The City's Outreach Social Workers assist persons in need to qualify for a range of housing opportunities. Examples include emergency housing vouchers, rapid rehousing, permanent supportive housing, and family reunification. The successes shown are only representative of the City's Social Workers.

## SUCCESS STORIES

### Mental Health Assistance

A male client who was reluctant to assistance was referred to mental health services and received the assistance he needed through our Be Well Mobile Crisis Response Team. By accepting the help the male client was able to gather all his vital documents and was approved for housing. The client is looking forward to his permanent place of residence.

### Vital Documents

A client who was recently matched with a permanent supportive housing opportunity needed assistance with gathering vital documents. Our staff assisted the client by accompanying the client to the Social Security office to collect missing paperwork and to the bank to gather his current bank statement. This process got the client one step closer to securing housing placement.
