Quality of Life – Points of Interest

FRESH WATER: Oakland County is not only hours away from five of the world's largest fresh-water lakes but also has more than 1,450 lakes within its borders.

PARKS & TRAILS: Some 89,000 acres of parkland include some 436 miles of paths used for hiking, biking, horseback riding and cross-country skiing. There are more than 30 miles of water trails used for kayaking and canoeing.

GOLF: Swing through almost 90 public and private golf courses.

SPORTS: Home of Piston Basketball at the Palace of Auburn Hills, Oakland County is also an hour away from other professional sports teams, including Red Wing Hockey, Tiger Baseball, and Lions Football. Pontiac is also home of the Ultimate Soccer Arenas.

MUSIC & ART: Fabulous family entertainment, theaters and museums are all available in Oakland County and nearby downtowns. Cutting-edge creative outlets are also readily available.

FOOD: Whether you're looking for fine dining, family fare or fresh air farmers markets, Oakland County has it.

A Quick Glance

INNOVATION: With more than 3,000 patents filed annually, the region has the first U.S. Patent Office outside of Washington D.C.

HIGHER EDUCATION: Some 30 universities, colleges and technical schools have campuses in the county or just under an hour away.

MOTOR CITY – PLUS: The region is famously home to the headquarters of General Motors, Ford Motor and now the new Chrysler-Fiat North American headquarters – right in Oakland County. The county has 40 percent of the Global Automotive OEMs with an office and/or factory in its boundaries.

Almost 60 percent of Fortune 500 companies and more than 40 percent of the Global Fortune 500 companies have at least one business location in the county. And, over the decades, Oakland County has diversified. With innovation in the region's DNA, tech start-ups, medical manufacturing and life sciences companies have flourished in the region.

HQ In addition to the top automotive manufacturers, Fortune 500 companies with their main headquarters in this region, include the following: TRW Automotive Holdings (Livonia), Lear (Southfield), Perleco Automotive Group (Bloomfield Hills), Ally Financial (Detroit), DTE Energy (Detroit), BorgWarner (Auburn Hills), Masco (Taylor), BorgWarner (Auburn Hills), Visteon (Van Buren Township), Con-Way (Ann Arbor) and Kelly Services (Troy).

AIRPORTS & HIGHWAYS: The region is a global hub for air commerce with three major airports easily accessible: Detroit Metropolitan Wayne County (DTW), Oakland County International Airport, and Bishop International (BFI). Major Expressways link Oakland County conveniently with all major Midwestern cities and Canada.

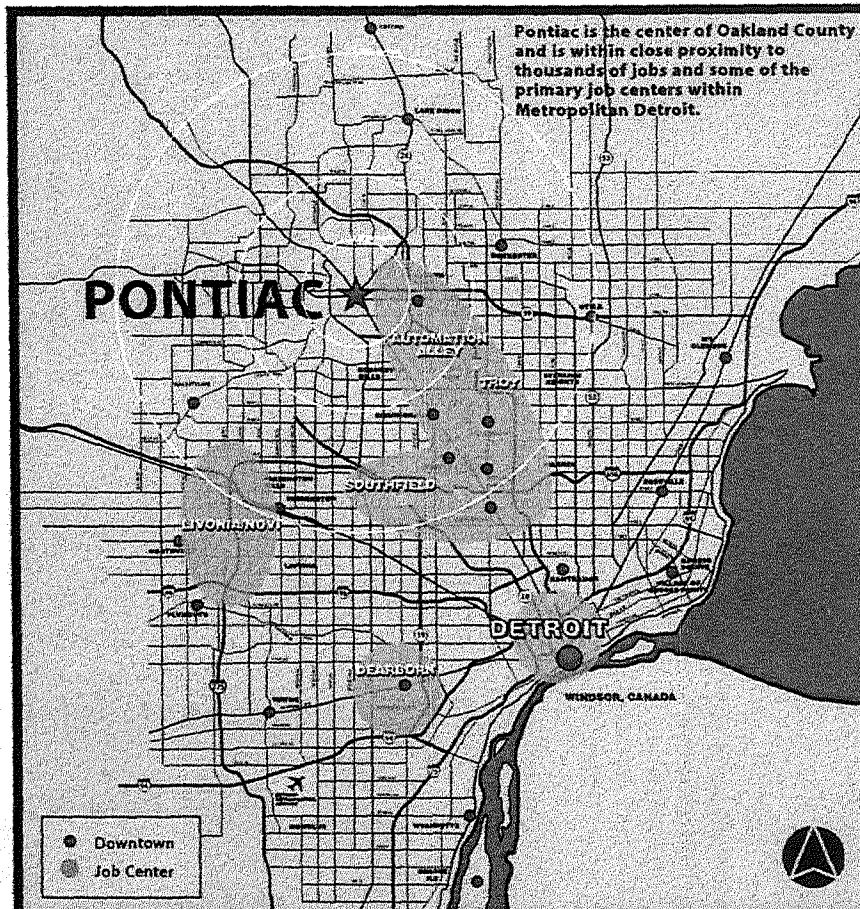

The infrastructure in the region includes 11 interstate highways, 4,900 truck routes, miles of highways and roads, four Class I railroads with 3,600 miles of railroad track, nine intermodal freight facilities, nine airports and air fields, three marine ports, and 235,000 workers in the sector.

