

Finances

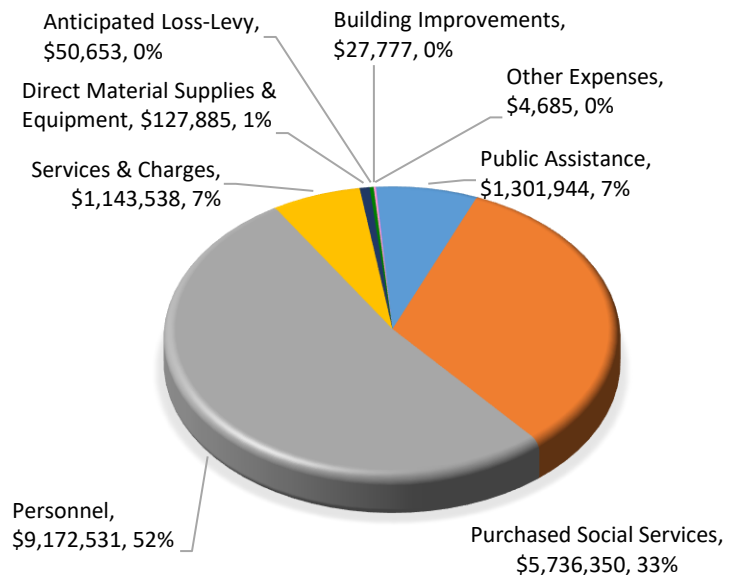

Minnesota has a state-supervised, county administered social service system. There are strict reporting requirements for data collection by the state. KCHHS is required to submit timely revenue and expenditure reports to the Department of Human Services and the Department of Health, who in turn, produce timely outputs for use by the legislature, state agencies, and the counties.

KCHHS has been challenged by reduced funding during times of increased demand for services in the past few years. Despite year-to-year variations, the County can expect to see a continued decrease in funding from the State and an increase in the financial obligations given to the County.

