**A LOCAL LAW AMENDING ARTICLE XXII OF THE
CHARTER FOR THE CITY OF HUDSON**

Section 1. Title.

This local law shall be known as Local Law No. 2 for the year 2023.

Section 2. Legislative Findings, Intent and Purpose.

Pursuant to Municipal Home Rule Law Section 10(1)(ii)(c)(3) the City of Hudson is authorized to adopt a local law relating to the authorization, making, confirmation, and correction of benefit assessments for local improvements. Under the City's current policy, the abutting property owner is responsible for the full sidewalk construction and repair costs. This policy has led to the construction of very little new sidewalk in the last twenty years, and the enforcement of the repair policy is administratively difficult and leads to repair delays.

The Common Council makes the following findings of fact:

- A. Residents, businesses, organizations, and individual property owners beyond the abutting property owner are benefited by a comprehensive, high-quality, and ADA compliant network of sidewalks.
- B. Abutting property owners are better served by paying an annual assessment for the construction and repair of sidewalks near their property, rather than face unpredictable, large, lump-sum assessments for construction and repair of abutting sidewalk.
- C. Sidewalks are appropriately designated as a local improvement for which property owners may be assessed in proportion to the benefit the property receives, and such assessments are necessary to defray the cost of construction and maintenance of sidewalk in the City.
- D. Volunteer firefighters provide a significant benefit to the City of Hudson through their countless hours of service protecting the community. Allowing for waivers of lot assessments to volunteer firefighters serving the City of Hudson helps to improve recruitment and retention of the City's volunteer fire services. Similarly, veterans service to the country and, in turn, the City, provides an invaluable benefit to the residents of the City of Hudson. Allowing for waivers of lot assessment to veteran residents honors that service.

The Common Council finds that the creation of a Sidewalk Improvement District (SID) is the most efficient and effective way to meet the need for sidewalk construction and repair and to recognize the proportional benefits and enhanced property value received by property owners due to such work. The Common Council also considers sidewalk accessibility to be an important goal that is supported by this local law.

Section 3. Statement of Authority.

This local law is authorized by the Municipal Home Rule Law (chapter 36-a of the Consolidated Laws of the State of New York) and the General City Law (chapter 21 of the Consolidated Laws of the State of New York).

Section 4. Amendment to the Charter of the City of Hudson.

Existing Article XXII, Section C22-18 of the City Charter is hereby re-designated as Section C22-18.1 entitled "Sidewalks Not Included in the Sidewalk Improvement District," and is amended to include a new subsection F as follows:

F. Those provisions of this Section C22-18.1 compelling owner construction or repair of sidewalks shall not apply to lots or parcels included in the City of Hudson Sidewalk Improvement District and subject to an assessment for work performed in that District pursuant to Section C22-18 of the Charter; provided, however, that should a court of competent jurisdiction hold, or the City so concede, that section C22-18 of the Charter in its entirety is invalid or unconstitutional, or that any particular property within the Sidewalk Improvement District not be subject to Sidewalk Improvement District assessments pursuant to Section C22-18 shall be subject to the provisions regarding sidewalk construction or repair set forth in this Section C 22- 18.1.

Section 5. Sidewalk Improvement District

Article XXII of the Charter of the City of Hudson is hereby Section C22-18 is hereby renamed "Sidewalk Improvement District" and is amended to read as follows:

§C22-18 Sidewalk Improvement District.

A. Establishment of sidewalk improvement districts.

(1) The City hereby establishes a city-wide sidewalk improvement district ("district" or "SID"). The boundaries of the district shall be the same as the City of Hudson municipal boundary. All parcels within the City shall be included in the district with the exception of those parcels identified as "Parcels Excluded from the City of Hudson Sidewalk Improvement District" which accompanies in printed format and is hereby made a part of this section.

(2) The Commissioner of Public Works or his or her designee shall prepare, maintain, and keep current the list of excluded properties in accordance with amendments made thereon pursuant to action of the Common Council.