PRESENTATION

CITY OF PONTIAC
Department of Building Safety & Planning
PLANNING DIVISION

Mayor Deirdre Waterman

TO: HONORABLE MAYOR, COUNCIL PRESIDENT & CITY COUNCIL

FROM: VERN GUSTAFSSON – PLANNING MANAGER
DONOVAN SMITH – CITY PLANNER
THROUGH THE OFFICE OF THE DEPUTY MAYOR, JANE BIAS-DISESSA

SUBJECT: REQUEST TO SCHEDULE PUBLIC HEARING JANUARY 14, 2020
2020-2024 PARKS & RECREATION MASTER PLAN UPDATE

DATE: DECEMBER 27, 2019

The City of Pontiac is in the final stages of completing the 2020-2024 Parks & Recreation Master Plan. To ensure the 2020-2024 Parks & Recreation Master Plan is completed, adopted, and the city remains eligible for DNR Trust Fund Grants for the year 2020, the Planning Division has provided a schedule to accomplish this by February 1, 2020 deadline. Several milestones have been established and must be completed as part of the adoption process. The Parks & Recreation Plan must undergo a minimum 30-day public comment period, Planning Commission and City Council final review and resolution.

On December 12th, the Planning Division held a Parks & Recreation Master Plan Stakeholder meeting and public forum encouraging public participation and open discussion of the plan contents and areas on improvement. This Task Force will reconvene January 7, 2020, for final updates and review of public comments submitted during the open public comment period.

November 22 through December 26th was the public comment period, where residents were given the opportunity to submit comments regarding the Parks & Recreation Master Plan. The Planning Division has provided below an analysis of the accumulated public comments and recommendations for consideration in the final draft of the Parks and Recreation Master Plan.

Lastly, in compliance with the Department of Natural Resources (DNR) requirements for Parks & Recreation Masterplan adoption, the Planning Division is requesting the Pontiac City Council to hold a Public Hearing and first reading on January 14th, 2020 followed by a second hearing and adoption on January 21th, 2020. This process allows the city to take advantage of the potential funding and grant

benefits as well as adopting a sound Parks & Recreation Master Plan that is designed as a guide for improving our community health and wellness programs and our city park systems.

Current Draft 2020-2024 Parks & Recreation Master Plan can be viewed at: <http://Pontiac.mi.us/P&RMasterPlan>

Action Plan Recommendations:

The following recommendations are for improvements to the 2020-2024 Parks & Recreation Master Plan, provided by analyzing the online public comments submissions and in-person discussions provided at the Parks & Recreation Stakeholder Meeting on December 12, 2019. Located on page 189 within the 2020-2024 Parks & Recreation Master is the Action program, which details the priorities and direction for the City of Pontiac parks and recreation facilities and services over the next five years. Included below are recommendations to improve the objectives found in the overarching goals of the 2020-2024 Parks and Recreation Master Plan.

Goal #1 Maintenance & Operations

Improve the overall quality of facilities and amenities within Pontiac Parks and make improvements to the operational efficiencies and enhance the long-term viability of parks.

- Recommendations
 - Establish a Parks & Recreation Department and commission [\$200,000 – Medium]
 - Prioritize and Repurpose Ewalt Recreation Center [\$2,000,000 – Medium]

Goal #2 Park & Facility Development

Provide planning, park design and recreation facility improvements that respond to the needs and interests of Pontiac's diverse community and develop inclusive, accessible parks and recreational facilities.

- Recommendations
 - Implement Disc Golf Activities within parks system [\$50,000 – Short]
 - Implement a Dog Park area within select parks [\$75,000 – Short]
 - A Community and Recreation Center [\$500,000 – Medium]

Goal #4 Awareness & Communications

Address the needs for creating a line of communication and outreach with community members that will increase awareness of parks, programs and volunteer opportunities

- Recommendations
 - Establish Parks & Recreation Commission to implement the 2020-2024 Parks & Recreation Master Plan [\$100,000 – Short]
 - Establish authority for management of water resources [\$20,000 – Medium]

Public Input & Comment

The following tables indicate all public comments submitted via email or online submission from readers and participants of the Parks & Recreation Master Plan, during the public comment November 23 through December 26th, 2019. Below is a word bank that highlights common themes and words used to describe opinions and recommendations for improving the city parks and open space.

I sent an email but I might as well post a comment here. I'd love to see a disc golf course in Pontiac! Particularly in Hawthorne Park. Disc golf is inexpensive to build, maintain and play. An 18 hole course costs less than a basketball or tennis court to build but up to 54 people can play at a time compared to 4-10. Disc golf is a rapidly growing sport ([PDGA.com/demographics](https://www.pdga.com/demographics)) because on its inclusiveness, in expensiveness and accessibility. I think it would be a great addition to the city!

I and friends would definitely come to plat disc golf in Pontiac!

