfaces. This section provides information on how the amount of salt used will be tracked and also includes the different BMPs that will be used as part of this Salt Reduction Plan.

#### Section 2.1: Salt Tracking

The Town will track all salt applied to all municipally owned and maintained surfaces. Salt use will be reported using the New Hampshire Salt Management System online tool at (<u>http://www.roadsalt.unh.edu/Salt/</u>) beginning in their year 2 annual report.

#### Section 2.2: BMPs for Salt Reduction

This section describes BMPs to help to reduce the amount of chloride discharged to impaired waterbodies.

The Town currently uses a number of activities related to winter maintenance and salt reduction which include the BMPs and actions items listed under the following sections.

#### Section 2.2.1 Operational BMPs:

#### A. Pre-wetting and Pre-Treating the Salt Pile

The Town currently does not pre-wet or pre-treat salt piles. However, the Town is considering using the following method in future years:

Hooksett, NH | Salt Reduction Plan

• Pre-wetting agents (e.g., salt brine) will be used on salt piles to help them work more efficiently and to reduce road salt scatter and bounce.

Pre-wetting is a term referring to a liquid deicer that is applied to a solid-based deicer in order to create a quicker reaction time for the solid deicer to begin melting snow and ice. Salt doesn't work until it is in solution, so it is recommended that all dry salt be pre-wetted regardless of the temperature. By introducing moisture into salt prior to application, the results are a quicker melting action, reduced bounce and scatter of material, and a reduced application rate. With a quicker melting action, the application rate of pre-wet salt can be decreased by approximately 20 percent over dry salt, which saves money, increases level of service, and reduces chloride in the environment.

#### **B.** Use of Alternative De-Icing Material

The Town uses salt alternatives in environmentally sensitive areas to reduce the amount of chloride discharges to waterbodies. The Town currently does the following:

- Calcium magnesium acetate (CMA) is applied environmentally sensitive roadways prior to the accumulation of snow.
- A list of priority routes that receive CMA is kept at the Town Highway Department.
- CMA is stored at 101 Merrimack Street.

A full description of the standard opertating procedures for snow removal and de-icing, including alternative de-icing, can be founs at https://www.hooksett.org/sites/g/files/vyhlif4541/f/uploads/snow\_removal\_deicing\_sop.pdf.

#### C. Increasing Plowing Prior to De-Icing

The Town currently does the following:

• As much snow as possible is removed using mechanical means like plowing, blowing, or shoveling before deicing agents are applied to reduce the need for road salt or other deicing chemicals.

Proper plowing of the road is essential to controlling the amount of deicer used. Snow plowing needs to remove as much snow as possible prior to the application of deicers. Snow and ice that is left on the pavement will only work to dilute the deicer that has been applied and decrease the effectiveness. Applying more deicer will have little benefit if the snow is not adhering to the pavement surface, when plowing is the appropriate operation. Therefor it is best to remove as much snow as possible from the roads and parking lots before applying deicers.

#### **D.** Monitoring of Road Surface Temperatures

The Town currently does the following:

- Road surface temperatures are monitored during storm events to find the correct treatment options for those certain circumstances.
- Road salt is only applied when pavement temperatures are above 15° F.
- The NH Road Salt Application Rates for Deicing Roads and Parking Lots charts (located at https://www4.des.state.nh.us/nh-ms4/wp-content/uploads/2020/11/Road-Temp.pdf) is referenced during each storm event to find the appropriate treatment options.

The two most critical factors that can produce winter road hazards are pavement temperature and the dew point/precipitation rate. Pavement temperature, not air temperature, is the deciding factor for treatment type and duration. The pavement temperature directly effects the formation, development, and breaking of a bond between fallen or compacted precipitation and the road surface. The pavement temperature also determines the effectiveness of any applied chemicals.

## Section 2.2.2 Equipment BMPs / Modifications:

#### A. Automated Pre-Wetting Equipment Systems

If the Town uses pre-wetting equipment in future years, the Town will ensure that:

• Pre-wetting systems are installed on municipally owned salting trucks to pre-treat the deicing agents before it is dispensed onto roads and parking lots.

Pre-wetting systems or automated systems can help improve the pre-wetting operations during a storm.

#### **B.** Routine Calibration Rates & Adjustments

The Town currently does the following:

- Equipment is calibrated prior to the deicing season and every 90 days thereafter to reduce and optimize salt use and ensure deicing agents are being used efficiently.
- A calibration chart is maintained for each truck. (Calibration charts can be found at https://www4.des.state.nh.us/nh-ms4/wp-content/uploads/2020/11/Calibration.pdf)
- Recalibration is completed if any service is done on a truck or the type of deicing chemical being dispensed from the truck is changed.

The goal of calibrating is to know how much material you are putting down on a roadway or parking lot for every setting on your truck that you use. Calibrating your equipment is the first step to reducing salt use.

