The Huntington Beach Police Department Encourages Drivers to Go Safely During the Final Days of Summer

As the summer travel season wraps up, the Huntington Beach Police Department (HBPD) reminds drivers to stay safe and be responsible by never driving under the influence of alcohol and/or drugs.

The HBPD asks residents to take the necessary precautions to protect yourself and your family by buckling up, avoiding distractions behind the wheel, following the speed limit, and not driving impaired.

To help keep our community safe, the HBPD will have additional officers on patrol from August 16, 2023, through Labor Day (September 4, 2023), looking for drivers suspected of driving under the influence of alcohol and/or drugs. The additional efforts to prevent impaired driving are part of a national enforcement campaign, *Driver Sober or Get Pulled Over*.

In addition to patrols, the HBPD will hold a DUI Checkpoint tomorrow, August 17, 2023, from 6:00 p.m. to 2:00 a.m. at an undisclosed location within the city.

According to the National Highway Traffic Safety Administration, 13,384 people were killed in drunk-driving crashes in 2021— that's one person every 39 minutes.

While drunk driving is a significant traffic safety problem, driving while impaired is not just from alcohol. Prescription drugs, over-the-counter medications, and cannabis products may also impair. If you plan on drinking or taking medications with a driving warning label, let someone sober drive. If you see someone driving impaired, call 9-1-1.

Share your thoughts about impaired driving by participating in the Go Safely Movement, a call-to-action traffic safety survey from the California Office of Traffic Safety. Take the survey at gosafelyca.org.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.
