

GETTING INVOLVED

AN OVERVIEW OF THE 2023 KERSEY HOUSING ASSESSMENT

WHAT IS THE PROJECT?

The Kersey Housing Assessment will identify community housing needs, offer strategies to address housing needs, and provide recommendations on how Kersey can confront pressing issues with workforce housing, senior housing, and other housing needs in the community.

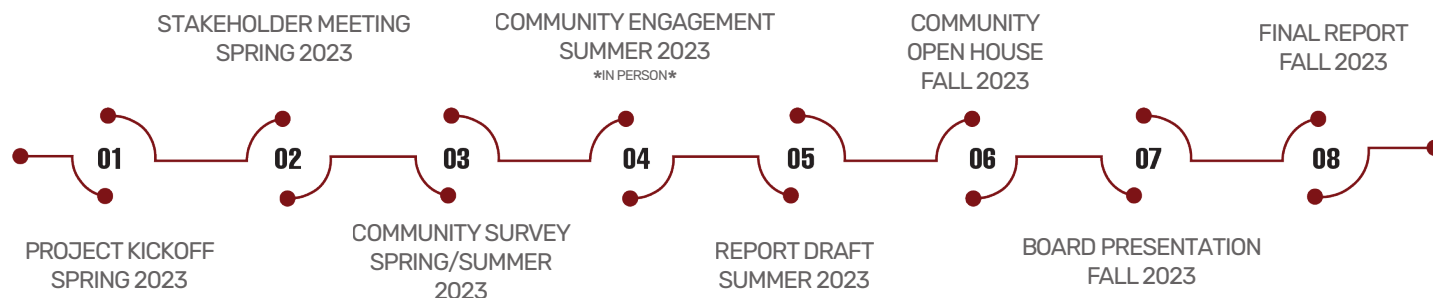

HOW CAN I BECOME INVOLVED?

The timeline below provides an overview of major project milestones and targeted community engagement activities. Events and activities will be posted to the Town's social media and project website. A community survey is now live and will remain open through summer 2023.