During winter operations, changes may occur in mechanical linkages, hydraulic systems and other components. Yearly calibration of equipment allows for better control of application rates for various gate heights/openings. Gate heights or gate openings are be adjusted to

spread the desired chemical application rate for each set of unique conditions. Recalibration is be done if any changes are made to the equipment or if a different deicing material is used.

#### C. Equipment Cleaning & Maintenance

The Town currently does the following:

- Equipment is washed using proper procedures stated in the permittee's SWMP under MCM #6 to prevent pollutants from entering the stormwater system. Dry cleanup procedures are used when possible.
- Designated wash areas contain wash-water controls or treatment and ensure that all washing activities only occur in those locations.
- Equipment is regularly inspected and maintain to reduce the potential for leaks.

During winter operations, proper equipment cleaning and maintenance can help ensure equipment and machinery functions properly and maintains calibration measures for longer periods of time. This may require washing equipment on a more routine basis which can produce wash-water or runoff with higher levels of chloride or sand. For this reason, washing and maintenance procedures are completed following carefully planned procedures and in proper locations.

#### Section 2.2.3 Facility Modifications and Good Housekeeping BMPs:

#### A. Snow Storage

The Town will ensure that:

- Snow is not pushed or dumped into waterbodies or wetlands, into stormwater drainage swales or ditches, or on top of catch basins.
- Snow is not stored near drinking water areas, waterbodies, or wetlands.
- Snow storage is not located in areas that are unstable, areas of potential erosion, or high points where snow may melt and collect debris as runoff before it enters the stormwater system.

Proper snow storage and good housekeeping can help reduce runoff and direct snowmelt from reaching nearby waterbodies and resources, which can minimize chloride loadings.

#### B. Salt Stockpile BMPs & Protection from Precipitation and Runoff:

The Town will ensure that:

- Deicing product(s) (salt, sand, or alternative products) storage piles are located under cover or enclosed areas and on impervious surfaces.
- Deicing product(s) (salt, sand, or alternative products) storage piles are stored in areas that will not impact surface water resources, groundwater resources, recharge areas, and wells.
- The deicing product(s) (salt, sand, or alternative products) storage areas have adequate drainage controls to prevent runoff from entering the stormwater system.

```
Hooksett, NH | Salt Reduction Plan
```

- Appropriate loading and unloading procedures are used, such as not overfill trucks with deicing materials, to reduce the chances of spills.
- The unloading/loading of trucks is performed on impervious surfaces whenever possible.
- Storage/loading areas are frequently swept to reduce the amount of salt, sand, or other materials that are tracked out.
- Liquid deicing chemicals have secondary storage containment.

In addition to managing how salt is applied to parking lots and roadways, it is also important to manage how dry salt, pre-wet salt, salt brine, salt/sand mixtures, and snow piles are stored and handled.

#### Section 2.2.4 Training, Outreach & Regulations

#### A. Training and Certifications

The Town currently does the following:

- Training is provided to municipal personnel through the Green SnowPro certification program that is managed by NHDES to improve efficiency in salt use.
- Additional or independent in-house training is provided to municipal personnel to improve efficiency in salt use.

The Green SnowPro certification is a program managed by NHDES to improve efficiency in salt use, such that the least amount of salt is used to ensure safe conditions on surfaces traveled by pedestrians and vehicles in winter conditions; reduce the amount of salt used by commercial applicators, as measured in tons of salt per acre per year, over time while maintaining safe conditions for pedestrians and vehicles in winter conditions; and establish a voluntary system for commercial salt applicators to track their salt use and provide information annually to the salt accounting system. Currently, ten municipal personnel have received Green SnowPro training.

#### B. Designation of Low Salt and/or No Salt Zones:

The Town does not currently have designated areas of low salt and/or no salt zones. However, the Town is considering designating municipaly maintained roads that are within 500 feet of Doors Pond Inlet Brook (NHRIV700060802-13), a waterbody limited for chloride, as low salt or no salt zone to reduce chloride loadings. This area would not include NH DOT and private roadways.

#### Section 2.3: Estimate of Annual Salt Usage Reductions

The Town has estimated anticipated salt reduction based on the BMPs listed in this Salt Reduction Plan and these estimates are summarized and totaled in the table below:

Estimated Salt Reduction Table								
BMP or Activity	Estimated Loading per storm (tons)	Estimated % Reduction per storm	Estimated Reduction per storm (tons)	Estimated Storms per year (#)	Estimated Salt Reduction Total per year per BMP (tons)			
Alternative de-icing material	0.2	100	0.2	25	5			
Spreader calibration	150	15	22.5	25	562.5			
Adapt rates to pavement temperatures	150	8	12	25	300			
Pre-treated salt	150	20	30	25	750			
	•	Esti	mated Salt Re	duction Total:	1,317.5			

### Section 2.4: Schedule of Planned Activities / BMPs

The Town has developed a schedule for implantation of this Salt Reduction Plan based on the BMPs listed above. The anticipated schedule with milestone tracking dates is summarized in the table below:

Schedule of Planned Activities Table						
BMP or Activity	Date(s) Implemented:	Date(s) Completed:				
Pre-wetting	August 2022					
Alternative deicing material	August 2022					
Increased plowing prior to deicing	October 2019	November 2019				
Monitoring of Road Surface Temperatures	October 2019	November 2019				
Routine equipment calibration	November 2019	December 2019				
Equipment cleaning	November 2019	December 2019				
Snow storage	October 2019	November 2020				
Salt stockpile BMPs	October 2019					
Designation of low salt and/or no salt zones	November 2021

#### Recycling and Transfer Advisory Committee Minutes Meeting Minutes 5-25-2021

Meeting was called to order at 6:30pm

Present: Ray Bonney, Sean McDonald, Robert Shroeder, John Giotas, Clark Karolian

Absent: Richard Bairam, Alex Walczyk

Also Present: Denise Cumings, (R&T Administrative Assistant)

#### **Pledge of Allegiance**

Motion was made to accept the minutes of March 23, 2021, meeting by Ray Bonney, second by John Giotas, motion passed.

**Old Business**: Discussion about metal vendor Schnitzer and roll offs seem to be failing behind. Schnitzer says they are down 5 drivers. We may have to run a load of metal Greif Inc. is working out well with swapping out trailers with their drivers. They are accepting paper in the cardboard bales which means we are being paid for mixed paper at this time.

Discussion total 200 Trash and Recycle barrels are set to be shipped March 29, 2021 were received April 6, 2021 and another 200 barrels ordered in preparation that Brook Ridge/Sun Jensen maybe switching to town trash pickup also were received April 26, 2021. Trash routes will need to be adjusted.

Further discussion on Transfer Fees, Denise will need to draft a change in the Ordinance to present to Council.

Transfer Station staffing is 5. Crew Chief is still vacant and Equip Operator/Class A driver vacant 6/2/2021.

Doosan with Hi Lift is the lowest bid that meets specs, and Council Approved. Ray Bonney had concern with "Doosan" brand and possible repair bills. Council went with lowest bid.

McNellus trash truck with Peterbilt 550 chassis has been also approved.

Leaf pickup was April 12-16, with a rented rear packer from Pinard at a cost of \$1200, because it was not peak for Pinard. Pinard does leaf pickup in Manchester from end of April till December. Residents say to early. Cost for renting truck would be \$3000. \$3500 for week during peak. Will need to do something as residents expect bickup.

Wheelabrator was offering a 5-year extension to existing contract. Will see if we can get a 10 year. Denise will followup.

Robert Shroeder and John Giotas are full committee members. Looking for alternates.

**New Business:** Discussion about recycling revenue. Talked about what other facilities are doing for recycling. There seems to be constraints in our recycling building as we use it to park vehicles in winter months. Talk about how we maybe outgrowing our capacity. Suggested maybe putting an awning with power for the vehicles and maybe have someone come in early to start vehicles to warm them up. Suggested going on field trip to see how other facilities are structured. Talked about metal shredder. Would need surrounding towns to Join in.

Active discussion about solar panels. Clark will approach Town Administrator about facilitating this.

Robert mentioned how dingy doors were getting. Transfer staff talked about power washing buildings.

Ray motioned to adjourn at 7.23 PM Sean 2<sup>nd</sup> all in favor. Next meeting, July 27, 2021, at 6:30pm.

Submitted by,

Denise Cumings R&T Administrative Assistant

#### HOOKSETT RECYCLING AND TRANSFER 210 WEST RIVER ROAD HOOKSETT, NH 03106 TEL: 603.669,5198

#### STILL NO CURBSIDE RECYCLING BUT.....

We at the Transfer and Recycling Department are working on trying new ways to increase recycling in Hooksett. We have found some new, old and different ways to increase recycling. Presently if you have been to the recycling center you have seen some changes in how things are done and that we are separating the recycling. As you have most likely heard the markets are in a new place and we all are trying to make the best of it.

As a result we have started by separating the recycling into single product bins such as glass, plastics 1 thru 7, mixed paper, steel cans, aluminum cans and cardboard. If we can keep them separated and clean (<u>NO CONTAMINATION</u>) we can ship them to the recycler, help the environment and save the tax dollar at the same time.

Below is a list	or what can be 🖉 🔬 🤇	nt serep is for all or and

#### Town of Hooksett Town Council Meeting Minutes Wednesday, August 25, 2021

1 2

3

4

The Hooksett Town Council met on Wednesday, August 25, 2021, at 6:00 pm in the Hooksett Municipal Building.

