- (2) When any vehicle or "abandoned junk motor vehicle" as defined in Ohio R.C. 4513.63 is left on private property for more than forty-eight consecutive hours without the permission of the person having the right to the possession of the property, or on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right of way of any road or highway, for forty-eight consecutive hours or longer, without notification to the Police Chief of the reasons for leaving such vehicle in such place. Prior to disposal of an "abandoned junk motor vehicle" as defined in Ohio R.C. 4513.63, it shall be photographed by a law enforcement officer.
- (3) When any vehicle has been stolen or operated without the consent of the owner and is located upon either public or private property.
- (4) When any vehicle displays illegal license plates or fails to display the current lawfully required plates and is located upon any public street or other property open to the public for purposes of vehicular travel or parking.
- (5) When any vehicle has been used in or connected with the commission of a felony and is located upon either public or private property.
- (6) When any vehicle has been damaged or wrecked so as to be inoperable or violates equipment provisions of this Traffic Code whereby its continued operation would constitute a condition hazardous to life, limb or property, and is located upon any public street or other property open to the public for purposes of vehicular travel or parking.
- (7) When any vehicle is left unattended either on public or private property due to the removal of an ill, injured or arrested operator, or due to the abandonment thereof by the operator during or immediately after pursuit by a law enforcement officer.
- (8) When any vehicle has been operated by any person who has failed to stop in case of an accident or collision and is located either on public or private property.
- (9) When any vehicle has been operated by any person who is driving without a lawful license or while his license has been suspended or revoked and is located upon a public street or other property open to the public for purposes of vehicular travel or parking.
- (10) When any vehicle is found for which two or more citation tags for violations of this Traffic Code have been issued and the owner or operator thereof has failed to respond to such citation tags as lawfully required, and is located upon a public street or other property open to the public for purposes of vehicular travel or parking.

(b) Any vehicle removed under authority of subsection (a)(2) hereof shall be ordered into storage and/or disposed of as provided under Ohio R.C. 4513.60 et seq. Any other vehicle removed under authority of this section shall be ordered into storage and the Municipal police shall forthwith notify the registered vehicle owner of the fact of such removal and impounding, reasons therefor and the place of storage. Any person desiring to redeem an impounded vehicle shall appear at the police offices to furnish satisfactory evidence of identity and ownership or right to possession. Prior to issuance of a release form, the claimant, owner or operator shall either pay the amount due for any fines for violations on account of which such vehicle was impounded or, as the court may require, post a bond in an amount set by the court, to appear to answer to such violations. The pound operator shall release such vehicle upon the receipt of the release form and payment of all towage and storage charges.

(c) No owner or operator shall remove an impounded vehicle from the place of storage without complying with the above procedure. Possession of a vehicle which has been impounded and unlawfully taken from the place of storage, by the owner or operator, shall constitute prima-facie evidence that it was so removed by the owner or operator.

(d) Whoever violates this section is guilty of a minor misdemeanor on a first offense; on a second offense within one year after the first offense, the person is guilty of a misdemeanor of the fourth degree; on each subsequent offense within one year after the first offense, the person is guilty of a misdemeanor of the third degree.

303.081 IMPOUNDING VEHICLES ON PRIVATE RESIDENTIAL OR AGRICULTURAL PROPERTY.

- (a) (1) The chief of a law enforcement agency of the municipal corporation, upon complaint of any person adversely affected may order into storage any motor vehicle, other than an abandoned junk motor vehicle as defined in Ohio R.C. 4513.63, that has been left on private residential or private agricultural property for at least four hours without the permission of the person having the right to the possession of the property. The chief, upon complaint of a repair garage or place of storage, may order into storage any motor vehicle, other than an abandoned junk motor vehicle, that has been left at the garage or place of storage for a longer period than that agreed upon. When ordering a motor vehicle into storage pursuant to this section, the chief may arrange for the removal of the motor vehicle by a towing service and shall designate a storage facility.
- (2) A towing service towing a motor vehicle under subsection (a)(1) of this section shall remove the motor vehicle in accordance with that subsection. The towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed from the private property, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.
- (3) Subject to subsection (b) of this section, the owner of a motor vehicle that has been removed pursuant to this subsection may recover the vehicle only in accordance with subsection (d) of this section.
- (4) As used in this section "private residential property" means private property on which is located one or more structures that are used as a home, residence or sleeping place by one or more persons, if no more than three separate households are maintained in the structure or structures. "Private residential property" does not include any private property on which is located one or more structures that are used as a home, residence or sleeping place by two or more persons, if more than three separate households are maintained in the structure or structures.

(b) If the owner or operator of a motor vehicle that has been ordered into storage pursuant to subsection (a)(1) of this section arrives after the motor vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the motor vehicle established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25, in order to obtain release of the motor vehicle. However, if the vehicle is within a municipal corporation and the municipal corporation has established a vehicle removal fee, the towing service shall give

the owner or operator oral or written notification that the owner or operator may pay not more than one-half of that fee to obtain release of the motor vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction.

Upon payment of the applicable fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the motor vehicle to the owner or operator. Upon its release, the owner or operator immediately shall move it so that it is not on the private residential or private agricultural property without the permission of the person having the right to possession of the property, or is not at the garage or place of storage without the permission of the owner, whichever is applicable.

