The City will not charge more than the hourly wage of its lowest-paid employee capable of searching for, locating, and examining the public records in this particular instance, regardless of whether that person is available or who actually performs the labor.

3a. Employee Labor Cost for Separating Exempt from Non-Exempt (Redacting):

The City will not charge for labor directly associated with redaction if it knows or has reason to know that it previously redacted the record in question and still has the redacted version in its possession.

This fee is being charged because failure to do so will result in unreasonably high costs to the City that are excessive and beyond the normal or usual amount for those services compared to the City's usual FOIA requests, because of the nature of the request in this particular instance, specifically: _____

This is the cost of labor of a **City employee**, including necessary review, directly associated with separating and deleting exempt from nonexempt information. The City will not charge for labor directly associated with redaction if it knows or has reason to know that it previously redacted the record in question and still has the redacted version in its possession.

This fee is being charged because failure to do so will result in unreasonably high costs to the City that are excessive and beyond the normal or usual amount for those services compared to the City's usual FOIA requests, because of the nature of the request in this particular instance, specifically: _____

As this City does not employ a person capable of separating exempt from non-exempt information in this particular instance, as determined by the FOIA Coordinator, this is the cost of labor of a **contractor** (i.e., outside attorney), including necessary review, directly associated with separating and deleting exempt information from nonexempt information. Contracted labor costs will be charged at an hourly rate not to exceed \$53.40 per hour (i.e, 6 times the state minimum wage, which is currently \$8.90 per hour.)
