Consent Agenda

23-165 (A-D) **Resolution to approve the consent agenda for May 9, 2023.** Moved by Councilperson Rutherford and second by Councilperson Parker.

Whereas, the City Council has reviewed the consent agenda for May 9, 2023.

NOW, THEREFORE, BE IT RESOLVED that the City Council approves the consent agenda for May 9, 2023 including April 24, 2013 Law and the Courts Subcommittee Meeting Minutes, April 28, 2023 Facilities and Property Subcommittee Meeting Minutes, May 1, 2023 Economic Development, Housing and Planning Subcommittee Meeting Minutes, May 2, 2023 City Council Meeting Minutes, Resolution recognizing May as Asian Pacific Islander Heritage Month, Resolution recognizing May as Mental Health Awareness Month and Resolution recognizing May as Military Awareness Month.

23-165 (B) Resolution recognizing May as Asian Pacific Islander Heritage Month. Moved by Councilperson Rutherford and second by Councilperson Parker.

Whereas, the United States celebrates Asian American and Pacific Islander Heritage Month during the month of May, with this month chosen in part because it commemorates the immigration of the first Japanese people to the United States on May 7, 1843, though Asians first migrated to what is now known as North America over 15,000 years ago; and,

Whereas, there are 23 million people of Asian or Pacific Islander descent in the United States, a diverse and growing group that makes up about seven percent of the total United States population and is the fastest growing racial group in the nation; and,

Whereas, the Asian American and Pacific Islander umbrella includes cultures from the entire Asian continent including East, Southeast, and South Asia, and the Pacific Islands of Melanesia, Micronesia, and Polynesia, spanning many countries of origin; and,

Whereas, the City of Pontiac and State of Michigan has been positively shaped by past and present Asian American and Pacific Islander residents and business owners, and that our many Hmong neighbors are a beloved and cherished part of the fabric of our community; and,

Whereas, many Asian Americans and Pacific Islanders have encountered xenophobia, racism, bias, and violence through the centuries, including as part of official federal governmental policies, and that tragically this targeted xenophobia, racism, bias, and violence continues to the present day; and,

Whereas, as a haunting local reminder of that targeted violence, over forty years ago the brutal racially-motivated murder of Chinese American Vincent Chin in nearby Highland Park, Michigan, as well as the shocking fact that his murderers received zero jail time sparked local and nationwide movements for Asian American and Pacific Islander civil rights organizations being formed, protests held, and laws changed; and,

Whereas, during an era of heightened racism, bigotry, and hate crimes, it is critically important to share accurate information, support diverse cultures, overcome stereotypes, and empower future generations; now,

Therefore, Be It Resolved, the Pontiac City Council, in partnership with Mayor Tim Greimel, hereby recognizes May 2023 as Asian American and Pacific Islander Heritage Month in the City of Pontiac; and further

Resolved, the Pontiac City Council pays tribute to the generations of Asian Americans and Pacific Islanders who have enriched our history, and we celebrate their many noteworthy contributions to our community and to our country; and further

Resolved, the City Council reaffirms the integral nature of our Asian American and Pacific Islander neighbors as an important part of our community, with great respect and affection for our substantial Hmong population in Pontiac, and recognizes their community as being instrumental to our community's future success; and further

Resolved, we condemn the xenophobia, racism, bias, and violence targeted at our Asian American and Pacific Islander neighbors locally and in all parts of the nation; and further

Resolved, the City of Pontiac and our City Council welcomes additional opportunities to commemorate and celebrate the people, places, events, traditions, and cultures that have contributed to making the Asian American and Pacific Islander community such an important part of Pontiac and of Michigan.

May 9, 2023 Draft

23-165 (C) **Resolution recognizing May as Mental Health Awareness Month.** Moved by Councilperson Rutherford and second by Councilperson Parker.

Whereas, the United States recognized Mental Health Awareness Month during the month of May, in order to educate on the importance of mental health and its impact on the well-being of all Americans, including children, adults, and families; and,

Whereas, less than half of Americans struggling with mental illness receive the treatment they need, and even fewer within Black and Brown communities receiving that treatment they need; and,

Whereas, mental health challenges among our youth have also been particularly impacted in recent years during the pandemic due to disruptions in routines, increased social isolation, learning loss, and the increasing role that social media has in the mental health challenges among young people, especially young women; now,

Therefore, Be It Resolved, the Pontiac City Council, in partnership with Mayor Tim Greimel, hereby recognizes May 2023 as Mental Health Awareness Month in the City of Pontiac; and further

Resolved, the Pontiac City Council pays tribute to the past and present service providers and community advocates in the field of mental healthcare and mental health awareness; and further

Resolved, the City Council stands in solidarity with those who are experiencing mental health conditions, renewing our commitment to providing them with access to the support they need and deserve; and further

Resolved, we call upon Pontiac citizens, government agencies, private businesses, nonprofit organizations, and other groups to join in activities and take action to strengthen the mental health of our community and its people.

23-165 (D) **Resolution recognizing May as Military Awareness Month.** Moved by Councilperson Rutherford and second by Councilperson Parker.