- (c)
 - (1) The chief of a law enforcement agency in the municipal corporation shall maintain a record of motor vehicles that the chief orders into storage pursuant to subsection (a)(1) of this section. The record shall include an entry for each such motor vehicle that identifies the motor vehicle's license number, make, model and color, the location from which it was removed, the date and time of its removal, the telephone number of the person from whom it may be recovered, and the address of the place to which it has been taken and from which it may be recovered. The chief shall provide any information in the record that pertains to a particular motor vehicle to any person who, either in person or pursuant to a telephone call, identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.
 - (2) Any person who registers a complaint that is the basis of the chief's order for the removal and storage of a motor vehicle under subsection (a)(1) of this section shall provide the identity of the law enforcement agency with which the complaint was registered to any person who identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.
- (d)
 - (1) The owner or lienholder of a motor vehicle that is ordered into storage pursuant to subsection (a)(1) of this section may reclaim it upon both of the following:
 - A. Payment of all applicable fees established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25 or, if the vehicle was towed within a municipal corporation that has established fees for vehicle removal and storage, payment of all applicable fees established by the municipal corporation.
 - B. Presentation of proof of ownership, which may be evidenced by a certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement.
 - (2) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was lawfully towed, the owner may be able to file a civil action under Ohio R.C. 4513.611.
 - (3) Upon presentation of proof of ownership as required under subsection (d)(1)B. of this section, the owner of a motor vehicle that is ordered into storage under subsection (a)(1) of this section may retrieve any personal items from the motor vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the Public Utilities Commission in

rules adopted under Ohio R.C. 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of Ohio R.C. 4513.69, if applicable. The owner of a motor vehicle shall not do either of the following:

- A. Retrieve any personal item that has been determined by the chief to be necessary to a criminal investigation;
- B. Retrieve any personal item from a vehicle if it would endanger the safety of the owner unless the owner agrees to sign a waiver of liability.

For purposes of subsection (d)(2) of this section, "personal items" do not include any items that are attached to the motor vehicle.

- (4) If a motor vehicle that is ordered into storage pursuant to subsection (a)(1) of this section remains unclaimed by the owner for thirty days, the procedures established by Ohio R.C. 4513.61 and 4513.62 apply.

- (e)

303.082 PRIVATE TOW-AWAY ZONES.

(a) The owner of a private property may establish a private tow-away zone, but may do so only if all of the following conditions are satisfied:

- (1) The owner of the private property posts on the property a sign, that is at least eighteen inches by twenty-four inches in size, that is visible from all entrances to the property, and that includes all of the following information:
 - A. A statement that the property is a tow-away zone;
 - B. A description of persons authorized to park on the property. If the property is a residential property, the owner of the private property may include on the sign a statement that only tenants and guests may park in the private tow-away zone, subject to the terms of the property owner. If the property is a commercial property, the owner of the private property may include on the sign a statement that only customers may park in the private tow-away zone. In all cases, if it is not apparent which persons may park in the private tow-away zone, the owner of the private property shall include on the sign the address of the property on which the private tow-away zone is located, or the name of the business that is located on the property designated as a private tow-away zone.
 - C. If the private tow-away zone is not enforceable at all times, the times during which the parking restrictions are enforced;

- D. The telephone number and the address of the place from which a towed vehicle may be recovered at any time during the day or night;
- E. A statement that the failure to recover a towed vehicle may result in the loss of title to the vehicle as provided in division (B) of Ohio R.C. 4505.101.

In order to comply with the requirements of subsection (a)(1) of this section, the owner of a private property may modify an existing sign by affixing to the existing sign stickers or an addendum in lieu of replacing the sign.

- (2) A towing service ensures that a vehicle towed under this section is taken to a location from which it may be recovered that complies with all of the following:
 - A. It is located within twenty-five linear miles of the location of the private tow-away zone, unless it is not practicable to take the vehicle to a place of storage within twenty-five linear miles.
 - B. It is well-lighted.
 - C. It is on or within a reasonable distance of a regularly scheduled route of one or more modes of public transportation, if any public transportation is available in the municipal corporation or township in which the private tow-away zone is located.
- (b)
 - (1) If a vehicle is parked on private property that is established as a private tow-away zone in accordance with subsection (a) of this section, without the consent of the owner of the private property or in violation of any posted parking condition or regulation, the owner of the private property may cause the removal of the vehicle by a towing service. The towing service shall remove the vehicle in accordance with this section. The vehicle owner and the operator of the vehicle are considered to have consented to the removal and storage of the vehicle, to the payment of the applicable fees established by the Public Service Commission in rules adopted under Ohio R.C. 4921.25, and to the right of a towing service to obtain title to the vehicle if it remains unclaimed as provided in Ohio R.C. 4505.101. The owner or lienholder of a vehicle that has been removed under this section, subject to subsection (c) of this section, may recover the vehicle in accordance with subsection (g) of this section.
 - (2) If a municipal corporation requires tow trucks and tow truck operators to be licensed, no owner of a private property located within the municipal corporation shall cause the removal and storage of any vehicle pursuant to subsection (b) of this section by an unlicensed tow truck or unlicensed tow truck operator.
 - (3) No towing service shall remove a vehicle from a private tow-away zone except pursuant to a written contract for the removal of vehicles entered into with the owner of the private property on which the private tow-away zone is located.

(c) If the owner or operator of a vehicle that is being removed under authority of subsection (b) of this section, arrives after the vehicle has been prepared for removal, but prior to the actual removal from the property, the towing service shall give the vehicle owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the vehicle established by the Public Service Commission in rules adopted under Ohio R.C. 4921.25, in order to obtain release of the vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the

transaction. Upon payment of that fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the vehicle to the owner or operator. Upon its release the owner or operator immediately shall move the vehicle so that the vehicle is not parked on the private property established as a private tow-away zone without the consent of the owner of the private property or in violation of any posted parking condition or regulation.