2018 Human Services Total Revenues

2018 Human Services Total Expenditures

Highlights

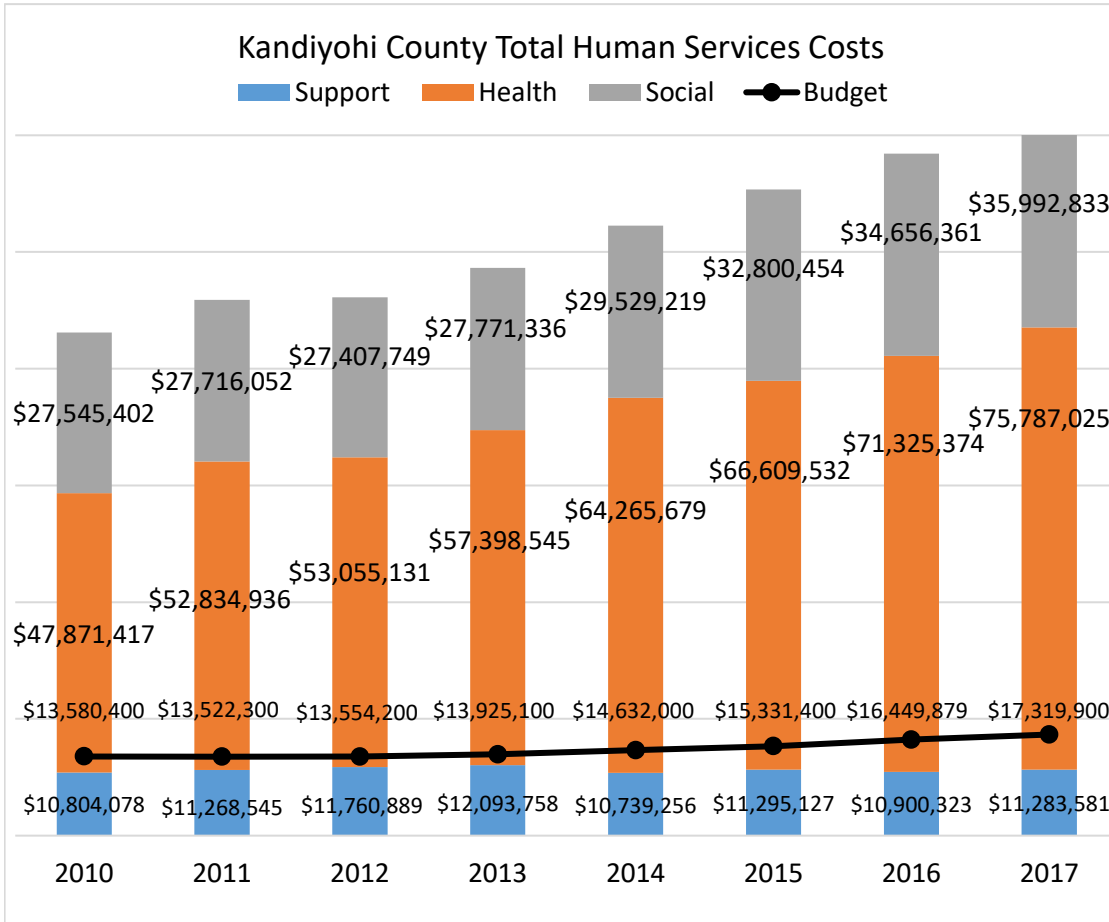

Social Service Fees: Minnesota Statute 256M.60, subdivision 6 states that the county board may establish a schedule of fees based upon client's ability to pay to be charged to recipients of children and community services. Payment, in full or in part, for services may be accepted from any person or families whose adjusted gross household income is below the federal poverty level. There are additional statutes, 252.27 and 260C.331, and administrative rules, 9550.6220-9550.6240, that explain fees for children in 24-care outside the home.

Indian Children Welfare Act (ICWA): For aid payable in calendar year 2018 and thereafter, the Minnesota Department of Revenue must reimburse each county agency its proportionate share of the \$5 million annual appropriation that remains after aid for the two American Indian Child Welfare Initiative tribes has been paid. Each county agency's proportionate share is based on its nonfederal share of the cost for out-of-home placement of Indian children in the county in the previous calendar year. Kandiyohi County's share of the 2018 appropriation was \$1,331.

Finances

Human Service benefits for Kandiyohi County residents in calendar year 2017 were **\$123,063,439**.

The **COST SHARES** for this funding was 49% federal, 45% state, 5% county and 1% miscellaneous.

While there are many factors that help determine the minimum fund balance needed to maintain financial health, the Office of the State Auditor recommends that at year-end, local governments maintain unreserved fund balances in their General Fund and Special Revenue Funds of approximately 35 to 50 percent of operating revenues, or no less than five months of operating expenditures.

For every \$1 of local property tax levy spent on Human Services in Kandiyohi County 2017

36 cents are spent on Children's Services (primarily child protection) directed toward the well-being of children. Children's Services include Adoptions, Child Protection, Adolescent Life Skills Training, MA (waivered) services, and Child Welfare – Targeted Case Management.

29.8 cents are spent on Mental Health (adult and children) activities, support and treatment of those who have or may be diagnosed as having mental illness and children who have or may be diagnosed as having emotional disturbance. Services include Mental Health Residential/Day Treatment, Community Support Services, Family Community Support Services, and Rule 79 Targeted Case Management.

13.4 cents are spent on all Support Programs, including Minnesota Family Investment Program (MFIP), Minnesota Supplemental Aid, General Assistance, Supplemental Nutrition Assistance Program (SNAP), Child Support Enforcement and Group Residential Housing. MFIP is the state's welfare reform program. MFIP helps families work their way out of poverty by expecting, supporting and rewarding work. Directed benefits include food support and cash assistance.

7.4 cents are spent on Chemical Dependency Services directed toward the amelioration and treatment of problems related to alcohol and drug abuse or dependency. It includes services such as a Rule 25 Assessment, Detoxification, or CD Halfway House. Also included are the facilitative, supportive, administrative, and other functions necessary to pursue these activities.

6.1 cents are spent on Adult Services for the elderly or disabled to assist them to remain in the community and avoid nursing home placement. Adult Services include Adult Protection Assessment/Investigation, Nursing Home Pre-Admission Screening, Adult Day Care, Congregate Meals, Case Management, Targeted Case Management, and MA Services.

5.8 cents are spent on Medical Assistance (MA) Services. MA provides for health, dental care, and skilled nursing facilities (nursing homes) for individuals or families who qualify in Minnesota.

0.8 cents are spent on Child Care activities and related MFIP employment and training costs. MFIP and Basic Sliding Fee child care costs along with MFIP employment assistance services constitute the major costs in this program.

0.7 cent is spent on Developmental Disabled Services that support people with disabilities, including developmental disabilities, chronic medical conditions, acquired or traumatic brain injuries and physical disabilities. Services Include Home-based Support Services, Screening, MA services, Adult Day Training and Habilitation, Semi-Independent Living Skills and Targeted Case Management.

For every \$1 spent on Human Services in Kandiyohi County 2017

61.6 cents are spent on Medical Assistance (MA) Services. MA provides for health, dental care, and skilled nursing facilities (nursing homes) for individuals or families who qualify in Minnesota.

10.9 cents are spent on Adult Services for the elderly or disabled to assist them to remain in the community and avoid nursing home placement. Adult Services include Adult Protection Assessment/Investigation, Nursing Home Pre-Admission Screening, Adult Day Care, Congregate Meals, Case Management, Targeted Case Management, and MA Services.

