Search Institutions

To search for an institution use any or all of the fields below and click the search button. Hints:

- When searching for a school, try searching by state first for best results, but try more than one possibility if nothing comes up.
- When searching for a loan holder, enter the first letter of the name (there may be more than one version of it; for example, AES and American Educational Service). Loan holders may have multiple addresses in this system, (for example, Navient has a commercial address in Pennsylvania and a Department of Education loan address in Georgia).