- (d) (1) Prior to towing a vehicle under subsection (b) of this section, a towing service shall make all reasonable efforts to take as many photographs as necessary to evidence that the vehicle is clearly parked on private property in violation of a private tow-away zone established under subsection (a) of this section.
The towing service shall record the time and date of the photographs taken under this section. The towing service shall retain the photographs and the record of the time and date, in electronic or printed form, for at least thirty days after the date on which the vehicle is recovered by the owner or lienholder or at least two years after the date on which the vehicle was towed, whichever is earlier.
- (2) A towing service shall deliver a vehicle towed under subsection (b) of this section to the location from which it may be recovered not more than two hours after the time it was removed from the private tow-away zone, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.
- (e) (1) If an owner of a private property that is established as a private tow-away zone in accordance with subsection (a) of this section causes the removal of a vehicle from that property by a towing service under subsection (b) of this section, the towing service, within two hours of removing the vehicle, shall provide notice to the law enforcement agency of the municipal corporation concerning all of the following:
 - A. The vehicle's license number, make, model and color;
 - B. The location from which the vehicle was removed;
 - C. The date and time the vehicle was removed;
 - D. The telephone number of the person from whom the vehicle may be recovered;
 - E. The address of the place from which the vehicle may be recovered.
- (2) The chief of a law enforcement agency of the municipal corporation shall maintain a record of any vehicle removed from private property in the chief's jurisdiction that is established as a private tow-away zone of which the chief has received notice under this section. The record shall include all information submitted by the towing service. The chief shall provide any information in the record that pertains to a particular vehicle to a person who, either in person or pursuant to a telephone call, identifies self as the owner, operator or lienholder of the vehicle, and requests information pertaining to the vehicle.
- (f) (1) When a vehicle is removed from private property in accordance with this section, within three business days of the removal, the towing service or storage facility from which the vehicle may be recovered shall cause a search to be made of either of the following to ascertain the identity of the owner and any lienholder of the vehicle:

- A. The records of the Bureau of Motor Vehicles;
 - B. The records of any vendor or vendors, approved by the Registrar of Motor Vehicles, that are capable of providing real-time access to owner and lienholder information.
- (2) The towing service or storage facility may search the National Motor Vehicle Title Information System in order to determine the state in which the vehicle is titled. The entity that provides the record of the owner and any lienholder under this division shall ensure that such information is provided in a timely manner.
- (3) Subject to subsection (f)(6) of this section, the towing service or storage facility shall send notice to the vehicle owner and any known lienholder as follows:
- A. Within five business days after the applicable entity provides the identity of the owner and any lienholder of the motor vehicle, if the vehicle remains unclaimed, to the owner's and lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt.
 - B. If the vehicle remains unclaimed thirty days after the first notice is sent, in the manner required under subsection (f)(3)A. of this section.
- (4) Sixty days after any notice sent pursuant to subsection (f)(3) of this section is received, as evidenced by a receipt signed by any person, or the towing service or storage facility has been notified that delivery was not possible, the towing service or storage facility, if authorized under Ohio R.C. 4505.101(B), may initiate the process for obtaining a certificate of title to the motor vehicle as provided in that section.
- (5) A towing service or storage facility that does not receive a signed receipt of notice, or a notification that delivery was not possible, shall not obtain, and shall not attempt to obtain, a certificate of title to the motor vehicle under Ohio R.C. 4505.101(B).
- (6) With respect to a vehicle concerning which a towing service or storage facility is not eligible to obtain title under Ohio R.C. 4505.101, the towing service or storage facility need only comply with the initial notice required under subsection (f)(3)A. of this section.
- (g) (1) The owner or lienholder of a vehicle that is removed under subsection (b) of this section may reclaim it upon both of the following:
- A. Presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle or a lease agreement;
 - B. Payment of the following fees:
 - 1. All applicable fees established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25, except that the lienholder of a vehicle may retrieve the vehicle without paying any storage fee for the period of time that the vehicle was in the possession of the towing service or storage facility prior to the date the lienholder received the notice sent under subsection (f)(1)A. of this section;
 - 2. If notice has been sent to the owner and lienholder as described in subsection (f) of this section, a processing fee of twenty-five dollars (\$25.00).

- (2) A towing service or storage facility in possession of a vehicle that is removed under authority of subsection (b) of this section shall show the vehicle owner, operator or lienholder who contests the removal of the vehicle all photographs taken under subsection (d) of this section. Upon request, the towing service or storage facility shall provide a copy of all photographs in the medium in which the photographs are stored, whether paper, electronic, or otherwise.
 - (3) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was lawfully towed, the owner may be able to file a civil action under Ohio R.C. 4513.611.
 - (4) Upon presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle or a lease agreement, the owner of a vehicle that is removed under authority of subsection (b) of this section may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. The owner of the vehicle shall not retrieve any personal items from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability. For purposes of subsection (g)(4) of this section, "personal items" do not include any items that are attached to the vehicle.
- (h) No person shall remove, or cause the removal of any vehicle from private property that is established as a private tow-away zone under this section, or store such a vehicle other than in accordance with this section, or otherwise fail to comply with any applicable requirement of this section.
- (i) This section does not affect or limit the operation of Ohio R.C. 4513.60 or Ohio R.C. 4513.61 to 4613.65 as they relate to property other than private property that is established as a private tow-away zone under subsection (a) of this section.