Whereas, for generations, Pontiac citizens have proudly served our nation during times of conflict and peace; and, Whereas, our brave service men and women, their families, and their loved ones have made great sacrifices to protect the freedoms we enjoy; and,

Whereas, our city's active-duty military and many veterans impart courage, honor, and valor to their fellow residents and are true leaders in our communities and are integral to the success, advancement, and prosperity of our city; and,

Whereas, Pontiac City Council President Pro- Tem William A. Carrington and City Councilman William Parker, Jr. both bravely served in our nation's military; now,

Therefore, Be It Resolved, the Pontiac City Council, in partnership with Mayor Tim Greimel, hereby recognizes May 2023 as Military Appreciation Month in the City of Pontiac; and further

Resolved, the Pontiac City Council pays tribute to our service men and women, their families, their loved ones, and our local veterans; and further

Resolved, the City Council remembers with deep gratitude the men and women who have given their lives in defense of our freedom; and further

Resolved, we celebrate the past military service of Pontiac City Council President Pro Tem William A. Carrington and City Councilman William Parker, Jr.; and further

Resolved, we call upon Pontiac citizens, government agencies, private businesses, nonprofit organizations, and other groups to join in activities and take action to demonstrate our community's appreciation for our nation's military servicemembers and veterans

RESOLUTION

CITY OF PONTIAC

OFFICIAL MEMORANDUM

TO: The Honorable Pontiac City Council

FROM: Alexandra Borngesser, Director of Grants & Philanthropy

DATE: May 16th, 2023

RE: **Resolution to approve The City of Pontiac's submission of the grant application titled "Galloway Lake Park Redevelopment" to the Michigan Department of Natural Resources Spark Grant Program the amount of \$1,000,000.**

EXECUTIVE SUMMARY

The City of Pontiac Department of Grants & Philanthropy kindly requests the approval of The City of Pontiac's submission of a grant application titled "Galloway Lake Park Redevelopment" to the Michigan Department of Natural Resources Spark Grant Program in the amount of \$1,000,000. The City of Pontiac is proposing park improvements to Galloway Lake Park, classified as a Community Park, located in District 5.

CASE FOR SUPPORT

The process for adopting the City's Parks and Recreation Master plan included a survey of each park and its amenities. This indicated that the quality of the facilities at Galloway Lake Park is poor, including uneven basketball courts, broken playground equipment, lack of working restrooms, unsafe conditions, and beyond. Green spaces in urban areas greatly reduce climate and health risks while improving the physical and mental wellbeing and quality of life for residents. Cities with robust park systems experience stronger economies, decreased crime, increased property value, and protection from environmental impacts of urban landscapes.

The benefits of renovating the City's parks are invaluable and residents will reap those benefits by way of a stronger economy, safer neighborhoods, and a more resilient environment, all of which will bear fruit for the City of Pontiac and neighboring communities to indulge.

PROJECT PLANS

The Friends of the Pontiac Parks Association received a \$25,000 grant from the Ralph C. Wilson Jr. Foundation in support of a community-led design project focused on Galloway Lake Park. The objective of the Galloway Lake Park Community-Led Design Project was to conduct meaningful

public engagement with a variety of stakeholders, and resulted in a plan that will transform a neglected urban park into an accessible recreational gem. The plans include improvements to the parking area, renovating the restrooms, rebuilding the fishing pier, and adding a walking path to connect the park and access to the lake to the North Spur Trail. The final product of this project will be carried forward by utilizing the Galloway Lake Park Redevelopment Project as a tool in submitting an application to the Michigan DNR Spark Grant Program.

CITY OF PONTIAC CITY COUNCIL

RESOLUTION TO APPROVE THE CITY OF PONTIAC'S SUBMISSION OF THE GRANT APPLICATION TITLED "GALLOWAY LAKE PARK REDEVELOPMENT" TO THE MICHIGAN DEPARTMENT OF NATURAL RESOURCES SPARK GRANT PROGRAM IN THE AMOUNT OF \$1,000,000

WHEREAS, the City of Pontiac supports the submission of an application titled, "Galloway Lake Park Redevelopment" to the Michigan DNR Spark grant program; and,

WHEREAS, there is no matching requirement; and,

WHEREAS, the proposed application is supported by the City of Pontiac's Parks and Recreation Master Plan; and,

WHEREAS, the approved redevelopment designs will be utilized to complete future renovations to the park; and,

WHEREAS, the Grant Program requires that the City of Pontiac certify compliance with all Grant Program requirements.

NOW THEREFORE, BE IT RESOLVED that the City of Pontiac hereby authorizes submission of a Michigan Department of Natural Resources Spark Grant Application in the amount of \$1,000,000.

ORDINANCE

TO: Planning Commission

FROM: Mark Yandrick, Planning Manager

DATE: May 11, 2023

RE: Staff Report: Zoning Text Amendments, Stormwater

Executive Summary

The City is requesting Zoning Text Amendments to make three (3) modifications to confirm the City's our Stormwater Standards to the State of Michigan requirements. This is one part of the several amendments City Council is considering. The other amendments are related to the Municipal Code and do not require Planning Commission review.

Staff recommends approval of these Zoning Text Amendment with no conditions.

Background and Information

The State of Michigan has required municipalities to make amendments to their text amendments to conform with the Storm Water Discharges from Municipal Separate Storm Sewer Systems (MS4s) process. There are two zoning amendments proposed below.

Item #1, Site and Sketch Plan Review Procedure, Section 6.204(D)

D. **Site Plan Review** is required for ~~larger more intense projects, including developments that disturb areas one (1) or more acres, including projects less than one (1) acre that are part of a larger common plan of development or sale,~~ most new developments, major expansions, and redevelopment. Site plan review procedures and requirements are listed in Section 6.204.