#### 5 CALL TO ORDER

6 Chair Sullivan called the meeting of 25 Aug 2021 to order at (6:00) pm. 7

#### 8 **PROOF OF POSTING**

9 Human Resource Coordinator Donna Fitzpatrick provided proof of posting.

10

#### 11 ROLL CALL

In Attendance: Councilor James Sullivan, Councilor Clifford Jones, Councilor John Durand (Left at
 9:35), Councilor Randall Lapierre, Councilor Roger Duhaime (arrived at 6:09), Councilor David Boutin,
 Councilor Timothy Tsantoulis, Councilor Clark Karolian (Left at 9:35), and Councilor Alex Walczyk
 (arrived at 6:01)

16 17

## 18 PLEDGE OF ALLEGIANCE19

#### 20 AGENDA OVERVIEW

#### 21 22 PUBLIC HEARINGS- None

23

#### 24 SPECIAL RECOGNITION

A. Garron reported that there were no new hires. We did lose an employee in the Highway Department
 who left to seek employment elsewhere.

#### 30 PUBLIC INPUT - 15 MINUTES

31

32 Mrs. McHugh of 14 Jefferson Drive and Irene Bergeron of 15 Farmer Road- We feel that perhaps I did 33 not explain the situation on Farmer Road to a better degree. I am here again this evening to further explain the situation on Farmer Road. I urge you to go to the town's website to view the town reports 34 and see what has been happening throughout the course for the year. Previously I had said there was 35 concern about both contamination and seepage from Warren's garage. What happened is that the 36 37 seepage went into the well across the street to the motel, and then seeped into the corner, of which 38 they were able to get water, but the remaining at the street the 19 have not been able to get water, they 39 have been facing issues of contamination, and different things in the well. Irene has lived on Farmer 40 Road since 1970. She can attest to the situation that has taken place over the years. 41

42 Irene Bergeron of 15 Farmer Road- I've lived on Farmer Road since 1970. Potable water has been an 43 issue from the get-go. We started being tested in 2004 by the State because of the granite state gas 44 station, known to us as Warrens. The findings were not to be outside the healthy limits set by the state 45 but high in MTBE's, No VOC, and high in radon, iron, and manganese. There was also blasting that 46 happened at a property across the bypass. That showed high levels of arsenic in the water. In the 47 process over the years we have spent well over \$20,000 in water mitigation. Our 1st well went dry, and 48 we dug a new well. It did not give us much, and then had it fracked. It's been a tussle all the way 49 through.

50

TC MINUTES

08-25-2021

51 52	C. Karolian- In your testing were there any PFAS?
53 54	I. Bergeron- No.
55 56	T. Tsantoulis- What is the difference between seepage and contamination?
57 58 59	I. Bergeron- The seepage is coming from the old gas tanks and causing the contamination in the ground water.
60 61 62	T. Tsantoulis- You mentioned MTBE. MTBE was not introduced until the 1980's. Do you know when you were 1 <sup>st</sup> tested?
63 64	I. Bergeron- 2004.
65 66 67	J. McHugh- If you go to the website under private wells, you will see all the reports and the explanations and the health hazards that go along with it.
68 69	I. Bergeron- The first 2 houses got water and it stopped there.
70 71	D. Bouton- Will it be appropriate for the TA to discuss his findings while they are here to listen.
72 73	J. McHugh- I feel when considering how to spend the funds this is a worthy project.
74 75 76	J. Sullivan- We will do our scheduled appointments then the TA will do his portion.
78	SCHEDULED APPOINTMENTS
79 80 81	Hooksett Dog Park Eagle Scout Project by Nicholas A. Chaffee (Alex), Troop 603, Hooksett, New Hampshire.
82 83 84 85 86	Nicholas Chaffee (Alex)- I started working on my Eagle project which involves adding more equipment to the dog park. I know this is a popular place, and I want them to look forward to going there. I went in front of the Parks n Rec board for approval on August 17 <sup>th</sup> and they did approve it, and now I am in front of the Town Council to get your approval.
87 88	D. Boutin- This was a well put together package, I am curious what motivated you to do this.
89 90 91	N. Chaffee- I have a dog at home and he gets rowdy at home, and I want a place that we can do more with our dogs outside.
92 93 94 95	T. Tsantoulis- Thank you for your enthusiasm. Perhaps the owners get more enjoyment out of this, and I'd also like to compliment you on the manner you present yourself, you speak very well for a young man your age.
96 97 98	D. Boutin motioned to approve the Nicholas A Chaffee age 17 from troop 603 to construct an eagle project at the dog park in Hooksett NH. seconded by C. Karolian.
98 99 100	Vote all in favor 9-0.