If you build it, we will come

I would support a disc golf course in Pontiac!!

A disc golf course in Hawthorne park would be awesome! The disc golf community in southeast Michigan is pretty big and willing to support!

A disc golf course at Hawthorne park would be an incredible addition. It is a cheap, outdoor, family friendly sport that is accessible to all. I work at a church with youth and take a group of teens out to play every Friday. It keeps them out of trouble, gets them outdoors and doesn't cost them a thing. My family enjoys playing disc golf together, including my 6 year old daughter. We would be frequent visitors to this park with the addition of a disc golf course.
I would love to see a disc golf course installed into Hawthorne park. I have seen the positive effects on other parks due to the increased foot traffic seen with disc golf play. From what I understand, players are often willing to travel several hours for courses and this could drive increased business for local businesses as well as increase park usage and foot traffic.
Hawthorne park would be great if you could put in a disc golf course. Most courses are a distance away.
I would love to see this park get a disc golf course. From the early 1980s my family has used this park as a family cook out spot. Would love another reason to start using this park more. And I think a disc golf course is exactly what it needs.
A new disc golf course incorporated at Hawthorne Park would bring more visitors to the area. It is a growing sport that brings people outdoors by getting people to get out and enjoy nature. I would like to see this plan get carried out.
I want a disc golf park in Pontiac!!
Please put in a disc golf course in Pontiac. It is great for all ages. Kids to adults. Disc golf is a growing sport and disc golf clubs are great for the community!
Adding a disc golf course would be a great investment
I live very close to Pontiac and commute in and out of the city every day of the week. I'm also a proud supporter of local business, and so I routinely get gas and food in Pontiac. I'm also a passionate disc golf player. Our community is tight-knit. We support the areas we play in and give back to the parks. Hawthorne would be a great location for a course. It will bring in people from all over SE Mi. I implore you to at least listen to some of us so we can better inform you of the benefits!
I would love to see a disc golf course in the future plans! This would definitely bring people in from all over to play
Would love a course in Pontiac, i work not far away and have also enjoyed to works of Jonathan Weyhrauch at 're-root Pontiac'.....consequently Mr. Weyhrauch would also be the person who I'd love to see transform and maintain the land for a disc golf course. Disc golfers travel, a course would be a great boon to the local area
Please consider adding disc golf to Hawthorne Park! It is a great way to get people go to the parks, it is relatively cheap to get into, and course maintenance is pretty much just mowing grass.
We'd love to see a disc golf course at Hawthorne Park. We played a disc golf tournament there in March 2013 using portable disc golf baskets. It was a very memorable day with over 70 players. A Disc golf course would bring a tremendous value into the park. I'd be willing to assist in helping making it happen.

Beaudette Park, I would love to see a portion of Beaudette Park become a dog park. We have many people who walk their dogs in the neighborhood who I'm sure would love to let their dogs run free in a closed area. You could charge a small fee for a dog tag, so that the dogs could wear it, to show that they belong to someone who lives in Pontiac. If neighboring cities/township would like to use our dog park we could charge them a little extra. These fees could be used for the upkeep.

I do not want the drinking fountain removed! I would like to see more play equipment for the kids,

The City of Pontiac should pursue funding and build a new Pontiac Community Center. Let's put it on the ballot if necessary.

The City of Pontiac should prioritize the restoration / and Re-purpose of Ewalt Recreation Center (the building could be re-purposed and enlarged to be a full amenities community / recreation center, with low cost recreational and rental facilities available to Pontiac families. (Ewalt Center, pg. 38)

The City of Pontiac should establish the Parks and Recreation Task Force Temporary Group as a permanent group, charged with implementation of the plan. (This group is made up of Pontiac residents.)

The City of Pontiac should remove / resolve confusion about Hidden River Park as an obstacle to downtown marijuana business development. Still time to clarify how the space will be used in the plan. We suggest using it as a rental space without Park equipment. (Hidden River Park, pg. 48)

To whom it may concern, one of our local community members, Ted Reiner has been petitioning the Pontiac Parks and Recreation department to install a disc golf course at Hawthorne Park. Another one of our local members Jake Steinbrecher recently installed a temporary course for a tournament last weekend, with good feedback.

If you not aware, we have a very large disc golf community in southeast Michigan and we travel well. We support our cities and their parks that have the ability to install and maintain disc golf courses. As a local non-profit we would definitely work with the local clubs to encourage and host events at the park.

A disc golf course would bring people from outside of the community into it and would bring revenue to local businesses.

Themes for Improvement

1. **Social Determinants of Health (SDoH)** - conditions in the environments where people are born, live, learn, work, play and worship, that affect a wide range of health and quality-of-life outcomes.
2. **Public Health** - Parks and recreational opportunities can play a key role in public health by promoting wellness and encouraging healthy lifestyles.
3. **Transportation & Mobility** - Residents in certain areas of Pontiac don't have access to a vehicle or are unable to drive for a variety of reasons. It is important to provide convenient access to public transportation routes that connect residents to parks, community centers and other key destinations.

