Regina Bridghette Lang hereby submits a proposal to the Mason County Fiscal Court to assist with coordination of local efforts related to the Colonel Charles Young Cabin and the adjoining 38 acres of land, owned by The Mason County Fiscal Court.

Possible coordination activities could include the following:

Planning

1. Working closely with the Court appointed advocate and former Fiscal Court Judge, Gallenstein to coordinate local (Mason County) committee meetings, gather citizen feed-back data and strategize initiatives which will serve the interest of Mason County Fiscal Court and its citizens;

2. Collaborating with others who are working (regionally, nationally and internationally) on similar initiatives which seek to highlight the life and accomplishments of Buffalo Soldier, Colonel Charles Young;

Research

3. Researching grants and exploring other revenue streams (private and government sources) that might be utilized to meet short-term and long-term goals related to the above mentioned property;

4. Initiating research on the history of the cabin & associated land; located in Mayslick Kentucky and possibly conducting a feasibility study to determine best uses of the property, in the future, and present the findings to the Fiscal Court;

Publicity/Media

5. Collaborating with the local planning committee to strategize how to best utilize various types of publicity (social media, website, news media, etc.) to highlight local goals and initiatives in the coming months and beyond.

Remuneration: To be determined, on a contract by contract basis; at such time when the project goals and objectives are more clearly defined. Possible funding sources: grants, fundraising, and other such activities.