9.2 cents are spent on all Support Programs, including Minnesota Family Investment Program (MFIP), Minnesota Supplemental Aid, General Assistance, Supplemental Nutrition Assistance Program (SNAP), Child Support Enforcement and Group Residential Housing. MFIP is the state's welfare reform program. MFIP helps families work their way out of poverty by expecting, supporting and rewarding work. Directed benefits include food support and cash assistance.

7.2 cents are spent on Developmental Disabled Services that support people with disabilities, including developmental disabilities, chronic medical conditions, acquired or traumatic brain injuries and physical disabilities. Services Include Home-based Support Services, Screening, MA services, Adult Day Training and Habilitation, Semi-Independent Living Skills and Targeted Case Management.

4.5 cents are spent on Mental Health (adult and children) activities, support and treatment of those who have or may be diagnosed as having mental illness and children who have or may be diagnosed as having emotional disturbance. Services include Mental Health Residential/Day Treatment, Community Support Services, Family Community Support Services, Rule 79 Targeted Case Management.

4.1 cents are spent on Children's Services (primarily child protection) directed toward the well-being of children. Children's Services include Adoptions, Child Protection, Adolescent Life Skills Training, MA (waivered) services, and Child Welfare – Targeted Case Management.

1 cent is spent on Chemical Dependency Services directed toward the amelioration and treatment of problems related to alcohol and drug abuse or dependency. It includes services such as a Rule 25 Assessment, Detoxification, or CD Halfway House. Also included are the facilitative, supportive, administrative, and other functions necessary to pursue these activities.

1.5 cents are spent on Child Care activities and related MFIP employment and training costs. MFIP and Basic Sliding Fee child care costs along with MFIP employment assistance services constitute the major costs in this program.

For every \$1 spent on Public Health in Kandiyohi County 2017

42.1 cents are spent on promoting Healthy Communities through activities that improve health in our community, such as home visiting to expectant mothers and families; the promotion of breastfeeding, infant, Women Infants and Children (WIC) Program, Follow Along Program, and Teen Parent Home Visiting.

15 cents are spent on Preventing the Spread of Communicable Disease by surveillance and assessment, ensuring reporting, preventing the transmission of infectious diseases, and implementing control measures during infectious disease outbreaks. Education about and provision of immunizations, tuberculosis screenings and medication administration, and refugee health activities.

13 cents are spent on Assuring Health Services Birth Defects Information System (BDIS) activities provide information and resources to parents of identified newborns. The Child and Teen Checkups (CT&C) Program provides medical, eye and dental exams for eligible children and teens and assuring that correctional health services are available to youth in local secure and non-secure residential living facilities.

11.3 cents are spent on Assuring an Adequate Local Public Health Infrastructure by maintaining the foundation of a well-functioning public health system. This includes assessment and planning; partnership development and community mobilization; policy development, analysis, and decision support; communication; and public health research, evaluation, quality improvement and the development of future public health staff.

12 cents are spent on promoting Healthy Behaviors through activities that improve health in our community, such as infant and child car seat education, the Statewide Health Improvement Program (SHIP), and the Drug Free Communities Coalition.

4.6 cents are spent on Protecting Against Environmental Health Hazards by providing environmental health services, including: licensing and inspection of food, beverage, lodging establishments and tobacco retailers; food and waterborne disease investigation; radiation, occupational health hazards, and public health nuisances investigation; radon education and other environmental public health concerns.

2 cents are spent on Preparing for and Responding to Emergencies by engaging in activities that prepare public health staff and the community to respond to events and assist in recovery. Some of these activities are providing leadership for public health preparedness activities with a community; developing, exercising, and periodically reviewing response plans for public health threats; and developing and maintaining a system of public health workforce readiness, deployment, and response.

Fiscal Year 2017

2017 Minnesota County Human Services Cost Report Kandiyohi County

What is the Human Service Cost Report?

Each year, the Department of Human Services issues the Minnesota County Human Service Cost Report. This report provides an accurate representation of the costs and revenue sources involved in providing human service programs in Minnesota. Data is reported by county and by revenue source, and provides cost per capita data for comparison. The report includes a summary of all Human Services costs as well as program specific data for:

- ✚ **Support Programs** – Administered at the county level, but benefits are primarily funded by state and federal funds. County contribution is a percentage of the cost of determining eligibility and processing benefits.
- ✚ **Health Programs** – Administered at the county level, but benefits are primarily funded by state and federal funds. County contribution is a percentage of the cost of determining eligibility and processing benefits.
- ✚ **Social Service Programs** - Programs are dependent on county funding for services to a much greater extent.

How Does Kandiyohi County Compare?