Item #2, Required Information, Section 6.208, Table 17, Required Information

Key: SP Site Plan

SL: Sketch Plan

AR: Administrative Review Plan

UTILITIES, DRAINAGE, and the ENVIRONMENT	SP	SK	AR
Grading plan, with existing and proposed topography at a minimum of two-foot (2') contour levels, drainage patterns and a general description of grades within 100 feet of the site to indicate stormwater runoff.	•	•	•
General location of sanitary sewers and building leads upon which no structures or earth berms shall be located.	•		
Detailed location of sanitary sewers and building leads	•		
Water mains, hydrants and building services and sizes.	•		
General stormwater runoff calculations and approximate size and location of retention basins	•		
Detailed storm sewers, site grading, drainage, detention basins, and/or other pertinent facilities as required by Section 118-III Stormwater Control of this Ordinance.	•		

Item #3, Add a definition for Disturb Area

Disturb Area means an area where soils are exposed or disturbed by development, both existing and proposed. The Disturbance Area includes staging and storage areas, structures, and areas needed for vehicle access and maneuvering. Agricultural and pasture land are not considered part of the Disturbance Area.

For utility lines, trenches, or other similar linear work, the Disturbance Area includes staging and storage areas, the linear feature, and the areas on each side of the linear feature impacted by the construction. Where necessary for safety in deep trenches, the Disturbance Area may be made wide enough to allow for bending and shoring of the trench.

Summary

There a limited amount of amendments proposed. These amendments make reference to the City's Stormwater Ordinance and provides clarity while aligning with the State of Michigan MS4 permitting requirements.

Site Plan Review

6.201 Purpose.

The procedures, standards and required information in this Chapter are intended to provide a consistent and uniform method of review of proposed development plans, to ensure full compliance with the regulations and standards contained in this Ordinance and other applicable ordinances and laws, to achieve efficient use of land, to protect natural resources, and to prevent adverse impact on adjoining or nearby properties. It is the intent of these site plan review requirements to encourage cooperation and consultation between the City and the applicant to facilitate development in accordance with the City’s land use objectives.

6.202 Type of Site Plan Review Required.

Four levels of site plan review are established by this Ordinance: site plan review not required, administrative review, sketch plan review, and site plan review.

The submittal requirements for each kind of review are listed in Table 17 in Section 6.208.

A. **Site Plan Review Not Required.** Site plan review is not required for the construction of single family dwellings and small accessory structures and other activities and improvements that will not generate material off-site impacts. However, any activity or use that is exempt from site plan review may still be subject to the requirements of Article 6, Chapter 7, Permits, Fees, Violations and Penalties.

B. **Administrative Review** is required for certain small scale projects that do not impact neighboring properties.

1. **Authority.** The planning administrator shall have the authority to approve, approve subject to conditions, or deny any plan requiring administrative review. 3. Appeals of administrative site plan decisions made by the planning administrator shall be made to the Planning Commission. In such cases, the Planning Commission shall review the plan in accordance with the site plan review procedures set forth in Section 6.204.

C. **Sketch Plan Review** is a Planning Commission review process for smaller scale projects and expansions or changes in use for existing sites. Less detailed information is required for sketch plan review compared to site plan review, and the level of information required is intended to be only that necessary to verify compliance with applicable Ordinance standards.

The application requirements and review procedures for sketch plan review are the same as those established for a one-step site plan review in Section 6.204.

D. **Site Plan Review** is required for ~~larger and more intense projects, including larger and more intense projects, including developments that disturb areas one (1) or more acres, including projects less than one (1) acre that are part of a larger common plan of development or sale,~~ most new developments, major expansions, and redevelopment. 6.203 Pre-application Conference.

At the request of an applicant, the city shall conduct a pre-application conference before a committee composed of planning staff, up to three representatives from the Planning Commission, and any other official or representative of the City. The purpose of this conference is to allow discussion with the city to better inform the applicant of the acceptability of any proposed plans or use prior to incurring extensive engineering and other costs which might be necessary for preliminary plan review and final site plan approval. A request for this conference shall be in writing and shall contain whatever information the applicant deems necessary so that full disclosure and discussion of the proposed plan may be held. The committee's decision shall have no binding effect on the Planning Commission or City Council but be designed simply to advise the applicant of the feasibility of the proposal.

6.204 Site and Sketch Plan Review Procedure.

A. **Application.** The owner, tenant, or purchaser having an interest in land for which site plan approval is sought, or the owner's designated agent, shall submit a completed application form and sufficient copies of a site plan to the Planning Department. The site plan shall be prepared in accordance with the provisions of this Article, including all appropriate information required by Section 6.208. A site plan that does not meet the stipulated requirements for either preliminary or final site plan approval shall be considered incomplete and shall not be eligible for consideration by the Planning Commission.

B. **Technical review.** Prior to Planning Commission consideration, the site plan and application shall be distributed to appropriate City officials and staff for review and comment. If deemed necessary the plans shall also be submitted to applicable outside agencies and designated City consultants for review and comment.

C. **Preliminary Site Plan Review.** The Planning Commission shall review the site plan, together with any reports and recommendations from staff, consultants and other reviewing agencies and any public comments. The Planning Commission shall then make a determination based on the requirements of this Ordinance and the standards of Section 6.205 (Standards for Approval). The Planning Commission is authorized to postpone, approve, approve subject to conditions or deny the site plan as follows:

1. Postponement. Upon determination by the Planning Commission that a site plan is not sufficiently complete for approval or denial or upon a request by the applicant, the Planning Commission may postpone consideration until a later meeting.
2. Denial. Upon determination that a site plan does not comply with the standards and regulations set forth in this Ordinance, or would require extensive revisions to comply with said standards and regulations, the site plan shall be denied. If a site plan is denied, a written record shall be provided to the applicant listing the reasons for such denial.
3. Approval. Upon determination that a site plan is in compliance with the requirements of this Ordinance and other applicable ordinances and laws, the site plan shall be approved.
4. Approval subject to conditions. The Planning Commission may approve a site plan, subject to one or more conditions necessary to address minor modifications to the site plan, ensure that public services and facilities can accommodate the proposed use, protect significant natural features, ensure compatibility with adjacent land uses, or otherwise meet the intent and purpose of this Ordinance. Such conditions may include the need to obtain variances or approvals from other agencies.

