Jan. – May 2022  
Vol. 7 Issue 1

The Muskegon Area District Library connects a diverse community  
to resources and services that educate, inform, enrich and entertain.

## FROM THE DIRECTOR **An Update from Kelly Richards**

### NEW Strategic Plan: 2022–2025

I have loved and cherished the past seven years as the Director of the Muskegon Area District Library (MADL). I have been blessed to lead a team of great employees to shepherd the organization through many significant changes. The Library Board has been very forward thinking for the citizens of Muskegon County. The Board and staff listened to your requests and we accomplished many of them. This time with you has been awesome and my greatest experience in the library world. In January, I will be leaving MADL to start a new incredible adventure serving as the President and Director at the Free Library of Philadelphia. How that happened is fantastic but a story for another day.

During the past several months, we embarked on an ambitious strategic planning process which included collecting valuable information from our community through surveys

and focus groups about the needs and wants for the future. We truly appreciate the participation from our community. The plan will also consider your needs from MADL as we navigate our way through Covid.

This year, MADL will begin to implement the new Strategic Plan, which will help chart its direction and focus on key goals. The Plan guides the decision-making to deliver the best possible services for the community at large. Concurrently, an Implementation Plan will be finalized. The Implementation Plan will serve as a means of monitoring and measuring success in progressing towards, and reaching the established Goals over the next three years. There will be many new initiatives to help make MADL one of the most effective and vital public libraries for the residents in our community.

of events at all branches!**

## NEW iPad Kits Now Available for Check Out

MADL is making it easy to bring accessible devices and internet access with you wherever you go. The new MADL iPad Kits contain everything you need to work, learn, or play anywhere you happen to be. Each kit includes a 10-inch iPad, wireless mouse and keyboard, a hotspot, and a convenient carrying case. A “Getting Started” guide is also included for those who are new to iPads, and it includes simple steps to get you started as well as information on how to connect to the library for one-on-one help. All MADL cardholders in good standing will be able to place a hold on an iPad Kit through the MADL catalog or by calling their favorite MADL branch.

*Funding is provided in part by the Institute of Museum and Library Services through the Library of Michigan.*

## New Look at the Montague Branch

*When you visit the Montague branch, you may feel a calm wash over you. Inside you will enjoy stepping onto freshly installed new carpeting. You'll find yourself surrounded by newly painted walls in various shades of blue. The recently renovated branch has a way of making you feel at home—your home away from home.*

## Early Literacy Stations with S.T.R.E.A.M

**Fun for Kids at all branch  
locations!**

Our AWE Learning Stations are now installed with the latest updates for kids to enjoy whenever the libraries are open. The children's computers feature over 100 educational titles. A child sized colorful keyboard and mouse make it easy to use. They are equipped with all kinds of content, everything from learning letters and their sounds to learning about privacy online, and learning how to code. Here are some of the games—ABC Trains, Connect the Dots, Fingertapps Paints, Our World.

# 1000 BOOKS BEFORE KINDERGARTEN

MADL is joining hundreds of libraries in a national early literacy program, 1,000 Books Before Kindergarten, which promotes reading to newborns, infants, and toddlers and encourages parent and child bonding through reading.

Numerous studies estimate that as many as one in five children have difficulties learning to read. Reading has been associated as an early indicator of academic success. Public formal education does not typically start until ages 5–6, making parents and caregivers their children’s first teachers during the critical early years.

The 1000 Books Before Kindergarten challenge is a simple and fun way (read a book, any book, to your child with the goal of reading 1,000 before kindergarten) to establish strong early literacy

skills. Repetition is great for young children so you can count a book EVERY time you read it to your child. By participating, you can help young children gain the confidence necessary to become strong readers.

## ***Coming in February***

To join this program, simply go to [madl.org/1000books](http://madl.org/1000books), register on the Beanstack app to track your activity, and start reading. If you have trouble with the Beanstack app, visit your local MADL Branch and they can help. Optional paper reading logs are available at MADL Branches so children can watch their reading progress. Stop by a MADL Branch to get a reading log and receive a brag tag for each 100 books read. After your child logs 1,000 books, they will earn a great new backpack for school.

***It's never too early to start reading to your children!***

## **FROM THE DIRECTOR**

*continued from page 1*

Without a doubt, the way in which people use the library has changed. Check-out of physical library materials (books, audiobooks, movies, etc.) has decreased over the years, and the use of digital content (e-books, e-audiobooks, e-magazines, downloadable music and movies, etc.) has been on the rise. MADL has been innovative in bringing new services and programs to meet the needs of its diverse communities and will embrace new opportunities in promoting literacy from early childhood through adulthood.

MADL takes pride in serving Muskegon County now and well into the future and its **NEW** Strategic Plan will guide its commitment to the community in which it serves. I hope the best for you and your family. I will be back to visit this awesome community and lakeshore as often as I can. Thank you.