303.083 IMPOUNDING VEHICLES ON PUBLIC PROPERTY.

- (a) The chief of a law enforcement agency of the municipal corporation, within the chief's respective territorial jurisdiction, or a state highway patrol trooper, upon notification to the chief of such action and of the location of the place of storage, may order into storage any motor vehicle, including an abandoned junk motor vehicle as defined in Ohio R.C. 4513.63, that:
- (1) Has come into the possession of the chief, or state highway patrol trooper as a result of the performance of the chief's or trooper's duties; or

- (2) Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer without notification to the chief of the reasons for leaving the motor vehicle in such place. However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:
- A. The vehicle was involved in an accident and is subject to Ohio R.C. 4513.66, or any substantially equivalent municipal ordinance;
 - B. The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the chief, or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the chief, or state highway patrol trooper. If the chief, or state highway patrol trooper determines that the vehicle cannot be removed within the specified period of time, the chief, or state highway patrol trooper shall order the removal of the vehicle.
- (3) Subject to subsection (c) of this section, the chief shall designate the place of storage of any motor vehicle so ordered removed.

(b) If the chief, or a state highway patrol trooper issues an order under subsection (a) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed.

- (c) (1) The chief shall cause a search to be made of the records of an applicable entity listed in Ohio R.C. 4513.601(F)(1) to ascertain the identity of the owner and any lienholder of a motor vehicle ordered into storage by the chief, or by a state highway patrol trooper within five business days of the removal of the vehicle. Upon obtaining such identity, the chief shall send or cause to be sent to the owner or lienholder at the owner's or lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt. The notice shall inform the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of the sending of the notice.
- (2) A. The owner or lienholder of the motor vehicle may reclaim the motor vehicle upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval

fee established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under Ohio R.C. 4513.69(B)(3), if applicable. However, the owner shall not do either of the following:

1. Retrieve any personal item that has been determined by the chief, or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation;
2. Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.

B. For purposes of subsection (c)(2) of this section, "personal items" do not include any items that are attached to the vehicle.

- (3) If the owner or lienholder of the motor vehicle reclaims it after a search of the applicable records has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the place of storage, and the notice was sent to the motor vehicle owner by the place of storage, the owner or lienholder shall pay to the place of storage a processing fee of twenty-five dollars (\$25.00), in addition to any expenses or charges incurred in the removal and storage of the vehicle.

(d) If the owner or lienholder makes no claim to the motor vehicle within ten days of the date of sending the notice, and if the vehicle is to be disposed of at a public auction as provided in Ohio R.C. 4513.62 or any substantially equivalent municipal ordinance, the chief, without charge to any party, shall file with the Clerk of Courts of the county in which the place of storage is located an affidavit showing compliance with the requirements of this section. Upon presentation of the affidavit, the Clerk, without charge, shall issue a salvage certificate of title, free and clear of all liens and encumbrances, to the chief. If the vehicle is to be disposed of to a motor vehicle salvage dealer or other facility as provided in Ohio R.C. 4513.62 or any substantially equivalent municipal ordinance, the chief shall execute in triplicate an affidavit, as prescribed by the Registrar of Motor Vehicles, describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with. The chief shall retain the original of the affidavit for the chief's records, and shall furnish two copies to the motor vehicle salvage dealer or other facility. Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the Clerk of Courts, within thirty days of the presentation, shall issue a salvage certificate of title, free and clear of all liens and encumbrances.

(e) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the Clerk of Courts.

(f) No towing service or storage facility shall fail to comply with this section.
(ORC 4513.61)

303.09 LEAVING JUNK AND OTHER VEHICLES ON PRIVATE OR PUBLIC PROPERTY WITHOUT PERMISSION OR NOTIFICATION.

(a) No person shall willfully leave any vehicle or an "abandoned junk motor vehicle" as defined in Ohio R.C. 4513.63 on private property for more than seventy-two hours without the permission of the person having the right to the possession of the property or on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right of way of any road or highway, for forty-eight hours or longer, without notification to the chief of the law enforcement agency of the municipal corporation of the reason for leaving the motor vehicle in such place.

For purposes of this section, the fact that a vehicle has been so left without permission or notification is prima-facie evidence of abandonment. Nothing contained in this section shall invalidate the provisions of other ordinances regulating or prohibiting the abandonment of motor vehicles on streets, highways, public property or private property within the Municipality.

(b) Whoever violates this section is guilty of a minor misdemeanor and shall also be assessed any costs incurred by the Municipality in disposing of an abandoned junk motor vehicle that is the basis of the violation, less any money accruing to the Municipality from this disposal of the vehicle. (ORC 4513.64)

303.10 LEAVING JUNK VEHICLES ON PRIVATE PROPERTY WITH PERMISSION OF OWNER.

For the purposes of this section, "junk motor vehicle" means any motor vehicle meeting the requirements of Ohio R.C. 4513.63(B) to (D) that is left uncovered in the open on private property for more than seventy-two hours with the permission of the person having the right to the possession of the property, except if the person is operating a junk yard or scrap metal processing facility licensed under authority of Ohio R.C. 4737.05 to 4737.12; or regulated under authority of the Municipality; or if the property on which the motor vehicle is left is not subject to licensure or regulation by any governmental authority, unless the person having the right to the possession of the property can establish that the motor vehicle is part of a bona fide commercial operation.

Persons may store or keep by unrestricted method any collector's vehicle as defined in Ohio R.C. 4501.01(F) on private property with the permission of the person having the right to the possession of the property; except that such person having such permission shall conceal, by means of buildings, fences, vegetation, terrain or other suitable obstruction, any unlicensed collector's vehicle stored in the open.

Council, the chief of a law enforcement agency, a state highway patrol trooper or the Municipal Zoning Authority, may send notice by certified mail with return receipt requested, to the person having the right to the possession of the property on which a junk motor vehicle is left, that within ten days of receipt of the notice, the junk motor vehicle either shall be covered by being housed in a garage or other suitable structure or shall be removed from the property.

