Pleasant Valley Fire Dept.

If you have any unused, unneeded, unwanted and/or expired medications you can safely dispose of them on April 30, 2022 during our Drug Takeback Day from 10AM to 2PM. This event is located at the [Pleasant Valley Fire Department](#) at 650 West Main Street, Plain City. This is a great step to reduce the risk of medications being stolen or abused, which often happens by family members who have struggled with addiction or even some who are just experimenting. By eliminating the temptation, you are making your home a safer place. This is also the best and safest method to dispose of medications and protect the environment.

Building Permits; Contractor

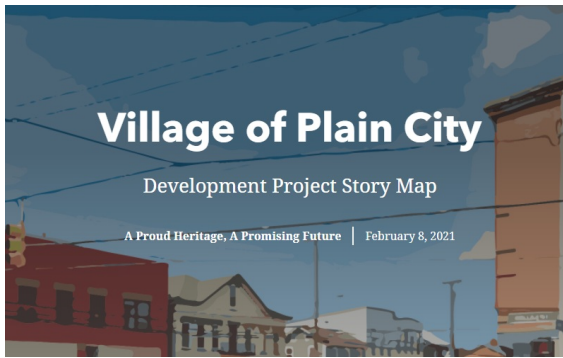

Right-of-Way

Spring is approaching and you may find yourself wanting to do some home improvement projects. Before starting a project, please verify if a zoning permit is required. Remember no building or other structure shall be erected, moved, added to, altered, or demolished, nor shall any building, structure, or land be established or changed in use without a permit. This includes, but is not limited to:

- Sheds
- Garages
- Decks/Porches
- Patios
- Fences
- Additions
- Swimming Pools

All Planning and Zoning Permits can be filed through our [Viewpoint Portal!](#)

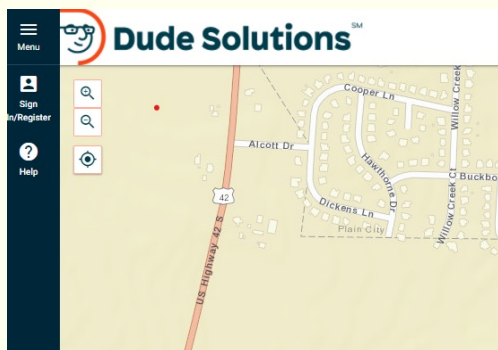

As the weather warms, the Planning and Zoning Department wants to remind property owners to make sure properties are well maintained. Please remember to keep grass, trees, and shrubbery trimmed. All buildings and structures must be in good repair and free of peeling paint, missing sidings/shingles, crumbling masonry, etc. Properties should be free of litter and miscellaneous debris. The Village appreciates your cooperation in advance.

Stay in the know with development happening in the Village with our [Development Story Map](#). Snow Removal Program

During inclement weather, the Public Works team work around the clock to maintain safe travel on 35 lane miles of roads and streets. The team deploys 3 staff per 12-hour shift, keeping 3 dump trucks plowing and spreading salt during snow events. It is helpful when residents remove vehicles from roadways during snow events.

TO DATE: Staff have logged over 360 man-hours on snow removal and dropped more than 150 tons of salt this winter season. If you see a plow drive by, give them a wave!

BRUSH PICKUP WILL BEGIN IN EARLY APRIL

Guidelines:

- Leave brush in front of home on tree lawn (small grassy area in between road and sidewalk)
- Brush does NOT need to be bundled
- Individual limbs no larger than 6 inches in diameter
- Submit requests on the [Citizens Request Portal](#)
