

**You are invited
to a community
workshop...**

City of Fulton

Brownfield Opportunity Area (BOA) Program

**What is a Brownfield?
Where is the Study Area?
What is your vision for revitalization?
How can the BOA program benefit you?**

Please join the City of Fulton and Oswego County to discuss the BOA Study. The Study is designed to cleanup brownfields and provide a unique opportunity for the City to reshape its economic landscape. Properties will have the opportunity for environmental investigation, remediation, infrastructure improvements and developer incentives to create a catalytic redevelopment opportunity.

This is the first in a series of workshops that will identify potential brownfields, define the study area, and recommend future adaptive re-use of these key properties. Help create a community vision for the City of Fulton. All are welcome!

**Thursday, September 25
7pm - 9pm
Fulton Municipal Building**