D. **Final Site Plan Review.** The planning administrator shall review the final site plan, including items of information required by Section 6.208 for a final site plan and any requested reports and recommendations from City staff, consultants, and other reviewing agencies. The planning administrator shall then make a determination based on the requirements of this Ordinance, the standards of Section 6.205 (Standards for Approval), and the following considerations:

1. The proposed final site plan is consistent with the approved preliminary site plan in terms of building location and architecture, amount and quality of landscaping, and site details including but not limited to lighting, parking, signs and circulation layout.
2. All conditions imposed during preliminary plan approval are met.
3. The engineering requirements applicable at final site plan approval are met.

E. **Single-step sketch or site plan approval.** Nothing in this ordinance shall prohibit the Planning Commission from granting sketch plan or final site plan approval without first granting a preliminary site plan approval if the plans are in compliance with the requirements of this Ordinance for a sketch plan or final site plan.

F. **Outside agency permits or approvals.** The applicant shall be responsible for obtaining all necessary permits or approvals from applicable outside state and county agencies. All federal, state and local laws and ordinances shall be met and no unresolved negative comments issued by any governmental agency or public utility shall exist prior to the issuance of a certificate of occupancy.

G. **Records Copy of Approved Plans.** Two copies of the approved final plan/design, including any required modifications or alterations, shall be maintained as part of the city records for future review and/or enforcement. Each copy shall be signed and dated by the chairman of the Planning Commission for identification of the finally-approved plans, as well as signed and dated by the applicant. If any variances from the zoning ordinance have been obtained from the Zoning Board of Appeals, the minutes concerning the variances duly signed shall also be filed with the city records as a part of the plan/design and delivered to the applicant for his information and direction. The plan/design shall become part of the record of approval, and subsequent actions relating to the activity authorized shall be consistent with the approved site plan, unless a change conforming to this section receives the mutual agreement of the land owner and the Planning Commission.

H. **Appeal.** The decision of the Planning Commission may be appealed to the City Council by the applicant. A request for appeal must be made in writing to the planning administrator within ten days from final action taken on the site plan review and appearance standards approval.

6.205 Standards for Approval.

In reviewing an application for any type of sketch or site plan, the reviewing authority for the type of review required shall be governed by the following general standards:

A. **Circulation.** There is a proper relationship between the existing streets and highways within the vicinity and proposed acceleration and/or deceleration lanes, service drives, entrance and exit driveways, and parking areas to ensure the safety and convenience of pedestrian and vehicular traffic. The Planning Commission may request, at their discretion, that a traffic study be conducted by an independent source and paid for by the developer, and the results submitted to the Planning Commission prior to final site approval.

B. **Buildings.** The buildings and structures proposed to be located upon the premises are so situated as to minimize adverse effects upon owners and occupants of adjacent properties.

C. **Natural Features.** As many natural features of the landscape shall be retained as possible where they furnish a barrier screen, or buffer between the project and adjoining properties used for dissimilar purposes and where they assist in preserving the general appearance of the neighborhood.

D. **Site Layout and Screening.** Any adverse effects of the proposed development and activities emanating therefrom that affect adjoining residents or owners shall be minimized by appropriate screening, fencing, landscaping, setback, and location of buildings, structures, and entryways.

E. **Applications Requiring Site Plan Approval** must comply with all current provisions and standards of the zoning ordinance and the subdivision control ordinance, as applicable.

F. Applications Requiring Sketch Plan Approval.

1. Proposed improvements that are part of a sketch plan application shall comply with all ordinance requirements.
2. Existing improvements or features of the site that do not comply with current ordinance standards shall be brought into compliance as nearly as is reasonably possible. The requirement to bring existing improvements into compliance on a site requiring sketch plan approval shall be proportionate and commensurate with the scale of the proposed improvement requiring sketch plan approval. The reviewing authority shall determine what constitutes proportionate and commensurate improvements based on existing conditions on the site and the cost of proposed improvements.

G. **Approval Contingent Upon Variance(s).** The Planning Commission may conditionally approve a site plan subject to the granting of any appropriate variance(s) with the understanding that without the variance(s), the site plan is disapproved.

If the Planning Commission approves a site plan contingent upon approval of one or more variances from specific requirements of this Ordinance, the applicant shall initiate such a request to the Zoning Board of Appeals within 60 days of site plan approval. Zoning Board of Appeals consideration shall be limited to the specific variances identified as conditions of site plan approval by the Planning Commission. This shall not preclude the applicant from seeking a variance or variances from the Zoning Board of Appeals prior to obtaining site plan approval.

6.206 Conformance with Approved Site Plan/Design Appearance.

A. **Suspension by planning administrator.** Property which is the subject of site plan approval must be developed in strict compliance with the approved site plan, inclusive of any amendments, which has received the approval of the Planning Commission. If construction and development does not conform with the approved plan or design appearance, the approval of the site plan or design appearance shall be suspended by the planning administrator by written notice of the revocation being posted upon the premises involved and mailed to the last known address of the owner.

Upon suspension of this approval, all construction activities shall cease upon the site until the time the violation has been corrected or the Planning Commission has approved a modification in the site plan or design appearance in accordance with Section 6.207.C.