Parks of Pontiac Action Plan

The Action Program details the priorities and direction for the City of Pontiac parks and recreation facilities and services over the next five years (2020 - 2024), and relate to one of five categories;

PRESENTATION

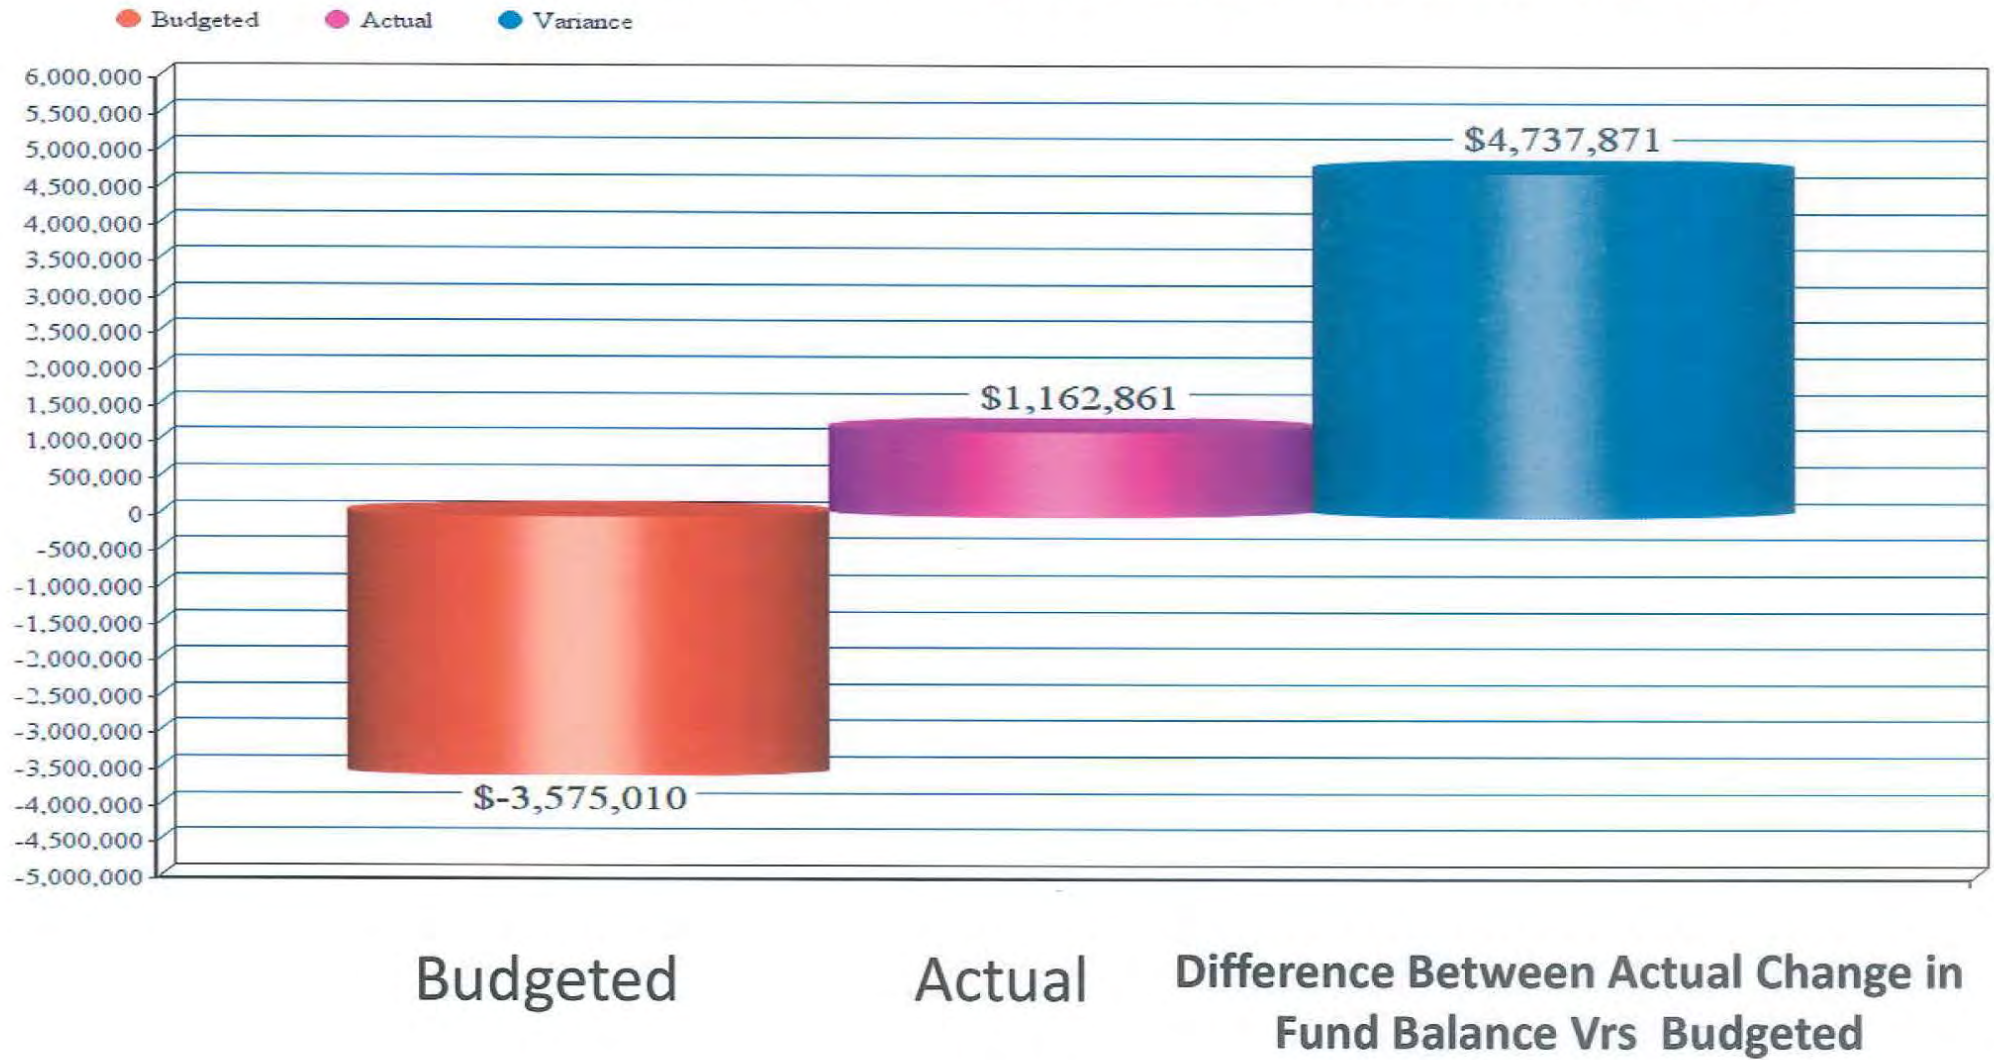

Financial Surplus Increased by \$1.162 Million

General Fund Revenues Increased By \$2,087,847

Actual Change in Fund Balance Exceeded Budgeted Change In Fund Balance By \$4,737,871

Key Economic Factors

- Income Tax Revenue continues to Exceed budget Estimates.
- Significant new road projects are in the process of being developed in the City, mainly funded by the gas & weight tax and a prior year approved transfers from the general fund's accumulated fund balance.
- Due to Careful Risk Management charges for general liability insurance are proving to be less than anticipated as the City continues to settle outstanding lawsuits or prevail at levels less than anticipated. The number of lawsuits filed against the City has decreased significantly from several years ago.
- Due to improving economic conditions sales prices in the housing market are steadily increasing. In December 2009 the average home sale price in Pontiac was \$10,000; In November 2019 the average home sale price was \$81,500
- The City is significantly reducing the number of dilapidated housing units in the City and is reaching the goal of eliminating blight through a strong demolition program of dangerous structures

RE: Professional Engineering & Architectural Services - Phoenix Center Parking Garage & Amphitheater

Synopsis of RFP Process

The City of Financial Services -- Purchasing Division was supported by AUCH Construction in Requesting Proposal from qualified Professional Engineering & Architectural. The process included publicly advertising on BidNet Direct and individual invitations sent to known qualified firms.