No person shall willfully leave a junk motor vehicle uncovered in the open for more than ten days after receipt of a notice as provided in this section. The fact that a junk motor vehicle is so left is prima-facie evidence of willful failure to comply with the notice. Each subsequent period of thirty days that a junk motor vehicle continues to be so left constitutes a separate offense. (Ord. 12-83. Passed 8-8-83.)

303.11 PROVIDING FALSE INFORMATION TO POLICE OFFICER.

(a) No person shall knowingly present, display or orally communicate a false name, social security number or date of birth to a law enforcement officer who is in the process of issuing to the person a traffic ticket or complaint.

If division (A)(7) of that section requires that the court impose as a condition of the privileges that the offender must display on the vehicle that is driven subject to the privileges restricted license plates that are issued under Ohio R.C. 4503.231, except as provided in division (B) of that section, the court shall impose that condition as one of the conditions of the limited driving privileges granted to the offender, except as provided in division (B) of Ohio R.C. 4503.231.
- (5) If title to a motor vehicle that is subject to an order of criminal forfeiture under this section is assigned or transferred and division (B)(2) or (3) of Ohio R.C. 4503.234 applies, in addition to or independent of any other penalty established by law, the court may fine the offender the value of the vehicle as determined by publications of the national auto dealers association. The proceeds of any fine so imposed shall be distributed in accordance with division (C)(2) of that section.
- (6) In all cases in which an offender is sentenced under subsection (h) of this section, the offender shall provide the court with proof of financial responsibility as defined in Ohio R.C. 4509.01. If the offender fails to provide that proof of financial responsibility, the court, in addition to any other penalties provided by law, may order restitution pursuant to Ohio R.C. 2929.18 or 2929.28 in an amount not exceeding five thousand dollars (\$5,000) for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during or after committing the offense for which the offender is sentenced under subsection (h) of this section.

The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under Ohio R.C. 4510.022. If the court grants unlimited driving privileges under Ohio R.C. 4510.022, the court shall suspend any jail term imposed under subsection (i)(1) of this section as required under that section.
- (2) If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one or more violations of subsection (a) of this section or other equivalent offenses, the offender is guilty of a misdemeanor of the third degree. However, if the court determines that an offender who stays in an alcohol treatment program under an order issued under this section is unable to pay the cost of the stay in the program, the court may order that the cost be paid from the court's indigent drivers' alcohol treatment fund.

(l) Appeal Does Not Stay Operation of License Suspension. If a person whose driver's or commercial driver's license or permit or nonresident operating privilege is suspended under this section files an appeal regarding any aspect of the person's trial or sentence, the appeal itself does not stay the operation of the suspension.

(m) Subsection (a)(1)J. of this section does not apply to a person who operates a vehicle while the person has a concentration of a listed controlled substance or a listed metabolite of a controlled substance in the person's whole blood, blood serum or plasma, or urine that equals or exceeds the amount specified in that subsection, if both of the following apply:

(o) Conflict of Terms. All terms defined in Ohio R.C. 4510.01 apply to this section. If the meaning of a term defined in Ohio R.C. 4510.01 conflicts with the meaning of the same term as defined in Ohio R.C. 4501.01 or this Traffic Code, the term as defined in Ohio R.C. 4510.01 applies to this section. Persons rendering assistance in any manner to such competitive use of vehicles shall be equally charged as the participants. The operation of two or more vehicles side by side either at speeds in excess of prima-facie lawful speeds established by Section 333.03 or rapidly accelerating from a common starting point to a speed in excess of such prima-facie lawful speeds shall be prima-facie evidence of street racing.

Except as provided in subsection (d)(2)B. or C. of this section, the court, in addition to any other penalty that it imposes on the offender and if the vehicle is registered in the offender's name and if, within three years of the offense, the offender previously has been convicted of or pleaded guilty to one violation of Ohio R.C. 4510.11 or Ohio R.C. 4510.111 or 4510.16, or a substantially equivalent municipal ordinance, the court, in addition to or independent of any other sentence that it imposes upon the offender, may order the immobilization of the vehicle involved in the offense for thirty days and the impoundment of that vehicle's license plates for thirty days in accordance with Ohio R.C. 4503.233.

(c) No court shall impose an alternative sentence of house arrest with electronic monitoring under subsection (b)(1) or (2) of this section unless, within sixty days of the date of sentencing, the court issues a written finding on the record that, due to the unavailability of space at the jail where the offender is required to serve the jail term imposed, the offender will not be able to begin serving that term within the sixty-day period following the date of sentencing.

An offender sentenced under this section to a period of house arrest with electronic monitoring shall be permitted work release during that period.

(d) Fifty per cent of any fine imposed by a court under subsection (b)(1), (2) or (3) of this section shall be deposited into the county indigent drivers alcohol treatment fund or municipal indigent drivers alcohol treatment fund under the control of that court, as created by the county or municipal corporation pursuant to division (H) of Ohio R.C. 4511.191.

A suspension of a commercial driver's license under this section shall be concurrent with any period of suspension or disqualification under Ohio R.C. 3123.58 or 4506.16. No person who is disqualified for life from holding a commercial driver's license under Ohio R.C. 4506.16 shall be issued a driver's license under Ohio R.C. (ORC 4510.14)

- (g) (1) If a person is convicted of or pleads guilty to a violation of a municipal ordinance that is substantially equivalent to Ohio R.C. 4510.14, the court, in addition to and independent of any sentence that it imposes upon the offender for the offense, if the vehicle the offender was operating at the time of the offense is registered in the offender's name, shall do whichever of the following is applicable:

In addition to imposing court costs pursuant to Ohio R.C. 2947.23, the court imposing a sentence upon an offender for a misdemeanor committed under the Codified Ordinances, including a minor misdemeanor, may sentence the offender to any financial sanction or combination of financial sanctions authorized under this section and, if the offender is being sentenced for a criminal offense as defined in Ohio R.C. 2930.01, shall sentence the offender to make restitution pursuant to this section and Ohio R.C. 2929.281. If the court, in its discretion or as required by this section, imposes one or more financial sanctions, the financial sanctions that may be imposed pursuant to this section include, but are not limited to, the following:

(1) Restitution.

