CITIZEN RIDE-ALONG POLICY AND APPLICATION

In keeping with its commitment to community policing, the City of Pullman Police Department offers citizens the opportunity to observe police officers at work through the Ride-Along Program. The Ride-Along Program is open to all persons sixteen years of age or older. Persons wishing to participate in the Ride-Along Program must read, complete and sign this form in its entirety, including the liability waiver, prior to being considered for permission to ride. The Pullman Police Department reserves the right to decline any request for participation in the Ride-Along Program at any time for any reason.

RIDE ALONG PROGRAM REGULATIONS:

1. All applicants to the program shall read completely and sign the Ride-Along Policy and Application, including the liability waiver. No person under sixteen years of age may participate as a citizen rider. Juvenile applications under eighteen years of age must have the written permission of a parent or guardian.
2. Civilian riders are observers only, and shall not under any circumstances become involved either verbally or physically in the calls to which the officer with whom they are riding responds. If you have any questions regarding a call at which you are present, ask the officer when the situation is over, after you and the officer have left the scene.
3. As a civilian rider, you must follow all directions which the host officer gives you.
4. Civilian riders shall not under any circumstances have weapons of any type in their possession while participating in the Ride Along Program, including, but not limited to, guns, knives, chemical agents or batons. This provision regarding weapons shall not apply to riders who are full-time, commissioned law enforcement officers for another jurisdiction within the State of Washington, as statewide interjurisdictional agreements are in place. Such officers will not act as an agent of the City of Pullman Police Department and will have no law enforcement responsibilities during the ride along, will dress in civilian clothing and will carry their weapon concealed. The on-duty supervisor has the authority to deny the ability of a ride along to carry a weapon.
5. Riders are expected to be properly attired in neat, clean clothing. Riders are expected to wear suitable footwear. Riders shall limit the use of perfume or cologne.
6. Civilian riders are responsible for their own meal expenses.
7. If a situation develops in which the host officer believes that the rider will be placed at an unacceptable risk of harm, the officer may at his/her own discretion drop off the rider. Where practical, the rider will be dropped off in a safe area, and may be picked up again by the host officer as soon as possible. The host officer will inform the communications center of the location of the dropped off rider. If a rider is dropped off, the rider may call 911 for further instructions on getting picked up again. It is recommended that the participant bring a cell phone during his or her ride along.
8. If a rider fails to adhere to the conditions of the Ride-Along Program, or if the host officer believes that the rider's presence or actions are impeding the performance of the assigned duties, the host officer has the duty and authority to terminate the ride along, and return the guest rider to the public safety department.
9. Civilian riders may not participate in the Ride-Along Program more than once per year, unless approval has been granted by the Chief of Police. The limit on ride-alongs shall not apply to civilian employees of the police department, employees of associated dispatch operations, and persons under active consideration for employment by the police department as either full-time or reserve public safety officers.
10. Tape recorders, cameras and video equipment shall not be operated while participating in the program with the exception of accredited media representatives who have made the necessary arrangements through the Chief of Police.
11. Smoking is prohibited during the ride time. Use of alcohol is prohibited during the ride. Citizen riders are not permitted to ride if they appear to be under the influence of drugs or alcohol.
12. Participants should be in good general health with no need for physical assistance and must be able to adequately respond in emergency situations such as quickly exiting the vehicle, running, lying flat on the ground and using the radio without the safety or law enforcement mission of the officer being compromised.
