BOARD: City Council

MEETING DATE: October 21, 2019 **DATE PREPARED:** October 17, 2019

AGENDA SUBJECT: Special-Assessment Public Hearing and Resolution

RECOMMENDATION: That the City Council conduct this scheduled public hearing and consider adopting a resolution as required by City Code provisions

Background On October 7, City Council adopted a resolution at the request of the City's Downtown Management Board that the City Council again arrange for financing of downtown-area programs and services for 2020. The City Council, by adoption of the resolution, determined that such programs and services should be financed by the levying of a single special assessment, designated the Board's territory as the proposed assessment district, approved a square-footage assessment formula at an increased rate compared to the 2019 formula, and scheduled an October 21 public hearing to receive comments concerning these recommended programs and services. Public-hearing notices were mailed on October 8. Although budgeted at \$101,578, the proposed special assessment would provide \$101,352 in revenues based on recent updates. Total budgeted revenues for the Downtown Management Fund in 2020 are \$193,153.

Proposal The Downtown Management Board is requesting that the City Council levy special assessments on behalf of the Downtown Management Board totaling \$101,578. For 2020, the Downtown Management Board proposes to sponsor or support 16 events including expenses for a tent and sound system at \$109,800; marketing and promotions which includes the image campaign at \$50,300; continue with beautification activities that would include purchases of tree-well flowers and fall and holiday decorations at \$21,100; cover other administrative costs and capital outlay for a downtown lighting project for \$10,300; and economic-enhancement activities including business recruitment and retention of \$1,300 for a total of \$192,800.

Correspondence No comments or correspondence has been received.

Action If, after conducting the October 21 public hearing, the City Council elects to approve these recommended proposed downtown-area programs and services for financing through a special-assessment levy at an increased rate compared to the 2019 formula, the City Council then would be asked to adopt the enclosed proposed resolution. The resolution would approve the proposed programs and services for 2020, establish the assessment district, and direct the City staff to prepare a special-assessment roll for presentation to the City Council on November 4. A second public hearing then could be scheduled for November 18 to receive comments concerning proposed special assessments. Revenues and expenditures associated with this program again would be included within the City's Downtown Development and Management Fund as part of the City's 2020 Annual Budget.

WHEREAS, at its meeting of October 7, 2019, the City Council reviewed a report by the City Manager dated September 23, 2019, as required of City Code provisions, that listed proposed programs and services to be provided to property owners and tenants within the Downtown Management Board's territory during 2020 and a proposed roll of special assessments to be spread against properties within the Management Board's district at an increased rate compared to the 2019 formula, as a means of financing such proposed programs and services; and

WHEREAS, following its review of that September 23 report, the City Council scheduled a public hearing for 7:00 P.M., Monday, October 21, 2019, as required of City Code provisions, to receive comments concerning proposed Downtown Management Board programs and services; and

WHEREAS, the City Council now has conducted this October 21 public hearing to receive comments concerning proposed programs and services as recommended by the Downtown Management Board:

NOW, THEREFORE, BE IT RESOLVED that the City Council does and hereby approves proposed programs and services as recommended by the Downtown Management Board and costs as estimated by the Management Board to be assessed eligible property owners within the boundaries of the proposed assessment district at an increased rate compared to the 2019 formula that are coterminous to those of the Management Board's territory; and

BE IT FURTHER RESOLVED that the City staff be and is hereby directed to prepare a special-assessment roll in accordance with the City Council's determination and to provide such a roll with the recommended formula rate for the City Council's review at its regular meeting of November 4, 2019.

Adopt Ordinance 772 Amending the Zoning Ordinance Allowing Medical Marihuana Provisioning Facilities – Resolution No. 19326

The City Manager reviewed that after three first readings of a zoning ordinance allowing medical marijuana provisioning centers, City Council could consider approving the ordinance; that there were no changes to the ordinance made from the last discussion on September 16; and that one additional comment dated October 3 was received from Mr. Joe Blachy.

City Councilmembers inquired if an initiative and referendum could be placed on the same ballot. The City Manager responded that it was a legal question and would converse with the City Attorney.