TC MINUTES

08-25-2021

101 N. Chaffee- Do I need any permits? Should I be avoiding any specific spots when laying the pipes? 102 103 Earl Labonte- If you are digging you will need a dig safe permit. 104 105 Lamberts Park Eagle Scout Project - Picnic Tables by Sam Baker, Troop 135 106 107 Sam Baker- My name is Sam Baker, and I am a life scout at Troop 135 out of Manchester, NH. I live in 108 Auburn, NH and have been a scout ever since 1<sup>st</sup> grade. I go to Trinity High School where I play 109 Football and Lacrosse. About the project: a few weeks ago, I reached out to Mr. Thomas about an 110 Eagle Project. He got back to me and said that the Town of Hooksett needs 5 picnic tables so I told 111 them I can make 5, and they will be going to Lambert Park Pavilion. 112 113 C. Karolian- On page 3 it says that you have been asked not to purchase materials from Home Depot. 114 Why is that and who told you not to? 115 116 S. Baker- I was told by Philip Arneau that Home Depot does not have great quality lumber and that the 117 other 2 had better quality products. 118 119 J. Sullivan- This will be a nice addition to the Pavilion. 120 121 D. Boutin motioned to approve Sam baker age, 17 from Troop 135 constructing five picnic 122 tables for the new Lambert's Park pavilion and surrounding park area, seconded by T. 123 Tsantoulis. 124 125 Vote in favor 8-1 126 127 C. Karolian-I oppose, not for the work that you are going to do, but for what we just discussed. I don't 128 understand why other than what you said. I can't vote yes on it based on that information. 129 130 TIF District Sewer – Permission to Sign Pump Station Easement to Arleigh Greene - David 131 Mercier, Underwood Engineering. 132 133 A. Garron- As the board recalls at several meetings ago back in May, where we discussed the land 134 swap that we were going to do with Mr. Greene. A piece of land that was going to be used for 135 recreational purposes that the Town of Hooksett owns. Along the Merrimack River. Mr. Greene has a 136 piece of land nearby this area, that he was going to dedicate an easement of a greater size than a lot 137 we own along the Merrimack, that would enable us to have more room to put our pump station into the 138 area and have 360 access around this parcel. The council agreed to move forward with the land swap, 139 and what you have today is a cumulation of that easement. The towns easement will be used for 140 recreational purposes and is spelled out in the easement deed, and what exactly we will use the 141 easement area for, for the TIF sewer project. 142 143 J. Sullivan- I want to make a point, we did approve on our November 18<sup>th</sup> 2020 meeting to sign the 144 easement with Mr. Greene. 145 146 D. Boutin- There is a copy of the plan in your packet so that you can see where the pump station is 147 being relocated to. 148 149 C. Karolian- On the map, it is grossly inaccurate. The map that we are looking at is not correct. Which 150 has me concerned of the relocated pump station as opposed to the town owned property. If I heard the

TC MINUTES

08-25-2021

151 TA correctly you said land swap and then you said town recreational area, so I have some questions 152 about that. Underwood Engineering initially put the pump station on town property. That was later 153 changed because we want to save money to bring in the infrastructure. The problem is Quality Drive 154 does not have any sewer or gas. So, the difference between the price what was the pricing of running 155 electric to run that pump station? What I also noted in the easement for Mr. Greene to be able to use 156 the Town property it lists that he is to locate, maintain, operate, occupy, repair, upgrade, and replace recreational facilities consistent with a patio area, picnic tables and docks with a maximum of 4 docks. 157 158 This is news to me as to how many docks can be placed there. My other questions are if the Town 159 council grants this easement on Town property, would this still be maintained as town property? 160 161 A. Garron- It will still be Town property. My correction of terminology it is not land swap it is an 162 Easement swap. 163 164 C. Karolian- If Mr. Greene is granted an easement to use that property to use it as recreational, it is still 165 town owned property, and the rest of the citizens should be able to use the docks, grills, and picnic 166 tables etc. 167 168 D. Mercier- I don't have a copy of the map, it is accurate that Home Depot is mislabeled. There is no 169 question of what lots we are referring to. There was a small less than half acre lot that the Town owns 170 that is on Kimball Drive that only has access from Kimball Drive. The Hooksett Sewer Commission 171 really approached us to consider moving it to the Arleigh Greene Lot, because it is sandwiched nicely 172 between Kimball and Quality Drive so that you will have access on both Drives. There was also the 173 added benefit of having 3 phase power, water, and gas all on the frontage of the lot. Otherwise, we

would have to run utilities about 900 feet to the south to get to the town owned lot. The direct monetary savings is about \$150,000. I don't know if this appropriate or not, the easement swap has already been voted on. You are just accepting the terminology on the easement. Originally it was going to be a straight sale of lands. Mr. Greene's hope in using the town owned property is to have that as green space for his potential tenants for the buildings he wants to build. The easement is written as foot traffic only. No paved streets.

180

181 C. Karolian- This is news to me that the property he wants to keep is now going to be developed into 182 multi housing and now he is going to get exclusive use for his tenants. I did not hear it in the initial 183 proposal as his intent. When we look at a swap and now exclusive use. How do we prevent town 184 residents from going on town owned property and using the waterfront how can we do this on town 185 owned property?

186

J. Sullivan- Mr. Greene did come in and say that this agreement would help him out on other parcels. Iam not sure if we got into much detail into docks and patios.