All responding firms were required to notify Jessica Massey of the Financial Services -- Purchasing Division via e-mail of their intent to bid. This allows for the City to distribute any updates on the RFP to all responding firms.

Notices of Intent to Propose were received from the following firms (11 Firms):

- SME
- Wiss, Janney, Elstner Engineers & Architects, P.C.
- DESMAN
- Albert Kahn
- Hamilton Anderson
- Yamasaki
- WGI
- CORE Design Group
- HRC
- IDS
- IMEG/Desai Nasr

All 11 firms plus specialty consultants attended the Mandatory Pre-Proposal meeting on November 12th (see attached sign in sheet). Immediately following the meeting a brief walk of the site was conducted for all interested parties.

A deadline of November 15th was set for questions (RFI's) and 7 questions were received and responded to by the November 20th response deadline.

On December 6th a Public Bid Opening was conducted at the City of Pontiac and (8) Proposals were received. The As Read Results are attached for reference. The proposal were reviewed and ranked by the Selection Committee consisting of Jessica Massey, Dan Ringo and Gerry McClelland (AUCH) to generate the shortlist of 3 firms to be interviewed.

RE: Professional Engineering & Architectural Services - Phoenix Center Parking Garage & Amphitheater

Recap of the Shortlist Process and Items Considered by the Selection Team

Each proposal was received and cost proposals read aloud at the City of Pontiac Municipal Center. Costs were tallied and the proposals were then reviewed by the Selection Committee. All firms that submitted proposals were highly qualified and capable of performing the requested services. The RFP highlighted the following areas that would be scored including Recent Experience, Experience with Parking Structures, Experience with Similar Size Projects, Insurance Coverage, Experience with Construction Manager Approach, Project Approach, Staff, Readiness, Urban Site Experience, and Innovations. Finally cost was considered.

