

As Mayor of Plain City, I would like to take this opportunity to welcome you to our community. Having lived in Plain City for the past 15 years alongside my husband and children, I believe you will love our small-town charm and close-knit neighborhoods as much as I do.

Not only will you find safe neighborhoods, excellent schools, and ample job opportunities, you will also find a local government that cares about you. That is why I encourage all residents to contact me with any questions or concerns.

We also have a number of resources available to help you connect, such as our Facebook page, the Plain City App, website, and of course phone and email. We also operate the Citizens Request Portal through our website. Please feel free to reach out if there is anything you need.

We're glad you're here, and I look forward to meeting you soon!