189

D. Mercier- No we did not. As we went through discussions with the Town attorney the questions cameup that it was too vague and too broad, and to narrow it down more.

192

193 R. Lapierre- We voted on this on November 18, 2020 (read portions of the minutes of the meeting
194 discussed). It was asked if the town people can use it, and Mr. Greene said exclusive use. We voted to

- approve the easement swap by a vote of 5 to 3.
- 196

D. Boutin- This discussion is not about the easement swap. This discussion is about authorizing the TAto sign the agreement.

199

TC MINUTES

08-25-2021

200 D. Boutin motioned to approve of the Town Administrator signing the attached Town's 201 easement to Mr. Greene for use of the property at Town of Hooksett Tax Map #29 and Lot #53 202 located on Kimball Drive in Hooksett, seconded by C. Jones. 203 Roll Call Vote #3 204 D. Boutin Aye 205 C. Jones Aye 206 A. Walczyk Aye 207 J. Durand Nay 208 R. Duhaime Nay 209 T. Tsantoulis Aye 210 R. Lapierre Aye 211 C. Karolian Nay 212 J. Sullivan Aye 213 214 Vote in favor 6-3. 215 216 D. Boutin- From what we heard from R. Lapierre we are all aware of what was proposed here, and this 217 is a very important part in the TIF district and we need to move forward with it. 218 219 R. Duhaime- Have we notified the abutters? 220 221 R. Lapierre- Referenced the minutes again as that was already asked. 222 223 R. Duhaime- So we are going to move forward and not notify the abutters. 224 225 R. Lapierre- The permitting phase requires notice to abutters. 226 227 C. Jones- They have not gotten to the permitting phases yet. 228 229 D. Mercier- We need to still do a wetlands permit, shoreland protection permit. The town would need to 230 put in the efforts to reach out to the abutters because these specific permits do not require notice to 231 abutters. Because you own it and we are not constructing any structures, the permits do not require 232 notice to abutters. 233 234 A. Garron- The requirement to reach out to abutters is not required through these permits. Unless we 235 want to do it on our own. 236 237 R. Duhaime- We are still doing this without notifying these abutters. I think we should notify the abutters 238 that this is happening in their neighborhood. 239 240 J. Sullivan- Before anything goes further and any official permit is signed the abutters will be notified. 241 It has now been 8 months. What do we do to notify everyone in the neighborhoods? When we begin to 242 start the pump station, we will notify abutters as per the planning requirements. 243 244 T. Tsantoulis- We don't have the time to rehash what we talked about in November of 2020. Now we 245 are at the next step to move forward. The item did pass, we are here now to approve the next step so 246 that the TIF project can continue to move forward. 247 248 R. Lapierre- call the question seconded by D. Boutin.

#### 329 TOWN ADMINISTRATOR'S REPORT

330

A. Garron- Farmer Road Project update- It is my understanding the motion made after our discussion on Farmer Road, it sounded like the council wanted me to get the cost on that, and I have invited Chris from Central Water precinct, and with his indication of \$400,000. There was also a discussion of surveying the residents who would benefit from this water line and a discussion on a feasibility study and tabled by C. Karolian and seconded by R. Lapierre until this information was available. I met with central water precinct regarding the parameters that we would move forward with a feasibility study. He reached out to his consultant Wright Pierce. We are looking at approximately 138 homes and what it would be to bring water to that area. Based on the information that we have. They could provide the parameters and cost of what the feasibility study will be by September. 331 332 333 334 335 336 337 338 339 340

#### 341 D. Boutin- Motioned to take the item off the table; seconded by A. Walczyk. 342

- 355

356 A. Garron- What I will bring back is what the feasibility study will entail and the cost. 357

358 C. Karolian- The intent was to include the information and to include the survey of residents on Farmer 359 Road that were willing to hook up to it.

360

TC MINUTES

08-25-2021

361 Covid-19- The number of cases is increasing. We are up to 37 cases in Hooksett, 1,349 total from the 362 onset. Overall, the state as a whole is 54% fully vaccinated. Hooksett still has the highest rate of 363 vaccination at about 85%.

364

National Night Out- The PD Held the event out on Donati Park on August 3<sup>rd</sup>. It was nice to see people
 smiling. The kids enjoyed crawling over on the trucks from DPW as well as Police and Fire apparatus.

Departments- Doosan Equipment Purchase- The question came out about the tractor. There was a
 component on the truck that was not delivered as delivery has been delayed. The only date
 requirement that DPW had was that it could not be delivered before July 1<sup>st</sup>, and it was delivered after
 July 4<sup>th</sup>, and now we are waiting for the attachment to be delivered.

372

Earl Labonte- Just to correct the TA, the tractor has not been delivered to Hooksett it has been delivered to the Doosan property, while it awaits the bucket to arrive. We did not accept it as not having the bucket does us no good. By us not accepting it, it pushes them to get the part in. It's not uncommon on these large pieces not to get a delivery date, they give an estimate date. Everyone has parts problems. We've talked to other dealerships, and they are having the same issues. This is not uncommon with what is going on in the world issues. There is never a guarantee on a delivery date. Many dealerships are waiting for parts.

