STATE OF TEXAS
CITY OF PAMPA

TAX ABATEMENT GUIDELINES AND CRITERIA

(Texas Tax Code Chapter 312)

City of Pampa (the “City”) is committed to the promotion of quality development in all parts of City of Pampa and to improving the quality of life for its citizens. In order to help meet these goals, the City will consider providing Tax Abatements (as defined below) to stimulate economic development. It is the policy of the City that such an incentive will be provided in accord with the guidelines and criteria outlined in this document. All applicants for Tax Abatements shall be considered on an individual basis.

In order to be eligible for designation as a Reinvestment Zone and receive Tax Abatement, and unless otherwise approved by the City, the planned improvement:

1. must be an Eligible Facility (as defined below);

2. must add at least One Hundred Thousand Dollars ($100,000.00) to the tax roll of eligible property; and

3. must be reasonably expected to have an increase in positive net economic benefit to City of Pampa of at least Five Hundred Thousand Dollars ($500,000.00) over the life of the Abatement, computed to include (but not limited to) new sustaining payroll and/or capital improvement.

In addition to the criteria set forth above, the City reserves the right to negotiate a Tax Abatement Agreement in order to compete favorably with other communities.

Only that increase in the fair market value of the property that is a direct result of the development, redevelopment, and improvement specified in the Agreement will be eligible for Abatement and then only to the extent that such increase exceeds any reduction in the fair market value of the other property of the applicant located within the jurisdiction creating the reinvestment zone.

All Tax Abatement Agreements will remain in effect no longer than allowed by law.

It is the goal of the City to grant Tax Abatements on the same terms and conditions as the other taxing units having jurisdiction of the property. However, nothing herein shall limit the discretion of the City to consider, adopt, modify, or decline any Tax Abatement request.

This policy is effective as of the 12th day of April, 2021, and shall at all times be kept current with regard to the needs of City of Pampa and reflective of the official views of the City, and shall be reviewed every two (2) years.
The adoption of these guidelines and criteria by the City Commission does not:

1. limit the discretion of the governing body to decide whether to enter into a specific Tax Abatement Agreement;

2. limit the discretion of the governing body to delegate to its employees the authority to determine whether or not the governing body should consider a particular application or request for Tax Abatement; or

3. create any property, contract, or other legal right in any person to have the governing body consider or grant a specific application or request for Tax Abatement.

D. "Eligible Facilities" means new, expanded, or modernized buildings and structures, including fixed machinery and equipment, which is reasonably likely as a result of granting the Abatement to contribute to the retention or expansion of primary employment or to attract major investment in the reinvestment zone that would be a benefit to the property and that would contribute to the economic development of City of Pampa. Eligible facilities may include, but shall not be limited to a(n):

C. New and Existing Facilities. Abatement may be granted for the additional value of eligible property improvement(s) made subsequent to and specified in an Abatement Agreement between the City and the property owner or lessee, subject to such limitations as the City may require.

D. Eligible Property. Abatement may be extended to the value of new, expanded, or modernized buildings, structures, fixed machinery and equipment, site improvements, and related fixed improvements necessary to the operation and administration of the facility, and all other real and tangible personal property permitted by Chapter 312 of the Texas Tax Code.

E. Ineligible Property. The following types of property shall be fully taxable and ineligible for Tax Abatement: land; animals; inventories, supplies; tools; furnishings; vehicles; vessels; aircraft; single family owner occupied housing or residential property; single family housing or residential property to be rented or leased; property to be rented or leased, except as provided in Section II(F); property owned or used by the State of Texas.

F. Owned/Leased Facilities. If a leased facility is granted Abatement, the Agreement shall be executed with the lessor and the lessee. If the land is leased, but the facility constructed or installed thereon is owned by the lessee, the lessee shall execute the Agreement.

G. Economic Qualifications. In order to be eligible for designation as a reinvestment zone and receive Tax Abatement, the planned improvement:
must be an Eligible Facility;

must add at least One Hundred Thousand Dollars ($100,000.00) to the tax roll of eligible property; and

must be reasonably expected to have an increase in positive net economic benefit to City of Pampa of at least Five Hundred Thousand Dollars ($500,000.00) over the life of the Abatement, computed to include (but not be limited to) new sustaining payroll and/or capital improvement. The creation of new jobs will also factor into the decision to grant an Abatement.

H. Standards for Tax Abatement. The following factors, among others, will be considered in determining whether to grant Tax Abatement:

value of existing improvements, if any;

type and value of proposed improvements;

productive life of proposed improvements;

number of existing jobs to be retained by proposed improvements;

number and type of new jobs to be created by proposed improvements;

amount of local payroll to be created;

whether the new jobs to be created will be filled by persons residing or projected to reside within the affected taxing jurisdiction;

amount by which property tax base valuation will be increased during the term of Abatement and after Abatement, which shall include a definitive commitment that such valuation shall not, in any case, be less than One Hundred Thousand Dollars ($100,000.00);

expenses to be incurred in providing facilities directly resulting from the new improvements;

the amount of ad valorem taxes to be paid to the City during the Abatement period considering (a) the existing values, (b) the percentage of new value abated, (c) the Abatement period, and (d) the value after expiration of the Abatement period;

the population growth of City of Pampa that occurs directly as a result of new improvements;

the types and values of public improvements, if any, to be made by applicant seeking Abatement;
(13) whether the proposed improvements compete with existing businesses to the detriment of the local economy;

(14) the impact on the business opportunities of existing business;

(15) the attraction of other new businesses to the area;

(16) the overall compatibility with the zoning ordinances and comprehensive plan for the area; and

(17) whether the project obtains all necessary permits from the applicable environmental agencies.