B. Rescinding Site Plan Approval. Approval of a site plan may be rescinded by the Planning Commission upon determination that the site has not been improved, constructed or maintained in compliance with approved permits, site plans, or conditions of site plan or special exception approval. Such action shall be subject to the following:

1. Public hearing. Such action may be taken only after a public hearing has been held in accordance with the procedures set forth in Article 6, Chapter 9 of this Ordinance (Public Hearing Procedures), at which time the owner of an interest in land for which site plan approval was sought, or the owner's designated agent, shall be given an opportunity to present evidence in opposition to rescission.
2. Determination. Subsequent to the hearing, the decision of the Commission with regard to the rescission shall be made and written notification provided to the property owner or his or her designated agent.

6.207 General Provisions.

A. Expiration of site plans.

1. Preliminary site plans shall expire one year after the date of preliminary approval, unless the final site plan for the project has been submitted to the planning department for review prior to the expiration date.
2. Final site plans.
 - a. Final site plans shall expire one year after the date of final approval, unless building permits have been issued or construction has commenced. The date of final approval is established by the most recent date stamp on the final plans.
 - b. If building permits have been issued or construction has commenced, final site plan approval shall continue for a period of five (5) years from the date thereof. If such construction lapses for more than 180 continuous days, said approval shall immediately expire.
3. Extensions. Upon written request received by the City prior to the expiration date, the Planning Commission may grant up to 2 one-year extensions to any site plan application. The extensions may be granted for either preliminary or final approvals, provided that the approved site plan conforms to current Zoning Ordinance standards.

B. Resubmission. A site plan that has been denied shall not be resubmitted for a period of 180 days from the date of denial, except on grounds of new evidence or proof of changed conditions found by the Planning Commission to be valid.

C. Revisions to Approved Site Plans. Minor revisions to an approved site plan may be administratively reviewed by the zoning administrator, provided that such changes do not materially alter the approved site design, intensity of use or demand for public services. Revisions to an approved site plan that are not considered by the planning administrator to be minor shall be reviewed by the Planning Commission as an amended site plan, following the procedures of Section 6.204 and the criteria of Section 6.205.

D. Performance Guarantee. The reviewing authority and the planning administrator shall have the right and authority to require the developer to file a performance agreement in a form provided by the City at the time of application for a building permit to ensure the development of the site in accordance with the approved site plan/design appearance, conditioned upon the proper construction and development. This agreement shall continue for the duration of the construction and development of the site. If required, the performance guarantee shall comply with the following requirements:

1. The applicant shall submit a signed and sealed estimate of the required site work by a licensed engineer, surveyor, architect or contractor. The performance guarantee shall be in an amount sufficient to complete the required site work based on the estimated cost of site improvements.

2. The performance guarantee, subject to acceptance to the City, shall be in the form of cash, certified check, surety bond or irrevocable bank letter of credit. The performance guarantee shall be released upon completion of site work in accordance with the approved site plan, failing which the amount will be forfeit.

6.208 Required Information.

RE: Staff Report: Zoning Amendments, Code Enforcement and Group Homes

Executive Summary:

City Staff propose three (3) Zoning Map Amendments to modify and clean up the language within the regulations within the City's zoning code. These proposals strengthen the language of the existing code and do not propose a modifications from the City's Master Plan. These amendments include amendments to the following sections of the code:

1. Amend Section 4.206.(A)(3) to include limitation of animals per household and add permissible requirements to allow chickens and hens while prohibiting livestock.
2. Establish unlicensed residential facilities as a land use and the regulations for this use.
3. Amend Section 2.506 to increase the separation distance between State Licensed Residential Facilities, Unlicensed Residential Facilities or Boarding and/or Lodging House.
4. Amend Section 7.201 to clarify definitions.

Planning Commission recommended APPROVAL of these Zoning Map Amendments to City Council, 6-0, with three (3) conditions of approval.

Overview:

City Staff periodically propose amendments to the City's zoning code to clean-up and strengthen some of the existing land use regulations. This opportunity often allows small positive changes based on the City's experience and expertise in creating or amending regulations to become more enforceable, create a more transparent process or resolve a community issue with a new regulation. These smaller changes are more immediate in nature rather than waiting for a comprehensive review and update, which is anticipated to occur after a Master Plan is adopted or amended.

Proposal

Item 1: Code Enforcement and Household Animals (Section 4.206)

Code Enforcement proceeds several cleanup ordinances amendments to City Council. This is the only items that are located in the Zoning Code.

In Planning's Recommendation, the amendments changes

- Specifically prohibit livestock in the City
- Establish rules and regulations to allow up to three (3) chickens.
- Limits to the three (3) household animals or pets

Based on their deliberations after public comments, Planning Commission made recommendations to City Council increase these limits to six (6) chickens and up to nine (9) household animals or pets, as identified in their recommendation at the conclusion of this report.

Item 2: Unlicensed Residential Facility

Currently, there is a definition or establishment of an unlicensed residential facility. The City is concerned about the number and cluster of these uses in the City, as well as the poor living conditions in some of these facilities, as code enforcement has addressed in recent years.

This proposal establishes unlicensed residential land use. It also restricts the land use to the Multiple Family Dwelling Elevator Apartment (R-4) zoning district and requires a Special Exception permit.

The code establishes the unlicensed residential facilities would need to have an annual permit and building inspection to ensure compliance with all City ordinances.

Existing facilities may remain as they would become legal nonconforming but would be required to have an annual permit and building inspection to ensure compliance with all City ordinances.

Item 3: State Licensed Residential Facilities

Due to an increased demand state licensed residential facilities in the City, staff proposes amending the minimum separation distance.

Currently, state licensed residential facilities must be located 500' apart. This proposal increases that to one-half (½) mile or 2,640'. State licenses residential facilities have an important role to individuals, families, and society as a whole. Many state licenses facilities do not negatively impact a neighborhood, but the City wants to avoid a cluster of them, which could have an impact. The City's desire is to ensure they are evenly distributed throughout the City. This disbursement prevents any negative impact to health, safety and well-being of neighborhoods around them. These amendments will prevent future clustering of state licensed residential facilities which will strengthen neighborhoods.

