City of Petoskey

Agenda Memo

BOARD: City Council

MEETING DATE: April 9, 2020

DATE PREPARED: April 6, 2020

AGENDA SUBJECT: Consideration to Approve a Resolution Allowing Virtual Meetings

RECOMMENDATION: That City Council adopt the enclosed resolution

Background On March 18, 2020 Governor Whitmer issued Executive Order 2020-15 to suspend rules and procedures relating to physical presence at meetings and hearings of public bodies to allow public bodies to continue to conduct business during the COVID-19 emergency and the general public to continue to participate in government decision making without unduly compromising public health safety and welfare. See enclosed Order.

To that end, staff has prepared the enclosed document "City Council Virtual Meetings General Information" that outlines how to view and participate in City of Petoskey virtual meetings, along with detailed meeting instructions. The document provides a general overview of the need for virtual meetings and how they will be conducted.

The document also provides step-by-step instructions on how to attend and participate in meetings. The City will be using Zoom as the platform for City Council meetings. Zoom is widely used and provides many options and is user-friendly. The enclosed instructions provide more detailed information on how meetings will be run through Zoom. Users are urged to become familiar with Zoom by going online at Zoom and reviewing a tutorial prior to attending a meeting.

The meeting will be hosted at City Hall and staff will have voice control for those attending the meeting. Council and staff will be unmuted during the meeting and during the discussion of each agenda item. The public will be recognized during public comment and unmuted so they can participate one at a time. The muting process will also help eliminate much of the background noise that may be present at each participant's location. The process will become much easier over time with its continued use.

A proposed resolution is enclosed that would authorize City meetings to be held by telephone or other electronic means and establishes rules as set forth in Governor Whitmer's Executive Order 2020-15.

Action That City Council adopt the enclosed resolution authorizing virtual meetings.

THE OFFICE OF

GOVERNOR GRETCHEN WHITMER

WHITMER / NEWS / EXECUTIVE ORDERS

Executive Order 2020-15 (COVID-19)

EXECUTIVE ORDER

No. 2020-15

Temporary authorization of remote participation in public meetings and hearings and temporary relief from monthly meeting requirements for school boards

The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. There is currently no approved vaccine or antiviral treatment for this disease.

On March 10, 2020, the Michigan Department of Health and Human Services identified the first two presumptive-positive cases of COVID-19 in Michigan. On that same day, I issued Executive Order 2020-4. This order declared a state of emergency across the state of Michigan under section ~~A~~ of article 5 of the Michigan Constitution of 1963, the Emergency Management Act ~~X~~ 1976 PA 390, as amended, MCL 30.401-.421, and the Emergency Powers of the Governor Act of 1945, 1945 PA 302, as amended, MCL 10.31-.33.

The Emergency Management Act vests the governor with broad powers and duties to “cop[e] with dangers to this state or the people of this state presented by a disaster or emergency,” which the governor may implement through “executive orders, proclamations, and directives having the force and effect of law.” MCL 30.403(1)-(2). Similarly, the Emergency Powers of the Governor Act of 1945, provides that, after declaring a state of emergency, “the governor may

promulgate reasonable orders, rules, and regulations as he or she considers necessary to protect life and property or to bring the emergency situation within the affected area under control." MCL 10.31(1).

To mitigate the spread of COVID-19, protect the public health, and provide essential protections to vulnerable Michiganders, it is crucial that all Michiganders take steps to limit in-person contact. These critical mitigation measures include social distancing and limiting the number of people interacting at public gatherings.

To that end, it is reasonable and necessary to temporarily suspend rules and procedures relating to physical presence at meetings and hearings of public bodies and other governmental entities in Michigan. These public bodies and entities must continue to

conduct public business during this emergency, including actions to respond to COVID-19, and the general public must be able to continue to participate in government decision-making without unduly compromising public health, safety, and welfare.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

1. Effective immediately and continuing until April 15, 2020 at 11:59 pm, to the extent that the Open Meetings Act, 1976 PA 267, as amended, MCL 15.261 to 15.272 ("OMA") requires that a meeting of a public body be held in a physical place available to the general public or requires the physical presence of one or more members of a public body, strict compliance with section 3 of the OMA, MCL 15.263, is temporarily suspended in order to alleviate any such physical-place or physical-presence requirements, as follows:

(a) A meeting of a public body may be held electronically, including by telephonic conferencing or video conferencing, in a manner in which both the general public and the members of the public body may participate by electronic means.