Mayor Murphy asked for public comments and heard a comment concerning allowing businesses at existing PUDs and commended Council for the distance between medical marijuana facilities; that it is unconscionable to bring medical marijuana to the community; heard from those in favor and thanked Council and staff for time spent on issue; and heard from those only in favor of medical marijuana.

City Council commented that the issue was a difficult decision and many did their research; that most of the allowed zoning districts are located in Ward 3; that matter should be voted down and bring initiative forward; and that a referendum is an option for those in opposition.

City Councilmember Walker moved that, seconded by City Councilmember Marshall adoption of the following ordinance:

The following types of Marihuana facilities may be established and operated by a licensee in the City, subject to compliance with the MMFLA, the Rules promulgated thereunder and this ordinance:

Provisioning Center – Not more than three (3) Provisioning Centers shall be established, operated or permitted in the City.

No Marihuana facility shall be eligible to be issued a Permit unless the location of the proposed facility complies with all zoning requirements for the Marihuana facility as set forth in the City Zoning Ordinance and all other applicable building, construction, and other similar codes at the time of issuance. No Applicant or Permit holder may operate more than one Marihuana facility in the City.

To the extent the State adopts in the future any additional or stricter law or regulation governing the sale or distribution of medical Marihuana, the additional or stricter regulation shall control the establishment or operation of any Marihuana facility in the City. Compliance with any applicable state law or regulation shall be deemed an additional requirement for issuance or denial of any Permit under this Article, and noncompliance with any applicable state law or regulation shall be grounds for revocation or suspension of any Permit issued hereunder.

DIVISION II: LICENSING.

8-328: Permit and Annual Fee Required.

- (a) No person shall establish or operate a Marihuana facility in the City without first having obtained a City Permit and State operating license for the Marihuana facility. License and Permit certificates shall be kept current and publically and prominently displayed within the facility. The facility shall be operated only so long as both the City Permit and state operating license remain in effect. Failure to maintain or display a current license and Permit shall be a violation of this ordinance.
- (b) An annual non-refundable fee to defray the administrative and enforcement costs associated with Marihuana facilities will be set by resolution and adopted by the City Council. The fee will not exceed the state maximum. The Permit fee requirement set forth in this ordinance shall be in addition to, and not in lieu of, any other licensing and permitting requirements imposed by any other federal, state, or City ordinance, including, by way of example, any applicable zoning or building permits or approvals.
- (c) A separate Permit shall be required for each premises from which a Marihuana facility is operated. A Marihuana facility's Permit is valid only for the owner named thereon, the type of business disclosed on the application for the Permit, and the location for which the Permit is issued. No transfer, sale, or other conveyance of an interest in a Permit is allowed, unless the transfer, sale or other conveyance has been approved by the State and prior written approval is obtained from the City. The transferee must be in strict compliance with State laws and regulations governing such transfers, per MCL § 333.27406 and the provisions of this Ordinance.
- (d) The permit fee requirement set forth in this Chapter shall be in addition to, and not in lieu of, any other licensing and permitting requirements imposed by any state regulatory agency or City ordinance, including, but not limited to, any applicable fees for site plan review, zoning review, inspections or building permits.

8-329: Permit Application and Approval.

- (a) A person seeking a City Permit to operate a medical Marihuana facility pursuant to the provisions of this Ordinance shall submit an application to the City Clerk on forms provided by the City. At the time of Permit application submission, each applicant shall pay the nonrefundable application fee as established by City resolution. The City shall accept only one Application, per Applicant, per location.
- (b) Applications will only be accepted from those applicants that have been prequalified by the State of Michigan for a Marihuana facility license. Proof of prequalification shall be submitted with the license application.
- (c) Upon an applicant's submission of the above-provided form, the City Clerk shall accept the application for review and consideration and assign it an application number. Only one Permit application, per Applicant, will be accepted for consideration for a single location. Applicant must demonstrate that it has or will have lawful possession of the proposed Marihuana facility for the period during which the Permit will apply (such proof may include a deed, a lease, a real estate contract contingent upon successful licensing, or letter of intent by the owner of the premises indicating an intent to lease the premises to the applicant contingent upon the applicant successfully obtaining a state operating license and local permit). NO APPLICATION WILL BE ACCEPTED UNLESS IT IS COMPLETE.
- (d) If the City Clerk identifies a deficiency in the completeness of an application, the applicant shall have ten (10) business days to correct the deficiency after notification by the City Clerk. The application will be considered withdrawn on the 11th business day if correction was not made.