All the responding firms had perfect scores in experience. The firms proposals started to separate themselves in the Experience with CM Approach, overall approach, innovations and cost.

The five firms that did not make the short list are as follows:

- Hamilton Anderson. Their costs were not in line with the rest of the proposals.
- IMEG. Their first clarification requested accurate drawings of all the systems in order for them to complete the design. This is a major scope item that is expected of the design team as part of their services.
- SME- Quote was not complete. They did not have the Construction Administration quoted properly.
- WJE- Cost was not in line with the rest of the proposals.
- WGI- Approach was not compatible with CM delivery.

IDS, HRC and DESMAN were selected to proceed to the interview process.

RE: Professional Engineering & Architectural Services - Phoenix Center Parking Garage &**Amphitheater****Recap of the Interview Process and Final Recommendation**

The selected firms were interviewed at AUCH construction on Monday December 9th (IDS 10AM ; HRC 2PM) and Tuesday December 10th (DESMAN 10AM)

All 3 short listed firms are highly qualified in parking deck restoration and capable to design the solution. The largest challenge that each team needed to solve is the schedule. Each firm highlighted their approach:

IDS approach utilized Bid Packages to meet the schedule deadline. They recognized the need to tackle the structural issues (teamed with Walker), getting the elevators on order and ordering long lead electrical gear. IDS has the most recent experience studying the deck and is ready to hit the ground running on design.

HRC also recognized the need for Bid Packages however placed them in different order putting long lead electrical items first and structural items last (teamed with Walker). Their approach seems feasible but appeared to place the most important items to the end of design. HRC also had the highest cost of the short list.

DESMAN's approach appeared to fit more in a Design / Bid / Build model and did not have any early bid packages to expedite ordering of long lead materials. DESMAN was the only out of state firm to propose on the project and appears to be highly qualified in parking deck design. The Selection Committee was concerned that the hours included in their proposal were not adequate for the service that will be required to complete the entire project.

After review of the approaches, level of effort and cost proposed by each firm it was apparent that the IDS approach had the best fit for the Phoenix Center to meet the November 2020 deadline.

The selected engineering or architectural firm shall minimally possess successful experience in the areas described in the Scope of Services: knowledge of the City's codes, ordinances, and engineering design standards.

No proposal submitted may be withdrawn for at least ninety (90) days after the actual opening of the proposal.

General specifications, description, and conditions upon which the proposal is to be based are available at the City of Pontiac website:

Purchasing: <http://www.pontiac.mi.us/departments/finance/purchasing.php> (**ATTACHED**)

Please refer to the website for any addenda that may be issued. Respondents who submit proposals before the deadline are advised to continue to monitor the website for any addenda that may be issued.

The City reserves the right to reject any or all bids, to waive any irregularities, and further reserves the right to accept any proposal or parts of proposals that it deems to best serve the interests of the City.

If you have any questions regarding this RFP, please contact AUCH Construction at 248-334-2000, Gerry McClelland, Project Director, or email gmccllelland@auchconstruction.com.

Section 1. INSTRUCTIONS TO BIDDERS

1.1 Qualifications to be Received

Qualifications for Professional Engineering & Architectural Services will be received at the Office of the City Clerk of the City of Pontiac, Michigan, **Monday December 2, 2019 at 2:00 pm**, and immediately thereafter will be publicly opened and read.

Respondents **MUST** submit **one original, three copies, and an electronic copy on a flash drive** of the proposal. Proposals must be submitted in a sealed envelope and addressed to the City Clerk of the City of Pontiac. Each sealed envelope containing a response must be plainly marked on the outside as **"Professional Engineering and Architectural Services"**, and the envelope should bear, on the outside, the name of the respondent, their address, and the name of the project for which the response is submitted. If forwarded by mail, the sealed envelope containing the response must be enclosed in another envelope addressed to the City Clerk, City of Pontiac at 47450 Woodward Avenue, Pontiac, MI 48342.

Proposals will be received during regular business hours at the place and up to the time stated in the advertisement. Any extension in time will be by official notification. Responses may be delivered in person or mailed, but their delivery is the respondent's responsibility. Any response received after the stated hour, even through the mail, will be returned unopened to the respondent.

1.2 Examination of Bid Documents

Before submitting a proposal, respondents shall carefully examine the specifications, drawings, and RFP and shall fully inform themselves as to all existing conditions and limitations.

1.3 Basis of Award

The intention of the City is to award the contract for this job to the most qualified applicant(s) whose skill set and past work history are equal to the task of completing the work in a satisfactory manner in the time period specified by the City. The successful respondents will show proof of at least five (5) years' experience in Professional Engineering & Architectural Services.

1.4 Bid Bond

No Bid Bond required.

1.5 Mandatory Pre-Proposal Meeting

The mandatory pre-proposal meeting will be held at AUCH Construction, 65 University Drive, Pontiac, MI 48342 on Tuesday, November 12, 2019, at 1:00 PM, EST. Site visit will commence at the end of the meeting.