(b) A meeting of a public body held electronically must be conducted in a manner that permits two-way communication so that members of the public body can hear and be heard by other members of the public body and so that general public participants can hear members of the public body and can be heard by members of the public body and other participants during a public comment period. The public body also may use technology to facilitate typed public comments that may be read to or shared with members of the public body and other participants.

(c) Members of a public body and of the general public participating electronically will be considered present and in attendance at the meeting and may participate in the meeting as if physically present at the meeting.

(d) All persons must be permitted to participate in any meeting of a public body held electronically, except as otherwise provided in the OMA.

(e) If a public body directly or indirectly maintains an official internet presence, the public body must, consistent with and in addition to any other applicable notice requirements under the OMA, post advance notice of a meeting held electronically on a portion of the public body's website that is fully accessible to the public. The public notice on the website must be included on either the homepage or on a separate webpage dedicated to public notices for non-regularly scheduled public meetings or electronic meetings and accessible through a prominent and conspicuous link on the website's homepage that clearly describes its purpose for public notification of those non-regularly scheduled or electronic public meetings. Notice of a meeting of a public body that will be held electronically must include all of the following:

(i) An explanation of the reason why the public body is meeting electronically.

(ii) Detailed procedures by which the public may participate in the meeting electronically, including a telephone number, internet address, or both.

(iii) Procedures by which persons may contact members of the public body to provide input or ask questions on any business that will come before the public body at the meeting.

(iv) Procedures by which persons with disabilities may participate in the meeting.

(f) The right of a person to participate in a meeting of a public body held electronically includes the right to tape-record, to videotape, to broadcast live on radio, and to telecast live on television the proceedings of the public body at a public meeting. The exercise of this right does not depend on the prior approval of the public body. However, a public body may establish reasonable rules and regulations to minimize the possibility of disrupting the meeting.

(g) A public body may not require a person as a condition of participating in a meeting of the public body held electronically to register or otherwise provide his or her name or other information or otherwise to fulfill a condition precedent to attendance, other than mechanisms necessary to permit the person to participate in a public comment period of the meeting.

(h) A person must be permitted to address a meeting of a public body held electronically under rules established and recorded by the public body. A person must not be excluded from a meeting held electronically otherwise open to the public except for a breach of the peace actually committed during the meeting.

(i) During a meeting of a public body held electronically, members of the public body are urged to take all votes by roll call to avoid any questions about how each member of the public body votes.

(j) If a public body holding a meeting electronically directly or indirectly maintains an official internet presence, the public body is encouraged to make available to the general public through the public body's website homepage an agenda and other materials relating to the meeting.

(k) Members of the general public otherwise participating in a meeting of a public body held electronically may be excluded from participation in a closed session of the public body held electronically during that meeting if the closed session is convened and held in compliance with the requirements of the OMA applicable to a closed session.

2. A public body holding a meeting electronically as provided under this order is encouraged to do so in a manner that effectuates as fully as possible the purposes of the OMA, which include promoting government accountability and fostering openness in government to enhance responsible decision-making. Discussions or deliberations at an open meeting that cannot at a minimum be heard by the general public participating in the meeting are contrary to these purposes. Accordingly, members of a public body must avoid using email, texting, instant messaging, and other such electronic forms of communication to make a decision or deliberate toward a decision, and must avoid "round-the-horn" decision-making in a manner not accessible to the public at an open meeting. 

3. If a decision or other action of a public body is in compliance with the requirements of this order and the other requirements of the OMA, it is in compliance with the OMA.