- (e) If the number of Permit applications accepted for consideration in the first thirty (30) days after the ordinance becomes effective is greater than the number of facilities allowed, the City Clerk will conduct a drawing to randomly select applicants for conditional authorization and to establish a waiting list for future conditional authorizations for that facility type during the first available City Council public meeting within thirty (30) days after the City has completed its review of all timely submitted applications and the period to correct deficiencies has concluded. The name of each qualified Applicant shall be drawn individually by the City Clerk in sequence, with each qualified Applicant being assigned a number corresponding to the order in which their name was drawn. The lottery will continue until the names of all qualified Applicants are drawn and assigned a number, which shall create an eligibility list to be maintained by the City Clerk. The eligibility list shall remain valid until a new lottery is conducted or three (3) years, whichever comes first. In the event a provisional Permit becomes available for whatever reason, it shall be offered to the next qualified applicant in order of the eligibility list. If a qualified Applicant declines a provisional Permit when one becomes available or if their provisional Permit lapses they shall be removed from the eligibility list.

Applicants who are otherwise qualified but whose facility is located within 500 feet of an Applicant higher on the eligibility list shall retain their position on the eligibility list unless and until the prior Applicant is issued a provisional permit, at which point the Applicant shall be removed from the eligibility list. For all applications received on or after the thirty-first (31st) day after the effective date of this Ordinance, complete Permit applications will be processed and eligible Applicants added to the eligibility list in the order received.

- (f) The following information shall be submitted with the application:
- i. For an individual, the applicant's name, date of birth, physical address, including residential and any business address(es) attached to the individual, copy of government issued photo identification, email address, and one or more phone numbers, including emergency contact information, and, if applicable, Federal EIN.

 - iv. The name and address of the proposed Medical Marijuana facility and contact information.
 - v. A comprehensive operating plan for the marijuana facility for which the application is being submitted that includes all of the information required for the Marijuana Facilities Plan to be submitted in connection with a state license pursuant to the rules, the operational standards in this chapter, as applicable, and the following at a minimum:
 - i. A description of the type of marijuana facility applied for.

- ii. A security plan for the marihuana facility that addresses all required security measures of the rules and addresses at a minimum the ability to meet the security measures of the rules. The security plan must contain the specific details of each piece of security equipment to be utilized by the marihuana facility and comply with the provisions of this chapter, as well as any other applicable provisions of the rules adopted by the State of Michigan. The security system, shall be maintained in good working order and provide twenty-four hours per day coverage and shall be available for inspection and review by the City, Public Safety Department and State Police at all times. A separate security system is required for each facility. Surveillance recordings are to be maintained for a minimum of 30 days.
 - iii. An HVAC plan for the marihuana facility describing in detail among other things the equipment or systems that will be used to prevent any odor of marihuana from leaving the premises.