This amendment would not impact any existing properly licensed facilities. Those may continue to operate under the zoning code requirements when the facility was approved.

Item 4: Definitions (Section 7.201)

Lastly, the City proposes the addition of definition of Dwelling Unit, which is not defined in the code. Additionally, several definition references to *household* are replaced by *family* for clarity. Lastly, some Michigan Code Language references have been updated to reflect current state codes.

Dwelling Unit. A single unit of residence occupied by a family. Examples of dwelling units include: a single-family home; an apartment unit within an apartment building; and in other types of dwellings in which sleeping accommodations are provided but toileting or cooking facilities are shared by a family.

Unlicensed Residential Facility. Any structure used for multi-family residential purposes which is used, operated, or financed in a manner similar to a State Licensed Residential Facility as defined below, but which is not licensed by the State of Michigan. Such unlicensed residential facilities, to the extent permitted by law, are permitted only in District R-4 by special exemption permit.

Summary:

These amendments aim to improve regulations and clarity for the keeping of animals in the City and to provide more definition and clarity for group homes and residential facilities within the zoning code.

Recommendation, Zoning Text Amendment:

Planning Commission recommends APPROVAL, 6-0, of the ordinance for this Zoning Code Text Amendments with the following three (3) conditions.

Planning Commission's conditions have been incorporated into the redlined ordinance.

1. Increase the number of chickens permitted to six (6)
2. Increase the number of egg-laying hens to six (6)
3. A household would be permitted to have the following number of household animals or pets: No more than 3 per species with a limit of 9, with chickens being exempt from this requirement.

Note: The City's attorney removed the regulation about egg laying hens because it is duplicative regulations from the restriction on the number of chickens on a residential facility.

RESOLUTION

CITY OF PONTIAC

OFFICIAL MEMORANDUM

TO: Honorable City Council President and City Council

FROM: Alexandra Borngesser, Grants

DATE: May 16th, 2023

RE: **Council Resolution to Approve the Agreement for Local Fiscal Recovery Fund Distribution Between Oakland County and The City of Pontiac for the Oakland County Healthy Communities Park and Outdoor Recreation Investment Plan Grant in the Amount of \$500,000**

The City of Pontiac has been awarded \$500,000 from the Oakland County Healthy Communities Park and Outdoor Recreation Investment Plan Grant program in support of Crystal Lake Park. The following resolution allows for the execution of the Agreement for Local Fiscal Recovery Fund Distribution Between Oakland County and The City of Pontiac.

The City of Pontiac requested this funding to reclaim and revitalize Crystal Lake Park so that its abundant environmental, recreational, and historic resources may be enjoyed and utilized by residents. Crystal Lake Park is located on 43 acres along the north side of Crystal Lake in the southwestern portion of the City. The awarded funding will provide resources for cleanup of the park and the repair and restoration of the amenities.

Crystal Lake Park has the potential to enhance the lives of residents in their pursuit of recreation and leisure activities and will provide supplemental space for use by youth and senior programs. Due to vandalism and the deteriorating condition of many of the park's amenities, this park has been closed. The recreational facilities at the park once included basketball courts, restroom facilities, swing set, and fishing dock. Due to lack of resources, the most recent park improvements include demolishing and removing many park amenities that were in poor condition and barricading the entryway.

Although the park has been closed, the park's advantageous setting along the lake provides an opportunity for revitalization at the site for recreation and green space. Park upgrades will include creating a site plan with waterfront actives and canoe/kayak launch, restoring the boat launch and lake access site, re-establishing public access at the park, new benches and picnic tables, a new picnic shelter, a walking path along the water's edge, and natural vegetative buffers.

**Council Resolution to Approve the Agreement for Local Fiscal Recovery Fund Distribution
Between Oakland County and The City of Pontiac for the Oakland County Healthy
Communities Park and Outdoor Recreation Investment Plan Grant in the Amount of
\$500,000**

WHEREAS, has been awarded \$500,000 from the Oakland County Healthy Communities Park and Outdoor Recreation Investment Plan Grant program in support of Crystal Lake Park; and,

WHEREAS, The City of Pontiac requested this funding to reclaim and revitalize Crystal Lake Park so that its abundant environmental, recreational, and historic resources may be enjoyed and utilized by residents; and,

WHEREAS, Crystal Lake Park has the potential to enhance the lives of residents in their pursuit of recreation and leisure activities and will provide supplemental space for use by youth and senior programs; and,

WHEREAS, Oakland County requires an Agreement for Local Fiscal Recovery Fund Distribution Between Oakland County and The City of Pontiac to be executed before they can disburse the aforementioned funds.

WHEREAS, the term of the Agreement ends December 31st, 2026.

NOW THEREFORE, be it resolved that the Pontiac City Council authorizes Mayor Tim Greimel to execute the Agreement for Local Fiscal Recovery Fund Distribution Between Oakland County and The City of Pontiac for the Oakland County Healthy Communities Park and Outdoor Recreation Investment Plan Grant in the Amount of \$500,000.

All applicable U.S. Department of Treasury Title VI regulations are incorporated into this Agreement and made a part of this Agreement.

Healthy Communities Park and Outdoor Recreation Investment Plan Grant Agreement

This Agreement is between the City of Pontiac, 47450 Woodward Avenue, Pontiac, MI 48342 (hereinafter “Grantee”) and the County of Oakland, by and through its statutory agent, the Oakland County Parks and Recreation Commission, 2800 Watkins Lake Road, Waterford, MI 48328 (hereinafter “OCPRC”).