4. Effective immediately and continuing until April 15, 2020 at 11:59 pm, if a statute or rule other than the OMA requires that public comments be permitted or a public hearing be held, including in conjunction with the issuance of a permit or a hearing required under the Uniform Budgeting and Accounting Act, 1968 PA 2, as amended, MCL 141.421 to

141.440a, a public body or department or agency may provide a means for remote public comment or participation through the use of any technology that would facilitate a member of the general public's ability to participate remotely to the same extent as if the member of the general public appeared in person. If not expressly authorized by statute or rule, written comment, including by electronic means, also is permitted.

5. Effective immediately and continuing until April 15, 2020 at 11:59 pm, strict compliance with subsection 6 of section 11a, subsection 7 of section 384, and subsection 1 of section 418a of the Revised School Code, 1976 PA 451, as amended, MCL 380.11a(6), MCL 380.384(7), and MCL 380.418a(1), is temporarily suspended so as not to require school district boards to hold meetings at least once each month.
6. Nothing in this order permits a public body to limit or restrict the rights of the press or other news media. Members of public bodies are encouraged to facilitate access by members of the press and other news media both to meetings held electronically and to members of public bodies.
7. As used in this order, the terms "decision," "meeting," and "public body" mean those terms as defined under section 2 of the OMA, MCL 15.262, except this order does not apply to state legislative bodies.
8. A provision of this order will prevail over any conflicting provision of a local charter, ordinance, or rule.
9. This order supersedes sections 2 and 3 of Executive Directive 2020-2.

Given under my hand and the Great Seal of the State of Michigan.

City of Petoskey

Agenda Memo

BOARD: City Council

MEETING DATE: April 9, 2020

DATE PREPARED: April 7, 2020

AGENDA SUBJECT: Consideration to Approve a Resolution Creating a Moratorium on New Licenses for Hotels, Bed and Breakfasts and Short-Term Vacation Rentals

RECOMMENDATION: That City Council adopt the enclosed resolution

Background On March 23, 2020 Governor Whitmer passed Executive Order 2020-21. See enclosed Executive Order. The EO directs that, subject to exceptions for activities necessary to sustain or protect life, or activities to support businesses and operations that are necessary to sustain or protect life, all individuals currently living within the State of Michigan are ordered to stay home at their place of residence.

Additionally, the Health Department of Northwest Michigan on March 31, 2020 issued a directive for all individuals from areas outside of northern Michigan should self-quarantine for fourteen (14) days upon entering and residing in northern Michigan. See enclosed directive.

Staff believes that approving new licenses for hotels, bed and breakfasts and short-term vacation rentals in the City at this time is contrary to the intent of the Governor's Executive Order. Approving additional licenses for these uses would promote the movement and relocation of persons from their ordinary place of domicile in other areas of the State or outside the State of Michigan to the City of Petoskey. Therefore, the adoption of this resolution is necessary for the health, safety and welfare of the residents of the City of Petoskey.

To date, the City has issued three short-term vacation rental licenses for 2020. There is another 33 applications for hotels, bed and breakfasts and short-term vacation rental licenses that have not been issued to date.

The resolution remains in effect for the *"duration of Executive Order 2020-21 and any subsequent Executive Order extending the duration of the Governor's Order for individuals to stay at home or their place of residence, or any equivalent order from the federal government."*

Action That City Council motion to approve the enclosed resolution creating a moratorium on issuing annual licenses for hotels, bed and breakfasts and short-term vacation rentals.

PUBLIC HEALTH ADVISORY

Issued March 31, 2020

The Health Department of Northwest Michigan, in collaboration with the Northern Michigan Public Health Alliance (NMPHA), issues the following advisory to protect the health of the public in the 31-county NMPHA region:

Northern Michigan Counties are seeing an influx of individuals who are seeking shelter from areas with significant COVID-19 community spread or returning from travel outside of these counties. While we understand the desire to seek shelter in our communities with fewer COVID cases, this potentially poses an unnecessary risk to all residents of Northern Michigan.

The increased population to the northern Michigan area places a substantial strain on our communities as travelers seek supplies, such as groceries and toiletries, as well as potentially needing health care in the event they become sick. During this public health crisis, many rural communities may not be equipped with personnel, supplies or resources for a surge in population.

