SECTION 5: APPORTIONMENT.

1. When compensation is paid or payable for work done or services performed or rendered by an employee, both within and outside the County, the license tax shall be measured by that part of the compensation paid or payable as a result of work done or service performed or rendered within the County. The license tax shall be computed by obtaining the percentage which the compensation for work performed or services rendered within the County bears to the total wages and compensation paid or payable. In order for the County to verify the accuracy of a taxpayer's reported percentages under this subsection, the taxpayer shall maintain documentation

and records of work performed by employees both within and outside the County.

SECTION 6: EMPLOYERS TO WITHHOLD.

1. Every employer making payment of compensation to an employee shall deduct and withhold upon the payment of the compensation any tax imposed against the compensation by the County. Amounts withheld shall be paid to the County in accordance as provided by this Ordinance.

8. Officers of corporations and members of limited liability companies, or others holding equivalent positions in any business entity subject to this ordinance shall be personally and individually liable, both jointly and severally, for any tax required to be withheld from compensation paid to one or more employees of any business entity, and neither the dissolution or withdrawal of the business entity from the County, nor the cessation of holding and corporate office, shall discharge that liability of any person; provided that the personal and individual liability shall apply to each or every person holding the corporate office at the time the tax becomes or became obligated. No person shall be personally and individually liable under this subsection who had no authority to collect, truthfully account for, or pay over any tax imposed by this ordinance at the time that the taxes imposed by this ordinance become or became due.

The payment required to be made by an employee, can be made quarterly, for the periods ending March 31st, June 30th, September 30th, and December 31st of each year, or at any time the employee wishes to make an estimated payment for the year in which wages are earned. All license fees must be received by February 28th for the preceding calendar year, together with a copy of the employee's W-2 form. Employers not required to withhold, report, or pay the license fee must annually during the month of January of each year, make a return to the Occupational Tax Administrator, in which is set forth the name and social security number of each employee of the employer during the preceding calendar year, giving the amount of salaries, wages, commissions or other compensation earned during such preceding year by each such employee.