Section 2. TERMS AND CONDITIONS

1.6 Laws and Municipal Ordinances, Permits

The respondent is to be fully informed of all laws and municipal ordinances and regulations in any manner affecting those engaged or employed in the work, or equipment and materials used in the work, and all others and any decrees of bodies or tribunals having any jurisdiction or authority over the same. The respondent shall, at all times, observe and comply with all such existing laws, codes, ordinances, regulations, orders, and decrees. In particular, all work shall be in compliance with the laws of the State of Michigan and City ordinances, as well as all other bodies having jurisdictional authority.

The respondent shall be responsible for executing the permit application and plan review process that may be required for this project.

1.7 Non-Discrimination

The respondent agrees to comply with the Federal Civil Rights Act of 1964 as amended; the Federal Civil Rights Act of 1991 as amended; the Americans with Disabilities Act of 1990 as amended; the Elliott-Larsen Civil Rights Act, Article 2, Act no. 453, Public Act of 1976 as amended; the Michigan Handicapper's Civil Rights Act, Article 2, Act no. 220, Public Act of 1976, as amended and all other applicable federal, state and local laws and regulations. Specifically, bidders and subcontractors are required not to discriminate against any employee or applicant for employment with respect to such person's hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment because of such person's height, weight, race, color, religion, national origin, ancestry, age, marital status, sex or disability, as defined by law. Breach of this covenant may be regarded as a material breach of the contract.

1.8 Indemnification

The Professional Engineering and Architectural Services firm shall indemnify, save and hold harmless, protect, and exonerate the City, its commissioners, board members, officers, employees, agents, representatives, and the State of Michigan, to the extent no greater than its relative degree of fault.

1.9 Jurisdictional Authority

This contract shall be governed by and construed according to the laws of the State of Michigan and the successful respondent consents to the jurisdiction and venue of the courts in Oakland County, Michigan and of the United States District Court for the Eastern District, Southern Division.

1.10 Severability

The successful respondent will agree that the Contract is the completed and exclusive statement of the Contract between the parties. A judicial or administrative declaration on the invalidity of any one or more of the provisions of the Contract shall not invalidate the remaining provisions of this agreement.

1.11 Income Taxes

The Professional Engineering and Architectural Services firm agrees to contact the City of Pontiac Income Tax Division, Audit and Compliance Section, 47450 Woodward, Pontiac, Michigan, 48342, telephone (248) 758-3236, to establish reporting and withholding obligations under the City of Pontiac income tax ordinance. Professional Engineering and Architectural Services firm will require the same

of all subcontractors employing labor under this contract. Professional Engineering and Architectural Services firm is required to withhold City of Pontiac income tax from wages paid to:

- a. Pontiac resident employees regardless of where they work for the employer; and
- b. Nonresident employees for work performed in the City.

The Professional Engineering and Architectural Services firm is also required to file Pontiac income tax returns and to report and pay income tax on the net profits earned by the Professional Engineering and Architectural Services firm in the City of Pontiac. The Professional Engineering and Architectural Services firm is not eligible for award if they have not filed or paid corporate and employee income tax to the City of Pontiac.

Web page URL: http://www.pontiac.mi.us/departments/income_tax/index.php

Tax forms URL: http://www.pontiac.mi.us/departments/income_tax/tax_forms.php

1.12 Compensation and Payment

All invoices submitted against the contract must identify the work performed in detail. Items not properly invoiced will not be paid. It is the vendor's responsibility to ensure delivery of invoice(s) to the City and AUCH Construction. Invoices must meet the following conditions for payment:

- a. Price on invoice must correspond to the pricing listed on purchase order and/or contract.
- b. Contractor must submit price lists in accordance with bid requirements.
- c. All invoices will be original.
- d. Invoices will prominently display the requisition or purchase order number, if applicable.
- e. Invoices will be signed by the individual responsible for authorizing contract payments for the City of Pontiac.

Original invoice must be submitted to the City of Pontiac, Attn: Accounts Payable.

Payment Terms – Net 30

1.13 General Conditions

It is the responsibility of the respondent to review General Conditions as specified.

All funds must be quoted in US dollars.

1.14 Quotations/Proposals

Respondents **MUST** submit **one original, three copies, and an electronic copy on a flash drive** of the proposal. Additionally, duplicate copies of all descriptive literature and/or samples must be provided as requested.

The submittal should address all of the points outlined in this RFP. The document is to be prepared simply and economically, providing a straight-forward, concise description of the Firm's capabilities to satisfy the requirements of the RFP. Highlight any parts that reflect the Firm's unique philosophy or insight regarding its approach to serving as the City's Professional Engineering and Architectural Services firm for the Phoenix Center Parking Garage & Amphitheater and how this approach will positively impact the successful completion of the project.

The proposal document should not exceed twenty (20) pages in length, excluding covers, table of contents, dividers, required forms, resumes, certifications and affiliations, references, and insurance documentation. To simplify the review process and to obtain the maximum degree of comparability,

the submittal will include the items listed in Section 5 and will be organized in the order and manner specified therein. While additional data may be presented, the Section 5 subjects must be included. They represent the criteria against which the submittals will be evaluated.

1.15 Minor Deviations

Failure to outline all deviations may be grounds for rejection of your proposal.