If you still choose to travel to your seasonal home or return home from travel, the Health Department of Northwest Michigan, in addition to the Northern Michigan Public Health Alliance, is advising that you abide by the following guidelines:

1. If you are sick, stay at home and do not leave your residence.
2. If you have symptoms suggestive of COVID-19, contact your healthcare provider for assistance.
3. All individuals traveling to seasonal homes or returning home from areas with community spread should **self-quarantine for 14 days** upon arrival to your destination.
4. Following the 14-day self-quarantine period, please **obey the Governor's "Stay at Home" order** and do not go out unless absolutely necessary.
5. All residents, whether full time or seasonal, should adhere to the Governor's Stay at Home order and only venture out to obtain essential supplies and services when absolutely necessary. If you do need to go out, please adhere to social distancing protocols and limit the number of people going out for supplies or services.

By following these simple guidelines, the risk for spreading COVID-19 lowers significantly, thus protecting everyone who lives, works, and plays in beautiful northern Michigan.

Antrim, Charlevoix, Emmet and Otsego County residents who need resources can call 211 or utilize the Health Department's free Community Connections program by calling 1-800-432-4121.

EXECUTIVE ORDER

No. 2020-21

Temporary requirement to suspend activities that are not necessary to sustain or protect life

The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. Older adults and those with chronic health conditions are at particular risk, and there is an increased risk of rapid spread of COVID-19 among persons in close proximity to one another. There is currently no approved vaccine or antiviral treatment for this disease.

On March 10, 2020, the Michigan Department of Health and Human Services identified the first two presumptive-positive cases of COVID-19 in Michigan. On that same day, I issued Executive Order 2020-4. This order declared a state of emergency across the state of Michigan under section 1 of article 5 of the Michigan Constitution of 1963, the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401-421, and the Emergency Powers of the Governor Act of 1945, 1945 PA 302, as amended, MCL 10.31-33.

The Emergency Management Act vests the governor with broad powers and duties to "cop[e] with dangers to this state or the people of this state presented by a disaster or emergency," which the governor may implement through "executive orders, proclamations, and directives having the force and effect of law." MCL 30.403(1)-(2). Similarly, the Emergency Powers of the Governor Act of 1945, provides that, after declaring a state of emergency, "the governor may promulgate reasonable orders, rules, and regulations as he or she considers necessary to protect life and property or to bring the emergency situation within the affected area under control." MCL 10.31(1).

To suppress the spread of COVID-19, to prevent the state's health care system from being overwhelmed, to allow time for the production of critical test kits, ventilators, and personal protective equipment, and to avoid needless deaths, it is reasonable and necessary to direct residents to remain at home or in their place of residence to the maximum extent feasible.

This order takes effect on March 24, 2020 at 12:01 am, and continues through April 13, 2020 at 11:59 pm.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

1. This order must be construed broadly to prohibit in-person work that is not necessary to sustain or protect life.
2. Subject to the exceptions in section 7, all individuals currently living within the State of Michigan are ordered to stay at home or at their place of residence. Subject to the same exceptions, all public and private gatherings of any number of people occurring among persons not part of a single household are prohibited.
3. All individuals who leave their home or place of residence must adhere to social distancing measures recommended by the Centers for Disease Control and Prevention, including remaining at least six feet from people from outside the individual's household to the extent feasible under the circumstances.
4. No person or entity shall operate a business or conduct operations that require workers to leave their homes or places of residence except to the extent that those workers are necessary to sustain or protect life or to conduct minimum basic operations.
 - (a) For purposes of this order, workers who are necessary to sustain or protect life are defined as "critical infrastructure workers," as described in sections 8 and 9.
 - (b) For purposes of this order, workers who are necessary to conduct minimum basic operations are those whose in-person presence is strictly necessary to allow the business or operation to maintain the value of inventory and equipment, care for animals, ensure security, process transactions (including payroll and employee benefits), or facilitate the ability of other workers to work remotely.

