## APPLICANT’S PROPOSED FINDINGS OF FACT

Prior to making a recommendation or decision regarding a request to rezone, the Pullman Planning Commission and City Council must adopt “Findings of Fact.” These Findings of Fact are factual statements which the Commission relies upon in reaching its conclusions and decisions. The burden of proving that a rezone should be granted under the provisions of the Pullman Zoning Code rests with the applicant. Thus, it is necessary for the applicant to present facts in brief written form which address in specific detail each of the following questions.

- (1) Is the proposal consistent with the Comprehensive Plan?
- (2) Is the proposal consistent with the purposes of the Zoning Code and the proposed zone district?
- (3) What is the relationship of the proposed zoning change to the existing land uses, and the zoning of surrounding or nearby property?
- (4) Has there been sufficient change in the character of the surrounding or nearby area, or in city policy, to justify the rezone?
- (5) Is the property economically and physically suitable for the uses allowed under the existing zoning, and under the proposed zoning? Consideration should be given to the length of time the property has remained undeveloped compared to the surrounding and other parcels in the city with the same zoning.
- (6) What is the relative gain to the public health, safety and welfare compared to a potential increase or decrease in value to the property owners?
- (7) Is the proposal necessary to correct an error?
- (8) Are special conditions necessary to achieve compatibility of development with surrounding properties?

**ANSWERS SHOULD BE PREPARED