- A. Unless the misdemeanor offense could be disposed of by the traffic violations bureau serving the court under Traffic Rule 13, restitution by the offender to the victim of the offender's crime or the victim's estate, in an amount based on the victim's economic loss. The court may not impose restitution as a sanction pursuant to this section if the offense could be disposed of by the traffic violations bureau serving the court under Traffic Rule 13. If the court requires restitution, the court shall order that the restitution be made to the victim in open court or to the adult probation department that serves the jurisdiction or the clerk of the court on behalf of the victim.
- B. The court shall determine the amount of restitution to be paid by the offender. The victim, victim's representative, victim's attorney, if applicable, the prosecutor or the prosecutor's designee, and the offender may provide information relevant to the determination of the amount of restitution. The amount the court orders as restitution shall not exceed the amount of the economic loss suffered by the victim as a direct and proximate result of the commission of the

offense. If the court imposes restitution for the cost of accounting or auditing done to determine the extent of economic loss, the court may order restitution for any amount of the victim's costs of accounting or auditing provided that the amount of restitution is reasonable and does not exceed the value of property or services stolen or damaged as a result of the offense. If the court decides to or is required to impose restitution, the court shall hold an evidentiary hearing on restitution if the offender, victim, victim's representative, victim's attorney, if applicable, or victim's estate disputes the amount of restitution. The court shall determine the amount of full restitution by a preponderance of the evidence.

- C. All restitution payments shall be credited against any recovery of economic loss in a civil action brought by the victim or the victim's estate against the offender. No person may introduce evidence of an award of restitution under this section in a civil action for purposes of imposing liability against an insurer under Ohio R.C. 3937.18.
- D. The court may order that the offender pay a surcharge, of not more than five percent (5%) of the amount of the restitution otherwise ordered, to the entity responsible for collecting and processing restitution payments.
- E. The victim, victim's attorney, if applicable, or the attorney for the victim's estate may request that the prosecutor in the case file a motion, or the offender may file a motion, for modification of the payment terms of any restitution ordered. If the court grants the motion, it may modify the payment terms as it determines appropriate but shall not reduce the amount of restitution ordered, except as provided in Ohio R.C. 2929.281(A).

(2) Fines. A fine in the following amount:

CHAPTER 1181
Planned Unit Development (PUD)

1181.01	Objectives for a Planned Unit Development (PUD).	1181.06	Application procedure.
1181.02	Qualifying conditions.	1181.07	Review standards.
1181.03	Allowed uses.	1181.08	Changes to an approved PUD.
1181.04	Development provisions.	1181.09	Existing PUDs.
1181.05	Site development requirements.		

1181.01 OBJECTIVES FOR A PLANNED UNIT DEVELOPMENT (PUD).

(a) General Objectives. A planned unit development (PUD) shall be classified as a unique zoning district or combination of districts that is subject to the provisions of this chapter. The purpose is to encourage and allow more creative and imaginative design of land development than is possible under standard zoning district regulations. A PUD is intended to allow flexibility in planning and design and overall benefits to the Village. A PUD also permits the establishment of a variety of uses brought together as parts of a compatible and unified plan. This flexibility should result in a development that has unique characteristics and features that are not found in a development produced in accordance with standard zoning district and subdivision regulations.

(b) Specific Objectives.

- (1) To encourage unified projects that exhibit creative planning and design in ways that cannot be achieved through a standard zoning district, yet is consistent with all applicable plans including but not limited to the Comprehensive Plan, Thoroughfare Plan and the intent of the Ordinance.
- (2) Allow the creation of development standards that respect the unique characteristics, natural quality and beauty of the site and the immediate vicinity and protect the community's natural resources by avoiding development on and destruction of sensitive environmental areas.
- (3) Promote economical and efficient use of land and reduce infrastructure cost through unified development.

- (4) To provide amenities and enhancements that will sustain the quality of life and property values within the development as well as the properties surrounding the proposed PUD.
- (5) Assure compatibility between proposed land uses within and around the PUD through appropriate development controls.
- (6) Where appropriate, provide for community facilities, open space and recreational areas.
- (7) To provide a maximum choice of business and living environments by allowing for a variety of housing, building types and imaginative architectural design.
- (8) To provide an opportunity for a mix of complementary uses otherwise not permitted within the standard zoning classifications.
- (9) To develop land in an orderly, coordinated and comprehensive manner that is consistent with accepted land planning, landscape architecture practices and engineering principles.
(Ord. 29-2023. Passed 10-23-23.)

1181.02 QUALIFYING CONDITIONS.

(a) At a minimum, all proposed Planned Unit Developments shall meet the following qualifying conditions, as applicable, to be considered for approval:

- (1) Location. Planned Unit Developments may be located in any part of the Village, subject to meeting all other applicable requirements.

1181.04 DEVELOPMENT PROVISIONS.

(a) Minimum Lot Size and Zoning Requirements. Lot area, width, setbacks, height, lot coverage, minimum floor area, parking, landscaping, lighting, and other requirements for the district specified in the following table for the proposed use shall apply to all such uses within a Planned Unit Development, unless modified in accordance with the provisions of Section 1181.04 (c). Within a PUD, the minimum buffer requirements specified in Chapter 1175, between uses shall not apply; provided, the Planning Commission or Village Council may require separation or buffering of uses as a condition of preliminary plan approval.