Businesses and operations must determine which of their workers are necessary to conduct minimum basic operations and inform such workers of that designation. Businesses and operations must make such designations in writing, whether by electronic message, public website, or other appropriate means. Such designations, however, may be made orally until March 31, 2020 at 11:59 pm.
5. Businesses and operations that employ critical infrastructure workers may continue in-person operations, subject to the following conditions:
 - (a) Consistent with sections 8 and 9, businesses and operations must determine which of their workers are critical infrastructure workers and inform such workers of that designation. Businesses and operations must make such designations in writing, whether by electronic message, public website, or other appropriate means. Such designations, however, may be made orally until March 31, 2020 at 11:59 pm. Businesses and operations need not designate:

- (1) Workers in health care and public health.
 - (2) Workers who perform necessary government activities, as described in section 6.
 - (3) Workers and volunteers described in section 9(d).
 - (b) In-person activities that are not necessary to sustain or protect life must be suspended until normal operations resume.
 - (c) Businesses and operations maintaining in-person activities must adopt social distancing practices and other mitigation measures to protect workers and patrons. Those practices and measures include, but are not limited to:
 - (1) Restricting the number of workers present on premises to no more than is strictly necessary to perform the business's or operation's critical infrastructure functions.
 - (2) Promoting remote work to the fullest extent possible.
 - (3) Keeping workers and patrons who are on premises at least six feet from one another to the maximum extent possible, including for customers who are standing in line.
 - (4) Increasing standards of facility cleaning and disinfection to limit worker and patron exposure to COVID-19, as well as adopting protocols to clean and disinfect in the event of a positive COVID-19 case in the workplace.
 - (5) Adopting policies to prevent workers from entering the premises if they display respiratory symptoms or have had contact with a person who is known or suspected to have COVID-19.
 - (6) Any other social distancing practices and mitigation measures recommended by the Centers for Disease Control.
6. All in-person government activities at whatever level (state, county, or local) that are not necessary to sustain or protect life, or to supporting those businesses and operations that are necessary to sustain or protect life, are suspended.
- (a) For purposes of this order, necessary government activities include activities performed by critical infrastructure workers, including workers in law enforcement, public safety, and first responders.
 - (b) Such activities also include, but are not limited to, public transit, trash pick-up and disposal, activities necessary to manage and oversee elections, operations necessary to enable transactions that support the work of a business's or operation's critical infrastructure workers, and the maintenance of safe and sanitary public parks so as to allow for outdoor recreation.

- (c) For purposes of this order, necessary government activities include minimum basic operations, as described in section 4(b). Workers performing such activities need not be designated.
- (d) Any in-person government activities must be performed consistently with the social distancing practices and other mitigation measures to protect workers and patrons described in section 5(c).

7. Exceptions.

- (a) Individuals may leave their home or place of residence, and travel as necessary:
 - (1) To engage in outdoor activity, including walking, hiking, running, cycling, or any other recreational activity consistent with remaining at least six feet from people from outside the individual's household.
 - (2) To perform their jobs as critical infrastructure workers after being so designated by their employers. (Critical infrastructure workers who need not be designated under section 5(a) may leave their home for work without a designation.)
 - (3) To conduct minimum basic operations, as described in section 4(b), after being designated to perform such work by their employers.
 - (4) To perform necessary government activities, as described in section 6.
 - (5) To perform tasks that are necessary to their health and safety, or to the health and safety of their family or household members (including pets). Individuals may, for example, leave the home or place of residence to secure medication or to seek medical or dental care that is necessary to address a medical emergency or to preserve the health and safety of a household or family member (including procedures that, in accordance with a duly implemented nonessential procedures postponement plan, have not been postponed).
 - (6) To obtain necessary services or supplies for themselves, their family or household members, and their vehicles. *Individuals must secure such services or supplies via delivery to the maximum extent possible.* As needed, however, individuals may leave the home or place of residence to purchase groceries, take-out food, gasoline, needed medical supplies, and any other products necessary to maintain the safety, sanitation, and basic operation of their residences.
 - (7) To care for a family member or a family member's pet in another household.