- ✚ Kandiyohi County has traditionally ranked in the middle of Minnesota Counties in per capita human services expenditures. In 2017, Kandiyohi County was ranked at 50th out of 87 counties in per capita expenditures (#1 ranking as the least dollars spent.)
- ✚ Statewide, Social Service Programs showed an overall increase in spending of \$279.6M (+6.78%) in 2017. Kandiyohi County Social Service Programs increased by \$1.3M from 2016.
- ✚ Statewide, Health Care Programs which is only the Medical Assistance program, showed an increase in costs of 4.8%. Health Care Programs were the largest share (61.6%) of total Kandiyohi County Human Services spending. Kandiyohi County was ranked at 49th in overall Health Care Programs per capita cost among the 87 counties at \$1,772 compared with the highest total Health Care Programs cost at \$4,066. The Kandiyohi County per capita portion of total Health Care Programs cost was \$9 compared to the highest (\$36) and lowest (\$5) per capita county portion.
- ✚ Total Support Programs statewide showed an increase in spending of about \$3M (+.23%) which is an increase from the \$700 K (-.05%) decrease in 2016. Kandiyohi County's Support Programs spending decreased from 10.2% to 9.3%.
- ✚ The overall total Human Services Cost per capita for Kandiyohi County increased from \$2,751 in 2016 to \$2,877 in 2017. The county portion of total cost increased from \$153 to \$156 per capita during this same timeframe.

The Human Services cost data includes all service costs administered by the county to individuals who are residents or the responsibility of the county. This includes expenditures by the state of federal and state funds authorized by the county.

2017 Total Human Services Costs by Program Category

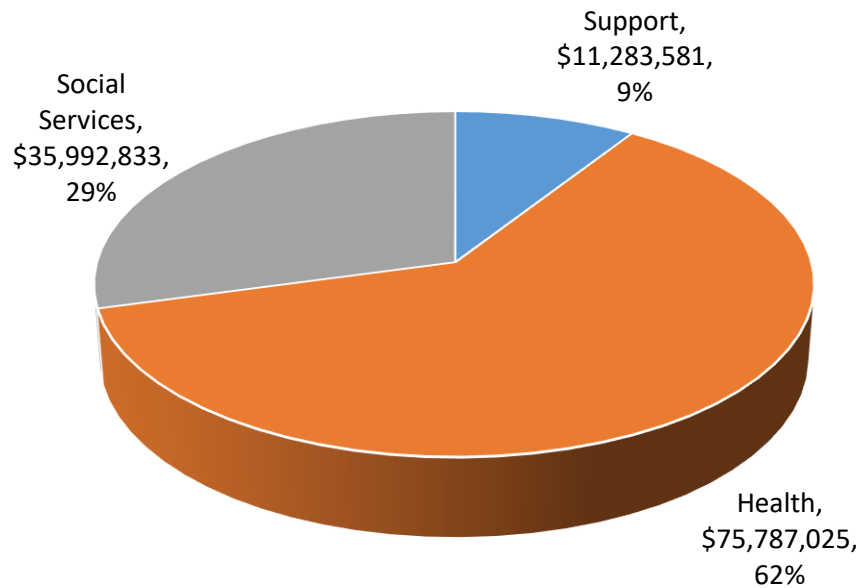

DHS Centralized Expenditures (Costs) are payments made by the Minnesota Department of Human Services (DHS), on behalf of the counties, but sent directly to vendors or client recipients. Counties do not "see" this money so it is not included in their records or reports.

Support Program: Centralized costs are payments for Minnesota Family Investment Program (MFIP), Supplemental Nutrition Assistance Program (SNAP), General Assistance (GA), Group Residential Housing (GRH) and Minnesota Supplemental Aid (MSA).

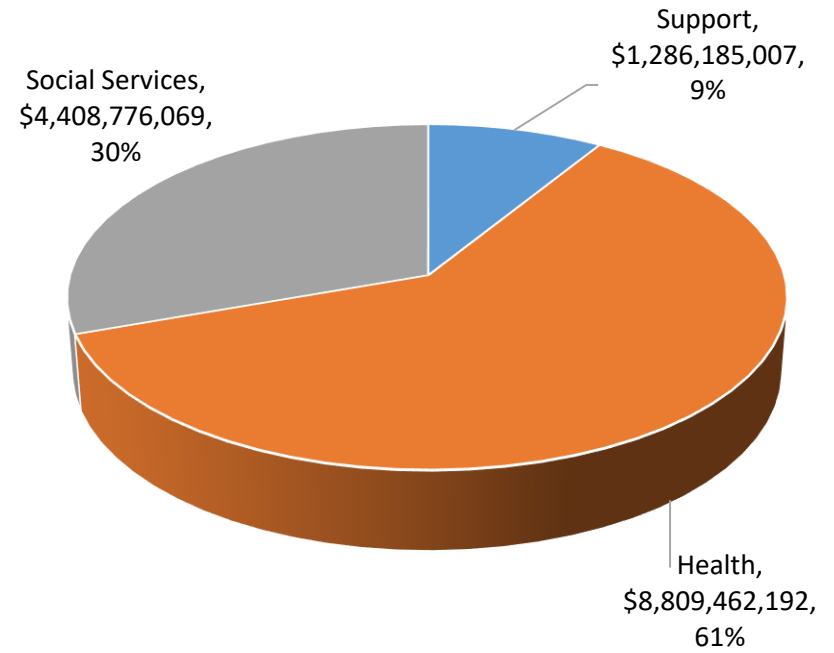

Health Care Program: Centralized costs include Medical Assistance (MA) and State Absorbed Costs for county clients in state operated services (SOS) facilities and other residential settings