The decision of the City of Pontiac, acting through the Purchasing Agent, shall be final as to what constitutes acceptable deviations from specifications.

See contract for Insurance requirements.

1.16 Subcontracting

The City of Pontiac and AUCH Construction will not allow subcontracting for this agreement unless a request to do so is made by the City and approved by all parties. All persons working on this project shall be employees of the respondent as defined by law.

Section 3. PROJECT DESCRIPTION & REQUIREMENTS

3.1 GENERAL

The City of Pontiac is requesting proposals for the purpose of issuing a Professional Engineering and Architectural Services firm. Candidates are to complete the following scope of services:

The City of Pontiac is in the process of repairing and renovating the downtown Phoenix Center Parking Garage and Amphitheater and is seeking proposals from Professional Engineering & Architectural Services firms for the purpose of providing full services.

- A. The City of Pontiac Phoenix Center was built in 1981. It is approximately 1.25 million sq. ft. The Phoenix Center served as a parking garage, with the top level once hosting concerts and events.
- B. The Phoenix Center was constructed for the purpose of providing parking for the Ottawa Towers buildings as well as overall parking for the Downtown. In addition to the parking garage, there is an amphitheater on the top level with covered seating as well as lawn seating and a covered stage. In 2012 the structure was closed to all parking with the exception of the South side of the structure. The North side was completely closed and due to the closure and lack of security, the facility was severely vandalized. Soon after the closure, the entire facility was without electrical power. Currently the South side, as well as the tunnel (Orchard Lake Road) is powered by the Ottawa Towers Building. Based on recent evaluations, there is significant work to be completed to bring the building into a useful state.
- C. The City will bond for this project and is looking to spend a *not to exceed* amount of **\$13.5** million on all aspects of the project including initial preconstruction testing and fact-finding, any demolition, all phases of construction, building commissioning, and project closeout.
- D. The following reports/surveys will be provided to the respondents:
 - 1. Desman Condition Survey Report & Repair Recommendations - May 2012**

2. Eagle Contracting Phoenix Center Evaluation - November 2016
3. IDS Electrical Study - March 2018
4. IDS Facility Conditions Report - September 2018 (Revised October 2, 2018)
5. Phoenix Center Parking Structure Post-Tensioning Investigation completed by Walker Consultants - October 8, 2018

E. As other construction projects may come up during the contract period the City reserves the right to negotiate fees (for like services) with the awarded firm(s).

F. Project Goals

- Identify and quantify deficiencies in the structural, architectural, mechanical, and electrical to restore the deck and amphitheater to its original condition while maintaining the budget, identifying highest priority needs, and meeting or exceeding code requirements.

Requests for Information

All questions and inquiries concerning the RFP shall be addressed in writing to Jessica Massey and Gerry McClelland. All questions and inquiries must be received no later than 12 noon on November 12, 2019. Inquiries and questions may be sent by email to jmassey@pontiac.mi.us and gmccllelland@auchconstruction.com.

Selection Criteria and Process

The project team will evaluate all submitted materials. Criteria that will weigh heavily for evaluation and selection will be:

- A. The awarded firm(s) will have provided Professional Engineering & Architectural Services or similar services in the past five (5) years.
- B. The ideal firm(s) will have experience delivering Professional Engineering & Architectural Services in multi-level parking structures and amphitheaters.
- C. The ideal firm(s) will have experience successfully renovating and restoring existing similarly sized facilities.
- D. The awarded firm(s) must meet or exceed all insurance requirements.
- E. The awarded firm(s) must have demonstrable knowledge & experience working with the local municipalities, CMc delivery, and local contractor base.
- F. Description of approach to the services
- G. Qualifications of principals and assigned staff
- H. Readiness to undertake the required services
- I. Urban site experience
- J. Innovative solutions

While cost factors will figure in the selection, we will be selecting an Architect/Engineer Team who will creatively plan and guide the design with our goals at the forefront. We anticipate selecting a maximum of 3 A/Es to interview. The interviews will take place at AUCH's offices.

The undersigned understands that City of Pontiac and AUCH Construction reserves the right to accept or reject in whole or in part any and all proposals, to waive informalities and irregularities therein, and to award the Contract to other than the Engineering & Architectural firms submitting the best financial proposal (low bidder).

All Engineering & Architectural firms are placed on notice that the scope of the parking garage and amphitheater may be revised, expanded, or reduced based on market conditions, received bids, value engineering, schedule changes, and other similar variables. Notwithstanding the above, the total budget for construction is not anticipated to change. All respondents making a proposal acknowledge that they have taken this into consideration when submitting their proposal and your fees must accommodate changes in construction without charge orders for additional services.

If award is made to our firm based upon our proposal, we agree to enter into the attached form of contract with the City of Pontiac to furnish the Services in strict accordance with this request for proposal, the contract, and our proposal.

My signature certifies that the proposal as submitted complies with all terms and conditions as set forth in this request for proposal and the contract, unless specifically enumerated as an exception as part of our proposal.

I hereby certify that I am authorized to sign as a representative for the firm.