- (g) Application for operation of a Marihuana facility, or leasing property to a Marihuana facility, constitutes consent by the applicant, and all owners, managers, and employees of the business, and the owner of the property to permit the City Manager or his/her designee to conduct inspections of the Marihuana facility to ensure compliance with this Ordinance or any other applicable law, rule, or regulation.
 - (h) Upon receipt of a completed application, the City Clerk may circulate the application to all affected department heads of the City or their designees for input as to whether the application and premises is in compliance with applicable laws, rules and regulations.
 - (i) After preliminary review of the Permit application to confirm compliance with applicable laws, rules and regulations, selection of the application pursuant to the lottery in Sec. 8-329(e), above, (if necessary because there are more than three (3) applicants) and if so confirmed, the applicant shall be conditionally approved for a Permit and the City shall prepare a conditional approval notice for the purposes of State application requirements. The applicant must then obtain Special Condition Use and Site Plan approval from the Planning Commission within six (6) months of receiving conditional approval or the approval will expire and the application will be considered withdrawn, although the Planning Commission may grant an extension at its sole discretion for up to an additional six (6) months, so long as the Applicant is diligently pursuing Special Condition Use and Site Plan approval. All Permits issued are contingent upon the State of Michigan issuing a license for the operation under State law. A provisional permit does not authorize the applicant to operate a medical Marihuana facility without first obtaining a state operating license for the facility, and obtaining all other permits, inspections, and approvals required by this chapter and all other applicable provisions of this code.
 - (j) An inspection of the proposed Marihuana facility by the City is required prior to the issuance of the City operating permit. Such inspection shall occur after the Marihuana facility is ready for operation, but prior to the stocking of the business with any medical Marihuana and prior to the opening of the Marihuana facility or commencement of operations. The City shall verify that the Marihuana facility is constructed and can be operated in accordance with the application submitted and the applicable requirements of this Chapter and any other applicable law, rule or regulation.

- (k) After verification that the Marihuana facility is constructed and can be operated in accordance with the application submitted and the applicable requirements of this Chapter and any other applicable law, rule or regulation, and the issuance of a permanent certificate of occupancy for the Marihuana facility, the City Clerk shall issue a Permit for a term of one (1) year. The City-issued Permit shall be prominently displayed within the Marihuana facility.
- (l) Throughout the application process, and while any granted Permit is in force, the applicant or the Permit holder shall report any other change in the information provided on the application to the City within ten business days of the change.

8-330: Permit Renewal.

A City Marihuana facility operating Permit shall run concurrently with the State operating Marihuana license issued for the facility, unless revoked as provided by law.

Subject to the provisions of 8-331 below, a Permit may be renewed annually by completing a renewal application and payment of the annual Permit fee thirty (30) days prior to its expiration. A Permit will be renewed by the City for one (1) year if (1) there are no uncured administrative and/or legal violations in the prior year, including no taxes owed on the subject property; (2) the applicant has paid the annual City Permit fee for the renewal period; (3) any Stakeholder changes have been fully disclosed to the City; and (4) the applicant has paid and received the renewal of its State license.

Prior to the issuance of a renewed Permit by the City, the premises shall be inspected to assure that it and its systems are in compliance with the requirements of this Ordinance.

8-331: Permit Forfeiture, Suspension, Non-Renewal.

In the event that a Marihuana facility does not commence operations within one year of issuance of a City operating Permit, the Permit shall be deemed forfeited; the business may not commence operations and the Permit is not eligible for renewal. The City will consider new applications in place of the forfeited Permit in a manner consistent with 8-329(e) of this Ordinance.

The City may immediately revoke or suspend an existing Permit or refuse to renew a Permit for any of the following reasons:

- (a) The applicant or permit holder is denied a state operating license;
- (b) The applicant or Permit holder, or his or her agent, manager or employee, has violated, does not meet, or has failed to comply with, any of the terms, requirements, conditions or provisions of this Ordinance or with any applicable state or local law or regulation;
- (c) The Marihuana facility is substantially different from the comprehensive operating plan, Marihuana facility plan, conceptual plan or other representations contained in the application;
- (d) Officers of the City are unable to access the proposed facility for Permit inspections or are denied access by the applicant or Permit holder;
- (e) The applicant or Permit holder, or his or her agent, manager or employee, has failed to comply with any special terms or conditions of its Permit pursuant to an order of the state or local licensing authority, including those terms and conditions that were established at the time of issuance of the Permit and those imposed as a result of any disciplinary proceedings held subsequent to the date of issuance of the Permit or failure to comply to laws changing subsequent to acquiring a Permit;
- (f) The State of Michigan has revoked the Marihuana facility's state-issued license or permit;
or

- (g) The Marihuana facility has been operated in a manner that, in the opinion of the City Manager, adversely affects the public health, safety or welfare. Evidence to support a finding under this Section may include, without limitation, a pattern of criminal conduct within the premises of the Marihuana facility or in the immediate area surrounding such business, a pattern of criminal conduct directly related to or arising from the operation of the Marihuana facility, or a nuisance condition emanating from or caused by the Marihuana facility. Any criminal conduct shall be limited to the violation of a state law or regulation or city ordinance.

