

Oswego County, NY
Agricultural District #11

FULTON QUADRANGLE

NYS DOT Planimetric Quad Code = N27

PLANIMETRIC MAPS

These black and white 7.5 minute quadrangles include a wide range of information. Transportation data include all roads and most major trails, railroads, airfields and ferry lines. Roads are symbolized as divided or undivided and all ramps and other interchange details are shown. Boundary lines are shown for all cities, villages, towns and counties in the state as well as for miscellaneous state lands, Indian reservations and federal lands. Small buildings are shown with a standard symbol, larger ones are drawn to scale. Many landmark buildings such as schools and houses of worship have unique symbols. A gray tint is used to identify heavily developed areas. Within the tint areas only landmark buildings are shown. Virtually all water features in the state, from small streams to the Great Lakes are also shown. (Contour differs slightly on pre-1972 maps)

TOPOGRAPHIC MAPS

The 7.5 minute Topographic Maps combine the Planimetric Map image with elevation contours from the corresponding U.S. Geological Survey Map. The contours appear in light brown, and the Planimetric Map image is black. Although the Planimetric Map has been extensively revised, in most cases the contours are reproduced exactly as they appear on the U.S. Geological Survey Map. This means that in cases of major new construction, the contours in the immediate area of construction will be incorrect.

BOUNDARIES

National
State
County
Town or City
Incorporated Village
State Park, state land, reservation or federal lands
Municipal park

ROADS AND RELATED FEATURES

Divided highways and streets:
Wide (more than 100 feet)
Narrow (less than 100 feet)
Undivided highways and streets:
4 or more lanes
Less than 4 lanes
Vehicle track or trail
Attery
Underpass, overpass
Drawbridge
Tunnel
Wingwalls, bridges over 300 feet
Footbridge

TOURING ROUTE MARKERS

Interstate
U.S.
State
County
NYS Seaway Trail
Bicycle
State highway section number and limit
County road
Interchange number

BUILDINGS AND RELATED FEATURES

Small building (less than 100 feet wide)
School, house of worship
Large building (more than 100 feet wide)
Build-up area (only landmark buildings shown)
Roadtrack: unpaved, paved
Airport
Landing strip
Well (other than water)
Tank, small, large
Gaging station
Landmark object
Monument
Cemetery: small, large

RAILROADS AND RELATED FEATURES

Standard gauge single track
Standard gauge multi track
Old railroad grade (labeled)
Abandoned
Rail yard
Mine (labeled)
Quarry or open pit mine
Gravel or sand pit
Mine tunnel or cave entrance

COASTAL FEATURES

Rock, reef
Rock bare or awash
Group of rocks bare or awash
Exposed wreck
Depth sounding
Breakwater, pier, jetty or wharf
Manmade shoreline, seawall

RIVERS, LAKES AND CANALS

Intermittent stream
Perennial stream (less than 40 feet wide)
Disappearing stream
Perennial river (more than 40 feet wide)
Small falls, small rapids
Large falls, large rapids
Dam
Canal, lock
Spring or seep
Channel
Lake or pond
Marsh or swamp

CONTOURS

Intermediate
Index
Depression
Elevation or contour value
Cut, fill

CONTROL DATA

Horizontal control point
Vertical control point
Intersection elevations
Boundary monument

NOTE: These symbols are also used on the 1:50,000 (1" = 800 feet) mapping series.

1 in = 2,000 ft 1:24,000