Social Service Program: Centralized costs include consolidated Chemical Dependency Treatment Fund (CCDTF) payments, Consumer Support General Payments and MEC² child care payments

How is the funding spent?

For Every \$1 Spent on Human Services in Kandiyohi County

For Every \$1 of Local Property Tax Levy Spent on Human Services in Kandiyohi County

Support Programs

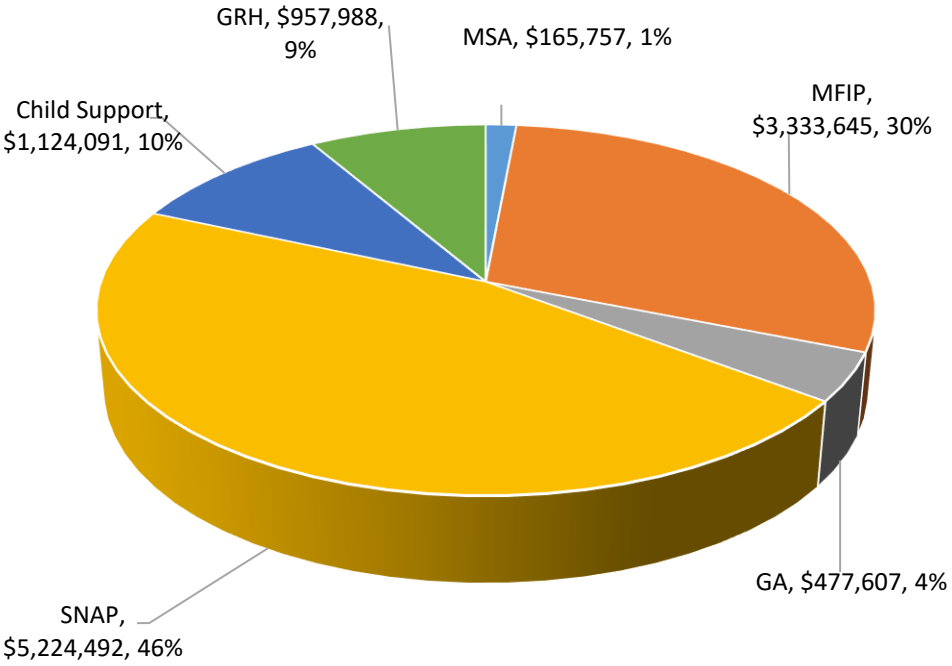

Support Programs are state and federal programs that provide for basic income supports for individuals and families with limited resources. Counties pay a portion of the cost of administering the programs. Most benefits are state and federal funds.

Support Programs cost: Kandiyohi County: \$11,283,581 (9.2%) and State \$1,286,185,007 (8.9%). These programs include:

Minnesota Supplemental Aid (MSA)	Minnesota Family Investment Program (MFIP)	General Assistance (GA)	Supplemental Nutrition Assistance Program (SNAP)	Child Support Enforcement (Title IV-D)	Group Residential Housing (GRH)
Provides payments to aged, blind or disabled person to supplement available income up to the state's public assistance standards.	MFIP is the state's welfare reform program. MFIP helps families work their way out of poverty by expecting, supporting and rewarding work. Directed benefits include food support and cash assistance. MFIP clients also receive Medical Assistance (MA), child care help and employment services. MFIP food support costs are reported under this program but are shown separately under centralized costs. Refugee Cash Assistance payments are included under MFIP since these costs are not material enough to warrant separate program reporting.	This program provides case payments to persons who do not qualify for federal categorical assistance but meet the State General Assistance requirements, including emergency payments. This program also includes payments made out of General Relief (shown as county public aid) which is funded by the county.	This program helps low-income people purchase food to meet their nutritional needs and is funded by the U.S. Department of Agriculture and operates under federal policy direction. In Minnesota, county human service agencies administer the program under the supervision of DHS. Benefits are based on the income and number of persons in the household and are issued through the Electronic Benefit Transfer (EBT) system. The benefits are available on an EBT card (similar to a debit card) and are accessed at the retailer when food is purchased. Families who receive MFIP benefits receive their food assistance through that program rather than through the traditional SNAP Program. Able-bodied adults who are not otherwise exempt are required to participate in the county's SNAP Employment and Training (SNAP E&T) Program. This program assists participants to prepare for and find employment so that the participant can become self-supporting. Costs for SNAP E&T are shown as county public aid. SNAP E&T is funded with both state and federal funds.	This program provides five major services to public and non-public assistance applicants, all with the purpose of assisting with child support collections. Services include paternity determination, absent parent location, support obligation establishment, enforcement, and distribution.	GRH is designed to provide community-based residential care for those patients who would normally be, or have been, cared for in nursing homes or SOS facilities. This is the fruition of a concerted effort to get intermediate-care patients out of costly segregated facilities and into communities, closer to a home-type environment.