If a Permit is terminated, revoked, suspended or restricted, the City Clerk or his or her designee will notify in writing by mail or electronic mail both the permit holder, at the last known address on file with the City for notification of the applicant, and the Michigan Department of Licensing and Regulatory Affairs of the termination, revocation, suspension, or restriction of the permit and the reasons therefore in writing.

A Permit granted by this Chapter is a revocable privilege granted by the City and is not a property right. Granting a Permit does not create or vest any right, title, franchise or other property interest.

Approve Medical Marihuana Provisioning Center Fees – Resolution No. 19328

The City Manager reviewed that as part of establishing a medical marijuana provisioning center program for the community, City Council needed to adopt two fees per resolution: an initial application fee and an annual license/renewal fee. The City Manager further reviewed that the resolution needed to be approved at the same meeting whereby the zoning and licensing ordinances are approved; that per State statute, the City could establish an annual fee of up to \$5,000 for the application fee and up to \$5,000 for the license/renewal fee to defray the administrative and enforcement costs incurred by the City.

City Councilmembers inquired if an applicant could be denied renewal at the City level if not in compliance.

Mayor Murphy asked for public comments and heard an inquiry if all employees receive background checks; that checks vary depending on staff level; that Council should look at expanding the number of facilities to more than three for revenue reasons; that allowable zoning locations are mostly in Ward 3 where citizens are opposed to issue; and heard an inquiry on why allowable zoning districts are all located in Ward 3.

City Councilmembers explained how zoning districts were chosen and why many areas were eliminated and that Bay Mall is a business district.

City Councilmember Shumway moved that, seconded by City Councilmember Marshall adoption of the following resolution:

WHEREAS, Michigan voters in 2008 approved the use of marijuana for medical use; and

WHEREAS, in 2016, the Michigan Legislature passed PA 281, the Medical Marijuana Facilities Licensing Act (MMFLA) to establish parameters for the growth, distribution and use of medical marijuana; and

WHEREAS, the MMFLA establishes a Medical Marijuana Licensing Board within the Department of Licensing and Regulatory Affairs that may grant up to five different types of medical marijuana facilities including provisioning centers; and

WHEREAS, the City's Planning Commission has taken public comment and has made recommendations to City Council on appropriate zoning districts for medical marijuana provisioning centers; and

WHEREAS, the City of Petoskey has approved both a zoning ordinance and licensing ordinance allowing up to three (3) medical marijuana provisioning centers within the City; and

WHEREAS, the City wishes to adopt fees to defray the administrative and enforcement costs associated with medical marijuana provisioning centers; and

WHEREAS, City staff has estimated the approximate costs of the medical marijuana Application Fee as well as an annual Licensing/Renewal Fee:

NOW THEREFORE BE IT RESOLVED, that the Petoskey City Council hereby adopts Resolution No. 19328, setting the following charges for a medical marijuana provisioning center Application Fee and an annual Licensing/Renewal Fee:

**Medical Marijuana Provisioning Center Application Fee
\$5,000**

**Medical Marijuana Provisioning Center Annual License/Renewal Fee
\$5,000**

The aforementioned fees do not include any State of Michigan fees or fees associated with obtaining a Special Condition Use or Site Plan approval through the Petoskey Planning Commission.

Approve 2020-2025 Capital Improvement Plan – Resolution No. 19329

The City Manager reviewed that this was a second discussion of the proposed six-year Capital Improvement Plan for 2020-2025; that the Planning Commission reviewed the draft CIP on August 15 and unanimously recommended approval by City Council; and that the draft CIP was posted on the City's website on August 20 until September 3 and one comment was received regarding changes to the Lake Street Dam. The City Manager further reviewed that Council was only being asked to approve the 2020-2025 CIP that includes the Kalamazoo Avenue project, but not the final design specifications for this street at this time; that the Planning Commission will review the street design specifications for Kalamazoo Avenue on October 17 with a recommendation to City Council; and that City Council will then review the final Kalamazoo Avenue street design at a meeting in November.