Each Eligible Facility shall be reviewed on its merits utilizing the factors provided above. After such review, Abatement may be denied entirely or may be granted to the extent deemed appropriate after full evaluation.

I. **Denial of Abatement.** An Abatement Agreement shall not be authorized if it is determined that:

(1) there would be substantial adverse effect on the provision of government services or tax base;

(2) the applicant has insufficient financial capacity;

(3) applicant activities would violate applicable codes or laws; or

(4) any other reason deemed appropriate by the City.

J. **Taxability.** From the execution of the Abatement to the end of the Agreement period, taxes shall be payable as follows:

(1) the value of ineligible property as provided in Section II(E) shall be fully taxable;

(2) the base year value of existing eligible property shall be fully taxable; and

(3) the additional value of new eligible property shall be fully taxable at the end of the Abatement period.

**SECTION III. APPLICATION**

A. Any present or potential owner of taxable property in the City may request Tax Abatement by filing a written application with the City of Pampa.

B. The application shall consist of a business plan of the applicant; applicant’s projections on the employment impact and fiscal impact of the project; a general description of
the new improvements to be undertaken; a descriptive list of the improvements for which an Abatement is requested; a list of the kind, number and location of all proposed improvements of a property; a map and property description; and a time schedule for undertaking and completing the proposed improvements. In the case of modernization, a statement of the assessed value of the facility, separately stated for real and personal property, shall be given for the tax year immediately preceding the application. The City Commission may require such financial and other information as deemed appropriate for evaluating the financial capacity and other factors pertaining to the applicant to be attached to the application.

C. The City shall give notice as provided by the Property Tax Code, including written notice to the presiding officer of the governing body of each taxing unit in which the property to be subject to the Agreement is located, not later than seven (7) days before acting upon the application.

D. The application process described in this Section III shall be followed regardless of whether a particular reinvestment zone is created by City of Pampa or a taxing entity within Gray County. No other notice or hearing shall be required except compliance with the open meetings act, unless the City Commission deem them necessary in a particular case.

SECTION IV. AGREEMENT

A. After approval, the City Commission shall formally pass a resolution and execute an Agreement with the owner of the facility and lessee, as required, which shall:

(1) include a list of the kind, number and location of all proposed improvements to the property;

(2) provide access to and authorize inspection of the property by the taxing unit to insure compliance with the Agreement;

(3) limit the use of the property consistent with the taxing unit's development goals;

(4) provide for recapturing property tax revenues that are lost if the owner fails to make improvements as provided by the Agreement;

(5) include each term that was agreed upon with the property owner and require the owner to annually certify compliance with the terms of the Agreement to each taxing unit; and

(6) allow the taxing unit to cancel or modify the Agreement at any time if the property owner fails to comply with the terms of the Agreement.

SECTION V. RECAPTURE

A. In the event that the applicant or its assignee (1) allows its ad valorem taxes owed to become delinquent and fails to timely and property follow the legal procedures for their protest and/or content; or (2) violates any of the terms and conditions of the Abatement
Agreement and fails to cure during the cure period, the Agreement may be terminated and all taxes previously abated by virtue of the Agreement will be recaptured and paid within thirty (30) days of the termination.

B. Should the City determine that the applicant or its assignee is in default according to the terms and conditions of its Agreement, the City shall notify the applicant in writing at the address stated in the Agreement, and if such is not cured within the time set forth in such notice (the "Cure Period"), then the Agreement may be terminated.

SECTION VI. ADMINISTRATION

A. The Chief Appraiser of the Gray County Appraisal District will annually determine an assessment of the real and personal property comprising the reinvestment zone. Each year, the company or individual receiving Abatement shall furnish the appraiser with such information as may be necessary for the Abatement. Once value has been established, the Chief Appraiser will notify the City Commission of the amount of the assessment.

B. The City may execute a contract with any other jurisdiction(s) to inspect the facility to determine if the terms and conditions of the Abatement Agreement are being met. The Abatement Agreement shall stipulate that employees and/or designated representatives of the City will have access to the reinvestment zone during the term of the Abatement to inspect the facility to determine if the terms and conditions of the Agreement are being met. All inspections will be made only after giving twenty-four (24) hours prior notice and will only be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the facility. All inspections will be made with one or more representatives of the applicant present and in accordance with its safety standards.

C. Upon completion of construction, a designated representative of the City shall annually evaluate each facility receiving Abatement to insure compliance with the Agreement.

SECTION VII. ASSIGNMENT

The Abatement Agreement may be transferred and assigned by the holder to a new owner or lessee of the same facility either upon the approval by resolution of the City Commission or in accordance with the terms of an existing Tax Abatement Agreement. No assignment or transfer shall be approved if the parties to the existing Agreement, the new owner, or new lessee are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably delayed or withheld. Notice shall be given to the City Commission at least twenty (20) days in advance of any transfer or assignment.

SECTION VIII. SUNSET PROVISION

These Guidelines and Criteria are effective upon the date of their adoption and shall supersede and replace any and all prior guidelines and criteria for Tax Abatement in the City. These Guidelines and Criteria shall remain in force for two (2) years, unless amended by a three-quarters (3/4) vote of the City Commission, at which time all reinvestment zones and Tax Abatement Agreements created pursuant to these provisions will be reviewed to determine
whether the goals have been achieved. Based on such review, the Guidelines and Criteria will be modified, renewed or eliminated; provided, however, no modification or elimination of the Guidelines and Criteria shall affect Tax Abatement Agreements that have been previously approved until the parties thereto shall agree to amend such Agreements.