Introduction

- A. On March 11, 2021, the American Rescue Plan Act of 2021 (ARPA) was signed into law. Section 9901 of ARPA amended Title VI of the Social Security Act to add Section 603, establishing the Coronavirus Local Fiscal Recovery Fund (“LFRF”). Oakland County was allocated \$244,270,949.00 in LFRF monies.
- B. The COVID-19 Pandemic and resulting mitigation measures highlighted the essential role that parks, trails, and natural spaces play in supporting mental and physical health.
- C. The United States Department of Treasury issued the Final Rule on April 1, 2022 and other guidance for qualified uses of LFRF monies. Those qualified uses include park improvements that serve residents and communities that were disproportionately impacted by the negative effects of the COVID-19 Pandemic. Oakland County has determined that the monies used to perform this Agreement fall within the “revenue loss” eligible use category (Expenditure Category 6.1) under ARPA.
- D. The revenue loss eligible use category provides recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue due to the pandemic.
- E. Accordingly, the Oakland County Board of Commissioners appropriated 15 million dollars of LFRF monies, in Miscellaneous Resolution #22-338, to fund and support the Healthy Communities Park and Outdoor Recreation Investment Plan (“Plan”) created by OCPRC.
- F. The Plan is a comprehensive approach, using LFRF monies, to fund park improvements in areas disproportionally impacted by the COVID 19 pandemic.
- G. Part of the Plan includes a one-time park improvement grant for Grantee.

In consideration of the mutual promises, obligations, representations, and assurance in this Agreement, the Parties agree to the following:

Project Title (“Project”—which is described in Exhibit A):

Grant Amount (“Grant Amount”): \$500,000

Local Match Amount (“Match Amount”): Not Applicable—No local match required

Total Project Amount: \$500,000

2. Describe the physical location of the proposed project and ownership of the property. (100 words max)

Crystal Lake Park can be identified as PIN: 14-32-302-011. This property is owned by the City of Pontiac.

3. Describe the project design and why it was chosen. (250 words max)

The City of Pontiac is requesting this funding to reclaim and revitalize Crystal Lake Park so that its abundant environmental, recreational, and historic resources may be enjoyed and utilized by residents. Crystal Lake Park is located on 43 acres along the north side of Crystal Lake in the southwestern portion of the City. The requested funding will provide resources for cleanup of the park and the repair and restoration of the amenities. Crystal Lake Park has the potential to enhance the lives of residents in their pursuit of recreation and leisure activities and will provide supplemental space for use by youth and senior programs. Due to vandalism and the deteriorating condition of many of the park's amenities, this park has been closed. The recreational facilities at the park once included basketball courts, an outdoor restroom, swing set, and fishing dock. Due to lack of resources, the most recent park improvements include demolishing and removing many park amenities that were in poor condition and barricading the entryway. Although the park has been closed, the park's advantageous setting along the lake provides an opportunity for revitalization at the site for recreation and green space. Park upgrades include creating a site plan with waterfront actives and canoe/kayak launch, restoring the boat launch and lake access site, re-establishing public access at the park, new benches and picnic tables, a new picnic shelter, a walking path along the water's edge, and natural vegetative buffers.

4. Does the project positively impact equity and justice and/or provide parks and recreation services that feel safe and welcoming to everyone? If so, please summarize here. (250 words max)

Pontiac is the county seat centrally located in Oakland County, one of the wealthiest, highest educated counties in the nation. The stark contrast in poverty and environmental conditions between neighboring cities has resulted in lower quality of life and life expectancy for Pontiac residents for decades. Like many urban and disenfranchised communities, the ongoing impact of systemic racism through local, state, and national policies continues to plague Pontiac's progress today, including elements like redlining, biased planning throughout "Urban Renewal", and various other areas. However, Pontiac also has unique pieces that led to further inequities beyond other cities which has led to white and affluent residents leaving the City in Pontiac's own version of "White Flight" into nearby communities through suburban investment and the subsequent disinvestment in the urban core. This led to a drought of meaningful engagement and investment in Pontiac for decades. The City of Pontiac is a historically disadvantaged community in an area of persistent poverty. From these designations alone, it is simple to predict that the Pontiac community was, and continues to be, disproportionately impacted by COVID-19. Extensive data demonstrates extensive disparities in social determinants of health and health outcomes experienced by Pontiac residents over decades of structural racism and disinvestment. Pontiac, comprised of roughly 61,000 residents, has a primarily Black/African American community (49.6%), and 19.1% of residents

identifying as Hispanic/Latinx. Over 27% of the residents live in poverty. Approximately 11% of the population in the City of Pontiac are 65 years of age or older. There is clear evidence that the pandemic has not affected all Americans equally. As is often the case, unfortunately, the most vulnerable among us are feeling the mental health effects of the pandemic most intensely. Job loss, housing instability, food insecurity, and other risk factors for poor outcomes have disproportionately impacted disadvantaged communities like the City of Pontiac. The aforementioned factors have, and will continue to, impact the City of Pontiac's residents. Rehabilitation of Crystal Lake Park will help to counter many of the negative effects that still linger from the COVID-19 pandemic by providing a space to gather and recreate outdoors. Having a safe space that provides residents with opportunities for physical activity, the ability to explore nature, and an environment that encourages gathering with others outdoors will help residents reform connections with others. The requested funds in the City will be applied to mitigate the impact of COVID-19 on 61,000 Pontiac Residents. These resources have the propensity to improve and repair the community ecosystem in Pontiac and will ultimately change the trajectory of quality of life for 61,000 residents—improving equity and justice for Pontiac.

