

VILLAGE ADMINISTRATOR REPORT

FRIDAY, MARCH 15

ADMINISTRATOR UPDATE

HALEY LUPTON

The week started out with some excitement as residents begin to pick up their solar eclipse glasses and COSI science boxes. The glasses are for residents only and are going quickly. We have also sold a lot of merchandise related to the eclipse. Proceeds will be donated to local organizations.

UPCOMING
EVENTS

The Weekly Highlights

Public Works

Park Maintenance

A yard hydrant at the dump station was repaired. An electric pedestal at the campground was repaired. Pool cleanup is beginning. Crews are un-winterizing plumbing in the park bathrooms and offices. Easter eggs were delivered to the Presbyterian Church for cleaning.

Village Maintenance

Utility locates continue as needed. The Plain City banners were hung back uptown. Drywall and paint was repaired at the Administration building. Potholes were cold patched on St. Rt. 142 and Perry Pike. Crews attended the monthly Union County Safety Council meeting. Street sweeping took places on Coachman and Buckboard Lane. Snowplows were removed from daily driver trucks.

Sidewalk inspections

Crews have completed the village-wide sidewalk inspections. Next, we will be processing the data and making recommendations on how to move forward with repairs.

Donations for Indian Lake/Logan County tornado relief fund

The Village will be accepting donations next week to deliver to Indian Lake due to the extensive storm damage they have experienced. Residents can drop off donations to the administration building and we will deliver them as needed.

Development

London Rotary Meeting

Staff presented on Thursday at the London Rotary Club meeting. We presented a condensed version of the Business Roundtable Update. Our updates were well received and resulted in a good discussion about the growing areas in Madison County.

BZA

BZA met this week for one application for a sign at Miller's Furniture on US 42. Miller's Furniture is proposing to an electronic component to their sign. The application was approved. The electronic component will show pictures only and not be scrolling or flashing text.

MORPC State of the Region

Several staff members and council members attended the MORPC State of the Region on Friday.

Parks and Rec

Easter Egg Hunt

The Easter egg hunt is scheduled for March 23. If you'd like to join for volunteer egg stuffing, we will be hosting that at the Youth Building on March 19 from 4-7pm.

Staff met recently to discuss parking and traffic control at this event. Parking will only be accessible through the south end of the park. We are hoping that residents are getting used to that traffic flow and there will be fewer issues this year.

Tree City USA

The Village has officially been awarded a Tree City USA certification. Official signage and awards will be given to staff in May at a ceremony.

Depot Update

Staff met with the engineer, contractor and architect this week to check in on the progress of the Depot. Time is running short to get the foundation built, but the architect is supposed to send preliminary drawing next week, which hopefully will let us begin the building permit process.