(b) Modification of Minimum Requirements. Regulations applicable to a land use in the Planned Unit Development district may be altered from the requirements specified in Table 1181.03 (b), including the following: modification from the lot area and width, building setbacks, height, lot coverage, signs, and parking. However, a reduction in lot size shall not result in an increase in the number of dwellings otherwise permitted by the applicable zoning district. Land gained by the reduction in lot sizes shall be added to the open space required within the PUD. The applicant for a Planned Unit Development shall identify, in writing, all proposed deviations from the zoning district requirements. Modifications may be approved by the Village Council during the preliminary development plan review stage, after Planning Commission recommendation. Adjustments to the minimum requirements may be permitted only if they will result in a higher quality and more sustainable development, consistent with the purpose of the Planned Unit Development district, as expressed in Section 1181.01.

(c) Density Bonus. In addition to the modification of minimum requirements permitted in Section 1181.04 (b), the Planning Commission may permit an increase in the total number of residential units otherwise allowed within a Planned Unit Development, according to the requirements in Table 1181.04(g). The Planning Commission may grant a density bonus up to twenty-five percent (25%) if the proposal meets all of the applicable criteria described below and where it is demonstrated that:

- (1) The appearance and construction will result in a development of high quality, as evidenced by the innovative design and use of building materials such as stone, masonry, wood and hardie- plank, but not including vinyl; and
- (2) Dedicated common open space is provided in excess of the minimum required, per Section 1181.04(d).
- (3) At least two of the following will be included within the development:
 - A. Amenities, beyond the minimum required open space, will be provided to create a more sustainable community and desirable living environment.
 - B. Significant natural features, including stands of mature trees, will be preserved and/or substantial landscaping beyond the minimum requirements will be incorporated into the development.
 - C. Decorative pavers or similar aesthetic enhancements will be incorporated into the vehicular and pedestrian circulation system.
 - D. A mixed use of residential and commercial and/or office component is proposed within the PUD.
 - E. Three or more public benefits, as identified in Section 1181.02 (a)(10), will be achieved.

(d) Common Open Space. For purposes of the Planned Unit Development requirements, "common open space" is defined as an area of land or water, or a combination of land and water, designed and intended for the perpetual use and enjoyment of the users of the development and/or the general public. Common open space may contain accessory structures and improvements necessary or desirable for educational, noncommercial, recreational, or cultural uses. A variety of open space and recreational areas is encouraged such as: children's informal play areas in close proximity to neighborhoods or dwelling unit clusters; formal parks, picnic-areas and playgrounds; pathways and trails; scenic open areas and communal, noncommercial recreation facilities; and natural conservation areas. At a minimum, the following regulations shall apply to all common open space within a Planned Unit Development.

- (1) The area of common open space shall not be less than twenty-five percent (25%) of the total land area of a Planned Unit Development containing only residential units. Not less than twenty percent (20%) of the total land area of a Planned Unit Development containing only non-residential units. The area of common open space requirement for mixed use Planned Unit Developments will be determined by the Planning Commission. Land dedicated for recreation use, in accordance with Section 1181.04(d)(3), shall count toward the common open space requirement.
- (2) All common open space shown on the final development plan must be reserved or dedicated by conveyance of title to a corporation, association, or other legal entity, by means of a restrictive covenant, easement or through other legal instrument. The terms of such legal instrument must include provisions guaranteeing the continued use in perpetuity of such open space for the purposes intended and for continuity of proper maintenance of those portions of the open space requiring maintenance.
- (3) The open space shall meet the following minimum dimensions, contiguity, and connectivity requirements:
 - A. The required open space shall be centrally located, established along the street frontage of the development to protect or enhance views, located to preserve significant natural features, adjacent to dwellings, and/or located to interconnect other open spaces throughout the development or on contiguous properties.
 - B. Required open space areas shall be of sufficient size and dimension and located, configured, or designed in such a way as to achieve the applicable purposes of these regulations and enhance the quality of the development. The open space shall neither be perceived nor function simply as an extension of the rear yard of those lots abutting it.
 - C. If the site contains a lake, stream or other body of water, the Village may require that a portion of the required open space shall abut the body of water.
 - D. Open space shall be sufficiently aggregated to create large useable areas of planned open space. All required open space areas shall be configured so the open space is reasonably accessible to and usable by residents, visitors, and other users of the development. The minimum size of any individual open space area shall be sufficient to achieve the visual and functional intent of the open space provisions and not simply be a remnant piece of land; and, further provided, that the Planning Commission, may approve other open space areas designed and established as pedestrian or bicycle paths or are otherwise determined to be open space reasonably usable by residents, visitors, and other users of the development.

- E. Open space areas are encouraged to be linked with adjacent open spaces, public parks, bicycle paths, or pedestrian paths.
- F. Grading in the open space shall be minimal, with the intent to preserve existing topography, trees, and other natural features, where practical.
- G. A sign, structure, or building may be erected within the required open space if it is determined to be accessory to a recreation or conservation use or an entryway. These accessory structure(s) or building(s) shall not exceed, in the aggregate, five percent (5%) of the open space area. Accessory structures or uses of a significantly different scale or character than present in abutting residential districts shall not be located near the boundary of the development if they may negatively impact the residential use of adjacent lands. Pathways or sidewalks shall be exempt from this limitation.
- H. The following areas shall not qualify as required common open space for the purposes of this section.
 - 1. The area within any public street right-of-way.
 - 2. The area within private road easements.
 - 3. The area within a subdivision lot.
 - 4. Land within any required yard or setback area.
 - 5. Parking and loading areas.
 - 6. Fifty percent (50%) of any steep slopes (twelve percent (12%) or over).
 - 7. Seventy-five percent (75%) of any lake, stream, detention pond, or floodplain that is not generally accessible within the development. Accessible shall mean that the feature is bordered by a substantial open space area, park, playground, pathway, or reasonable means of access for enjoyment of all owners, visitors, or others, which will be determined and approved by the Planning Commission.
 - 8. Fifty percent of the area of any golf course.
 - 9. Public utility and similar easements and rights-of-way, unless such land and rights-of-way are to be used for trail or other public purposes. Alternative systems of providing common open space must be specifically approved by the Planning Commission.
 - 10. Wetland areas in a Planned Unit Development.