380

381 C. Karolian- The contract that we have does not have a delivery date. I was under the impression that 382 the spec out for the vehicle that they agreed to provide was not whole. I know this went out in March 383 and you came forward in April and we approved it. I don't think that we would have approved it if all the 384 parts were not here.

385

E. Labonte- We do not have a required delivery date. The contract never has a guaranteed date, only a
not before date as we were waiting for funding. They are indicating it will be here in a month or so. If
you cancel the order, we will probably have to pay fees to them. If we are looking to replace it, we are
still looking at 12 to 18 months till we get one delivered.

390

R. Duhaime- We went with the lower bid, and I think this is unfair competition. I would ask that you go
 out through the competitive bid process and see what else we get. This should go out to someone who
 can deliver.

394

E. Labonte- Everyone can have their opinion and I disagree with you. We went through the bid processjust like it was supposed to.

397

398 R. Duhaime- I agree but they did not have the equipment.

399

400 E. Labonte- No one had the equipment available when we ordered it.

401

T. Tsantoulis- If anyone who is paying attention to the global market this is not uncommon going on
 right now. All the automobile industries are having the same difficulties. Not liking the product from the
 beginning is not going to change and won't change if they are going to get it. The problem of it getting
 delivered is not their fault. It is what it is, and it is not going to change, and you must be patience.

406

407 C. Karolian- I disagree. I wouldn't buy an automobile that was not fully done. When we are looking at 408 staff reports and the bids. The difference is minimal.

409

E. Labonte- That is not true, that does not include the weighted tires. You must add \$8,000 to thoseother bids.

TC MINUTES

#### 427 Vote failed 7-2

#### 428

429 School to Town Property- The school and the Sewer Commission had voted in 2015 agreed to do a lot 430 line adjustment to separate the 6.4-acre parcel and add it to the town property. The School Board 431 agreed to put it on the warrant and was voted on by the voters. The deed was never fulfilled, they are 432 now looking to have this fulfilled and signing the document. Now we are at a point to sign the deed and 433 record it as it was intended 6 years ago. I already have the vote.

434

# D. Boutin motioned to reconfirm the Town Administrator authority already given to him to sign the deed; seconded by T. Tsantoulis.

437

#### 438 Vote in favor 8-0-1 abstention J. Sullivan serves on both Boards.

439

Projects- I had a chance to speak with Senator Shahen's office in regard to the grants that we have
submitted. We have submitted a 3. 5-million-dollar project, it looks like Hookset's project was moved
through the process. One thing they asked was if the town would be contributing to funding, and I told
them that we have looked at funding options. That has come up as an issue as to the town's
commitment. The more we contribute the more they can spread to other projects.

445

446 Pro-cut CNC Machine- R. Duhaime asked that we arrange a meeting at the site. R. Duhaime, A. 447 Walczyk, Robert Duhaime, T. Tsantoulis, the business owner, Dana Prendergast, and myself. There is 448 more work to be done on this project, and the issue we discussed was there is some remaining work to 449 be done with regard to this project and if a CO could be granted prior to the work being completed. Our 450 response had to be that for all permanent CO's all items need to be addressed per the site plan. There 451 are some items, not big items needed to be done, and their landscaping. The reason why I bring this 452 issue, that if this is a change that the council needs addressing. This is a Planning Board area, and if 453 we want them to consider this and amend their regulations to allowing less than 100% done on the 454 properties.

455

R. Duhaime- We have to make it a level playing field. We make exceptions for some and not for others.
 These businesses are not getting the proper leniency to open up business.

458

459 J. Sullivan- If we believe the requirements of issuing a CO is too restrictive then we may need to look at 460 the rules. Then we should ask the Planning Board to look into that as a council motion.