- (8) To care for minors, dependents, the elderly, persons with disabilities, or other vulnerable persons.
 - (9) To visit an individual under the care of a health care facility, residential care facility, or congregate care facility, to the extent otherwise permitted.
 - (10) To attend legal proceedings or hearings for essential or emergency purposes as ordered by a court.
 - (11) To work or volunteer for businesses or operations (including both and religious and secular nonprofit organizations) that provide food, shelter, and other necessities of life for economically disadvantaged or otherwise needy individuals, individuals who need assistance as a result of this emergency, and people with disabilities.
- (b) Individuals may also travel:
- (1) To return to a home or place of residence from outside this state.
 - (2) To leave this state for a home or residence elsewhere.
 - (3) To travel between two residences in this state.
 - (4) As required by law enforcement or a court order, including the transportation of children pursuant to a custody agreement.
8. For purposes of this order, critical infrastructure workers are those workers described by the Director of the U.S. Cybersecurity and Infrastructure Security Agency in his guidance of March 19, 2020 on the COVID-19 response (available [here](#)). Such workers include some workers in each of the following sectors:
- (a) Health care and public health.

 - (c) Food and agriculture.
 - (d) Energy.
 - (e) Water and wastewater.

- (k) Hazardous materials.
- (l) Financial services.
- (m) Chemical supply chains and safety.
- (n) Defense industrial base.

9. For purposes of this order, critical infrastructure workers also include:

- (a) Child care workers (including workers at disaster relief child care centers), but only to the extent necessary to serve the children or dependents of critical infrastructure workers as defined in this order. This category includes individuals (whether licensed or not) who have arranged to care for the children or dependents of critical infrastructure workers.
- (b) Workers at designated suppliers and distribution centers, as described below.
 - (1) A business or operation that employs critical infrastructure workers may designate suppliers, distribution centers, or service providers whose continued operation is necessary to enable, support, or facilitate the work of its critical infrastructure workers.
 - (2) Such suppliers, distribution centers, or service providers may designate workers as critical infrastructure workers *only* to the extent those workers are necessary to enable, support, or facilitate the work of the original operation's or business's critical infrastructure workers.
 - (3) Designated suppliers, distribution centers, and service providers may in turn designate additional suppliers, distribution centers, and service providers whose continued operation is necessary to enable, support, or facilitate the work of their critical infrastructure workers.
 - (4) Such additional suppliers, distribution centers, and service providers may designate workers as critical infrastructure workers *only* to the extent that those workers are necessary to enable, support, or facilitate the work of the critical infrastructure workers at the supplier, distribution center, or service provider that has designated them.
 - (5) Businesses, operations, suppliers, distribution centers, and service providers must make all designations in writing to the entities they are designating, whether by electronic message, public website, or other appropriate means. Such designations may be made orally until March 31, 2020 at 11:59 pm.

- (6) Businesses, operations, suppliers, distribution centers, and service providers that abuse their designation authority shall be subject to sanctions to the fullest extent of the law.
 - (c) Workers in the insurance industry, but only to the extent that their work cannot be done by telephone or remotely.

 - (e) Workers who perform critical labor union functions, including those who administer health and welfare funds and those who monitor the well-being and safety of union members who are critical infrastructure workers, provided that any administration or monitoring should be done by telephone or remotely where possible.
- 10. Nothing in this order should be taken to supersede another executive order or directive that is in effect, except to the extent this order imposes more stringent limitations on in-person work, activities, and interactions. Consistent with prior guidance, a place of religious worship, when used for religious worship, is not subject to penalty under section 14.
 - 11. Nothing in this order should be taken to interfere with or infringe on the powers of the legislative and judicial branches to perform their constitutional duties or exercise their authority.
 - 12. This order takes effect on March 24, 2020 at 12:01 am, and continues through April 13, 2020 at 11:59 pm.
 - 13. The governor will evaluate the continuing need for this order prior to its expiration. In determining whether to maintain, intensify, or relax its restrictions, she will consider, among other things, (1) data on COVID-19 infections and the disease's rate of spread; (2) whether sufficient medical personnel, hospital beds, and ventilators exist to meet anticipated medical need; (3) the availability of personal protective equipment for the health-care workforce; (4) the state's capacity to test for COVID-19 cases and isolate infected people; and (5) economic conditions in the state.
 - 14. Consistent with MCL 10.33 and MCL 30.405(3), a willful violation of this order is a misdemeanor.

Given under my hand and the Great Seal of the State of Michigan.