5. Does the project consider sustainable design/construction practices and help build community resilience and adaptation to climate change? If so, please summarize here. (250 words max)

Green spaces in urban areas greatly reduce climate and health risks while also improving the physical and mental wellbeing and quality of life for residents. Cities with robust park systems experience stronger economies, a decrease in crime, increased property value, and protection from environmental impacts of urban landscapes. The benefits of reclaiming and restoring Crystal Lake Park and the shore are invaluable and the public will reap those benefits by way of a stronger economy, safer neighborhoods, and a more resilient environment, all of which will bear fruit for the City of Pontiac and neighboring communities to indulge.

6. Does the project increase access to spaces and experiences that promote physical, mental, and social health for all? If so, please summarize here. (250 words max)

There is clear evidence that the pandemic has not affected all Americans equally. As is often the case, unfortunately, the most vulnerable among us are also feeling the mental health effects most intensely. Job loss, housing instability, food insecurity, and other risk factors for poor outcomes have disproportionately impacted disadvantaged communities like the City of Pontiac. The pandemic also impacted access to affordable childcare and reliable transportation. All of the aforementioned factors have, and will continue to, impact the City of Pontiac's residents. Rehabilitation of Crystal Lake Park will help to counter many of the negative effects that still linger from the COVID-19 pandemic by providing a space to gather and recreate outdoors. Having a safe space that provides residents with opportunities for physical activity, the ability to explore nature, and an environment that encourages gathering with others outdoors will help residents reform connections with others – something that was missing while COVID-19 restrictions were in place. The aforementioned factors have, and will continue to, impact the Pontiac Residents.

7. Describe how the project will be managed and maintained long-term, including any equipment or staffing needs and how they will be addressed. (250 words max)

Future park improvements will be made through the City's general operating budget and future grant revenue. Park maintenance will be sustained through the City's general operating budget.

8. Describe how the project will meet or exceed ADA guidelines. Describe any Universal Design principles that will be incorporated into the project. (250 words max)

Additional operational action items include preparing a 'Crime Prevention Through Environmental Design' master plan, working with the Clinton River Watershed Council and EGLE to test, monitor, and remediate lake water quality, and ensuring recreation facilities adhere to ADA standards and are accessible to all users regardless of age or ability.

THROUGH: Khalfani Stephens, Deputy Mayor

DATE: May 10, 2023

RE: **Resolution to Approve the Purchase of Desktop Personal Computers and Monitors for the 50th District Court**

EXECUTIVE SUMMARY

Due to the COVID epidemic, the 50th District Court was not open for a long time. While computers in City Hall were getting regular computer refresh replacements, the courthouse was not. This has resulted in courthouse employees using desktop computers that are over six years old. In addition, most of the monitors at the courthouse are small and over 11 years old. Since the city's migration to Office 365, many of these users are experiencing significant delays when trying to do their daily work. The 50th District Court has budgeted \$30,000 this fiscal year for the purchase of computer equipment.

STATEMENT OF NEED

1. Courthouse employees are using desktop computers that are over six years old.
2. Upgrading to Office 365 creates a burden on the older processors and decreases the efficiency of courthouse employees
3. Windows 10 on older computers cannot upgrade to Windows 11 due to hardware deficiencies. The latest security features will not be available to these computers
4. Monitors at the courthouse are at least 11 years old and are not compatible with new PCs.

SOLUTION:

1. Purchase 27 Dell desktop computers and 27 Dell Monitors.

COSTS:

1. Purchase 27 Dell Optiplex 3000 Desktop computers at \$854.03
2. Purchase 27 Dell 24-inch Monitors at \$167.19 each

Advantages of upgrading courthouse computers:

1. Faster Processing speeds
2. Increased efficiency of employees
3. Easier troubleshooting support for IT (Information Technology) staff
4. Newest security features only available on new computers

RESOLUTION ON FOLLOWING PAGE

**Resolution to Approve the Purchase of Desktop Computers and Monitors for the
50th District Court**

WHEREAS, 50th District Court employees currently use desktop computers that are over six years old; and

WHEREAS, The computer monitors at the 50th District Court are not compatible with modern computers; and

WHEREAS, The use of new computer equipment will increase the efficiency of courthouse employees; and

WHEREAS, \$30,000 has been budgeted for computer equipment in the FY2022-2023 budget; and

WHEREAS, Insight Public Sector offers the lowest quote for both the Optiplex 3000 desktop computer and the Dell 24-inch monitor through our MiDeal contract

NOW, THEREFORE, HEREBY BE IT RESOLVED that the Pontiac City Council approves the purchase Dell Computers and Monitors not to exceed \$30,000 from Insight Public Sector.

RESOLUTION

CITY OF PONTIAC

OFFICIAL MEMORANDUM

TO: Honorable City Council President and City Council

FROM: Alexander Zegarzewski, Parks & Recreation

DATE: May 16th, 2023

RE: **Council Resolution to Approve the Interlocal Partnership Agreement for Hawthorne Park Between Oakland County and The City of Pontiac**

In October 2022, the Oakland County Board of Commissioners appropriated 15 million dollars of Coronavirus Local Fiscal Recovery Fund monies to fund and support the Healthy Communities Park and Outdoor Recreation Investment Plan. This plan was created to fund park improvements and expansion of the OCPRC park system, including a park in the City of Pontiac.

The City of Pontiac and Oakland County have come to an agreement through Interlocal Partnership for Hawthorne Park. This agreement delineates duties and responsibilities between both parties with respect to operation, management, planning, and maintenance of the 77.33 acre park over the course of the next 20 years. The park will be renamed during this time to “Hawthorne Oaks Park” and will continue to be defined as a City Park. Oakland County will oversee all management and operational aspects of park design & planning efforts as well as all maintenance responsibilities.