(e) Connectivity. Pathways for bicycles and pedestrians shall be incorporated throughout the Planned Unit Development and along all perimeter streets to ensure connectivity between uses and adjacent properties. Pathways and sidewalks shall be constructed in accordance with the Village design standards.

(f) Minimum Dimensions. Within a Residential Planned Unit Development District, the minimum front setback will be determined for each street by the zoning district in which the development is located. The setback should be varied among adjacent lots by at least five feet. No more than one- third of the lots within the subdivision may employ the minimum setback line, and the varied setbacks should be reasonably dispersed throughout the subdivision. The Planning Commission has the discretion to waive or modify this requirement within PUD zoned areas provided it determines such action is warranted to maintain a desired development style or design.

- (1) Variation in lot width shall be required for all residential subdivisions with more than eight lots, including those within Planned Unit Development Districts. No more than six lots in a row may have the same lot width. There must be a minimum variation of five (5) feet. Lots of varying width must be dispersed throughout the subdivision. No more than fifty percent (50%) of the lots contained within the preliminary plat shall be of the minimum width. When all of the lots within a development are seventy (70) feet or wider, then the varied lot width requirement shall not apply. The Planning Commission has the discretion to waive or modify this requirement within PUD zoned areas provided it determines such action is warranted to maintain a desired development style or design.
 - (2) The minimum distance between single-family detached dwellings shall not be less than fourteen (14) feet to any other main dwelling.
 - (3) The minimum distance between dwelling and side lot line is five (5) feet.
- (g) Maximum Density.

 - (4) Nine units per acre if the development is exclusively multi-family.
- (h) Arrangement of Use Areas.
- (1) Buildings and uses within the proposed development shall be located to reduce any adverse influences and to protect and enhance the character of areas adjacent to the development.
 - (2) Whenever a proposed development includes areas of a higher intensity than that permitted in adjacent areas, the location and arrangement of use areas shall include appropriate buffers, open spaces, setbacks, or other transitional areas to ensure compatibility with the lower intensity areas.
 - (3) Buildings, structures, and parking areas shall be designed and located within the PUD in ways that conserve environmentally sensitive or unique natural, historic, or cultural features, and minimize environmental impacts.
 - (4) When commercial, office or industrial uses are being proposed, such buildings and establishments shall be planned to have shared common parking areas and common ingress and egress points in order to reduce the number of potential conflict points.
 - (5) All areas designed for future expansion or not intended for immediate improvements of development shall be landscaped or otherwise maintained in a neat and orderly manner as may be specified by the Planning Commission.
- (i) Landscaping, Screening, and Buffering.
- (1) In addition to Chapters 1187 and 1189, the following shall be followed;

- B. Privacy for residential buildings shall be maintained using landscaping, screening, and buffering.
 - C. Appropriate buffer zones with adequate landscaping shall be provided between the proposed development and adjacent areas.
 - D. Alternative design approaches to meet the intent of the landscape regulations may be incorporated.
 - E. Development sites that lack natural trees or various topography, are encouraged to creatively add these types of features.
- (j) Protection of Natural Features.
- (1) A riparian buffer shall be provided along the entire length and on both sides of a river or perennial stream channel. A buffer area not less than twenty (20) feet in width measured from the edge of the delineated bank of a river or perennial stream shall be provided along the entire length of waterway. Walkways may be permitted to be located within riparian buffers when the Planning and Zoning Commission determines that such will create minimal change to the riparian buffer.
 - (2) Wetlands that are to be retained in their natural state within the PUD shall be protected. A buffer area not less than twenty (20) feet in width measured from the edge of the delineated wetland shall be provided along the entire perimeter of the designated wetland. The buffer area shall not be disturbed and shall be retained in its natural state. Minimum building and pavement setbacks to protect such wetlands and buffer areas shall be established and shall be measured from the edge of such wetlands.
- (k) Pedestrian Circulation Systems.
- (1) A pedestrian circulation system shall be included and designed to provide convenient and safe pedestrian access throughout the PUD, and to connect to neighboring developments and community facilities. The pedestrian circulation system may include sidewalks and other walkways not located along streets. Trails with public right of passage should be incorporated in the pedestrian circulation system.

- (1) The proposed vehicular circulation system shall provide adequate connections to the existing street network.
 - (2) The area of the project devoted to streets and related pavement should be the minimum necessary to provide adequate and safe movement and access.
 - (3) Street alignments should be designed to conserve natural features and minimize the need for cut and fill practices.
 - (4) The function of adjacent thoroughfares shall be maintained by limiting access points to the minimum needed, relating them to existing access points, the street patterns on surrounding development, the Thoroughfare Plan, and the intensity of proposed uses.

- (5) Private streets as a common easement may be used to provide access to clustered lots and/or structures.
- (6) Street lighting and street signs shall be adequate for safety and security. (Ord. 29-2023. Passed 10-23-23.)