B. Construction or repair of sidewalks in districts.

(1) The construction or repair of sidewalks as set forth in this Section shall be deemed a local public improvement or work, the expense of which shall be assessed in whole or in part upon the property or properties deemed benefited in the manner as set forth in Section C22-18(C).

(2) The Public Works Board shall recommend, subject to amendment and approval by the Common Council, a budget and a schedule of sidewalk construction or repair to be performed in the SID as part of the City's budget for each fiscal year; provided, however, that the budget for the first fiscal year following the year of enactment of this section shall be recommended and approved on such schedule as deemed practicable by the Public Works Board or Common Council. The Common Council shall have the authority to include in such budget all or any portion of the cost for past sidewalk construction or repair performed by the City on a property located in and subject to assessments as part of the SID, so long as said cost has not been assessed upon the abutting property owner prior to the effective date of this section. Along with such budget and schedule of work, the Public Works Board shall recommend to the Common Council any adjustments it deems desirable to the assessment formula set forth in Subsection C hereof. Such budget may include the issuing of, and payment of the maturing principal of and interest on, any obligation issued pursuant to the Local Finance Law for the purpose of financing the construction or repair of sidewalks pursuant to this section.

(3) Before the budget and schedule of work required by Subsection B hereof are given final approval by the Common Council, the City Clerk shall give notice by publication three times in a local newspaper of a public hearing thereon on a date specified, which date shall not be less than 10 days from the first publication. Before the date of public hearing, any person may file with the City Clerk written objections to such budget or schedule of work or any part thereof, which objections shall be presented to the Common Council before action shall be taken on such budget and schedule of work. At the time so appointed or at such other time to which it may adjourn for that purpose, the Common Council may hear the allegations of any person interested who shall have filed such objections and may take proof in relation thereto. Such allegations and proofs shall be confined to the matters stated in such written objections. The Common Council may thereupon alter or correct any assessment as justice may require, finally approve the same and file a schedule thereof with the City Treasurer, the amount of each assessment as derived from the assessment formula shall be a lien upon the real property so assessed. Such assessments and, if required, any reassessments, shall be collected in the manner provided in this Charter and the City Code for the enforcement, levy, and collection of City taxes.

(4) The Public Works Board or Common Council may include construction or repair of sidewalk curb cuts and curb accessibility ramps in the local improvements to be made in a SID. The Public Works Board or Common Council shall not include construction or repair of driveway cuts or aprons, which shall remain the financial responsibility of the abutting property owner.

(5) The Common Council shall appoint a project manager to oversee the construction and repair of sidewalks governed by this section C22-18 of the Charter.

(6) Work performed in the SID pursuant to this section shall be deemed a local improvement, and Common Council declares and finds that the assessment formula in Subsection C assesses each property in each district in proportion to the

benefit received by that property from the construction and repair of sidewalks in the SID, and that such assessments are necessary to defray the cost of construction and repair of sidewalk in the SID.

(7) Nothing herein shall be construed to modify or alter any power of the Common Council, Commissioner of Public Works, or Planning Board to require a property owner to bear the full cost of sidewalk construction or repair as part of the site plan review process pursuant to Article VIII of the City Code, regardless of whether said property is located within the SID.

(a) Square footage fee. The square footage fee for all low-foot-traffic lots, Double -low-foot-traffic lots, and residential lots which are not immediately adjacent to a sidewalk shall be \$0. For all other lots, the lot's square footage fee shall be equal to the lot's building square footage times \$0.015.

(b) Frontage fee. The frontage fee for all low-foot-traffic lots, double-low-foot-traffic lots, and residential lots which are not immediately adjacent to a sidewalk shall be \$0. For all other lots, the frontage fee shall be \$30 for each 55 feet of front feet or portion thereof.

(c) Past work reduction. A lot's assessment under this section shall be reduced as set forth herein.

[1] A lot is eligible for a reduction for the cost of past work for 10 years from the date the past work was substantially completed ("reduction period"). In each year of the reduction period for which an assessment, if any, is made pursuant to this section, the lot's past work reduction shall be an amount equal to 1/10 of the cost of past work. Should the allowable reduction for the cost of past work be greater than a lot's assessment under this section in any given year, the lot owner shall not be entitled to the difference, and the difference shall not apply to the assessment for any other year.