City Councilmembers inquired if feedback from the Kalamazoo Avenue reconstruction open house would be provided to the Planning Commission. The City Manager responded that community feedback would be provided to Planning Commissioners.

Mayor Murphy asked for public comments and heard a comment concerning the parking deck on Division and Lake Streets and if expenses will be matched by the County and for how long. The City Manager responded that the project would be a 50/50 match with an intergovernmental agreement to move forward.

City Councilmember Shumway moved that, seconded by City Councilmember Walker adoption of the following resolution:

WHEREAS, as part of the City's annual budget-preparation process, the City Planner submitted to the Planning Commission on August 15, 2019 the City staff's proposed update to the City's six-year capital improvement program; and

WHEREAS, the Planning Commission reviewed this proposed 2020-2025 Capital Improvement Program on August 15, 2019, and recommended its adoption by the City Council; and

WHEREAS, the City Council reviewed the proposed plan on September 16, 2019 and October 7, 2019 and concurs with the recommendation of the Planning Commission:

NOW, THEREFORE, BE IT RESOLVED that the City of Petoskey City Council does and hereby approves the 2020-2025 Capital Improvement Program as submitted by the City Manager dated October 7, 2019 and approved by the Planning Commission August 15, 2019.

Accept Special Assessment Report & Schedule Public Hearing – Resolution No. 19330

The City Manager next reported that at its September 17, 2019 meeting, the City's Downtown Management Board reviewed and approved its proposed budget for downtown area programs and services for 2020 and recommended City Council levy a special assessment against all eligible, non-residential properties within the Management Board's jurisdictional territory, the proceeds from which would be used to finance costs of such programs and services; and increase the amount for the proposed special assessment compared to assessment-levy amounts that were used in 2019. The City Manager also reported that the Management Board's budget proposal would be included within the City's recommended 2020 Annual Budget, but City Code provisions required that the special-assessment process be done annually by City Council.

The City Manager further reported that the City Council was being asked to adopt a proposed resolution, a draft of which was included with the report, that would: confirm that costs of proposed downtown-area programs and services would be offset by special-assessment revenues; designate the special-assessment district; approve the recommended special-assessment formula; and schedule an October 21 public hearing to receive comments concerning the proposed programs and services. The City Manager also reported that a second public hearing to receive comments concerning the proposed special-assessment roll was tentatively scheduled for the November 18, 2019, City Council meeting.

City Councilmember Marshall moved that, seconded by City Councilmember Shumway, adoption of the following resolution:

WHEREAS, the City Council in 1994 appointed members of the City's Downtown Development Authority Board as a "Downtown Management Board" under provisions of Act 120 of the Public Acts of Michigan of 1961, as amended by Act 146 of 1992; and

WHEREAS, at its September 17, 2019, meeting, the Downtown Management Board discussed the need to continue to provide certain programs and services that are believed to be beneficial to the City's principal shopping area; and

WHEREAS, the Downtown Management Board has developed a recommended formula by which properties within the Board's district could be specially assessed as a means of obtaining revenues to offset costs of the Board's proposed programs and services for the year 2020; and

WHEREAS, the City Council has reviewed a report dated September 23, 2019, by the City Manager that lists those proposed programs and services as recommended by the Downtown Management Board and the proposed roll that would spread special assessments against properties within the Management Board's district:

NOW, THEREFORE, BE IT RESOLVED that the City of Petoskey City Council does and hereby determines that a portion of the expense of these proposed programs and services shall be defrayed by special assessments upon those properties especially benefited; and

BE IT FURTHER RESOLVED that the nature of these proposed programs and services shall include such activities as special events, economic enhancement, beautification, marketing and promotions, and administration for costs estimated at \$192,800; that all portions of such costs shall be paid by special assessments and other related revenues, without a general obligation of the City; that such special-assessment revenues shall be collected in a single-installment payment; and that such assessments shall be levied in a district with boundaries that are to be coterminous to those of the Downtown Management Board's jurisdictional territory; and