State-wide, Kandiyohi County is ranked 66th (67th in 2016) on a per capita ranking of support program costs by total cost. Least cost being lowest ranking (ranked 1 equals least cost).

Kandiyohi County: 2017 Total Support Program Costs

State of Minnesota: 2017 Total Support Program Costs

Health Care Programs

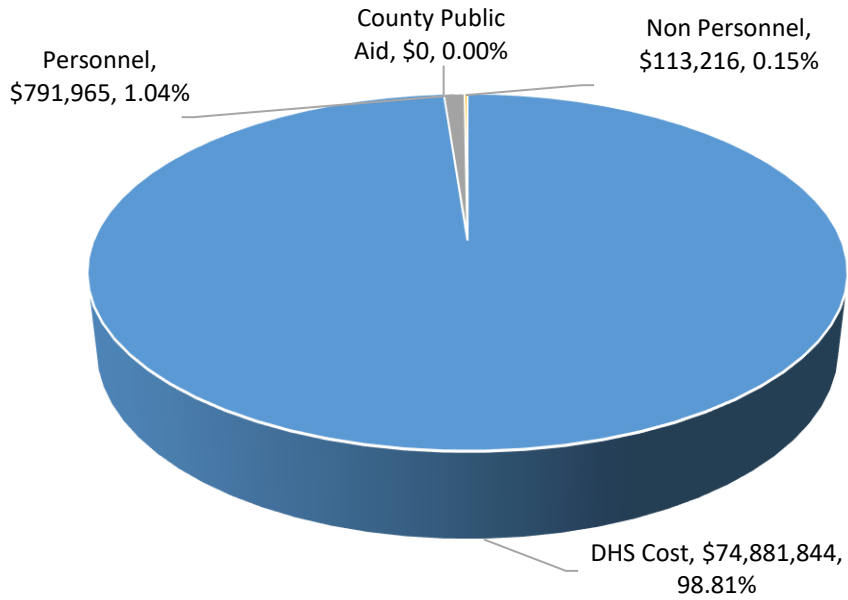

Health Care Programs for Kandiyohi County residents totaled \$75,787,025 in 2017. Like support programs, counties pay a portion of the cost to administer programs, but benefits are primarily paid by state and federal funds. These programs served individuals or families who qualify according to statute as a result of income, age or disability. Programs include nursing homes or other residential care for the elderly and disabled

Health Care Programs costs: Kandiyohi County \$75,787,025 (61.6%) and State \$8,809,462,192 (60.74%). These programs include:

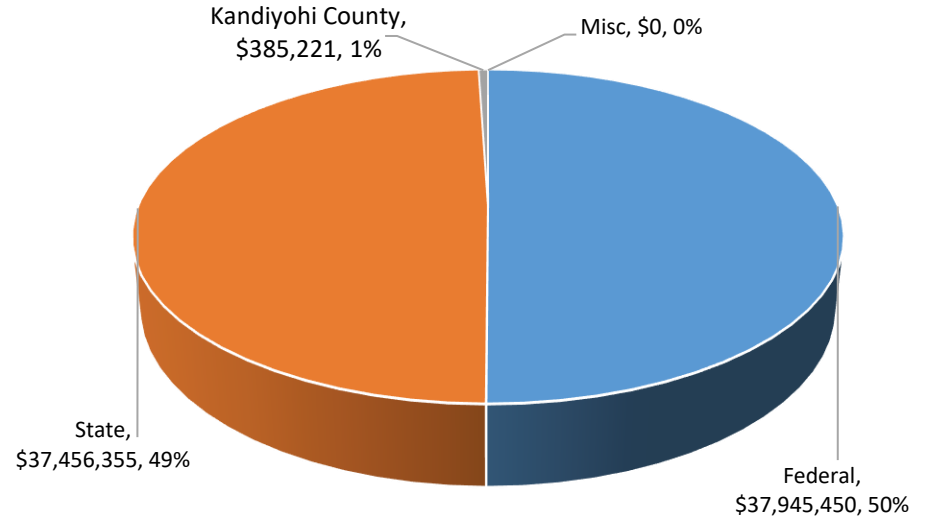

Medical Assistance (MA)	State Absorbed Costs
<ul style="list-style-type: none"> • MA provides payments for health and dental care of individuals or families who qualify according to Minnesota statute. • Care in skilled nursing facilities or intermediate-care facilities is also covered. • This account also includes the costs incurred to provide the Child and Teen Check-up Program for children ages 0 to 21. • The costs of the so-called "MA Waivered" services (MA-funded social services to assist clients in staying in the community rather than using expensive, restrictive medical facilities), certain MA screenings, and MA Case Management services are included in social services rather than here. • If a county paid their county revenue share (billed by DHS) for certain clients in nursing or intermediate care facilities through their MA account, these costs are shown here under county public aid. 	<p>State Absorbed Costs for county clients in state operated services (SOS) facilities and other residential settings</p>

State-wide, Kandiyohi County is ranked 49th (44th in 2016) on a per capita ranking of health care program costs by total cost. Least cost being lowest ranking (ranked 1 equals least cost).

Social Services Programs

Social Services Programs are required by statute. Unlike health and support services, social services are funded to a much greater extent by the county. The county social service total does include the health care cost paid by the state through waivers for providing community based care for the elderly and disabled as an alternative to nursing home care.

Social Services Programs: Kandiyohi County: \$35,992,833 (29.25%) and State \$4,408,776,069 (30.39%). These programs include:

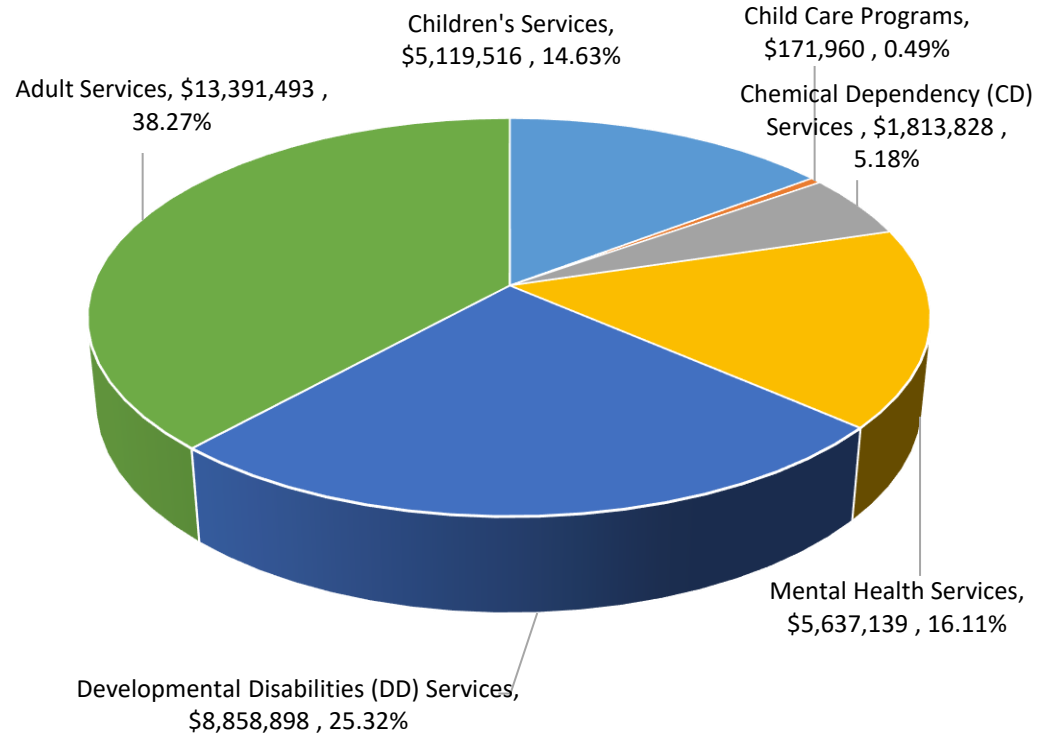

Children's Services	Child Care	Chemical Dependency (CD)	Mental Health	Developmental Disabilities (DD)	Adult Services
Includes social service activities directed toward the well-being of children. It includes services such as Adoptions, Child Protection, Adolescent Life Skills Training, MA (waivered) services, and Child Welfare – Targeted Case Management. Also included are the facilitative, supportive, administrative, and other functions necessary to pursue these activities.	Consists of child care activities and related MFIP employment and training costs. MFIP and Basic Sliding Fee child care costs along with MFIP employment assistance services constitute the major costs in this program. Child care payments made directly to providers through the Minnesota Electronic Child Care (MEC2) payment system are reflected here under centralized costs.	Includes social service activities directed toward the amelioration and treatment of problems related to alcohol and drug abuse or dependency. It includes services such as a Rule 25 Assessment, Detoxification, or CD Halfway House. Also included are the facilitative, supportive, administrative, and other functions necessary to pursue these activities.	Includes social service activities directed toward the support and treatment of adults who have been or may be diagnosed as having mental illness and children who have been or may be diagnosed as having emotional disturbance. This includes services such as Mental Health Residential and Day Treatment, Community Support Services, Family Community Support Services, and Rule 79 (Targeted) Case Management. Also included are the facilitative, supportive, administrative, and other functions necessary to pursue these activities.	Includes social service activities that support people with a variety of disabilities, including developmental disabilities, chronic medical conditions, acquired or traumatic brain injuries and physical disabilities. This includes services such as DD Home-based Support Services, DD Screening, MA (waivered) services, Adult Day Training and Habilitation (DAC), Semi-Independent Living Skills (SILS), and VA/DD Targeted Case Management. In the case of children, this program area also includes services directed toward the support of the families involved. Also included are the facilitative, supportive, administrative, and other functions necessary to pursue these activities.	Includes social service activities directed toward the support of adults who are not in the Chemical Dependency, Mental Health, and Developmental Disabilities Program Areas. This includes Adult Protection Assessment/Investigation, Nursing Home Pre-Admission Screening, Adult Day Care, Congregate Meals, Case Management, VA/DD Targeted Case Management, and MA (waivered) services.

State-wide, Kandiyohi County is ranked 45th (46th in 2016) on a per capita ranking of social services program costs by total cost. Least cost being lowest ranking (ranked 1 equals least cost).

Kandiyohi County's Portion of Social Services Expenditures

It is important to note that Social Services brings a great deal of funds into the county, almost \$36 million in 2017. For the most part, these funds do not go through the county budget, but directly to housing services, vendors providing services to clients and staffing. These funds have a direct economic benefit on the county.

2017 Kandiyohi County Social Services Costs

Program	Percent of Total Social Services	Total Cost in Kandiyohi County	Federal Revenue Share	State Revenue Share	County Revenue Share	Misc. Revenue Share
Children's Services	14.16%	\$5,119,516	\$1,275,359	\$1,355,039	\$2,398,271	\$90,848
Child Care Programs	3.88%	\$171,960	\$790,171	\$322,930	\$52,094	\$6,765

2017 Total Human Services Federal Revenue Share by Program Category

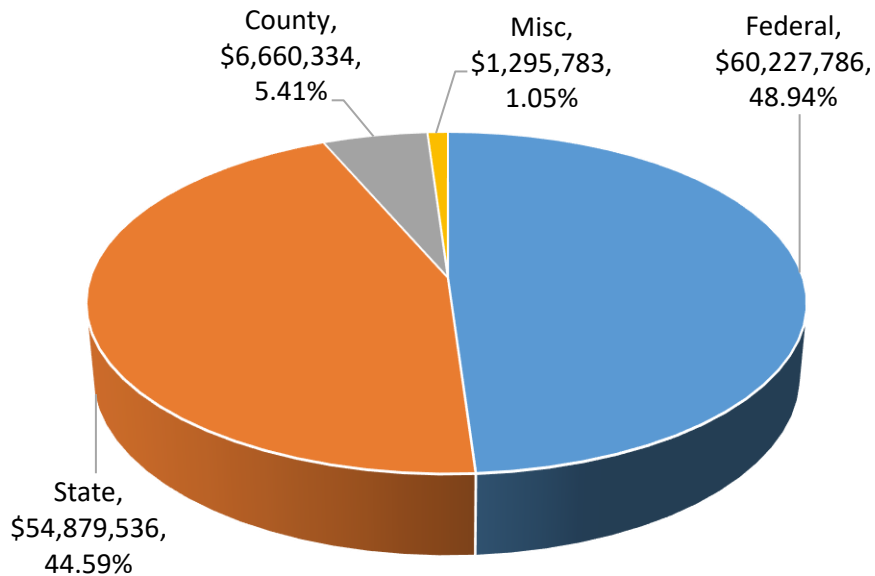

Federal Revenue Share includes all funds received by counties from the federal government through DHS for the various human services programs.

State Revenue Share includes all revenue received by counties from DHS for the various human services programs. Included under MA and Social Services are the various DHS centralized disbursements. Also included are state revenues for MSA, MFIP, GA and GRH MAXIS centralized disbursements.

County Revenue Share is the portion of net county expenditures paid for by the county may have been paid with property taxes collected, state shared revenue, a portion of the county's fund operating balance, or possibly even loans against expected future revenue. These are cash based figures and therefore may be agree with county financial statements based on accruals.

Miscellaneous Revenue Share includes that portion of net expenditures paid for by child Support payments, estate settlements, insurance, client fees, private grants or donations, or other sources not included in federal, state, or county revenue share.