[2] The lot owner must provide sufficient evidence to the Commissioner of Public Works or his or her designee of the nature and location of the past work performed,

the cost of the past work, and the date the past work was substantially completed. Such evidence must be provided no later than May 1 of the year preceding the fiscal year for which the owner seeks a past work reduction; provided, however, that in the first fiscal year following the year of enactment of this section, such proof must be provided no later than the deadline, if any, established by the Public Works Board, and if no such deadline is established, such proof must be provided no later than February 1 of that fiscal year. If the request is approved by the Commissioner of Public Works or his or her designee, the past work reduction shall automatically recur in each remaining year of the reduction period. If the request is denied, a written basis for the determination under this paragraph ("Commissioner's determination") must be provided to the lot owner. Within thirty (30) days of the Commissioner's determination the lot owner may appeal the determination of the Commissioner of Public Works to the Public Works Board at an open meeting thereafter. Any such appeal must be submitted in writing to the Public Works Board which must include a copy of the determination from which the lot owner appeals.

(3) Certification of non-developable lots. The owner of a lot may file an application with the Code Enforcement Officer or his or her designee to have the lot certified as a non-developable lot. Such applications must be filed no later than the deadline for providing evidence for a past work reduction pursuant to Subsection **C(2)(c)[2]** above. Such certification shall be granted only to those lots not qualifying as sliver lots with a lot square footage less than the minimum lot size required for development by the City of Hudson Zoning Code for the zoning district in which the lot is located at the time of application. Once granted, the certification shall continue to be in effect for the lot, regardless of subsequent changes in ownership, until the end of the fiscal year during which the lot square footage increases for any reason to an amount in excess of the minimum lot size required for development; or the minimum lot size for development, as may be revised or amended from time to time, in the zoning district in which the lot is located, is reduced to an amount equal to or lesser than the lot square footage. The owner of a lot that has received a certification pursuant to this provision shall notify the Code Enforcement Officer or his or her designee of any change in the lot square footage. Upon notification that there has been a change in lot square footage for lot which previously receive a certification pursuant to this provision, the Code Enforcement Officer shall review the change in lot square footage and determine if the lot continues to qualify for certification as a non-developable lot. If the Code Enforcement Officer determines that the lot no longer qualifies for certification under this provision, said certification shall be revoked and all applicable fees and assessments provided hereunder shall be reinstated.

(d) Waiver. Qualifying property owners as defined in **(C)(2)(d)(1)** below are eligible to receive a waiver from a qualifying lot's as defined in **(C)(2)(d)(2)** below assessment under this section.

For the purpose of this section, an "enrolled member" shall require a minimum of 2 years' service with the incorporated volunteer fire company or fire department to qualify for a waiver to a lot's assessment.

Lots which qualify for a waiver under (C)(2)(d) shall be (1) the primary residence of the applicant, in the case of a Qualifying Property Owner under (d)(1)(ii) the Qualifying Lot shall be the primary residence of the enrolled member, and (2) be used exclusively as a single-family residence. (4) Supporting documentation. The Public Works Board in consultation with the City Assessor's Office shall determine the documentation required to support applications for waivers under this section.

D. Appeals and reassessments.

(1) No action or proceeding to set aside, vacate, cancel, or annul any assessment for a local improvement shall be maintained, except for total want of jurisdiction to levy and assess the same on the part of the officer, officers, board, or body authorized by law to make such levy or assessment or to order the improvement on account of which the levy or assessment was made.

(2) No action or proceedings shall be maintained to modify or reduce any assessment for a local improvement, except for fraud or substantial error by reason of which the amount of such assessment is in substantial excess of the amount which should have been lawfully levied or assessed.

Section 7. Effective Date.

This Local Law shall take effect forty-five (45) days after its adoption, and after filing in the office of the Secretary of State. This Local Law is subject to referendum on petition pursuant to Municipal Home Rule Law Section 24.
