Pipestone County

Adopt-A-Highway Terms and Conditions

The Adopting Group agrees to:

- 1. Pick up litter on a segment of County highway selected in consultation with the County Highway Department. Recommended length is two miles. At the County's discretion, certain highways may not be eligible.
- 2. Review the safety training materials before each pick up to alert participants to the hazards and precautions of working on a highway right-of-way.
- 3. Pick up litter during daylight hours only. Pick ups may not be allowed at certain times such as on or near holidays.
- 4. Provide adequate supervision to participants eighteen years of age or younger. Unless specifically permitted, children age eleven or younger shall not participate.
- 5. Limit work to the area between the outer shoulders and the right-of-way boundary. Work may not be done on the roadway itself.
- 6. Coordinate litter pick up date(s) with the County Highway Department. The group will be instructed how and where to obtain its supplies.
- 7. Place filled trash bags on the shoulder grass line. Arrange with County Highway Department to pick up the bags. Groups are encouraged to recycle appropriate materials for their own benefit.
- 8. Return borrowed or unused supplies to the County Highway Department when discontinuing participation.

Pipestone County agrees to:

- 1. Provide high visibility vests, trash bags, safety training materials and temporary traffic warning signs when necessary and as determined by the County.
- 2. Remove filled trash bags from the adopted highway.
- 3. Remove large, heavy, or hazardous materials from the adopted highway.
- 4. Erect a highway sign or otherwise recognize the group's cleanup efforts. Highway signs shall be erected only for groups that agree to adopt a highway for a minimum of two years. The name on the sign shall be limited to two lines of eighteen characters (including punctuation and spaces). Pipestone County reserves the right to approve and/or edit names or acronyms.