BE IT FURTHER RESOLVED that the City Council does and hereby sets forth the basis of this special assessment by use of a formula that has been recommended by the Downtown Management Board to increase the amount for the proposed special assessment compared to the recommended 2019 formula and that has been calculated by the City staff based upon square footage of useable, non-residential building area and vacant properties, which the City Council has determined to be the most equitable to the greatest number of property owners concerned; and

BE IT FURTHER RESOLVED that the City Council does and hereby schedules a public hearing for 7:00 P.M., Monday, October 21, 2019, to receive comments concerning these proposed programs and services; and

BE IT FURTHER RESOLVED that the City Council does and hereby directs the City staff to notify all property owners within the proposed assessment district of potential property assessments and the October 21, 2019, public hearing to receive comments concerning these proposed programs and services.

Approve Small Cell Tower and Pole Attachment Process and Fees – Resolution No. 19331

The City Manager reviewed that a small cell wireless facility is a cellular network facility capable of high transmission speeds at low ranges. "Small" refers to the network range, not the equipment size. The use of these facilities is integral to the anticipated upgrade to 5G services for phones, cars, and other devices. Small cell wireless facilities require fiber optic cable and power, making a public right-of-way an attractive location, as it tends to have both. However, an increased number of small cell wireless facilities in the public right-of-way raise municipal concerns, particularly of safety and aesthetics.

The City Manager further reviewed that the federal government explicitly exempts municipal utilities from regulation by the FCC with regard to pole attachments; that Michigan has opted to self-regulate its utility poles; and that the recent Small Wireless Communications Facilities Deployment Act (PA 365 of 2018) regulates these devices with respect to their right to access and attach to municipal poles and the rates that can be charged for them to do so. The Act gives wireless providers the right to locate antennas and equipment on existing utility poles or newly erected poles located within a municipal right-of-way. The Act also limits the degree to which local municipalities, including the City, can regulate these activities or charge for this right-of-way access.

The resolution and Pole Attachment Agreement is intended to govern the relationships between wireless providers and the City to the extent possible and to set appropriate rates in compliance with the Act.

City staff anticipates bringing forward for Council's consideration an ordinance to further define small cell wireless facility regulations.

The City Manager reviewed that staff discussed bringing forward the agreement and resolution now rather than waiting until ordinance is presented at a future meeting date and that a current company is looking at 7 poles and staff does not know the outcome.

The Public Works Director reviewed small cell regulations with the City having few rights.

Mayor Murphy asked for public comments and heard an inquiry if this prevents municipal ownership. The City Manager responded that the City has no plans and that it would be a heavy lift for City.

City Councilmember Shumway moved that, seconded by City Councilmember Marshall adoption of the following resolution:

WHEREAS, the City of Petoskey operates a municipally owned electrical utility; and

WHEREAS, City uses and controls utility poles for electric delivery service; and

WHEREAS, the Small Wireless Communications Facilities Deployment Act (the "Act"), being Act 365 of 2018 requires that the City permit the collocation of small cell wireless facilities on City poles on a nondiscriminatory basis; and

WHEREAS, the Act requires City to adopt a process for requests by wireless providers to colocate small cell wireless facilities on City poles that is nondiscriminatory and competitively neutral; and

Approve State Trunkline Maintenance Contract – Resolution No. 19332

The City Manager reviewed that MDOT routinely contracts with cities, villages and county road commissions to maintain State-owned highways within the jurisdictions of these local government units. In Petoskey's case, State-owned trunkline portions that are maintained by the City under Department of Transportation guidelines include US-31 from Eppler Road to the north City limits and US-131 from its junction with US-31 to the south City limit. Maintenance costs are reimbursed to the City by the Department of Transportation based on budgets provided by the State, which for 2019, is \$103,151.

The proposed renewal contract has been reviewed by the Director of Public Works and the Director of Finance. The proposed contract would be effective from the date of signing by all parties and would expire September 30, 2024. The resolution would authorize the renewal of this contract and would re-designate the Director of Public Works as the City's "Transportation Maintenance Superintendent" and the Director of Finance as the City's "Contract Administrator."