461

TC MINUTES

08-25-2021

462 D. Boutin- This is not a problem throughout the Town. Be careful what you are doing here. You may 463 open a can of worms here, and where do you draw the line. I think the town goes out of its way to help 464 businesses out. 465 466 C. Karolian- What site was there a site visit by councilors? 467 468 A. Garron- It was on 7 Lahouse Drive. It is Pro-cut CNC, the councilors that went how did they get 469 invited and no one else? 470 471 J. Sullivan- It was a pre meeting with the TA in preparation for the agenda. During that meeting R. 472 Duhaime came in and had concerns about this property. TA Garron then went to the Planning Board for 473 clarification. 474 475 R. Duhaime- I called T. Tsantoulis and A. Walczyk as back up and to see their opinions on what we can 476 do about this. I felt there was some injustice being done. 477 478 C. Karolian- I am personally offended that I did not get invited. 479 480 R. Duhaime- If we invited more, we would have had a meeting. 481 482 T. Tsantoulis- I agree with D. Boutin 100% we have rules at the Planning Board for reason. If we start 483 making special exceptions, then we start the good ole old boy days. We do not want to do this here. 484 485 R. Duhaime- These are businesses in town, who pay taxes. 486 487 J. Sullivan- The administrator brought up a meeting that you had. These are the rules and Planning 488 Board development must follow. My point is if we believe that this package is too high, then there is 489 nothing stopping us from changing the rules. 490 491 D. Boutin motioned that we do not make a request to the Planning Board to change the rules 492 seconded by T. Tsantoulis. 493 Roll Call Vote #7 494 495 C. Jones Abstained has something going on with the PB conflict of interest 496 C. Karolian Abstained Refuse to vote 497 R. Lapierre Abstained I don't like voting for motions that don't do anything. 498 R. Duhaime Nay 499 A. Walczyk Aye 500 J. Durand Aye T. Tsantoulis Aye 501 502 D. Boutin Aye 503 J. Sullivan Ave 504 505 Vote in favor 5-1-3 506 507 Little League world series- We been talking of giving a nice homecoming to our world series little 508 leaguers. We would like to recognize the players and get some trophies or mementos. Crown Trophy 509 is willing to donate half of the cost, and will the Town Council vote to donate the other half. 510 TC MINUTES 10 08-25-2021

511 Donna Fitzpatrick Human Resources- The owner of Crown Trophy is willing to donate half of the price 512 with a balance of \$165.75 We have an 8-inch key to the Town in a presentation box. It will be for all 13 kids. The keys are \$25.50 each. 513 514 515 J. Sullivan- We were also thinking of having a mini parade at 5:30 and then have it come here for the 516 presentation of the keys to the Town. 517 518 R. Lapierre- Are you coordinating with the chair of the Little League so that we do not cross paths with 519 planning? 520 521 J. Durand- How many players are Manchester players? Do they have any recognition on it? 522 523 J. Sullivan motioned that the Town of Hooksett Town Council honors the Little League 524 Manchester North Hooksett team with their accomplishment winning the New England title and 525 achieving success at the Little League World Series and reaching the final 8, and that the Town 526 of Hooksett honors them with a ceremony on September 1<sup>st</sup>, 2021, and to accept the donation 527 from Crown Trophy for their 50% contribution of \$165.75 and the Town to pick up \$165.75; 528 seconded by C. Karolian. 529 530 C. Karolian amended the motion to rescind the dollar amount as the Town Administrator already 531 has the authority to spend these funds without Town Council permission. 532 533 Vote unanimously in Favor 9-0 534 535 Request to have a brief Non-Public on the current court case at the end of the meeting. 536 537 C. Karolian- The National Night Out event that occurred on August 3rd. the information that we received 538 was the donations that were received by the PD. Why are we motioning to accept donations after the 539 fact when we have already used it. 540 541 J. Bouchard- We have no idea knowing in advance what will be donated. We have items coming in up 542 to that day of the event. 543 544 C. Karolian- This is a planned event with a date known well in advance, I find it hard to believe that you 545 cannot plan in advance what donations that you will receive. 546 547 J. Bouchard- A lot of the donations we do not pick up until the day of and do not know the items that we 548 are getting for donations. 549 550 Donna Fitzpatrick- We have many other events that happen similar to this. What we have been doing 551 for the motions is that we accept what we have received so far and then up until the event, not to 552 exceed what is allowed in the RSA. 553 554 T. Tsantoulis- This is all transparent, this is just logistics. Their generosity is appreciated. We are 555 reporting that we have received the goods. We have seen this process in play for a while and it seems 556 to work. 557 558 **CONSENT AGENDA** 559

TC MINUTES

#### 

592 Nominations and Appointments - August 2021

593

Nick Germain- Your open alternate to the Planning Board has been Sheena Gilbert and Tony Lacasse.
 Mrs. Gilbert is here tonight, and Mr. Lacasse was not able to make it here tonight.

596

597 Sheena Gilbert- I was intrigued by the opportunity. Cynthia and I attended a survival event together and 598 said that there were opportunities in the Town to do so. I have been looking to volunteer more, and I 599 thought that this was appropriate. I have lived in Hooksett for 20 years. I have seen a lot of the 600 development of the town, I'd like to ensure the protection of monuments, historical sites, and wetlands, 601 and I am interested in the revitalization of existing projects in the Town.

602

603 C. Karolian- Do you have any views on the TIF districts 1, 2, 3?

604

S. Gilbert- I have read the PB minutes it seems like a hot topic, and there are general concerns about
 cost and who is going to be responsible of the TIF and making sure that incoming business are meeting
 those requirements.

608

J. Sullivan- I offer to nominate Sheena Gilbert and Tony Lacasse. At our following meeting we will makethe appoints.

611

612 N. Germain- We just learned yesterday the Library Trustees will have an opening, and the TC will appoint someone as interim for the vacancy.

613 appoint so 615
